

GEO. B. MCLELLAN
DEFEATS SETH LOW

Plurality Over the Fusionist Candidate is About Seventy Thousand.

GROUT AND FORNES ELECTED.

Devery Cut No Figure, While Boss McLaughlin of Brooklyn Beaten in His Efforts to Beat McClellan.

New York, Nov. 3.—After a remarkable campaign, in which there was united against him nearly all of the newspapers and practically every minister of religion in this city, George B. McClellan, son of the Civil War general, was today elected the third mayor of Greater New York over Seth Low, fusionist, the present mayor, by a plurality of about 70,000.

Edward M. Grout was elected controller and Charles V. Fornes president of the board of aldermen. These two men were originally on the fusion ticket and were endorsed by Tammany, whereupon the fusionists took their names from the Low ballots and nominated other candidates.

It was the nomination of Grout and Fornes by Tammany that caused McClellan the veteran leader of the Kings county Democracy, to bolt and declare that he would not support men who were not Democrats. In spite of his defection McClellan, Grout and Fornes carried Kings county. The management of the campaign there was taken over by State Senator Patrick McKerran, when McClellan refused to aid.

A surprise was the low vote for William S. Devery, former commissioner of police, who ran on an independent ticket, which was given practically no support.

This result shows a tremendous change of public sentiment since Mayor Low's election two years ago, when he won by 31,632. At that time he carried all the boroughs but Queens, his plurality in Manhattan and Bronx being 5,693; in Brooklyn, 25,787; and in Richmond, 726.

Today McClellan carried Manhattan and the Bronx by about 58,000, a gain of 22,000; Brooklyn by 6,000, a gain of 21,000; and Queens by about 5,000, a gain of more than 4,000. This makes a total net gain for McClellan of about 103,000, as compared with Shepard's vote of two years ago. Low carried only one borough—Richmond—by about 200 votes.

LOW CONGRATULATES MCLELLAN.

The result was known early and at 8:15 o'clock Mayor Low sent a telegram of congratulation to McClellan. "I congratulate you on your election. If I can be of service to you, pray command me.—Seth Low."

The mayor then said: "I think that the telegram sums up all that I have to say tonight."

WHAT MCLELLAN SAYS.

Mr. McClellan, who is at present a member of Congress, made the following statement:

"I am deeply grateful to my fellow citizens for their confidence in me. I renew the promises which I have made before election. I have no bitterness of feeling for any one. I shall go at once to Washington to prepare for the extraordinary session, and as soon as the question of Cuban reciprocity is disposed of I will turn my attention to the affairs of the city."

"I invite the co-operation of every citizen, whether he supported me or not, and regard his political views in the advancement of the city's good."

"This victory should encourage and unite all Democrats for the presidential contest in 1904."

WHAT MURPHY SAYS.

Charles F. Murphy, the leader of Tammany hall, said: "The figures speak for themselves, and the people have spoken. Of course we are pleased at the result. It bears out the figures we gave. If the election had been a week further off the chances are that Devery would have polled a larger vote than Low."

CUTTING'S STATEMENT.

Robert Fulton Cutting at the Citizens' Union headquarters gave out a statement in which he expressed astonishment over the result and his belief that "the partisan administration which Mr. McClellan proposes cannot maintain the standard set by Mr. Low." Meanwhile, he says, the Citizens' Union will occupy itself in preparing for the next election. He is persuaded that its services will be required at that time.

JEROME REMAINS SILENT.

With Commissioner Greene at police headquarters watching the returns was Dist. Atty. Jerome. When the election of Mr. McClellan was announced, Mr. Jerome was asked if he had anything to say. "No," he replied. Later, however, a statement which he had made before Low was nominated, in which he said that the mayor, if renominated, would be beaten by a majority of from 25,000 to 40,000 was shown to him. "That was my calm judgment then," he said, "but when I got into the fight my instinctive judgment was lost. It simply shaped itself into a question of whether you could put out a naked principle to be supported by an unlovable man."

