People Utterly Homeless and Des-titute—An Appeal for Help. PORT HURON, Mich , 12. To the American People:

We have to-night returned from the burnt district of Huron and Sathe burnt district of Huron and Salina counties. We have seen the burned, disfigured and writhing bodies of men, women and children. Rough board coffins containing the dead, followed to the grave by a few blinded, despairing relatives; crowds of half starved people at some of the stations asking for bread for their family and neighbors. We hear of more than two hundred victims already burned; more charred and family and neighbors. We hear of more than two hundred victims already burned; more charred and bloated bodies are discovered dally, and more than 1,500 families are found to be utterly houseless. They huddle in barns, school houses and in their neighbor's houses, scorched, blinded and helpless. Some still wander around, half-crazed, about the ruins of their homes, vainly seeking their dead, and wringing their hands, refusing to be comforted. More than 10,000 people who only a week ago occupied happy, comfortable homes, are to day, homeless and houseless sufferers. They are hungry and almost naked. When found, in such great numbers and so widely scatted, our best efforts and greatest resources fail to supply their immediate wants. Without speedy aid many will perish, and many more will suffer and become exiles. Our people will do their utmost for their relief, but all our resources would fail to meet their necessities. We appeaf to the charity and generosity of the American people to send help without delay.
