## RESOLUTIONS ADOPTED.

At the same session the following  
resolutions were passed:

It is resolved that we felicitate our-  
selves upon being favored with the  
presence of our beloved and honored  
commander-in-chief, James Tanner,  
and we tender to him a soldier's greet-  
ing, thank him for the great and man-  
ifold services rendered by him in action  
and out of season to his comrades who  
suffered with him in the great war of  
the Rebellion, and pray that his useful,  
honored life may long be spared to his  
family, comrades and country.

Resolved, That our earnest thanks  
are due and are hereby tendered to the  
state and city officials, the Commem-  
orial club, the citizens and newspapers  
of Salt Lake for substantial assistance  
and courtesies in enabling us to proper-  
ly receive and entertain our com-  
mander-in-chief, visiting comrades and  
friends in attendance upon this en-  
campment.

Resolved, That we express our warm  
appreciation to the patriotic women  
of the Woman's Relief corps and Circle  
of the G. A. R. for their works of char-  
ity and helpfulness during the past  
year, and we trust that in zeal and  
harmony they will continue their un-  
selfish labors.

Resolved, That we extend a cordial  
invitation to all old soldiers of the  
Rebellion who have not already  
joined the Grand Army of the  
Republic to do so without further de-  
lay and assist us in our patriotic and  
charitable work.

Resolved, That our special thanks are  
due to our valued friend, Judge Good-  
win, for his able, patriotic and ap-  
preciative editorial printed on Satur-  
day, May 5, 1906, and that a copy of the  
same be placed in the records of this  
encampment and be published in its  
proceedings.

Resolved, That we cherish the hope  
that the Grand Army will some day  
be honored by holding its annual en-  
campment in our beautiful city en-  
shrouded in the great mountains and  
shores of the great inland sea, and  
promise if they will so honor us, that  
with the military character and at-  
tractions of our state and with the  
hospitality of our citizens we will give  
them so enjoyable a time that it will  
always remain a bright spot in their  
memories.

Resolved, That post commanders are  
requested to use their efforts to induce  
the comrades to procure uniforms to  
wear at post meetings and at all  
public appearances.

Resolved, That the thanks of the  
comrades are tendered to the retiring  
officers for their efficient services dur-  
ing the past year.

Resolved, That having just been in-  
formed by our commander-in-chief  
that 800 families of comrades of the  
Grand Army living in San Francisco  
have lost all in the great catastrophe  
and are now in the city holding out  
their hands to us in their distress,  
and that we pledge the comrades of this  
department to each and all contribute  
to their necessities to the full extent  
of their ability.

M. M. KAIGHN,  
N. D. CORSE,  
H. T. SNYDER,  
A. H. FUELLING,  
A. SAXEY.

## IN AID OF SUFFERERS.

The last paragraph was occasioned by  
the following telegram to the national  
commander from San Francisco, via  
Washington:

Washington, D. C., May 9.—Hon.  
James Tanner, Commander-in-Chief,  
Grand Army of Republic, Salt Lake—  
A. D. Cutler, chairman, past command-  
er post 2, San Francisco, informed fol-  
lowing telegram from him repeated to you:

"All San Francisco posts at meeting  
today appointed G. A. R. relief com-  
mittee of 25 with full powers and in-  
structions to co-operate with military au-  
thorities and Red Cross society. Please  
issue circular as follows: Supplies,  
clothing and clothing to 1422 Turk street, money  
to C. H. Blinn, United States custom-  
house, headquarters, 1130 Eddy street.  
Money preferable to supplies. Eight  
hundred families of Civil war veterans  
destitute. Answer by wire."

form to this request, or will you con-

## TWENTY YEARS AGO TODAY

### DO YOU REMEMBER?

Queen Victoria visited Liverpool, it being her second visit to that impor-  
tant city during her reign of nearly 50 years.

A destructive storm visited Kansas City, Mo., many people were killed and  
injured, and there was great loss of property.

John Most, anarchist agitator, was arrested in New York.

### TEN YEARS AGO TODAY.

Two brothers named Smith, with their friend, Dick Thomson, fought  
with a man named House, over a woman. The Smiths were killed by House,  
and the latter was finally slain by Thomson.

### FIVE YEARS AGO TODAY.

The lower house of the Norwegian parliament passed a bill granting uni-  
versal suffrage to males and communal suffrage to women paying taxes on  
an income of at least 300 crowns.

sult Department Commander Russell,  
Marysville, Cal. TWEEDEALE.

Commander Tanner's reply was as  
follows:

Cot. John Tweedale, Fendall building,  
Headquarters, G. A. R., Washington,  
D. C.—Rush appeal at once to order at  
large. Ask press associations to also  
give it fullest publicity.

JAMES TANNER,  
Commander-in-Chief.