Commissioner Greene said he would surely resign his office on or before Dec. 21.

The victory, great as it is for McClellan, is of more significance to Mr. Murphy, who made up the Democratic ticket and managed the campaign. Defeat today would have meant for him deposition from his post of leader with all its powers, opportunities and the accession to control of another faction. Indeed, plans had been made by certain independent Democrats, based on the belief that Low would be re-elected, to reorganize the Democracy of this city with Tammany left out.

NEW SCIENTIFIC PROCESS.

A Preparation Discovered That Will Destroy the Dandruff Germ.

For some time it has been known that dandruff is caused by a germ that digs up the scalp into little white flakes, and by sapping the vitality of the hair at the root, causing falling hair, and, of course, finally baldness. For years there have been all kinds of hair stimulants and scalp tonics on the market but there has been no permanent cure for dandruff until the discovery of a preparation called Newbro's Herbol, which destroys the dandruff germ, destroys the cause, the effect will cease to exist. Kill the dandruff germ and you'll have no dandruff. No itching scalp, no falling hair, sold by leading druggists. Send 10c. in stamps for sample to The Herbol Co., Detroit, Mich. For sale by Z. C. M. A bad cold; a good doctor. Ayer's Cherry Pectoral.

"Thanks."

To Mr. McClellan also, the result meant much, for had McClellan lost McClellan would have been again in the race with McClellan and his friends would have had little to hope for. The carrying of Brooklyn for McClellan caused astonishment, as it was believed the cry of "no red lights in Brooklyn" would cause an increased vote for Low in that borough.

The campaign was one of the most interesting in the history of New York City. From the day Mayor Low was renominated his supporters urged his re-election on the ground that no partisan question was involved, but that every man should vote to uphold the existing administration because it had given the city a business-like conduct of affairs and because it had done much to stamp out the "red light" evil of the east side.

It was argued by fusionist orators that the return of Tammany men to office would mean a "wide open town," unrestricted in lawlessness and the reckless ferocity of the infamous "cadet system," by which ignorant girls were forced to live of shame, their earnings going to men whom they supposed to be their husbands. Mr. McClellan was attacked by the speakers for the fusionists because they alleged he had sold the name his father honored to cloak the designs of evil men. To these statements the Democrats responded with the charges that Low, non-partisan claims marked an attempt to secure control of the city in the interest of Gov. Odell; that all the credit for the good business administration under Low belonged to Grout, who was on the Democratic ticket, and that every Democrat should cast his ballot for McClellan, in view of the important bearing this city's vote would have on the presidential election next year. Both candidates made nightly speeches. Low's partisan supporting orator was Dist. Atty. Jerome, who bitterly opposed the mayor's renomination on the ground that he was unpopular, but who, after the nomination, made frequent speeches for the fusion ticket.

For McClellan, Bourke Cockran returned to political activity and made several speeches.

Scarcely second in interest to the defeat of Low is the effect of the result of the vote on the fortunes of the octogenarian, Hugh McClellan, who, for more than a quarter of a century, has been the distinguished leader of the Kings county Democracy and who now finds that his former lieutenant, McClellan, was able to so manage McClellan's candidacy that a Democratic plurality resulted in the defeat of McClellan's spirited opposition.

Of the five borough presidents voted for the Democratic candidates were successful in the Bronx, where Haffen was re-elected; in Manhattan, where Ahern had a big plurality; in Queens, where Cassidy won for the second time, and in Brooklyn, where Martin W. Littleton had a larger plurality than McClellan. Littleton refused to support McClellan, Grout and Fornes and lent his aid to McClellan in the latter's fight against Tammany. In Richmond (Staten Island) Cromwell, fusion, was elected.

WHAT SENATOR PLATT SAYS.

