

DESERET EVENING NEWS

WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today:

Barometer reading at 6 a. m., 25.89 inches. Temperature at 6 a. m., 34 degrees; maximum, 47; minimum, 21; mean, 24; which is 11 degrees above normal.

Deficiency of daily mean temperature since the first of the month, 12 degrees. Accumulated excess of daily mean temperature since Jan. 1, 43 degrees. Precipitation since the 1st of the month, 1.22 inch, which is .75 inch below the normal.

Accumulated deficiency in precipitation since Jan. 1, 1.53 inch.

FORECASTS TILL 6 P. M. TUESDAY.

Local forecast for Salt Lake City and vicinity:

Fair and warmer tonight and Tuesday; fairer in south portion tonight.

Utah: Forecast made at Denver, Colo.

Fair tonight; partly cloudy Tuesday; warmer in south portion tonight.

WEATHER CONDITIONS.

Pressure is low in the vicinity of the Gulf of California and an area of low pressure covers the great lakes. An area of high pressure covers the Rocky mountain slope. Precipitation has occurred over adjacent parts of Iowa and Nebraska, western Minnesota and northern Illinois. The range of temperature this morning is from 16 degrees at Lander to 53 degrees at Yuma.

L. H. MURDOCH, Section Director.

TODAY'S TEMPERATURE.

10 a. m., 45; 11 a. m., 46; 12 noon, 48; 1 p. m., 55.

TO REACH THE PEOPLE IN THEIR HOMES

Before conference, merchants should use the SEMI-WEEKLY NEWS, and to reach them when they are in the city, The Daily News.

All country subscribers of the Daily, Semi-Weekly or Saturday News receive the daily free during their stay in the city at conference time.

LOCAL BRIEFS.

The public school children are enjoying an Easter vacation this week.

The Relief society nurses will meet at the residence of Mrs. Nelson Impney, 189 east Brigham street, tomorrow.

The Salt Lake Press club is the appreciative recipient of two large pots of Easter lilies from the Salt Lake Floral company.

Tom McCoy, a messenger boy, is laid up with a severely injured eye, which he received yesterday in a bicycle collision with another boy. He may lose the sight in that eye.

Superintendent of Waterworks Hines states that there have been 11 new water service permits issued this month. This shows an increase of 20 over the number issued in March, 1901.

City Superintendent of Schools Christensen will be out of the city part of this week visiting county schools. He will be in his office for business from 10 to 12 o'clock Tuesday and Saturday.

Architect Hale is completing the five-story elevation of a business block for Mr. Keith's office building. The design is well adapted for a commercial building.

The book store belonging to C. I. Moon, at 71 west Second south street, was entered by burglars Saturday night and a case containing nine dozen knives was taken. The matter has been reported to the police who are keeping their eyes out for the culprits.

The Improved Brick company, whose works are at Bountiful, are now turning out from 50,000 to 75,000 brick per day; but after the arrival and installation of electrical machinery, which is expected in 10 days, the company will be able to run their output up to 150,000.

William Allen White, the brilliant young Kansas author and editor, who is now at Catalina Island, California, trying to recover his health, has been commissioned by a leading magazine to visit Thunder Mountain this spring and write an account of the camp. Mr. White is expected to visit Salt Lake within a few weeks.

Both the cattle and sheepmen will be disappointed to learn that President John W. Springer of the National Live stock association cannot be present at the coming sheep and cattle meetings, because of illness in his family. However, the association has arranged for a special train to take Mr. Springer to the meetings.

The hearing of Bert De Shazo on the charge of burglarizing the residence of Mrs. Annie Clawson, was not concluded until late Saturday afternoon. The court considered the state made a good case, and the defendant was held to answer to the charge in the district court. There are 11 other charges against De Shazo, and on Wednesday he will be tried on the charge of passing a worthless check.

Henry McKeever and Joseph Burns of the Twenty-first ward took it into their heads yesterday to convert little Johnny Edmunds into a baseball, and accordingly picked him up and began tossing him from one to the other. Then the McKeever boy used little Johnny as a bat to pound the Burns boy off the field. The latter called some friends to his assistance and a real lively time ensued. The boys will have an opportunity to relate the incident to the police judge.

Robustious, boisterous gamins amused themselves yesterday afternoon, by engaging a street car as well as pedestrians at West Temple and Third south street. The motorman left his car at the intersection and the gamins, by a real lively time, were able to get away. The police were sent for, but by that time the gamins had finished their fun, and the cops only caught one small boy who promised so fervently to be real, real good, that the bluecoat let him go.

