COMMERCIAL MEN PLEASED.

Give Expression to Appreciation of Ogden Hospitality.

Ogden, June 20.—Those who visited Ogden during the recent convention of the United Commercial Travelers, have not yet ceased sounding praises of the excellent treatment accorded them, as is shown by the following letter received yesterday by Secretary Reynolds:

"Salt Lake City, Utah, June 13, 1906.
"Mr. I. L. Reynolds, Secretary Citizens Committee, Ogden, Utah:
"Dear Sir:—In behalf of the members of the Manufacturers and Merchants Association of Utah who attended the reunion of the United Commercial Travelers held in Ogden recently, I desire to express their sincere thanks and appreciation for the magnificent entertainment accorded them.
"The hearty and whole-souled cordiality of the reception committee and the lavish entertainment, and exceptionally fine and varied program, left nothing to be desired, and every member of this organization expressed his gratification and pleasure in having taken the trip. What surprised them most perhaps was the great variety of forms of amusement, and free-handed manner in which the entertainment was handed out in packages, almost too large to be comfortably taken care of.
"Ogden itself proud, and every day of the outing was a red-letter day for the visitors.
"With best wishes for the prosperity and continued progress of the business men of The Junction City, I am, yours sincerely,
G. H. PLACE."

OGDEN W. C. T. U. TO MAKE A FIGHT

Against Lawlessness and Lack of Order in Weber's Capital.

SOME RESOLUTIONS ADOPTED

Members Say They Deeply Deplore the Present Moral Conditions and Also Official Leniency.

The Woman's Christian Temperance Union, at a meeting held last evening, adopted a resolution, calling for united effort in fighting the lawlessness and lack of order prevailing in this city. The resolution is as follows:
"Resolved, That we, the W. C. T. U. of Ogden, deeply deplore the moral conditions at present existing in Ogden; that we deplore the leniency of our public officials towards prostitution, gambling and the liquor traffic and the seeming indifference of many, otherwise good citizens, to the state of affairs."

Marriage licenses have been issued to the following couples:
J. R. Wimmer of Payson and Katharine Riley of Goshen.
Percy H. Everett of Kansas City and Dolly Taylor of Payson.
Thomas H. Jones and Jane Creer, both of Provo.

GARDEN CITY NOTES.

The county commissioners have ordered screens to be placed at the head of the canal taking water from Hobie creek.

W. H. Brown appeared before the board of county commissioners, yesterday, to make application for the redemption of land in the Mt. Nebo school district, sold for delinquent taxes. It was decided to settle on the basis of the valuation of the land as assessed in 1905, with interest at 6 per cent and cost of sale, subject to the approval of the state auditor.

HYRUM.

FLATTERING CROP PROSPECTS.

No Fly, Grasshopper or Other Pest Yet in Evidence.

Special Correspondence.
Hyrum, Cache Co., June 18.—The prospects for a bounteous harvest have never been brighter than at present. The abundance of rain during this spring and summer has benefited the dry farms immensely. The grain farms are in prime condition, and the sugar beet crop, which was a partial and almost complete failure last year, is not molested so far, but shows up fine and promises a heavy yield. At previous seasons, the native grasshoppers on the bench land have done some damage to the dry farm alfalfa, but the same has not been molested during this season so far, all of which conditions are very encouraging to the farmers.
The cutting of alfalfa has just commenced.
About a week ago Elder Nicolai Jorgensen returned from a 24 months' successful mission to Norway. The Trondheim conference was his field of labor. The quarterly conference of this state will be held on the 30th inst and the 1st prox. here in Hyrum.
Mr. and Mrs. Reuben McBride, whose home is in Oregon, are here visiting with their relatives and many friends.

WALES.

DROWNED IN RESERVOIR.

Irvin Edmunds, a Youth of 15, Loses Life While Bathing.

