Among a few of the numerous points of superiority enjoyed by the patrons of this road, are its DAY COACHES which are the finest that human art and ingenuity can create; its PALATIAL SLEEPING CARS, which are models of comfort and elegance; its PALACE DRAWING ROOM CARS, which are unsurpassed by any; and its widely celebrated

NORTH-WESTERN DINING CARS,

the like of which are not run by any other road anywhere. In short, it is asserted that IT IS THE BEST EQUIPPED ROAD IN THE WORLD.

All points of interest North, Northwest and West of Chicago, business centres, summer resorts and noted hunting and fishing grounds are accessible by the various branches of this road.

It owns and controls over 5,000 miles of road and has over four hundred passenger conductors constantly caring for its millions of patrons.

Ask your ticket agents for tickets via this route. AND TAKE NONE OTHER. All leading ticket agents sell them. It costs no more to travel on this route, that gives first class accommodations, than it does to go by the poorly equipped roads.

THE HANDY HOUSEWIFE.

SYSTEMATIC WAY IN WHICH SHE CLEANS HOUSE AND AVOIDS CONFUSION AND BUSTLE.

Spring housecleaning is not pleasant work to anticipate, but even the mention of it need not strike terror to the masculine heart unless the housekeeper be one of those energetic Yankee women who believe in turning the whole house upside down at one time. One of the best of housekeepers in this city cleans house every spring so quietly that her husband never knows anything about it. She begins at the top of the house and cleans down, taking one room at a time. All the furniture is first placed in the hall and adjoining room. The carpet is then sprinkled plentifully with coffee grounds or tea leaves and well swept; then the tacks are removed and the carpet neatly folded and taken down in the back yard. It is thoroughly cleaned, folded and left in the kitchen. The room up stairs meanwhile is being scrubbed, the windows cleaned, and the paint washed. Before taking up the carpet everything is removed from the closet, and it is also cleaned and aired. When the room is sweet and clean, which takes the mistress and her one good maid until noon, they leave it to get dry and go down to get luncheon, which they must get for themselves. After luncheon the breakfast dishes are cleared, the rooms dusted and the beds made, and by that time the room above is dry.

The carpet is taken up and neatly and quickly put down, the furniture washed and dusted, as needed, and set into the room, fresh curtains put up, and by 5 o'clock the whole house is in order and the maid and mistress getting supper.

They retire very early; arise at their usual hour. Another room is done in the same quiet way, and so on until they are finished, the halls, of course, being cleaned after each floor is in order.

A nice, even floor may be shellacked and made to look better than if covered with a carpet. In fact, bedrooms are much healthier when the floor is left bare. To shellac a room, first have the floor thoroughly cleaned, then buy a very small quantity of linseed oil, and apply a coat, taking care to cover every corner and board well. The next day cover with two coats of shellac varnish, put on evenly. Do not go into the room for a day or two, and the floor will shine like glass. Spread a few rugs about or put a large one in the centre of the room. Very little dust can accumulate in the room without being visible. Wash the floor with warm water and soap and dry quickly.

A pretty dressing-table may be made out of a little old pine kitchen table. Place it in a bed-room under a large or small mirror, then take a quantity of soft unbleached muslin, dotted mull or any similar material. Cover the top with a piece, the ends being nicely hemmed. If the top of the table is rough it is best to first cover with white oilcloth stretched and tacked on. Make a flounce with an inch deep heading and a running cord long enough to reach from the edge to the floor, and put it on with small tacks. Take a long piece of the material about a half yard wide and fasten the centre over the mirror, letting the ends fall over the side of the table. Bows of ribbon and lace edging add much to the pretty effect of this dressing-table, and a trunk or boxes may be placed under it.—*New York Morning Journal.*

TUTT'S PILLS
TORPID BOWELS
and
DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work, and are a perfect

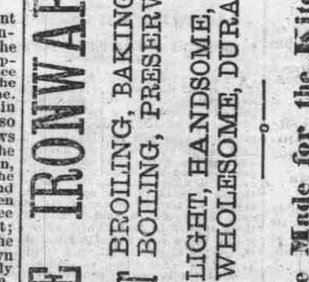
PRICKLY ASH BITTERS



The majority of the ills of the human body arise from a derangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and Sluggish action of the Bowels, Headache, Sickness at the Stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that nature requires assistance to enable this organ to throw off impurities.

Prickly Ash Bitters are especially compounded for this purpose. They are mild in their action and effective as a cure; are pleasant to the taste and taken easily by both children and adults. Taken according to directions, they are a safe and pleasant cure for Dyspepsia, General Debility, Habitual Constipation, Diseased Kidneys, etc., etc. As a Blood Purifier they are superior to any other medicine, cleansing the system thoroughly, and imparting new life and energy to the invalid. It is a medicine and not an intoxicating beverage.