J. C. Leary has resigned the chairmanship of the executive committee of the R.R. club in order to leave the new executive ruler free to select his own man. The entire executive committee will meet at the headquarters, 215 East Temple street, this evening. Applications for rooms are coming in every day. The Montana delegation has secured the dancing hall in the I. O. O. F. building for headquarters. A dining room will also be installed in the same building.

Walter Clawson, a resident of this city, freewater yesterday which found expression when the Knights Templar were parading through the streets on their way to church. Clawson was in a buggy and the notion entered his mind to stop the procession and create a little excitement on his own account. According to those who witnessed the episode Clawson encountered the knights on East Temple street appearing at the head of the procession and the latter, in an attempt to drive down through the lines as fast as his horse could go. Officer Smith came up about this time and put Clawson under arrest on the charge of drunkenness and fast driving. He was later released on bail.

The street department of the city it seems has been complained of by the health department, that the streets were flooded and not properly drained. Now that department has a word to say in self-defense. Street Supervisor Condie states that the people are cleaning up their premises in compliance with the orders of the health department, but are dumping their refuse into the streets and ditches instead of having it hauled away or plied in some proper place. By such action the gutters are choked up and the dirt scattered all over the streets by the wind. It would be almost as easy a task for the street department to clean up the premises for the people as to undertake to keep the irrigation ditches with the refuse in place being thrown into them at present.

We pay 4 per cent interest per annum on \$1 to \$5,000. Zion's Savings Bank & Trust Co. Joseph F. Smith, President; George M. Cannon, Cashier. ZION'S SAVINGS BANK & TRUST

Collect Green Trading Stamps. Trade at stores that give them.

Dr. E. M. Keyser's method of filling teeth is painless, 162 Main street, Auerbach building. Telephone 1120 K.

SCALDING KILLS GARRICK. Young Boiler-maker's Injuries Prove Fatal—How Accident Occurred.

Alfred A. Garrick, the boiler maker who was scalded at the soap factory about a week ago while making repairs, died at St. Mark's hospital yesterday from the effects of the injuries. Garrick was engaged in repairing a boiler immediately in front of a vat filled with soap and live water, when a German employee of the factory turned the steam into the vat and the hot grease was thrown all over Garrick. He was taken to the hospital where every effort was made to save his life but the boy gradually ate into his head first going behind one of the eyes and breaking the skull, and then to the brain, then of course death ensued at once.

Garrick was about 25 years of age and a resident of the Twenty-second ward where he was universally respected. He was the son of Alexander and Jane H. Riley Garrick. His father was first counselor to Bishop Solomon for many years. The unfortunate young man leaves a young wife, May, the daughter of Mr. and Mrs. Harold Pratt and one child, who have the sympathy of the community in their bereavement. The funeral will in all probability be held from the Twenty-second ward meeting house on Wednesday at 2 o'clock. The casket will be in the hands of the bereaved family.

Remains may be viewed at residence, 404 west, Fourth North street, from 12 to 1:30 p. m. on day of funeral.

Could Not Breathe. Coughs, colds, croup, grip, bronchitis, other throat and lung troubles are quickly relieved by the Minute Cough Cure. The Minute Cough Cure is not a mere expectorant, which gives only temporary relief. It softens and liquefies the mucus, draws out the inflammation and relieves the throat. Acts at once. "Minute Cough Cure" will do all that is claimed for it," says Justice of the Peace J. Q. Hood, Crosby, Miss. "My wife could not get her breath and I was in the first stage of the disease. A benefit to all my family." Godebit's Drug Co., corner First South and Main streets.

ONLY \$1.00 TO OGDEN AND RETURN Tuesday, April 1.

For choir excursion via Oregon Short Line. Special leaves at 6:30 p. m. returning.

When children have earache, saturate the ear with cotton. Price 50 cents. C. M. I. Drug Dept. SNOW LINIMENT, and place it in the ear. It will stop the pain quickly.

Dr. G. J. Field, Specialist, Skin, Genito-Urinary and Rectal Diseases. Fifth floor Progress building.

You have good reason to fear an attack of pneumonia, when you have a severe cold, accompanied by pains in the chest or in the back between the shoulders. Get a bottle of Chamberlain's Cough Remedy and use it as directed and it will prevent the threatened attack. Among the tens of thousands who have used this remedy for colds and influenza, we have yet to hear of a single case that has resulted in pneumonia, which shows that this Remedy is a certain preventative of that dangerous disease. For sale by all druggists.

