

FOR PAVING OF SOUTH TEMPLE.

Council Authorizes Resolution
Laying Assessment on Abutting Property.

FROM SEVENTH TO TENTH EAST.

Similar Work on West First South—
Salt Palace Veto Referred Back
To the Mayor.

The city council last night adopted a resolution by Councilman Hartenstein, authorizing the city attorney to draw up an ordinance laying an assessment on the property on both sides of South Temple street for the paving of said street from Seventh East to Tenth East streets, and instructing the city engineer to furnish an estimate of the cost of the improvement. The board of public works submitted a communication suggesting that, as the work of paving to Seventh East street was nearly completed, it would be advisable to levy the assessment on Tenth East at once so the work can be completed this season. The board also recommended that the street be paved to Tenth East but no action was taken on that matter. However, the passage of the Hartenstein resolution, will insure the completion of the paving to Tenth East unless some hitch occurs in the matter.

Hartenstein also introduced a resolution, which was adopted, calling for estimates for the paving of First South street from West Temple to Third West street and authorizing the city recorder to advertise notice of intention to make the improvement.

FRANCHISE REFERRED.

A petition and an ordinance granting a franchise to the Citizens' Heating and Power company to construct, maintain and operate a steam and hot water power and heating plant in this city was submitted and referred to the committee on municipal laws and streets for consideration. The company agrees to give a bond of \$25,000 to protect the city in case of injury to any person caused by acts of the company and to increase its capital stock from \$25,000 to \$50,000 as soon as the franchise is granted. It also agrees to commence work within one year from the time the franchise is granted.

SALT PALACE VETO.

Mayor Morris submitted a veto of the report of the license committee giving Heath Bros. a blanket license for the Salt Palace provided they would move the fence on the west side of the resort back off the sidewalk to a distance three feet from the property line. There was considerable discussion over the matter as some of the councilmen contended that the only way to get the fence moved was to hold up its license until it is done. Some stated that the council had been trying to get the fence moved back for four years but nothing had been done yet. Fernstrom moved that the report be amended by putting all reference to the fence and granting the license. The amendment carried and the matter was referred back to the mayor again.

Fernstrom then moved that the city leave to Heath Bros. three feet of the sidewalk until Oct. 15 for the sum of \$1. This motion was carried and the fence will be moved back to within three feet of the property line.

LIBRARY WANTS \$5,000.

The board of directors of the free public library petitioned the council for an appropriation of \$5,000 to suitably furnish the new public library. President John D. Spencer of the board was given the privilege of the floor and stated that the board was a little late in sending in the petition as it will take 60 days to get the furniture after it is ordered and that it was necessary to get an appropriation of \$5,000 to suitably furnish the new public library. Hartenstein moved that the appropriation be made. Neuhansen moved an amendment that the matter be referred to the committee on library and libraries. The amendment was carried.

LOS ANGELES ACKNOWLEDGMENT.

The council received a communication from Mayor Owen McAleer of Los Angeles thanking it for the invitation to visit Salt Lake and expressing regret that he was unable to accept the same. He also acknowledged receipt of the resolution of thanks extended by the council to the officials of Los Angeles for the pleasant visit in that city.

PETITIONS FOR FRANCHISE.

A petition was received from the Oregon Short Line Railroad company asking for a franchise to construct a spur track from its main line on Third West between Eighth and Ninth South streets across certain streets in Geneva and Fountain. Five subdivisions as to connect with the San Pedro, Los Angeles and Salt Lake Railroad.

The same company and the D. J. Sharp Coal company asked for a franchise to construct a spur track into the new coal yards on Third West street. Both petitions were referred to the committee on municipal laws and streets.

The San Pedro, Los Angeles and Salt Lake Railroad company submitted a petition asking for a franchise to construct its tracks across certain streets in the southwestern part of the city to connect with the Short Line tracks and thus gain access to the new terminal facilities of the latter road. The matter was referred to the committee on municipal laws and streets.

MARKET STREET PAVING.

Ordinances were passed confirming the assessment on the property on both sides of Market street for paving the same and for the construction of cement sidewalks. An ordinance was also passed confirming the assessment on the property on the west side of Thirteenth East street between First and Second South streets in sewer district No. 1 for the construction of a sewer.

RIG FOR CHIEF LYNCH.

After considerable discussion the council adopted the resolution of E. H. Davis appropriating \$250 for Chief of Police Lynch for the purchase of a new car and buggy to be used in emergency calls. A number of the councilmen opposed the resolution because they could not see where the horse was to be kept. Others thought that the chief could use Chief of the Fire Department.

perment Bywater's rig. The resolution was finally adopted.

