GOVERNOR CUTLER VISITS SCHOOLS.

State Institutions Inspected by Officials Who Find Much To Commend.

SCHOOL FOR FEEBLE MINDED

May be the Next Move for the Amelioration of the State's Unfortunates.

Ogden, Dec. 2.—A visit of inspection of the two state schools established in Ogden was made yesterday afternoon by Governor Cutler, Secretary of State Tinsley, Attorney-General Breiden, Superintendent of Public Instruction Nelson, State Treasurer Christiansen, State Auditor Edwards and the three supreme judges. The distinguished gentlemen arrived in Ogden about noon. They were met at the depot by the superintendents of the schools and the boards of trustees. In carriages they were taken to the deaf and blind school first. The school room for the deaf pupils was at first inspected, where they saw the teachers with the pupils demonstrating the daily means employed in educating the deaf children. The large dining room was next visited, where they found the children all seated at the tables, ready for the noon meal. Rev. Simpkins offered grace; Governor Cutler spoke to the pupils. He was profuse in his praise of the school and expressed great pleasure in noting the improvements in the institution and the work accomplished since his first visit one year ago. A first place dinner was served in Superintendent Driggs's dining room to the guests, after which they paid a visit to the blind department, where they saw the blind reading and heard them play the piano. In the gymnasium they witnessed an excellent drill and some fancy steps given by 16 of the girls, under the direction of Mrs. Ross. A visit was paid to the carpenter, shoe and barber shops, and printing office, where the boys were seen at work at their trades. At 2 p. m. the members of the party were taken to the State Industrial school. On their arrival at the school a salute was fired by 17 boys, and the trumpeters played. The first place visited was a spring of water about two miles distant from the school, the purchase of which the board has under consideration, that the water may be piped to the buildings. The students were assembled in the main hall by Supt. H. H. Thomas, where they were addressed by Governor Cutler, Supreme Judges Straup and McCarty, and Supt. Nelson. The various departments were inspected. The visitors were pleased with the work being accomplished, and

REMARKABLE GERMAN TRIPLET SISTERS.

The three orphans herewith portrayed are triplets, natives of the German duchy of Sax-Meiningen. They are seventy years of age and are still

hale and hearty, although they have led the rather hard and laborious life of the German peasant. They are all widows and all have large families of children and grandchildren.

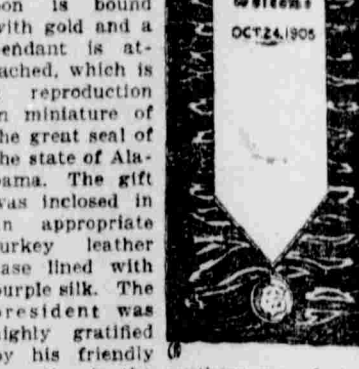

TEA

MEDAL FOR ROOSEVELT.

The medal herewith shown was presented to the president by the citizens of Birmingham, Ala., on his recent visit to the south. The design is a simple and dignified, the eagle being wrought in fine gold, the talons grasping two American flags. The lower edge of the silk ribbon is bound with gold and a pendant is attached. This is a reproduction in miniature of the great seal of the state of Alabama. The gift was included in appropriate turkey leather case lined with purple silk. The president was highly gratified by his friendly reception in the southern manufacturing center.

THE TRICKSTER AND THE FAIR.

James J. Hill, at the Minnesota county fair, pleased the Minnesota farmers with an apt illustration. "Reformers of that stripe are reactionists, are tricksters," he said. "They are like the city chap who went to the state fair."

"This chap stood looking at a fine steer when a couple of farmers came up and joined him. All three praised the steer. Then the city chap said: 'I wonder what he weighs.'"

"'Well,' said one of the farmers, slowly, 'it should be easy enough to guess pretty nigh his weight.'"

"This farmer, you see, was an expert cattle raiser. He could, without difficulty, guess a head of cattle's weight within a few pounds. But the city chap scoffed at him."

"Guess its weight! Ha, ha! he sneered. 'You couldn't guess its weight any more than I could.'"

"'I don't say I could guess its weight precisely,' said the farmer. 'I say I could guess near it.'"

"'Well, I'm a greenhorn,' scoffed the city chap. 'But here's \$10 that I can guess as near to that steer's weight as you can.'"