Dr. G. J. Field, Specialist, Skin, Genito-Urinary and Rectal Diseases. Fifth floor Progress building.

ONLY \$1.00 TO OGDEN AND RETURN Tuesday, April 1.

EASTER AT THE CHURCHES.

The clerk of the weather was as good as his word, and Easter Sunday dawned without a cloud in the sky. And moreover, it was warm and for this time of the year, balmy. Consequently "everybody" went to church, and at some churches, as at St. Mark's cathedral, the crush was great. There were a good many Easter hats, but not as many as was expected; but there were many new tailor made suits out in lighter colors, and they looked very well.

At St. Mark's cathedral the regular congregation managed to secure entrance by going around by the side door while the unsuspecting crowd of non-regulars waited patiently with cold feet at the front door, which remained tightly closed until just before service began and then they were opened. A small fraction of these outside gained admission, and at least 500 people were unable to get in. The auditorium was packed solid. The church was beautifully decorated with lilies and palms, the windows being banked with solid masses of callas. A cross of red and white carnations stood behind the chancel, and the altar was covered with 33 voices, and solos were given by H. S. Goddard and Miss Emily Grimsdell. Mr. Goddard was very impressive looking in his Episcopal surplice. The sermon was by Dean Eadie on the joy of the resurrection.

At St. Paul's Episcopal church, Bishop Leonard preached on the resurrection, and the musical program was exceptionally good, with solos from Mrs. Price and Miss Virginia Swift.

AT ST. MARY'S.

At St. Mary's cathedral, the small building was sorely inadequate to hold the throng of worshippers, in fact the church was so crowded that the entire auditorium of the new great building had to be completed. The elaborate musical program was a very pleasing success. Violin solos were rendered by Roy Williams, and special voices were given by Mrs. C. J. Elmer, Mrs. O. T. Carlson, Mrs. George E. Curtis, Miss Meyer, Miss Owen, Miss Harley, T. C. Crawford and A. Whittemore. Father Morrissey, preaching on the resurrection, emphasized the divinity of Christ, which he said was the foundation and essential principle of the Christian religion.

UNITARIAN CHURCH.

In the Unitarian church, the music as elsewhere, was a great feature. Unity male quartet, composed of Messrs. Ashworth, Christopheron, Graham and Pike, sang "In Heavenly Love Abiding" and "Ave, Ave, My Soul." Mr. Graham and Christopheron "Come, Holy Spirit."

Rev. Mr. Thatcher gave a brief history of the church, and a brief history of the church, and a brief history of the church.

F. building for headquarters. A dining room will also be installed in the same building.

Walter Clawson, a resident of this city, freewater yesterday which found expression when the Knights Templar were parading through the streets on their way to church. Clawson was in a buggy and the notion entered his mind to stop the procession and create a little excitement on his own account.

According to those who witnessed the episode Clawson encountered the knights on East Temple street appearing at the head of the procession and the latter, in an attempt to drive down through the lines as fast as his horse could go. ONE FIRM SPENDS \$800,000 A YEAR IN ADVERTISING.

The Lydia E. Pinkham Medicine Company last year spent \$800,000 for newspaper advertising. It is probably the largest appropriation ever made in the United States if not in the world by a proprietary medicine concern for one kind of advertising.

Printers' Ink, in its issue of Feb. 12, gave an entertaining interview with James A. Wetherald, who has direct charge of the dispensing of the Pinkham advertising.

"I rank the daily papers first," said Mr. Wetherald, "in point of drawing power for our business, the weeklies next and the monthlies last. I am inclined to prefer an evening daily over a morning, for it goes into the homes more and is, I think, more thoroughly read. Circulation is a matter to which I have given considerable thought."

These cars are in addition to the regular dining cars, which are run on all trains between Ogden, Salt Lake and Kansas City and St. Louis via "The Missouri Pacific-Rio Grande" through car lines.

This is also called "The World's Fair Line."

For Over Fifty Years Mrs. Wetherald's Scotchman has been used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the tendency for diarrhoea. Beca's bottle.

CHINA PAINTING. LESSONS in china painting and pyrography. Misses Valentine & Crane, 43 Dooly Bldg.

FOR RENT. 4 ROOM BRICK COTTAGE, MODERN EQUIPMENT. 430 South 3rd East.
