BIG OPENING OF INTERURBAN

Senator Simon Bamberger Congratulated on Partial Completion of S. L. & O.

CITY SCHOOL TAX RAISED

Visit of Pres. Harriman—Ogden Heights Fruit Co.—Wedding—State Industrial School.

Ogden, Aug. 4.—The Salt Lake & Ogden railroad, better known as the Bamberger road, was opened for traffic this morning under the auspices of the Ogden Press club. Several carloads of people left on the 11 o'clock train this morning but the largest number will go down to the Lagoon on the afternoon and evening trains. It is estimated that about 2,500 people will visit the resort during the afternoon and evening. President Simon Bamberger of the interurban line, was present and was showered with congratulations by the large number of people who took advantage of the opportunity of attending the opening of the road.

RAISE CITY SCHOOL TAX LEVY.

The city school tax levy was raised yesterday by the board of county commissioners to 8 mills, which is six-tenths of a mill more than what the original levy established last Monday was. The levy is divided as follows: 4.5 mills for school maintenance which will aggregate \$74,254; 53 mills for the interest fund which makes the amount \$6,234; 1.47 mill for buildings and sites which amounts to \$17,290; 13 mills or \$2,705 to be applied on the bond fund. The first levy was for 1 mill but this would not give the board enough for the support of the schools for the present year and the new was made accordingly. This will

VISIT OF PRESIDENT HARRIMAN.

President E. H. Harriman of the Union and Southern Pacific systems is scheduled to reach Ogden tomorrow morning in a special train composed of five palatial private cars. He is accompanied by a number of eastern railroad officials and will be met in this city by Vice President Bancroft of the Oregon Short Line.

OGDEN HEIGHTS FRUIT CO.

Articles of incorporation of the Ogden Heights Fruit company were filed with the county clerk yesterday afternoon. The capital stock of the company is \$10,000 divided into shares of \$100 each. The officers are S. W. Wherry, president; D. H. Adams, secretary and treasurer; E. G. and C. A. Wherry and A. P. Bigelow, directors.

STATE INDUSTRIAL.

Supt. H. H. Thomas of the State Industrial school stated yesterday that he had received advices from the state board of examiners that they had decided to erect a complete and thoroughly modern central heating plant that would cost about \$10,000. The plant will be equipped with the Webster type of tubular boilers and will necessitate the building of 1,350 feet of concrete tunnel for the pipe line leading to the girls' cottage.

Work will begin tomorrow on the excavation for the new cottage for the girls which was authorized by the last legislature. The building will be 60 x108 feet and will consist of two stories and a basement. The cost of the cottage will be about \$30,000. The site which was selected by the governor on March 21 of this year, is about a half a mile north of the main building of the school. It is expected that the building will be ready for occupancy in October.

JUNCTION CITY BRIEFS.

Will Discuss Waterworks—A meet-

ing of the chamber of commerce of Ogden will be held this evening in the associations rooms in the Lewis block for the purpose of discussing the proposition of the city buying the Ogden waterworks system. The meeting promises to be one of the most interesting ones the commerce has had in many months on account of the great difference of opinion that has been expressed by citizens on the question.

Solons Go to Circus.—The city council met last evening and after a little routine business adjourned to enable the solons to take their families to the circus.

Canyon Road Sprinkled.—During the present week the road in Ogden canyon will be sprinkled at night as an experiment to see whether that will aid in keeping the dust laid during the day time, with the two trips over the road by the sprinkler. This step has been deemed necessary by the county commissioners on account of the great increase in the traffic over this popular highway.

Wedding Bells.—A marriage license was issued yesterday afternoon to Leroy Abbott of Salt Lake and Anna McCollins of Ogden. The couple were married by Elder George D. Folkham.

Taken to Nevada.—Sheriff Drake of Nevada, arrived in Ogden yesterday and departed last evening with the two prisoners, Ed. Smith and W. F. Martin, who will be taken to Elko to face the charge of highway robbery.

Circus Day.—Barnum & Bailey's circus drew many hundred country people into the city yesterday. The show was better than the usual one and had many additional attractions that were noteworthy. The show gives a street parade that is good.

