BOOMING CONGRESS OF IRRIGATORS.

Representatives from the Leading Newspapers of the Country Will Attend Gathering.

AFFAIRS OF WEBER COUNTY.

Sugar Factory Charged With Believing Weber River Water—Wedding Bells—Box Company Incorporated.

Hon. Fred J. Kiesel, chairman of the executive committee of the Eleventh National Irrigation congress, has just returned from Omaha where he went in the interest of the congress and other personal matters. While at Omaha Mr. Kiesel had the pleasure of being the honored guest at a gathering of the well known commercial club of that city, and was privileged to give a talk on the value and advancement of irrigation and the coming to our city of many distinguished irrigators, agriculturists and other gentlemen from all parts of the United States to participate in the congress proceedings. Mr. Kiesel made a most favorable impression on those who heard him, for at the gathering the club decided to send a delegation to Ogden in September to study irrigation and Utah with her many advantages. The Omaha papers made special mention of Mr. Kiesel's visit and the great congress, giving the matter considerable space.

Hon. George Sutherland was regularly elected by the board of control a member of the committee of reception of the delegates to the Eleventh National Irrigation congress from east the Mississippi river.

NEWSPAPER REPRESENTATIVES.
The private car party of Washington and metropolitan newspapers, men, which will come out to Ogden Sept. 15, to the National Irrigation congress, is made up of the following men who represent nearly all the influential newspapers of the country from California to New York:

Mr. Gilbert McCharg of the National Irrigation congress, said that the above mentioned gentlemen, besides representing the leading papers of the country, also wrote for the prominent magazines. Mr. Dunn represents the Review of Reviews; Mr. Dunne, Scribner's; Mr. Messenger, Munsey's Magazine; Mr. Walker, Munsey's Magazine; Mr. Wempley, the North American Review; World's Work and Harper's Magazine; Mr. Gardner, the Metropolitan, etc., and in addition, many of the men write for a syndicate of weekly newspapers, as well as their daily newspaper work.

WEBER COUNTY BUSINESS.

At the regular meeting of the board of county commissioners the following

ing matters were considered. A complaint was received from residents of West Weber, Slaterville, Plain City, and Warren informing the board that the Ogden Sugar company is discharging into Weber river of offensive, poisonous matter, very detrimental to the health of the residents of that part of the county, causing an epidemic of typhoid fever and killing the fish in the river. The matter was referred to Dr. Forbes, chairman of the county board of health, for his immediate investigation.

R. E. Stevenson's resignation as constable of Farr West was accepted and Chas. Littlewood appointed to fill the vacancy.

Water Commissioners Skeen and Peterson appeared before the board and reported that they have been having considerable trouble with residents of Slaterville, who are not willing that the irrigation purposes as provided by law. The matter was referred to the county attorney, who will take the matter up with the state engineer and endeavor to arrive at some agreeable adjustment with the residents. The contract with Cannon for the sprinkling of Ogden city streets, cancelled, and a new one made with Currence A. Jones of Eden, the sprinkling having been very unsatisfactory in the past.

Work on the new canal in the county jail was reported as progressing satisfactorily and will be completed in a few days.

Commissioner Stanford reported having caused the burning of several transient inmates who are now convalescent, to make room for others who should be at the institution.

BOX COMPANY INCORPORATED.

Articles of Incorporation of the Utah Collapsible Box company were filed with the county clerk last evening. The principal place of business of the corporation will be Ogden, City, Utah. The business purports of the company will be the buying, manufacturing and selling of collapsible boxes, crates, coops and other similar goods, to be manufactured under patent numbers 2,292,224 and 694,481 issued to H. H. Kenney of Shoshone, Idaho. The company is incorporated with \$30,000 capital stock divided into 60,000 shares of the par value of 50 cents per share. The officers of the company are: John H. Brown, president; C. P. Tribe, vice president; E. H. Corbin, secretary and Willard Lund, treasurer, and they, with John G. Ellis, J. J. Jones and H. H. Kinsey form the board of directors.

CHARGED WITH ASSAULT.

As the result of the cutting affair in the county jail last Saturday afternoon in which James Desmond received two severe cuts, Sheriff Joseph W. Bailey has sworn a complaint charging Alvin Jones, the assailant, with assault with a deadly weapon. Desmond is getting along all right, although the wounds were quite deep and severe. The officers of the county jail are now fine Desmond for violation of one of the rules which the prisoners have among themselves. The assault, the prisoners claim, was a result of the company of Jones, who was serving a three months' sentence for attempted housebreaking.

WEDDING BELLS.

Marriage licenses were granted to the following couples: Martin W. Frank, 38, and Miss Louise Seemann, 34, both of Ogden City; John Danvers, 68, of Plain City, and Miss Trynetta Swart, 46, of Ogden City; David J. Hunter, 34, of West Weber, and Miss Mary E. Sinker, 13, of Wilson, Weber county.

BRIEFS AND PERSONALS.