### GOV. CUTLER'S ADDRESS.

Several hundred people attended the  
Tabernacle organ recital given at 5 p.  
m., in honor of the visiting commander  
and wife, the concluding number being  
"The Star Spangled Banner," and at  
6 p. m. came the banquet in the state  
armory, with 1,000 people present. Col.  
J. B. Squires presided, and Gov. Cutler  
delivered an address of welcome, in  
which he said:

"I am proud that Utah has a large  
contingent of these veterans. I hope  
that it will be many years before the  
G. A. R. passes out of existence by the  
death of its members and it is the ear-  
nest desire of all citizens that a similar  
occasion for the formation of another  
Grand Army of the Republic shall never  
arise, but if it should, I believe that  
men as loyal and sweethearts, wives  
and mothers as devoted, will be found  
to guard and save it from ruin."

The greatest menace to the nation to-  
day is in the division threatened be-  
tween different classes of citizens. Some  
differences arise through misunder-  
standing. In some places the cause is  
division between capital and labor, dif-  
ferences exist between different nation-  
alities. In some places religious feeling  
is the cause of division, but no matter  
how fostered, the sentiment that the  
country should be against such differ-  
ences, for in them there is a deadly  
peril. War between factions is as fatal  
as war between sections. In our sec-  
tions there should be neither factions  
nor sections.

Following the governor, Mrs. Emma  
Ramsey Morris sang "The Flag With-  
out a Stain" and "Columbia, the Gem  
of the Ocean."

### JUDGE GOODWIN SPOKE.

Judge C. C. Goodwin, in the place  
of Mayor Thompson, addressed the vet-  
erans in part as follows:

"We welcome a great many bodies  
here, but none with the same feelings  
that we welcome old soldiers, and it is a  
pleasure for me to tell all the strangers  
here that while we have one ten-  
ple that they can not enter until they  
are baptized, and some of them would  
need baptizing twice, every house in  
the city is a temple of hospitality to  
you, every home in the city holds out  
its welcome to you. I suppose it was at  
the time of the Civil war that the in-  
finite decreed that there should be a  
race of men raised up equal to the  
mighty task, so when we look upon you  
that are left we think not only of you  
as brave soldiers, but as the men pick-  
ed out by the Infinite to do your work,  
and we all bow in reverence to you,  
and while we welcome you at the same  
time, we bespeak for you long and  
happy lives."

The Westminster quartet then sang  
the ode, "Utah."

Townmaster Squires apologized for  
the absence of Fisher Harris, who was  
busy preparing for the reception, and  
introduced Capt. E. T. Hulanski, past  
department commander as the next  
speaker. He contrasted modern warfare  
with that of 50 years ago, and spoke of  
the patriotism of the veterans. He said  
if there is any power growing up or  
liable to grow up in this country great-  
er than this government, it must be  
crushed or this government will fail.  
There is something he never would  
give up, and that is that throughout the  
war "we were right and the other side  
was wrong."

Mrs. Emma Ramsey Morris sang  
"The Star-Spangled Banner," and  
Mrs. Tanner was then introduced.  
She stated her special interest in the  
Red Cross and was desirous that all  
who could should unite with the Utah  
branch. She wanted the order to in-  
crease to 100,000 members, and cited  
Japan as worthy of example in Red  
Cross work. Mrs. Tanner believed in  
arbitration.

### COMMANDER TANNER.

After music by the Fort Douglas  
orchestra, Commander in Chief Tan-  
ner himself spoke, and was given an  
ovation.

He said that in Salt Lake City he  
had received the greatest manifesta-  
tion of hospitality bestowed upon him  
through the long tour he is now mak-  
ing. When he looked on the snow-  
capped peaks of the mountains he real-  
ized that was meant when they said

to the people of the east to come out  
and strike the high peaks.

"Peace with honor," was the pro-  
mulgation of Disraeli. That was our  
cry when we went into the war, and  
it was the shibboleth that we held  
dear all the time. Death was pre-  
ferable unless peace with honor could  
be ours." While he preferred to speak  
to the young men and young women,  
when he spoke to the boys he was  
proud to be one of the bunch, and was  
actively one of them until mustered  
out by one of Stonewall Jackson's bat-  
teries.

"People sometimes say things about  
us that we would fain have you disbe-  
lieve, and I wonder what we were in  
those old days. Of the young men  
and young women of today all we ask  
is that if on these occasions and simi-  
lar ones we raise a good deal of  
racket that seems to you uncalled for,  
if you think we lift the American eagle  
and the old flag a little higher than  
we ought to, all I ask of you is to turn  
your thoughts on your individual  
hearts and ask yourselves if it is pos-  
sible for you to be prouder than you  
are tonight that you are citizens of the  
United States, a nation that stands  
triumphantly at the front for wealth,  
respect and power, and when you  
have answered that question in the  
negative, this you take as the heirs  
of the men who with their comrades  
are around your streets today."

### LONG AND BLOODY FIGHT.

The speaker referred to the historic  
conference and the officers who at  
midnight in their tents read: "At 3  
o'clock in the morning by the left flank  
forward and said it was a long and  
bloody fight. We fought and we paid  
the vintage that all war pays. We paid  
the price and it was a cost bought by  
the young manhood of this nation that  
went down in a premature and bloody  
grave. We paid the price with blood  
and argument and brought it to a close  
at Appomattox and the old flag shall wave  
over this nation until God shall call  
the roll, provided we do our duty.  
There will never more be internecine  
warfare in this country. This country

## Coffee Hurts One in Three.

It is difficult to make people believe  
that coffee is an absolute poison to at  
least one person out of every three,  
but people are slowly finding it out,  
although thousands of them suffer ter-  
ribly before they discover the fact.

