

# NEGRO EDUCATOR ON LYNCHING EVIL

Booker T. Washington Significantly Asks How Our Christian Civilization Can Stand It.

IS THREATENING DANGER

Mob Justice Undermines Very Foundation on Which Society Rests.

New York, Aug. 19.—The World tomorrow will print a signed statement from Booker T. Washington, made at Baltimore today, in which the negro educator comments at length on the recent lynchings. In his statement Mr. Washington says:

"Within the past 60 days 25 negroes have been lynched in different parts of the United States. Of this number only four of the 25 were even charged with criminal assault upon women. How can our Christian civilization stand this? I am making no special plea for the negro, innocent or guilty, but I am calling attention to the danger that threatens our civilization. The negro criminal and especially for the negro loafer, gambler and drunkard, I have nothing but the severest condemnation, and no legal punishment is too severe for the brute that assaults a woman."

"No doubt the people who engage in lynchings, and excuse them, believe that they will have the effect of striking terror to the guilty. But who shall say whether the persons lynched are guilty? That is what courts are for. Those who have examined into the facts know only too well that frequently it is the innocent man who is executed."

"Mob justice undermines the very foundation on which our civilization rests. There are, in my opinion, two remedies:

"First of all, let us unite in a determined effort everywhere to see that the law is enforced, that all people at all times and in all places see that the man charged with crime is given a fair trial."

"Secondly, let all good citizens unite in an effort to rid the communities, especially the large cities, of the idle, vicious and gambling element. And in this connection I would not be just and would not be frank unless I stated that the better element of the black race could use their influence, especially in the city, to see that the idle element that lives by its wits, without permanent or reliable occupation or other kind of honest industry, is either reformed or removed. It is this element that furnishes the powder for these explosions."

## PROF. HAGGARTY SAYS MONKEYS HAVE INITIATIVE

New York, Aug. 20.—Prof. Melvin E. Haggarty of Harvard university, who has been studying monkeys in the Bronx zoo park for the last month, has given to his own satisfaction that one of them at least are not merely imitators of the human species, but have an initiative. In one of his tests he had a platform built extending about five feet outside the cage occupied by the orangutans, Mickey and Minnie. At the extreme end of this he placed a bunch of bananas and some luscious peaches. Then he placed in the cage a long stick with a hook in the end, and went away.

"He had not been gone five minutes when Mickey looked at Minnie, winked and laughed. Minnie winked and laughed too. Then Mickey got the hook, raked in the fruit and they had a delicious meal."

"Later Prof. Haggarty tried the trick on Baldy, the chimpanzee, but he got the fruit within close range before the hook was ready and there was no need to go any further. Baldy also had an enjoyable time. The professor has some other tricks in stock which, he believes will demonstrate his theory beyond any doubt."

**A FAITHFUL FRIEND.**

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy since it was first introduced to the public in 1872, and have never found one instance where a cure was not speedily effected by its use. I have been a commercial traveler for eighteen years, and never start out on a trip without this my faithful friend," says H. S. Nichols, of Oakland, Ind. "For when a man has known its value and is competent to speak of it, for sale by all druggists."

## FRESH EGGS.

Eat Brook Ranch eggs and poultry. Phone Freeport 69 n. y.

First class Horsehoeing, \$1.50.

**Proof is inexhaustible that Lydia E. Pinkham's Vegetable Compound carries women safely through the Change of Life.**

Read the letter Mrs. E. Hanson, 804 E. Long St., Columbus, Ohio, writes to Mrs. Pinkham:

"I was passing through the Change of Life, and suffered from nervousness, headaches, and other annoying symptoms. My doctor told me that Lydia E. Pinkham's Vegetable Compound was good for me, and since taking it I feel so much better, and I can again do my own work. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound did for me during this trying period."

## FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## AMERICA AND JAPAN.

Evil Minded Persons Trying to Stir Up Strife Between Them.

Tokio, Aug. 20.—Special dispatches to the newspapers from London and Paris simultaneously represent that the strong feeling in America, of distrust of Japan is causing hesitation concerning the visit of the American battleship fleet, lest the Japanese might cause some damage to the fleet.

The continued publication of these dispatches has caused much chagrin among officials and the public generally. A vernacular paper, recognized as semi-official, discredits in a lengthy editorial the source of these dispatches and asserts its belief that they are the work of mischief makers.

"For the past two years," says the paper, "Japan has sincerely labored to show the sincerity of her regard for her best friend—America."

The dispatches are greatly embarrassing American residents of Japan who are co-operating in the preparations for the reception of the officers and men of the American battleship fleet.

## EX-GOV. TAYLOR.

Gov. Willson Will Issue Requisition For Him, Insisting on Bond.

