The Republican State convention of Idaho completed its labors last evening and adjourned sine die. This morning each of the Salt Lake political organs, Tribune and Herald, published the ticket in its entirety, and the former gave the platform as adopted, while the latter contained its essential features. THE TICKET.

The ticket named by the convention as as follows:

Presidential Electors-George M. Parsons of Lemhi, Judge W. B. Heyburn,

J. W. Rowton of Idaho county. Congressman-John T. Morrison of Governor-D, W, Standrod of Ban-

Lieutenant Governor-A. A. Crane of Cootenal. Secretary of State-M. Patrie of Fre-

State Auditor-Harry J. Syms of El-Treasurer-Georgo W. Kester of Nez

Attorney General-George E. Gray of Oneida.

Superintendent of Public Instruction— Miss Jessie Rellly of Blaine. Mine Inspector—N. Robert Bell of Custer,

THE PLATFORM.

Following is the platform as adopted: "The Republican party of Idaho, in convention assembled, renews its allegiance to the principles of Republican-ism and declares its unqualified approvol of the national platform adopted at Philadelphia, its adherance to the principies represented by the official acts of the administration of William Mc-Kinley, and pledges itself to the support of the same.
"A new and momentous situation hav-

ing arisen in China since the meeting of the national Republican convention, we express our utmost confidence in the ability and purpose of the Republican party to settle this question upon that high plane of statesmanship which has characterized every act of the present

ngtional administration.
"We are in favor of amending the Constitution of the United States so as to give Congress the power more fully to regulate and suppress trusts, and we denounce the action of the Democratic party in the present Congress, who, by their votes, defeated the proposition to submit such an amendment to the people of the United States for their rati-

will be maintained therein; that life and property will be protected and obedience to law enforced upon all alike through the established forms of law; that no man shall be deprived of life, liberty or property without due process of law; nor shall the right of any man to seek and obtain or contract for labor or employment in accordance with law be in any wise curtailed or interfered with.

We condemn the policy of the present State administration whereby it has sought to deprive a large number of the State of their lands, taken up un States, and which has further resulted in them losing to the State thousands of acres of valuable timber lands.
"We condemn the policy of the pres-

ent State administration in converting the boards in control of the various machines indirectly, and the Republican tutions in the hands of those who wi cenduct them solely for the purpose of the public good and not in the interest of any political organization.

"We remember with feelings of gratitude and pride the gallant and patriotic brave volunteer soldiers from Idaho and giory in their deeds of valor and faithfulness to their call of duty. We accord them the suport of the Republican party in recognition of their services, "We endorse the course of Hon.George L. Shoup as Republican representative of the State of Idaho in the United States Senate,"

#### LIVE STOCK NOTES.

Under date of Monday, Clay, Robinson & Co, of Chicago, report that receipts of western grass sheep have been very heavy-for this time of the yearduring the last two weeks, resulting a rather demoralized market. While few choice mixed sheep and yearlings are selling around \$4.25 per 100 pounds. the bulk of the straight grass sheep have sold here during the past week at \$3,75 to \$3.90. Up to the present time there have been no range lambs on the lambs offered they would have brought in the neighborhood of \$6.50. The deas usual at this season, which gives the packers a better chance to bear down the market. We anticipate some im-provement in the feeder demand before long, though inquiry from this source will hardly amount to much for at least another menth. In the meantime we strongly advise holding back all sheep that are not fat enough for slaughter. Denver Stockman: The managing

Denver Stockman: A report comes from San Angelo, Tex., saying that Elberta, the fine 2-year-old registered Hereford bull, bought by Sol Mayer for \$1.100 at the Gordon dispersion sale at Fort Worth recently, is dead. The animal had been below the fever line since last fall. He was not regarded as thoroughly acclimated, but had been inoculated and was covered with ticks on his arrival here. His highest tever temper-ature was 1961/2 degrees, only 21/4 above normal. Colonel J. R. Nosworthy, who treated the buil, an experienced stockman and veterinarian, says he is now satisfied that there is nothing in the tick theory of communicating or caus-ing fever and that this case proves conclusively that there is no virtue in

Amarillo Live Stock Champion: C. H. Withington, manager of the LS ranch. was in town on Tuesday, and he re-ports that so far they have branded ports that so far they have branded 4,600 calves and that with the cows now dropping calves, the percentage of calves will be between 77 and 78 per cent. He also reports that some of the registered Hereford bulls are affected with pink-aye, caused by the dry weather and the pollen from the weeds getting into the eye.

West Texan Stockman: Grass cattle are now fat enough for shipment, and there promises to be a very good move-ment to market from this point. Thousands of tons of feed have already been saved in this section and stockmen all over the country are very busy putting up more for next winter's use. There will be more feed put up here this year than ever before.