Miss Ella Maughan of Logan is visiting in Ogden the guest of Miss Bernice. Dr. E. B. Johnson of Cambridge Springs, Penn. is visiting in the city with Dr. G. A. Dickson, who was his roommate at college.

BRIGHAM CITY.

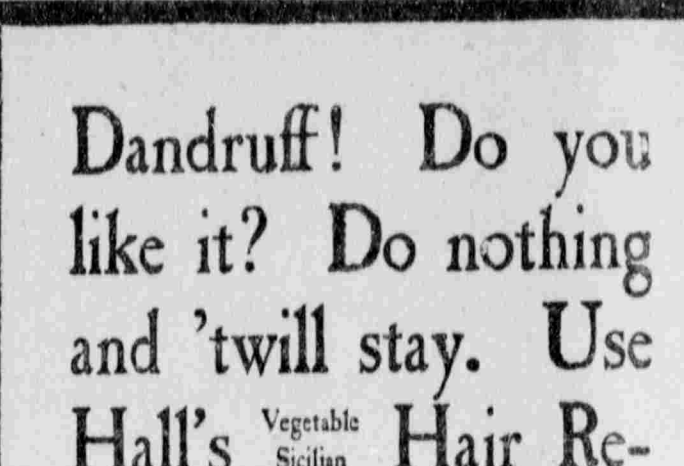

WORK ON EAST SIDE CANAL

To Begin Immediately—County Tax Levy Six Mills.

Special Correspondence.

Brigham City, Box Elder Co., Aug. 15.—President Kelly has just returned from an extended trip in the western part of the Box Elder stake. He enjoyed the trip very much and reports everything progressing nicely in those parts.

Upon the return of Mr. R. R. Cutler from San Francisco, which is looked for any day, it is expected work will start on our long looked-for canal. A message to that effect was received by R. H. Fryer last week. The engineers

Dandruff! Do you like it? Do nothing and 'twill stay. Use Hall's Vegetable Hair Renewer and 'twill go. It stops falling, makes the hair grow, and always restores color.

Sold for 60 years. If your druggist cannot supply you, send \$1.00 to H. C. HALL & CO., Seattle, Wash.

have been ordered to cross section their work and excavating will commence about the 20th. The securities have been examined and are considered ample and good.

COUNTY TAX LEVY.

The county commissioners at their last session fixed the county tax rate at four mills, and for county school tax at two mills on the dollar.

MALAD VALLEY RAILROAD.

Trains began running on the Malad Valley railroad last week. Trains will be run three times each week, starting at Brigham, passing through Corinne and to the sugar factory at Garland.

From our article in last Thursday's issue relating to the enjoining the bonds, the county papers recently voted, a wrong impression is out, which is no doubt the fault of our correspondent. The first report stated the council was to be enjoined from floating the bonds, and the papers were fined if this money shall not be used to help build the municipal electric light and power plant.

Now as the money this voted was to be used for general purposes, and the mayor has shown no inclination to use this money for anything else, and the work on the plant is moving steadily along, we see no cause for any alarm. It is thought the matter will be easily adjusted and the would-be enjoiners will not be through any more of them than they were before.

Save the Children.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter, 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and keeps the stomach sweet. Sold by all druggists.

HEBER.

EDUCATIONAL LECTURES.

Showing UP Benefits of Manual Training—War Veterans Outing.

Special Correspondence.

Heber, Wasatch Co., Aug. 17.—Last night a large audience at the stake house received an intellectual treat from two of the B. V. Academy professors. Prof. Brown and Eastmond showed up the advantages of manual training for the young, illustrating the benefits of mechanical instruction. A common laborer's wages was \$1.50 per day, while a skilled mechanic received from \$4 to \$6 per day.

The audience was very attentive and appreciated the lecture, and these speakers were heartily thanked.

About 100 persons from the county attended the eleventh annual gathering of the Black Hawk war veterans at the Provo Lake resort last week. The trip was a most successful one, well paid for the trip down there. Through the courtesy of the Rio Grande officials a special train left Heber at 6:40 a. m., on the 11th inst. for Provo, fare \$1.00 for the round trip, tickets good for four days.

The coming event of the week is Agricultural Institute Thursday next, at the stake house. Professors of the Agricultural College at Logan will illustrate their lectures with stereopticon views.

Heber is becoming noted as an outfitting town for campers going out to Strawberry valley. Pleasure seekers are seen on the streets every day of the week. The weather is still very hot and dry, the thermometer registering in the 90s most every day; nights, however, are cool. Water getting very low, garden truck and trees are suffering for lack of water.

TOQUERVILLE.

JAMES WILLIAMS DROWNED.

Loses Life in a Storm Flood—Depredations of Mountain Lions.

Special Correspondence.

Toquerville, Washington Co., Aug. 14.—At Dry Creek, six miles south of Kanarra, while starting north with a load of fresh fruit, James Williams was drowned about 5 p. m. Aug. 10. The creek was filled with a raging torrent from a mountain flood. A searching party was organized, and the creek followed for nearly five miles, when his lifeless body was found near Kelso's ranch, now owned by Joseph Duffin. His neck was broken and his body considerably bruised. He was brought to Toquerville and buried Aug. 12, by the side of his wife, Hannah Spillbury Williams, who died over a year ago. They were both baptized by Elder David Spillbury while on a mission to England in 1882, and emigrated to Utah the same fall; they made their home in Toquerville.

