Sell coal oil, lamp and lamp goods, wholesale and retail.

H. Riser

By Telegraph.

Last Night's Dispatches.

EASTERN.

Crop Prospects.

LITTLE ROCK, Ark., 22.—Reports from all portions of the State indicate that the crops are looking well; the prospects for the wheat, corn and cotton crops look better than has ever been known in the history of the State.

Ordered to be Seized.

St. Louis, 22.—Telegraphed instructions were received here today, from internal revenue commissioner Pratt, to seize the following establishment of Lewis, Frazier and Co., for the non-payment of \$14,000 taxes found to be due by them for whiskey produced on which no tax was paid.

Rumored Railway Consolidation.

The Republican's Kansas city special says that the rumor of the proposed consolidation of the Kansas Pacific and Union Pacific Railroads is creating great excitement in this city; the railroad company intend to run their own express. Dillon, President of the U. P., and the President of the U. P. and the five directors, in cars of the different roads, were here this morning. It is probable that through freight and Pullman cars will be run from St. Louis to Chicago over the St. Louis, Kansas City and Northern Railroad.

Relief to be Sent.

WASHINGTON, 22.—The Secretary of the Navy, this morning, telegraphed to the commandant of the Mare Island Navy Yard, to send immediately the U. S. steamer Benicia from that place to the relief of the crew of the wrecked steamer Saragosa in Seymour Pass.

The Farragut Prize Money.

The Secretary of the Navy has made a requisition for \$380,000 on the Secretary of the Treasury to pay the remainder of the Farragut prize awards. This sum will be placed to the credit of the assistant treasurer for the use of the prize fund. It will be distributed among 4,500 persons, exclusive of the prize of \$5 or 40 vessels of Farragut's fleet, which made captures from confederates. The aggregate amount derived from all such naval captures in the late war was about \$39,000,000, of which \$14,000,000 were turned over to the navy pension fund.

The Case of Wm. S. King—Crop Reports.

In the criminal court, to-day, the case of Wm. S. King, charged with perjury in connection with the Pacific Mail subsidy, asked that an adjournment be fixed for his trial; the court said the case would be continued to the October term unless the government could secure the principal witnesses, which is not probable, as he is now in Europe.

Reports received at the Bureau of Agriculture from different sections show that the winter and spring wheat will yield four-fifths of a full crop; rye promises better than wheat, but it will fall below the usual average. Oats are in good condition, and will reach nearly a full yield. In the largest producing states barley promises well; clover is fairly good.

Dead.

New York, 22.—Laura V. H., wife of Tronor W. Park, died in Brooklyn yesterday.

Tweed in Jail Again.

In the indictment found by the grand jury of May, 1875, at the term of the court over and over again, in having, in conspiracy, with Peter B. Sweeney and Eliza A. Whelan, conspired to defraud the city of New York of the sum of \$1,000,000. The proceedings then adjourned, and Tweed, surrendered by his counsel, left the court room and was conveyed to jail, where he remains until the three million-bail is furnished.

News from the Black Hills.

FOUR LARAMIE, 22.—A party from the Black Hills arrived here yesterday, and reported that the expedition under Col. Dodge have found a permanent camp on French Creek near Harney's, and called Camp Harney, and close by the stockade built by the miners when Captain Mix brought out. Gold seems to have been found in abundance near. A hundred miners were found there in different camps, who have made claims, and some considerable work in silver and copper has been done. Some of the party report that the soldiers in the command have paused out gold dust of a rich quality. The command is reported to be in good condition.

Gold in the Black Hills.

OMAHA, 22.—The following has been received from Col. Dodge commanding the escort of Prof. Jenney's Black Hills party: "Harney's Peak, June 17. Gold has been found in paying quantities on French Creek."

Custer's report is confirmed in every particular. Private advice received here says that the command found one hundred miners at work in Custer's Gulch, taking out gold at the rate of \$3 to \$5 a pan. The evidence is strong that gold is abundant. Many more miners in that country. The gold found is coarse and scaly, but easily pounded. Quartz mines are abundant, but no one has prospected them. No Indians have been seen by the party.

Deseret, 22.—The Deseret and Milwaukee Railway grain elevator, at Grand Haven, was burned to-day, the loss being \$45,000.

And for the Whiskey Ring.

CHICAGO, 22.—In the U. S. Circuit Court, to-day, Judge Blodgett decided that the government has the right to seize the books and papers of corporations in case of evidence against them in court; this decision was made to apply to the frauds of the whiskey ring.

Here about the Black Hills.

The Inter-Ocean's special from Custer's Gulch, Dakota, via Fort Laramie, says that gold is being found in paying quantities, and good quality quartz mines are abundant, but no one has prospected them. No Indians have been seen by the party.