New York, Nov. 4.—Speaking of the municipal election here, United States Senator Thomas C. Platt said:

"It is the fortune of war and I have no complaint to make. This is especially so because the way is safe and because I know Mr. McClellan well and believe he will make a good mayor. He is an excellent young man and if we defeated I am glad the victory falls on such a pleasant personality."

"I do not regard municipal campaigns as having any bearing upon the state and national issues. There is no possible way of connecting it with the partisan issues that will affect the contest of 1904."

Mr. Platt added that he had no doubt that the full Republican vote was polled for the fusion candidate.

Former Chief of Police Devery, who ran for mayor as an independent, and secured only a few thousand votes, declared himself out of politics for good.

Silk Designers Strike.

New York, Nov. 4.—Designers employed in the silk industry at Paterson, N. J., have struck and it is expected the trouble will spread to other cities. They demand that apprentices serve six years and that \$16.50 be fixed as the minimum week's wages for a journeyman until the first of the year; after that \$25 a week.

The designers are the artists of the silk trade and their wages run up to \$40 a week.

California Horse Thief Caught.

Salinas, Cal., Nov. 3.—The sheriff's office was notified this afternoon that the alleged horse thief, Emil Berkenfeldt, who had a running battle with several posse last night, had been captured between Gilroy and Hollister, after a desperate gun fight with his pursuers. His horse was wounded last night near Sargents, whereupon the outlaw discarded the animal and took his way over the San Juan hills on foot. During the night he remained hidden, and this morning, eluding the posse, attempted to reach Hollister. Sheriff Croxon of San Benito county met him and ordered him to surrender, but he answered by revolver shots. For over half an hour firing continued, when Berkenfeldt gave in and was handcuffed. He is said to have been wounded by shots fired during the fight in the streets of San Juan. He does not deny that he is the man wanted.

BIG FOUR ACCIDENT.

Company Holds Conductor and Engineer of Special Responsible.

Indianapolis, Nov. 3.—Engineer Schumacher and Conductor Jones of the wrecked Purdue university special on the Big Four railroad, who are held responsible by the company, were before Coroner Tuttle today. Each testified that the train was running on a different train order, which they were following implicitly. General Supt. Van Winkle of the Big Four made a statement before the coroner, holding the crew responsible.

Negroes Warned to Leave.

Chicago, Nov. 3.—Excitement prevails among the colored citizens of Morgan Park as the result of the posting of placards giving notice to all colored persons to leave within 48 hours. Several families have already left. The movement is the outcome of the murder of Chief of Police Airey Saturday night by a negro.

REPUBLICANS SWEEP OHIO.

Herrick's Plurality for Governor Over Tom Johnson Will Be 125,000.

LEGISLATIVE MAJORITY IS BIG.

Tidal Wave Carried the Close or Doubtful Districts and Counties for Senators and Representatives.

Columbus, O., Nov. 3.—Shortly before midnight Chairman Dick announced that Myron Herrick's plurality for governor over Tom Johnson would exceed 125,000, and that there would be over 100 of the 143 votes in the legislature for the re-election of Senator Hanna. It is thought that the Republican majority on joint ballot will exceed 74.

On account of the vote on five constitutional amendments the counting was delayed all over Ohio tonight, and when returns were received they could not be compared with those of any preceding state election, as the 71 municipalities with 5,000 population or over had been redistricted under a new municipal code that went into effect this year and changed the voting precincts in these reorganized municipalities.

Almost all the returns received were from the cities in which the usual rate of gains or losses could not be definitely determined, but most of them made such Republican gains over their vote of last April with which comparisons could be made as to indicate that the drift was with the Republicans in the towns even greater than in the rural districts, where the Republicans were again victorious. The tide over the vote of last year, when the Republicans had a plurality of over 90,000.

At the same time the reports of county committees, so far as heard, indicate that the Republican tide wave had carried the close or doubtful districts and counties for state senators and representatives, so that the Republican majority on joint ballot was larger than ever before.

It is said that the Democrats who opposed Johnson today will continue their organization to prevent him from controlling the next Democratic state convention or naming the Ohio delegates at-large to the next national convention.

