That Dr. Plant has done more for my wife's health than any other doctor it is my duty to tell the suffering. I have paid much money to other doctors, but none could tell her the cause of her suffering, or has been able to do her any good. Dr. Plant understood what was the matter with her, and has, at four different times, taken four tape

worms, about fifty feet long each, from her, wherefore I feel thankful to him. He has also been very reasonable in his charges.