WATCHMAN FOR RUMP.

Tuddenham's resolution, providing for the employment of a watchman at the dump and about in Emigration canyon, was finally adopted after being defeated once and then reconsidered. It provided that the superintendent of waterworks should employ the man at \$60 per month. Before being passed it was amended so that the superintendent of irrigation should employ the man at a salary of \$12 per month. It being understood that a man residing in the canyon had agreed to take the job at that price.

City Auditor Felt submitted the department payroll for the first half of June amounting to \$12,647.55, which were regularly referred for approval. President Hewlett announced that a test of the new fire engine would be made on the west side of the city and County building on Wednesday afternoon at 2 o'clock, and that Chief Bywater, the city officials and councilmen to witness it.

Three Physicians Treated Him Without Success.

W. L. Yancy, Paducah, Ky., writes: "I had a severe case of kidney disease and after being treated by three physicians without success, I then took Foley's Kidney Cure. The first bottle cured me permanently. I gladly recommend this wonderful remedy." For sale by J. J. Hill Drug Co.

DECLARED A DRAW.

Cutting Scrape Over Ball Game So Decided by a Jury.

William Kendall and Sidney Weed, two boys aged 12 and 14 years respectively, were given a trial by a jury of their peers in the juvenile court yesterday. The jurors in the case being five boys of about the same age as the defendants. From the facts gleaned at the trial, Kendall and Weed became engaged in a quarrel last Saturday over a game of ball. They soon came at blows and Kendall was getting the worst of it when he pulled out his pocket knife and inflicted five scalp wounds and a cut in the left arm of the Weed boy.

The two boys were brought into court yesterday, together with their parents, and five boys were called as jurors. They listened to the evidence and retired to consider their verdict. After about 15 minutes they returned into court and reported that in their opinion both boys were at fault but that the Kendall boy's action was more serious than that of Weed. Judge Brown then lectured both boys. Mr. Kendall gave the jurors enough money to buy young Weed a new hat, the defendants, after some persuasion, shook hands and the case was ended for the present.

Smoking in a Powder Magazine.

In court yesterday morning, Judge Brown sentenced a boy named Charles Henderson, 15 years of age, to the Salt Lake House for smoking in a powder magazine. Henderson was charged with smoking in a powder magazine. He was sentenced to the Salt Lake House for smoking in a powder magazine. He was sentenced to the Salt Lake House for smoking in a powder magazine.

ORPHEUM "SIGNED UP."

Deal Which Clinches Matters Regarding New Salt Lake Theater.

All doubts regarding the future of the Orpheum theater were set at rest this morning on receipt of a telegram from Treasurer Garrett of the Orpheum Vaudeville company to the directors here which read:

"Everything all right with the Orpheum signed up O. K."

Mr. Garrett and Atty. Snow left this city last Wednesday night for Chicago where they were bound to complete arrangements for putting the new State street theater on the regular Orpheum circuit with the same shows as last season. Features in Chicago, New Orleans, Minneapolis, Denver, Los Angeles, San Francisco and other large cities of the United States. Two trips had been made previously by representatives of the company but no definite contract had been entered into until yesterday.

The two gentlemen are expected to return home on Thursday when further details will undoubtedly be forthcoming.

In speaking of the new theater which is to be erected on the corner of State street and Commercial avenue, Mr. Garrett said this morning said: "Under the old foundation is to be completed by next Monday, when the brick work will be rushed so as to have the theater opened by the latter part of September for the season of next year. The building will be a three story modern structure that will be a credit to State street. It will have a frontage of 75 feet and will go back 150 feet, making one of the largest theaters in Utah. The frontage of the building will be divided up into stores leaving a spacious entrance two stories high in the center. In every city in which the Orpheum circuit shows the houses are packed at every performance and this state of affairs will undoubtedly hold good here. The theater will be open every night in the year and the same bill that is put on in the big cities will be the feature here. Just as soon as the foundation is finished the contractors announce that they will put on as many men as it is possible to get in order to rush the building to completion."

TEMPLE NOTICES.

The Salt Lake Temple will close on Friday evening, June 30, and will reopen on Tuesday, Aug. 1, 1905.
JOSEPH F. SMITH.
The Salt Lake Temple will close on the evening of Friday, June 30, and reopen on Tuesday, Sept. 5, at 9 o'clock a. m.
DAVID H. CANNON, President.

ONE HIGH SCHOOL FOR NEXT YEAR.