Frankfort, Ky., Aug. 19.—Gov. Willson, in response to a number of questions, in a statement tonight, stated he would issue requisitions for the return of former Gov. Taylor and former Secy. of State Finley from Indiana to this state to stand trial for complicity in the murder of William Goebel.

The governor, however, said that he would insist upon their being released on bail, but Commonwealth's Atty. R. Frankling says he will resist any motion that Taylor and Finley may make to secure their releases on bail, as he claims the constitution provides that persons indicted for capital punishment crimes cannot be so released.

## NEVADA SENATORSHIP.

Flanagan, who returned to Reno today, answers United States Senator Newlands' open letter requesting that their respective names be submitted to the people to be endorsed for the United States senate. Mr. Flanagan takes the stand that it is presumptuous on the part of any man to attempt to dictate a party's policy before the convention has assembled, but expresses his approval of the suggestion.

The Republican delegation from Washoe county leaves tomorrow for Goldfield in order to be present at the opening of the convention Saturday morning.

There is still a fight on for congressmen, as Douglass and Rogers, both of Goldfield, are not going to allow Maxon of Reno to carry off the plum without a struggle.

# AUSTRALIANS WELCOME FLEET

Half a Million People Witness Entrance of American Battleships Into Sydney Harbor.

WENT IN IN DOUBLE COLUMN

Officers on Warships Enthusiastic in Their Praises of the Magnificent Reception Accorded Them.

Sydney, N. S. W., Aug. 20.—Early this morning a thin veil of smoke on the horizon signaled to the watchers on the coast the approach of the American warships, and at 5:35 official notification was sent out that the fleet had been sighted. It was 20 miles outside of Sydney harbor, but this word, which had been awaited eagerly by tens of thousands, stirred the Australians like a call to arms, and almost instantly those who had not left the city to take up points of vantage along the bay were moving in droves to line the quays, roof tops and other places on the harbor front to watch the coming of the guardships from the new world.

The day broke bright and clear, and so intense was the interest in the American ships of war that half the populace remained awake the entire night, and thousands upon thousands of them long before the night was over were on their way to the hill tops outside the city limits, where they congregated seemingly in unbroken lines along the coast from Bondi Beach to Manly.

It is estimated that hardly less than 500,000 people assembled to give the visitors a royal welcome. Sydney harbor, with its innumerable bays and coves, never looked more beautiful nor did the American sailors ever witness a more inspiring sight than that which met their eyes as the white ships came through the channel past the great headlands into Port Jackson.

A hundred thousand people, the greatest single assemblage of all, gathered on the south heads, where a magnificent view of the whole scene was to be had. Hundreds of craft of all kinds moved up and down even at that early hour, all the waters, with the exception of the fairway and anchorages, being dotted with little and big vessels decorated in every conceivable manner with flags and bunting.

In perfect alignment, the flagship Connecticut leading, with Rear Admiral Sperry on the bridge, the warships came out of the harbor, at first a little smoke showing, and then the hulls, low down in the distance.

Passing in through the Sydney heads in double column at intervals of 40 yards, the ships looked to have a world of speed and power under their glistening sides. The fleet was attended by convoy steamers and was greeted with a roar of salutes from the forts as it steamed slowly along. The thousands ashore and afloat added their cheers to swell the noisy welcome, and countless British and American flags were flying long after the anchors had been swung from the sides.

The American ships boomed forth a salute to the port, and as soon as they were safely moored at their anchorage, official visits were exchanged.

Officers on board the battleships were enthusiastic in their praises of the magnificent reception and the wonderful scenes that they had witnessed along the coast and in the harbor. The character of the greeting reminded them of their reception at San Francisco, but they declared that it was even heartier.

The Connecticut anchored off Admiralty House and the other ships took up their stations without difficulty.

## DESIGN FOR BATTLESHIP UTAH ABOUT COMPLETED

Washington, Aug. 19.—Designs for the two new battleships authorized at the last session of Congress probably will be completed and approved by Sept. 15. The plans for the vessels are now being completed in the light of the developments of the recent conference of naval officers at Newport. Some suggestions of changes were made at that conference, and the changes now are being incorporated in the designs. It is said that the changes are not radical, but in the view of the naval constructors are material to the new ships.

Upon completion of the plans they will be submitted to President Roosevelt for approval, and it is expected that by the middle of September proposals for construction for one of the ships will be advertised for. The other ship is to be constructed at the Brooklyn navy-yard by the government. Pending completion and approval of the designs of the ships, which will be identical, no work will be done at the Brooklyn navy-yard in preparation for the construction of the vessel which is to be built there.

the construction of the vessel which is to be built there.

The ship will be the Florida. Her sister ship, the Utah, will be constructed at some private yard. It is likely that construction of the two vessels will be begun about the same time. It will be necessary to extend to some extent the facilities at the Brooklyn navy-yard before work on the Florida can be begun, as the vessel will be nearly 100 feet longer than any previously built at that yard.

