Hon. M. S. Browning is indeed entitled to be called one of Ogden's prominent citizens. His eyes first opened in his father's ploneer but in the Junc

tion city. From earliest manhood his career has been that of an apricht clear headed business man. He served Ogden as mayor during the year 1900 and 1901, and demonstrated to his fellow citizens that he was a man of ability and integrity, just as much in public as in private life. He is the vice president of the Browning Bros. firm, one of the largest fire arms and sporting goods houses in the west. His activity has carried him into social as well is business and political life, and in the year 1901 he occupied the highest social station in the Junction city; that of president of the Weber club.

Mr. Browning is vice president of the Ogden Opera House company, and was a member of the committee that waited upon the representatives of the railroad companies and induced them to adopt the Ogden-Lucin cut-off. He is president of the Ogden Land company, and vice president of the Weber County Fair association. He is now in his 43rd year.