That Was Decided at a Meeting Of the School Board Last Night.

Will Be on the West Side.

A Strong Central School Was Contended For—Free Kindergarten Question Postponed—Fire Escapes Needed.

At the meeting of the board of education last night it was decided that for next year there shall be only one high school, and that this shall be located on the premises of the present West Side school, under Principal George A. Eaton. The present East Side school, with its two-year course, will be abandoned, and the school building in which it is located will be used for grammar school work. Should occasion arise demanding more high school space than the West Side premises afford, a new building will be provided at a centrally located position in the eastern part of the city, according to the statements made by several members of the board in voting for consolidation.

A proposal to transfer the commercial course from the West side to the East Side school, which was recommended by the committee on teachers and school work was lost on a vote.

MATTER MUCH DISCUSSED.

The meeting of the board consumed several hours. Those present were W. J. Newman, Mat. Thomas, Joseph Granger, Byron Cummings, C. S. Martin and H. P. Henderson. In the absence of President Moyle, Mr. Henderson acted as chairman. The debate on the question of consolidating the two high schools was much discussed. The final vote stood four for consolidation to two against, those voting "aye" being Newman, Thomas, Granger and Henderson, and "nay" Cummings and Martin.

The subsequent motion to move the commercial course to the East Side school was defeated on a vote of four to two. The board then voted to postpone the question of free kindergarten until next year. The question of fire escapes was also discussed and it was decided that the board should provide for one on each side of the city.

STRONG CENTRAL SCHOOL.

Principal Eaton spoke on invitation, favoring a strong central high school, but urging that the commercial course be removed from the commercial high school. He explained that this would not overcome the objection to maintaining two high schools, as the east side institution would still be maintained as a commercial school.

OTHER MATTERS.

In the matter of the free kindergarten, which committee on teachers and school work is making further preparations for accommodating free pupils, action was postponed.

A. G. Glaucue submitted a request to the board for the removal of the committee on buildings and grounds, urging press of business as a reason.

FIRE ESCAPES NEEDED.

A notification was received from Chief Bywater of the fire department calling attention to the city ordinance, and stating that unless certain buildings were provided with fire escapes he could not allow them to open next September. This communication was referred to the committee on buildings and grounds.

WANT TAXES REDUCED.

Farmers Ask Relief From Damage Done By Smelter Smoke.

A delegation of over 60 farmers residing in the neighborhood of the smelters in this county appeared before the county board of equalization yesterday in support of their petitions.

A WORKING BRAIN.

Can be Made Successful on Right Food.

A busy man in one of America's largest watch factories told me that he had gained a clear brain and steady nerves and averted a mental and physical breakdown. He says: "I was accustomed to live on the ordinary diet of the average table. I thought that meat, potatoes and other vegetables and fruit were necessary, and that tea, coffee and pastry were essential. In time my nervous system became seriously affected, they seemed constantly keyed up to the highest tension, and I became subject to the most violent bilious attacks which used to leave me in a weak and nervous condition for several days. The climax seemed to have been reached a few years ago, when I found myself unable to do any work. I was then advised to try Grape-Nuts food. I had little hope it would help me, but I tried it out all the heavy dishes with the tea and coffee that I had always used and began to eat Grape-Nuts with cream and a pinch of salt. Afterwards, I added fruit with occasionally an egg beaten up in milk and entire wheat bread. This has been practically my diet for more than two months."

"I found that with this diet I gained complete relief almost immediately from all the distress that used to follow every meal, my bilious condition was speedily relieved and my nerves have grown healthy and steady. In short my run down constitution has been reconstructed and built up. As to the effect upon my mental powers, I have only to point to the fact that I have recently been placed in a responsible position in our establishment where complete concentration of mind is required to deal with complicated records and reports, and that I have been enabled to keep my accounts absolutely correct, which my numerous predecessors uniformly failed to do."

"I think these things speak volumes in favor of Grape-Nuts food as a nerve and brain builder. I ascribe all my improvement, mental and physical, to the fact that I am possessed of a steady nerve, a clearer brain, a fine appetite, and have gained healthy weight. I am cutting out of my diet food and the systematic use of Grape-Nuts food. Name given by Postum company, Battle Creek, Mich. There's a reason."

asking for a reduction of the assessment on their land on account of its decreased valuation, because of the damage done by the smelter smoke and fumes.

Several of them addressed the board on the matter and made a clear statement of the condition of their property since the smelter fumes have affected it. They stated that it was impossible to sell their land at any price and conditions have become so bad that they cannot raise enough to pay their taxes, let alone make a living. They have been compelled in many instances to secure work at other parents in order to pay their taxes.