The main battery of the ships is giving the navy department concern. A strong effort is being made to induce the department to equip the vessels, especially their main batteries, with 12-inch guns. It is not improbable that this caliber of gun will be selected, although it is argued that the life of the guns of that caliber is comparatively brief as to render the adoption of so heavy a gun unwarranted by all experience.

## TWO BURGLARS STABBED WOMAN WHO CAUGHT THEM

St. Louis, Aug. 20.—Seeing a light on the second floor when she returned to her fashionable home on South Kings Highway, hounded by two burglars, and believing that the place had caught fire, Mrs. Sophia Dunlop, 46 years old, hurried to the upper story and heard her door unlocked by two burglars. They knocked her down, stabbed her in the right temple and escaped. Her injury is said to be serious.

Dunlop, who is the widow of a former superintendent of the Terminal Railway association, lay unconscious for some moments. When she revived she went to the telephone, called up the police and the fire department.

Considerable valuable jewelry and plate were in the house, but were not touched by the burglars. Apparently they had been surprised before they had had a chance to ransack the house.

## COMING OF THE STORK Suggests the use of Cuticura Soap for baby's first bath. Guaranteed pure.

## TEN MEMBERS OF MOB WERE CONVICTED

Norfolk, Aug. 19.—Ten of the 14 men charged with participating in the attack upon the county jail last week by a mob that sought to lynch the negroes, Henry Smith and Black King, charged with criminal assault on aged Mrs. Bowel, were convicted by a jury and sentenced to 60 days in jail. Appeals were granted. The others were discharged.

## MOUNTS FOR JUDGE TAFT

Horse Owners All Over the Country Are Offering Desirable Horses for The Presidential Candidate.

Washington, Aug. 20.—Gen. Clarence R. Edwards, chief of the bureau of insular affairs, is daily in receipt of letters from horse owners all over the country offering desirable mounts suitable for Judge William H. Taft, the Republican candidate for the presidency. These letters have resulted from a story that has gone the rounds of the press to the effect that Gen. Edwards has been commissioned to purchase a steed for the Republican candidate for the result of which is that he has ever since been occupied in explaining that he is not in the market for a horse.

The other day he received an advertisement of an enormously large and strong steed, 21 hands high and weighing 2,700 pounds, which had been used for exhibition purposes, but which was declared to be admirably adapted for riding by a man weighing 200 pounds. Gen. Edwards has been surprised by the immense number of horses of unusual size that are owned by horse dealers and which have been offered to him for the use of Mr. Taft. What he regards as a curious phase of the horse market, so far as it concerns large steeds, is the fact that in spite of denials that he is contemplating the purchase of a mount for Mr. Taft there is a constant increase in the number of animals offered. The story that he wants to buy an enormously large horse for the use of the candidate seems to be true, but he beyond the power of any denial to overtake it.

"An ounce of preventative is worth a pound of cure." Hollister's Rocky Mountain Tea has been the "preventative" for thirty years. Nothing so good to keep you well and make you well. 35 cents, Tea or Tablets. Godbe-Pitts Drug Co.

## A DUKE IN PRISON.

One of the Bourbons Doing Time in Missouri Penitentiary.

Springfield, Mo., Aug. 20.—Declaring that Alphonse Gregus, convicted in 1906 of burglary, and sentenced to seven years' imprisonment in the Missouri state penitentiary, is a duke of the old Bourbon house in France, Father Gretchen, a Parisian priest, in a letter to Val Mason, a local attorney received yesterday, asks that efforts be made to secure the release of the duke in order that he may return to France in time to see his invalid mother before she dies. References are given by Father Gretchen to prove Gregus' connection with the Bourbon family.

The letter has been sent to a priest at Jefferson City.

## SHE LIKES GOOD THINGS.

Mrs. Chas. E. Smith, of West Franklin, Maine, says: "I like good things and have enjoyed Dr. K. & N. Life Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." These painless purifiers sold at Z. C. M. L. drug store, 25c.

## INDIANS STARVING.

San Bernardino, Cal., Aug. 20.—Capt. J. Cabazon, of the Salton Basin Indian reservation, was here yesterday in consultation with Atty. John Brown, Jr., regarding the destitution which has come upon his tribesmen as a result of the encroachment of the inland sea.

For months the Indians have been dispossessed of their homes and living from week to week in the anticipation that the waters would be confined and return to their lands so they might plant their crops.

## WHAT A NEW JERSEY EDITOR SAYS.

M. T. Lynch, Editor of the Philadelphia Record, says: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Kidney Pills as our family laxative medicine, because they are good and do their work without making a fuss about it." For sale by P. J. Hill Drug Co., "The Never Substituted."