At the same time Mayer Johnson sent a message of congratulation to Gen. Herrick on his election.

At the city hall, where Republican Chairman Dick and others received the returns, the greatest demonstration was over the announcements from Cleveland that the Republicans had carried the home of Hanna, of Clark, Herrick and Johnson, by a decisive plurality. It is stated that the Republicans have carried three-fourths of the 88 counties.

Alleged Lyncher Surrenders.

St. Louis, Nov. 3.—Eugene Hay, nephew of County Judge John B. Hay, and a prominent society man of Belleville, appeared voluntarily in the office of Sheriff Thomassen in Belleville, Ill. today and surrendered himself under an indictment brought by the St. Clair county grand jury charging him with complicity in the lynching of David F. Wyatt. He furnished bond of \$200 promptly and was not arrested. Hay says his indictment is the result of a mistake. He declares that he took no part in the lynching or in any of the occurrences that led up to it. George Schopp was the first to be arrested under the indictments, which are supposed to be against 14 men. He was arrested today and taken to jail to await his release on bond. The arrest of three laborers on the same charge followed.

Destructive Fire in Albany.

Albany, N. Y., Nov. 3.—Fire which started tonight on the Citizens' steamboat pier at Albany raged for two hours before it was under control, and destroyed several large buildings on River street, between Broadway and Second street, including the beautiful Altrusa hall, which alone entails a loss exceeding \$300,000. The buildings burned included the Western Union office, Reynolds' furniture store and the old Claret building.

The Troy Record, a morning newspaper, was driven from its office by fire and water and took refuge in the offices of the Troy Budget. All telegraphic communication throughout Troy was crippled for an hour. The loss will exceed \$1,000,000. No less of life or injuries to persons are reported.

Mottl Succeeds Zumpke.

Berlin, Nov. 4.—The prince regent of Bavaria has confirmed the appointment of Felix Mottl as conductor of the royal opera at Munich in succession to Hermann Zumpke, the composer and conductor, who died last September. Herr Mottl is now in New York for the purpose of conducting "Parsifal" at the Metropolitan Opera House.

Republicans Carry Hawaii.

Honolulu, Nov. 4.—The county elections were held throughout the territory yesterday and returns are coming in slowly. So far as the returns have been received Oahu will go slightly Republican. Complete returns from Kauai show that nearly all of the Republican candidates have been elected.

Not Womanly to Suffer.

DAVILLE, IND., April 25, 1903.

Painful menstruation made life a burden for me for over three years. I suffered untold misery at every menstrual period, not simply bearing down pains, but cuttings, gripings, colic, cramps, and at times convulsions, causing me to dread the time which I knew awaited me every month. In vain had I used a dozen remedies, and had but little faith in Wine of Cardui when my cousin advised me to take it.

You can little realize the joy which came over me as I gradually began to improve. Month by month the troubles were lessened. The scanty flow increased, and after four months' use of Wine of Cardui I was relieved from all pain and was perfectly well.

For the past nine months my periods have been regular to a day and with no pain attending them. This speaks for itself as to the value of Wine of Cardui, in my estimation.

WINE OF CARDUI

The real woman is the well woman. The sick woman is less than a real woman. Sickness is no more a duty nor a necessity for a woman than for a man. Miss Thomas shows how "the untold misery" of painful menstruation and bearing down pains can be avoided by taking Wine of Cardui.

Wine of Cardui has cured many thousands of women who were in the same condition as Miss Thomas. This pure vegetable Wine, taken in the privacy of the home regulates disordered menstruation, which is the cause of bearing down pains, ovarian pains, convulsions, nervousness and hysteria. Wine of Cardui provides for a healthy and painless operation of menstruation at the proper intervals. And this important function becomes a healthful benefit instead of a dreadful torture.

The health Miss Thomas today enjoys was given her by Wine of Cardui. It is your privilege to secure health by the same treatment.