Mr. Williams' team was saved but his wagon was a complete wreck.

ANOTHER SAD ACCIDENT.

About 4 p. m., Aug. 13, the 14-months-old child of Thomas Old was drowned in a tub of water. The mother had missed it but a few moments, and was horrified to find its lifeless body as she stepped out of the house. The sympathy and condolence of the entire community go out to those who are bereaved.

In a recent visit to the Kolob mountains, Aug. 10, east of here, the wife

ST. GEORGE.

WASHINGTON COUNTY FAIR.

Fire in Alas Mine—High Temperature Follows Wind and Rain.

Special Correspondence.

St. George, Wash., Aug. 15.—The weather is very hot. The thrasher had to stop for a few hours today on account of extreme heat, which has prevailed for several days, notwithstanding Dixie was blessed this week with another beautiful rainstorm. The storm was preceded, as usual, by a terrific wind, uprooting trees and tearing off limbs. A number of the oldtime cottonwoods gave way, crashing through the streets and obstructing streets and sidewalks, but the damage is very little compared with the general good the rains have done, which extended away south and east into Kane county and Pipe Spring ranches are well soaked and grass is good.

APEX MINE ON FIRE.

A number of excited people came in yesterday from the Apex mine with the report that the Apex was on fire. An the miners had escaped and smoke was filling the shaft. A terrific explosion was expected, but it did not occur, due to the heroic efforts of the men in charge of the mine. The fire was extinguished about 9 o'clock, but the fire continued the works at the smelter as well as at the mine must have stopped, which would have resulted in much loss to the mining community and also to the people in this county.

COUNTY FAIR.

The county fair committees are very busy making preparations for a general display of the products of Washington county, and it is expected to be the best exhibition ever had in this city, as the season has been very propitious for crops and sheep as well as all kinds of agricultural and horticultural products.

Potent Pill Placure.

The pills that are potent in their action and have a refreshing effect on the system are Little's Kidney Pills. W. S. Philpot of Albany, Ga., says "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and it cost me no time in effecting my recovery. Little's Kidney Pills are certainly an ideal pill." Sold by all druggists.

SPANISH FORK.

QUARTERLY CONFERENCE.

Instructive Addresses—Vile Mouthed "Reverend" Makes Disturbance.

Special Correspondence.

Spanish Fork, Utah Co., Aug. 17.—The quarterly conference of the Nebo Stake of Zion was held at this place Saturday and Sunday in the pavilion. Elder Cowley of the Quorum of the Twelve made the opening address. The addresses were very timely, and if the course of conduct counseled would be carried out by the people to whom it was addressed we would see an infinitely better people than we are.

Sunday the pavilion was crowded, and in addition to Elder Cowley, Patriarch John Smith and Elder A. O. Woodruff of the Twelve were present, and addressed the congregation.

Some little flurry occurred on the street Sunday evening. Rev. Theo. Lee, the Presbyterian minister at this place, insisted on calling Joseph Smith an untruthful man, and provocator. Putting it as strongly as he did, and using the terms that he did, created some feeling among those Lee was addressing, and Mr. Orson Carter stepped up to Lee and told him that if he did not stop he should call Joseph Smith vile names in his presence. Some others took part in the squabble, but the matter subsided without any blows, which at one time seemed imminent.

Dr. Lee and water suits constitute the principal topic here nowadays.

LA GRANDE, OREGON.

OLD FOLKS FESTIVAL.

Veterans Given an Excursion and Banquet—Prosperous Community.

Special Correspondence.

La Grande, Oregon, Aug. 8.—Yesterday La Grande saw the greatest time of its history. It was in the feature of an old folks' excursion. A special train was run from Baker City and Sumpter, carrying about 500 people and one from Elgin carrying about 100 old people. As soon as the trains arrived in the depot and which came in at the same time) the La Grande brass band filled the air with sweet strains of melody. A large number of people met the old folks at the depot, and in great number, when the march was begun, and in short order the club rooms and a circus tent were filled with about 600 people, nearly 200 of whom were over the age of 65 years. Promptly at 10 o'clock the audience was called to order by Bishop Barton of Baker City, and the program was rendered, which consisted of religious songs, recitations, prayer by Rev. Turner of La Grande, music by the mandolin club, speech by President C. W. Nibley, singing by the club and many other selections, which made the morning service pleasant and inspirational.

The large club room was beautifully decorated and the tables were laid with everything that money could buy. La Grande made a splendid hostess. The spread was the most gorgeous ever witnessed in this section and we may say, in the state of Oregon. The executive committee agreed to furnish all the money necessary to make a grand success and the sub-committees were instructed to spend money freely and that nothing should be wanting. The tables fairly groaned with the food it had to carry. It was not a lunch, but a gorgeous banquet.