Another Candidate.—George H. Davis, one of the well known young attorneys of the city, has announced his candidacy on the Republican ticket for county attorney.

Another Suit for Damages.—William Spieberg has filed in the district court a second damage suit against A. Kuhn, for \$11,000 for alleged defamation of character. The first suit was for alleged breach of contract.

Police Court.—Judge Murphy in the police court today was occupied in the hearing of the petty larceny case against Harry Sore.

Funeral of Ray Hoyt—Juab Stake Conference at Mona.

Special Correspondence.
Nephel, Juab Co., Aug. 1.—The funeral services over the remains of Ray Hoyt, the son of Hank Hoyt, who met with a fatal accident up at the sheep herd of Ray brothers on the Sanpete mountains, were held on the open lawn of Timothy Hoyt, an uncle of the young man. The speakers were Elders Roy Pay, Robert Winn and Bishop Parkes.

A good many friends turned out to show respect to the young man and the bereaved family. The father was unable to get here in time for the services. All evidence goes to show that the young man met his death by a gun accident.

The quarterly conference of the Juab stake convened at Mona at 10 a. m. today. President James W. Paxman presiding. Elder J. Grant of the apostle's quorum and Patriarch John Smith constituted the visiting brethren. Quite a number of members from Nephel and Levan, besides the Mona members, were present and enjoyed the services. Concluding services will be held at the same place tomorrow.

Held-over grain, preparatory to the new harvest, is being disposed of by farmers to the local millers at a price close around \$1 per bushel. The harvesting of the new crop will be in full swing within a few days, and there is every indication of a good yield.

PARADISE.

Fire Destroys Barn of John H. Gibbs—Heavy Wheat Crop.

Special Correspondence.
Paradise, Cache Co. Utah, Aug. 2.—A fire broke out in a barn belonging to John H. Gibbs, this morning about 8 o'clock. An alarm was given and quite a crowd gathered but all they could do was of no avail except to keep the fire from spreading.

There was a little new hay and some old hay in the barn, some old harness and a few tools, all of which were consumed.

suped. The loss is about \$400, with some insurance.

The cause of the fire is a mystery. Mr. Gibbs is residing at the present time at Hyrum, five miles from here.

A nice shower of rain on Friday last freshened up vegetation nicely.

Wheat harvest has commenced, and one man, Mr. Elias T. Tanna, says his dry farm which he recently cut will yield 40 bushels per acre. There is a fine prospect for a bountiful harvest this season.

OLD FOLKS FETED.

Pioneer Day Fittingly Honored—Harvesting Begun.

Special Correspondence.
Taber, Alta., Canada, July 26.—The old folks here who have passed the 50-year mark, were feted and feasted on July 17, when the usual good program and dainty lunch were enjoyed by all, ending with a social and dance in the evening.

THE TWENTY-FOURTH.
On July 24 was the greatest celebration in the history of Taber. Three hundred dollars was given in prizes in the amusement contests.

Non-Mormons closed all business houses, and the big Canada West Coal company closed down in honor of the day Utah people love so well, and contributed freely of their means, besides. After a pioneer program in the Opera house all gathered at the grand stand, 3,000 or more, to witness the ball game between Lethbridge and Taber boys, in which the former were victorious and won 3 to 2. The day closed with a character ball in the evening.

Elder J. H. Russell left here recently for the mission field.

Fall grain is being harvested and spring grain is headed out.

The days are long and very warm. A good rain storm would be welcome.

POPE PIUS RECEIVES ARCHBISHOP FARLEY

Rome, Aug. 3.—Archbishop Farley of New York visited the Vatican today and was received by Pope Pius with marked distinction. The archbishop presented the jubilee greeting and offering of the New York archdiocese and gave a satisfactory report of conditions there. The pope thanked the archbishop for the offering of Peter's Pence and sent the apostolic benediction to the clergy and laity of New York.

The pope's peace offering brought by Archbishop Farley was the largest ever presented by an American diocese. The pope knew all about the celebration of the New York diocese last April, and said:

"It is marvelous what you Americans can do. You make miracles. Indeed, the centennial was a most remarkable religious event. That is the result of a church breathing free air and enjoying real liberty and not being restricted within the bounds of certain concordats."