Special Correspondence.
Wales, Sanpete Co., June 18.—A sad case of drowning happened here today. Irvin Edmunds, son of Thomas J. and Lydia Edmunds, went with others to fish in a reservoir about two miles from town. Failing to catch fish, he, with some other boys, went in swimming. He happened to drop into the old ditch in the pond, and being unable to swim and nobody old enough being at hand to help him, he went down. Word was dispatched to town as quickly as possible and a great number hastened to the place and volunteers went into the water and searched for the body, which was found in about three hours. The bereaved father had only come home yesterday from Salt Lake City, where he had been accompanying another son who went on a mission on the 6th inst. The whole town is in gloom over the sad affair. The boy was 15 years old and a very promising youth.

THATCHER, ARIZONA

GAS PLANT DESTROYED.

Acetylene Generator and Gas House Burned—Harvesting Operations.

Special Correspondence.
Thatcher, Arizona, June 13.—Last night at 9 o'clock the acetylene gas plant which furnished light for the meetinghouse and amusement hall, also for the Bishop's store house, took fire and in a short time the plant and building were reduced to ashes. Except for the loss of the plant no damage was done, as the building where plant was located was of redwood, situated at a safe distance from the meetinghouse.
The cause of the fire cannot be conjectured as the plant has not been used since Sunday evening, when the closing session of the quarterly conference was held. No one was about the grounds.
HARVESTING OPERATIONS.
Two new J. I. Case separators have been unloaded here the last few days, and four or five others are already in operation in the valley taking care of the immense crop of grain raised in the valley this year. Several new headers and old ones are at work besides some binders. Moving machines are heard on all sides and preparations are being made to plant corn.

LOVELL, WYOMING.

STRUCK ARTESIAN WATER.

Company Drives for Oil and Finds Strong Flow of Water.

Special Correspondence.
Lovell, Big Horn Co., June 15.—The railroad is nearly completed to Lovell, and it is expected to long to connect with the Union Pacific near Lawrence, making a southern outlet to the basin. Perhaps this will make the Lovell one of the best spots on earth for investment on account of its many natural resources.
A wealthy company is now driving a test well for oil and gas above Lovell, on the Shoshone tract the natural gas well, not far out from Hyrum. Just recently the workmen encountered a very strong flow of artesian water that nearly drove them off the works. The company expects to drive three test wells before quitting.
The business town of Lovell expects to move down nearer the depot on the new railroad town in the near future. Lovell is building up rapidly, the immense new town hall is nearing completion. The Big Horn Real Estate company is doing much towards bringing people and capital into this part of the country. The Lovell Chronicle, Lovell, thinks is the best country paper in the west.

A LETTER TO OUR READERS.

25 Cottage St. Melrose, Mass.

Dear Sir:—Ever since I was in the Army, I had more or less kidney trouble, and within the last year it became so severe and complicated that I suffered everything and was much alarmed—my strength and power was fast leaving me. I saw an advertisement of Swamp-Root and wrote asking for advice. I began the use of the medicine and noted a decided improvement after taking Swamp-Root only a short time.

I continued its use and am thankful to say that I am entirely cured and strong. In order to be very sure about this, I had a doctor examine some of my water today and he pronounced it all right and in splendid condition.

I know that your Swamp-Root is purely vegetable and does not contain any harmful drugs. Thanking you for my complete recovery and recommending Swamp-Root to all sufferers I am, Very truly yours,

L. C. RICHARDSON.

You may have a sample bottle of this wonderful remedy, Dr. Kilmer's Swamp-Root, sent absolutely free by mail, also a book telling all about Swamp-Root. If you are already convinced that Swamp-Root is what you need, you can purchase the regular fifty-cent and one-dollar size bottles at the drug stores everywhere. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the trade dress, Binghamton, N. Y., on every bottle.

We might as well quit talking about "That Good Coal" now that the coal season is about over. But then people keep on saying nice things about it and we have to keep up the conversation.