## MRS. ISABEL WARDWELL BACK IN LOS ANGELES

Los Angeles, Cal., Aug. 20.—Mrs. Isabel Wardwell, the afflicted widow of the late Gen. David K. Wardwell, returned to Los Angeles last night on a Southern Pacific train. Health officials feared that she would be coming home and the ambulance from the county hospital was ordered to meet the train. Mrs. Wardwell was found locked in a compartment. There were no other passengers in the car and no attendants. She did not resist the hospital attendants, two of whom at once entered the car and took her in charge.

After she had been placed in the contagious ward of the hospital, the authorities stated that no decision had been taken as to the disposition ultimately to be made of her case.

Mrs. Wardwell showed evidences of a disordered mind and appeared in very poor health. The disease is said by hospital attendants to have made rapid progress. She complained feebly of having been locked up everywhere she went.

The health authorities do not believe Mrs. Wardwell escaped from custody of the Arizona authorities and it is said that she was returned through their action. The disease is said to be borne out by a special to the Los Angeles Times from Bisbee, which says:

Mrs. Isabel Wardwell was sent to Los Angeles on a Rock Island train at midnight. She was taken to Benson, 30 miles, in an automobile in charge of a nurse and physician and put on the train. The nurse, who is from the Cochise county hospital, accompanied Mrs. Wardwell to the coast. Mrs. Wardwell fought against leaving Tombstone and she had to be restrained from jumping out of the automobile during the night ride to Benson, and she also made a desperate fight against being put on the train which was held several minutes at Benson. Her identity was not made known to the trainmen.

One county official said that Cochise county authorities had done no more in sending Mrs. Wardwell back to Los Angeles than the authorities there had done in sending her to Tombstone. The Los Angeles authorities, he said, bought tickets for Gen. and Mrs. Wardwell several weeks ago and sent a nurse from the county hospital there with them as far as Naco.

## AUTOMOBILE EXPLODES.

Two Men Probably Fatally and Three Seriously Burned.

Chicago, Aug. 20.—A dispatch to the Tribune, from La Fayette, Ind., says: Two men were perhaps fatally burned and three others seriously injured by the explosion of an automobile near here yesterday. Those seriously injured were Thomas Denman, a wealthy farmer, and Ralph Sear of Boswell, Ind. The other wounded were William Coffenberg, Leo Schuster, and Warren Mankey, also of Boswell.

The explosion which was caused by gasoline, occurred while the machine was running at a rate of 30 miles an hour. The men with their clothing ablaze, leaped from the machine, which ran into a fence and was totally destroyed by the fire. The cries of the men attracted neighboring farmers, who hurried to their assistance.

**WARNING.**

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for its cure. It positively cures all forms of kidney and bladder diseases. For sale by P. J. Hill Drug Co., "The Never Substituted."

## SIX BEST SELLING BOOKS.

Record for July.

According to reports from the leading book sellers of the country, the six books which have sold best in the order of demand during the month are:

1. Mr. Crewe's Career. Churchill, \$1.50
2. The Lure of the Mask. MacGrath, \$1.50
3. The Barrier. Beach, \$1.50
4. The Coast of Chance. Chamberlain, \$1.50
5. The Chaparral. Williamson, \$1.50
6. The Husbands of Edith. McCutcheon, \$1.25

In addition to the above we have a large stock of other popular books of the day.

Several hundred Gardner Suits, not one in the lot worth less than \$12; many worth up to \$20; final summer clearance price..... **\$10**

All Straw and Panama Hats go at half regular price.

# PATENTS

We desire to announce that we have established in connection with our paper, a Patent Bureau, and invite the co-operation of Inventors, Mechanical Engineers, Draftsmen, Machinists, Superintendents and Foremen of Shops and Mills, Skilled Mechanics in all trades, Farmers and all others, in building up a patent system, that will give honest advice to inventors, protect their interests by good patents and strong contracts; assist inventors in perfecting their inventions, and in selling their patents when obtained; and in all matters to render careful service and give full value for money paid.

We have associated with us at Washington, D. C., an attorney who has been in continuous practice for the past twenty years, and we are in position to guarantee that any patent matters placed in our hands will receive prompt and careful attention, and that the charges will always be moderate.

We also, in addition to securing of patents, obtain Trade-Marks, Copyrights, Labels, Design Patents, and in fact transact business of all character in this line.

All patents secured through our Bureau will be advertised for sale at our expense, and will thus be brought to the attention of the thousands of readers and materially assist the inventors in disposing of their patents.

If you have made an invention, send us a rough sketch and description with \$5, and we will have our attorney make a thorough search of the records of the United States Patent Office, and advise you as to the securing of patent, the cost and the manner of proceeding.