Some of them asked that the assessment be reduced from 50 per cent of the real value of the land to 25 per cent. Others contended that that valuation should be reduced to \$1.25 per acre, the original government price. The assessment rolls of the county assessor show that the land was assessed this year at from \$10 to \$100 per acre, several of the owners owning 20 to 30 acres. The original government price, the assessor stated, was \$1.25 per acre. The assessor's rolls of the county assessor show that the land was assessed this year at from \$10 to \$100 per acre, several of the owners owning 20 to 30 acres. The original government price, the assessor stated, was \$1.25 per acre.

WELL KNOWN HERE.

Major James Clark Bush, Formerly Stationed at Fort Douglas, Dead.

Major James Clark Bush, artillery corps, U. S. A., died recently at Fort Warren, Boston harbor, at the age of 55. Maj. Bush was known in this city, having been stationed at Fort Douglas as first lieutenant with Light Battery F, First U. S. artillery regiment back in the 'eighties. The major graduated from Yale in the class of 1871, and until his entrance to West Point in the fall, was associated with Charles P. Brooks, now of this city, and then city engineer of New Haven, Conn. Maj. Bush graduated from the military academy in 1875, and from the graduate artillery school at Fortress Monroe in 1880. He reached his captaincy in the Seventh artillery regiment in 1888, and was made a major five years later. At the time of his death he stood twenty-third on the list of majors, and would have been a lieutenant-colonel in less than two years.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when they would only eat good food, and keep their bowels regular with Dr. King's New Life Pills, their troubles would all pass away. POULTON, MADSEN, OGDEN & CO.,

111-113 MAIN ST., "Where the Clothes Fit."

SOCIAL AND PERSONAL.

Tonight the wedding of Miss Lena Hawling, daughter of Senator and Mrs. Hawling, and William Ray will take place at the home of the bride, the affair to be a very quiet one, only the family and intimate friends to be present. Miss Hawling was guest of honor at a delightful afternoon party yesterday given by the members of her sewing club.

Miss Constantine Kirpatrick entertained at an elaborate luncheon yesterday in honor of Mrs. Theodore Baldwin and Miss Stella Salisbury, the event taking place at the country club. The table was decorated in sweet peas and plumage and covers were laid for 11 guests.

Mrs. John Woodward entertained at a luncheon today in honor of Mrs. Baldwin and Mrs. Tower.

Mrs. E. R. Ellersbach and daughter, Mrs. T. D. Lewis, with the latter's three children, leave today for Los Angeles to spend the summer.

A pretty affair of yesterday was the wedding of Miss Louise Everett and Mr. Ernest Austen, the event taking place at the home of the bride, with Rev. C. E. Perkins officiating. The room was beautifully decorated, and a number of intimate friends assisted, the entire affair being delightful.

Heath and Hooper Dunbar have returned from school and will spend the summer here.

Mrs. Anna Sigurdson of Tempeville is here visiting her parents, Mr. and Mrs. S. W. Richards.

A charming feature of an "Evening in the Old South," to be given at Unity Hall tomorrow evening, June 21, by Miss William of Augusta, Georgia, will be the singing of old-time ballads of the south by Mrs. Louise Thomas-Barnard.

J. B. Wising, M. Wising and son Le Roy left today for the Portland exposition. From Portland they will extend their trip to San Francisco, Los Angeles and southern California.

Mr. L. Dabquist and his daughter, Agnes and Ruth, leave for Portland tonight to be gone a fortnight.

Cards are out for the wedding reception of Miss Nellie MacDuff and Mr. Ernest Anser, on Thursday evening, June 22, at the home of the bride's uncle and aunt, Mr. and Mrs. Thos. Hancock. Miss MacDuff is the well known professional nurse for the city, while Mr. Anser is connected with the Asper, Noell Lumber Co.

Miss Carrie Jensen, who has been visiting relatives in Murray and Mill Creek has returned to her home in Springfield.

Mrs. T. J. Ryder and Miss Clara DeLave tomorrow for Los Angeles. Mrs. Ryder is to go to Mexico, and Miss DeLave to visit a short time with friends in California.

Miss Clara Ellersbach and Mrs. E. R. Ellersbach will leave during July to join their mother at Long Beach. Miss Edith Ellersbach will spend the heated season at Brighton with her sister, Mrs. Elmer Darling.

Feel impending doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from the use of Bright's Kidney Cure.