During the conversation the pope recalled Monsignor Farley's visit to him in Venice in 1902, remarking:

"It is quite different now from that day. Then I was a young man."

Here the pope sighed as if from grief. Archbishop Farley, however, found the pope in splendid health and cheerful.

DEMOCRATIC HEADQUARTERS

Will Be Opened for the Season in Chicago Auditorium Annex Tomorrow.

Chicago, Aug. 4.—Democratic national headquarters will be opened for the season at the Auditorium Annex tomorrow. Chairman Norman E. Mack of the national committee, accompanied by Roger C. Sullivan of Illinois, will arrive in Chicago today.

Secy. Urey Woodson and several members of the executive committee are scheduled to come in at about the same time.

Chairman Mack is expected to announce the membership of the finance committee and the various sub-committees not yet appointed, on his arrival.

HITCHCOCK WILL DIRECT CAMPAIGN

Will Take Active Charge in All Parts of the Country, Naming Vice Chairman Later.

HELD SEVERAL CONFERENCES

Refused to Talk About New York Governorship—Federal Administration Said to Favor Hughes.

New York, Aug. 3.—The management of the New York headquarters of the Republican national committee, in the absence of Chairman Frank H. Hitchcock, will be in the hands of Victor L. Mason of Passaic, N. J., who was appointed today as assistant secretary of the committee. This position is identical with that held four years ago by Mr. Hitchcock when he was the chief assistant to Chairman Cortelyou. The appointment of Mr. Mason disposes of the report that there was to be appointed a vice chairman, with active control of the eastern campaign. Mr. Hitchcock intends to direct the work in all parts of the country, but will name a vice chairman later, who will be in charge at Chicago when Mr. Hitchcock is not there. The headquarters of Secy. Elmer Dover also will be in Chicago.

It was late today when Chairman Hitchcock returned from his Sunday night excursion into New Jersey, which was taken mainly for the purpose of calling on Cornelius N. Bliss, formerly treasurer of the committee, at his home at Seabright. Because of the week of a freight train at Rahway, the national chairman was unable to get to Seabright, and the conference with Mr. Bliss has been postponed for a few days. Instead of going to Seabright, Mr. Hitchcock went to Atlantic City, where he conferred with H. Coleman Dupont, member of the committee from Delaware. Mr. Dupont is a member of the executive committee which is advisory to the chairman and has been urged to take charge of the speakers' bureau.

Col. A. W. Andrews, chairman of the Pennsylvania Republican state committee, met Mr. Hitchcock at Philadelphia and conferred with him regarding the situation in the Keystone state. This state will furnish a number of speakers, who will discuss the issues with a view of reaching the labor vote.

When Mr. Hitchcock returned to the Manhattan hotel here he conferred with William L. Ward, a member of the committee from New York, but the national chairman declined to be drawn into an expression of opinion concerning the nomination that should be made for the governorship of that state. The general impression is that the federal administration would be opposed to the turning down of Gov. Hughes for a second term and that Mr. Hitchcock holds the same view, but he has refused to discuss the question with any one.

It is believed here that in the absence of some statement showing the preference of President Roosevelt or Mr. Taft that Gov. Hughes will be able to carry the coming state convention and that Mr. Hitchcock is playing his dependence in this assumption. His friends say that so long as this situation remains in force there is no need for him to alter his determination to say nothing.

Senator Crane of Massachusetts arrived in New York today and spent some time with Mr. Hitchcock. The junior Massachusetts senator is considered one of the best organization

REMARKABLE SPEED OF BATTLESHIP INDOMITABLE

Cowles, Isle of Wight, Aug. 3.—According to W. T. Stead, who visited the Indomitable tonight, Admiral Fisher claims that from Belle Isle to Fastnet the cruiser ran 1,084 knots in 57 hours or an average of 25.13 knots an hour. The Indomitable during four hours in

the early part of the voyage made 25.05 knots an hour. The longest day's run was 805 knots. The engineers consider the feat of the Indomitable a splendid tribute to the Parsons turbines. The Prince of Wales took the keenest interest in the speed trial. Each of the officers took a turn at the steering.