"'I'll take your bet, young man,' said the farmer quietly. 'The other farmer held the stakes. 'Guess first,' said the city chap. 'Well,' said the other calmly and slowly, 'I guess 1,755 pounds.'"

"'I guess the same,' said the city chap. 'Now give me the money.' 'What gasped the others. 'Why, I bet I'd guess as near as you, and I've done it. I've guessed the same. Give me the money.'"

Pretty maid, if you discover that your ardent, pleading lover spends his time in loosing 'round the town, Turn him down.

On his forehead, and he's slung. Don't you hesitate a moment—turn him down.

If you note his eyebrows fusing Over the nose that he is using, And the very least advantage makes him frown, Turn him down.

He has got a disposition That may land you in perdition, And you'd better nerve yourself and turn him down.

If he pays no marked attention, Doesn't even give it mention When you meet him in a new and charming gown, Show him to the door politely. Visits must be discontinued—turn him down.

Study well your pleading lover, Or you may lose him forever. That he'll place more thorns than roses in your crown, Give you anything about him. Do it in a gentle way, but turn him down.

DRS. SHORES & SHORES, SALT LAKE'S POPULAR CATARRH AND CHRONIC DISEASE EXPERTS—WHO HAVE BUILT UP THE LARGEST AND MOST SUCCESSFUL PRACTICE IN THE ENTIRE WEST—OWE THEIR SUCCESS NOT TO "CHANCE"—NOT TO PERSONAL POPULARITY—NOT TO "ADVERTISING"—BUT TO THE FACT THAT THEY ARE KNOWN FROM LOGAN TO ST. GEORGE AS "THE DOCTORS WHO CURE."

NO EXPERIMENTING! NO MISTAKES.

In treating with Drs. Shores & Shores, you don't have to experiment—you don't have to "take chances"—others have tried the Drs. The Treatment That Cures

BEWARE OF "FAKE MEDICAL COMPANIES."

Drs. Shores in their many years of practice in Salt Lake City, have never resorted to abuse of any honest physician—but on the contrary Drs. Shores have always welcomed HONEST competition—but when THOMP DOCTORS and ITINERANT PAKERS, hiding under the cloak of a "Fake Medical Co.," seek to trap the unwary, Drs. Shores feel it a duty to call attention to such frauds. EVERY DOCTOR ENTITLED TO PRACTICE MEDICINE IN UTAH HAS HIS NAME AND CREDENTIALS ON RECORD IN THE COUNTY RECORDERS OFFICE. If you intend to consult a doctor, FIRST EXAMINE THE RECORDS AND SEE THAT HIS NAME IS THERE. It is an old-time trick to advertise a "Fake medical Co.," and parade one doctor as possessing great skill (who is either a non-resident of the State or is dead and buried), and then palm off some unscrupulous quack on the sick when they come to consult the doctor advertised. DID YOU EVER HEAR OF A GENUINE, REPUTABLE PHYSICIAN DOING BUSINESS WITH THE SICK AS A "FAKE COMPANY"? The "COMPANY" furnishes the cloak under which ANY QUACK can practice. If you go to see a doctor be sure to SEE HIM IN PERSON, and don't be satisfied with some one who "REPRESENTS THE DOCTOR" on a salary of \$50 per month.

Compare the picture of the doctor advertised with the face of the man who consults you—then ask him who he is. Drs. Shores conduct their business under their OWN NAMES—if you consult Drs. Shores & Shores you see the DOCTORS PERSONALLY. If you consult other doctors, BE SURE YOU SEE THE DOCTOR HIMSELF.

CURIOUS EUPHRATES RIVER BOATS.

The strange craft herewith illustrated are in common use on the Euphrates river and its branches. They are bowl shaped boats are deep, circular baskets covered with bitumen and made water tight. They are propelled by means of paddles and are much safer than a canoe, not being subject to an easy overturning. Hundreds of these diminutive boats ply up and down the great river during the dry season, but when the spring flood comes they are too fragile to withstand the current.

NOVEL MUSIC FOR A BRITISH REGIMENT.

The cut is from a recent picture of the famous mouth organ band attached to the First East Surrey regiment of the British army. It is composed entirely of performers on the harmonicon and is designed to relieve the regular regimental band on the march. It has been found that the music of this novel band is far more stimulating than that of the drum corps, and it seems probable that the innovation will come into general use in the British army.