A New York hotel man says: "Each  
time after drinking coffee I became  
restless, nervous and excited, so that I  
was unable to sit five minutes in one  
place. I was also inclined to vomit and  
suffered from loss of sleep, which got  
worse and worse."

"A lady said that perhaps coffee  
was the cause of my trouble, and sug-  
gested that I try Postum Food Coffee.  
I laughed at the thought that coffee  
hurt me, but she insisted so hard that I  
finally had some Postum made. I  
have been using it in place of coffee  
ever since, for I noticed that all my  
former nervousness and irritation dis-  
appeared. I began to sleep perfectly,  
and the Postum tasted as good or bet-  
ter than the old coffee, so what was  
the use of sticking to a beverage that  
was ruining me?"

"One day on an excursion up the  
country, I remarked to a young  
friend on her greatly improved ap-  
pearance. She explained that some  
time before she had quit using coffee  
and taken Postum. She had gained a  
number of pounds and her former pal-  
pitation of the heart, humming in the  
ears, trembling of the hands and legs  
and other disagreeable feelings had  
disappeared. She recommended me  
to quit coffee and take Postum and  
was very much surprised to find that I  
had already made the change."

"She said her brother had also re-  
ceived great benefits from leaving off  
coffee and taking on Postum Food  
Coffee."

"There's a reason."

shall never be dismembered or its gov-  
ernment overturned by force.

"This government faces one mighty  
danger that the history of all ages  
tells us has destroyed the republics of  
the past. Go read the history of Rome  
and Greece. The canker-worm of cor-  
ruption did not do that the force of arms  
and heavy artillery cannot do it, it eats  
into the system and destroys the whole  
fabric. Corruption and graft have  
sickened the country, and I want to  
point out special pride to the splendid  
fact that of the long list not one name  
appears among the smirched who has  
worn the blue or the gray. There was  
character that stood the test, and yet  
we are not angels.

### GOOD FEELING EXISTS.

"I rejoice at the feeling existing today  
between the North and the South, but  
the great trouble was that the 'invisi-  
bles' in war are the 'invisibles' in  
peace.' I do not desire to hear the  
veterans complaining that they were  
old and worn. Don't let us die before  
our time comes. I am willing to ac-  
cept all the hardships say about the  
New Jerusalem, but I am no more in a  
hurry to get over there than any min-  
ister of the gospel."

The reception was tendered in the  
honor of the Commercial club where  
hundreds of people attended the in-  
formal welcome. The commander and  
wife leave this afternoon, for Lincoln,  
Neb., to attend the state encampment to  
be held there. The G. A. R. veter-  
ans regard this encampment as the  
most enjoyable in the history of the  
order in this State.

### DETECTIVES ARREST COHEN.

Accused of Embezzling \$800 From  
Order of Eagles.

Detectives Chase and Burt last night  
arrested a cigarmaker named Samuel  
S. Cohen, on instructions received from  
Sheriff George A. Mahoney of Hunting-  
ton, Ind. It was stated that the man  
was wanted to answer to a charge of  
embezzlement, having, it is alleged,  
made away with \$800, funds of the Frater-  
nal Order of Eagles, of which he was  
secretary. The man arrested ad-  
mits that he is the person wanted, but  
maintains that he is innocent of wrong-  
doing. He has been in Salt Lake about  
two months, and has been in the em-  
ploy of A. Bernstein, the Market street  
cigar manufacturer. Cohen says that  
he will return to Indiana without requi-  
sition papers.

### TO CLEAN UP.

Civic League Takes Steps For Much  
Needed Improvements.

The Civic Improvement League met  
last evening, at the Y. M. C. A., and  
decided to work towards having the  
paved streets properly washed so as to  
abate the dust, and the following com-  
mittee was appointed to push the  
scheme: O. H. Hewlett, M. H. Walker  
and Henry W. Lawrence. The league  
is working also towards the cleaning  
of sidewalks, destroying noxious weeds  
and an overhauling of street signs. The  
league was requested to call a meet-  
ing of residents on Second South street  
east of Third East street, to discuss the  
question of macadam vs asphalt; but  
the league preferred to leave this mat-  
ter to the citizens themselves.

### LORD ELKINGTON KILLED.

Miscrant Fires Buckshot Into Fine  
Animal at Liberty Park.

Some miscrant put several buckshot  
into Lord Elkington, the large elk in  
Liberty Park belonging to the order of  
Elks in this city, about two weeks  
ago, and the fine animal died yesterday.  
It was supposed that it died from some  
disease, but in skinning the elk, the  
cause of death was found, and quite a  
lot of blood was taken from the vicinity  
of the wound. The elk was eight years  
old, and was presented to lodge No. 45,  
by C. T. Woodall of Soda Springs, five  
years ago, and has been kept at Liberty  
Park. The shooting is being investi-  
gated by detectives and every possi-  
ble effort being made to run down the  
scoundrel who did the shooting.

### WILL LEASE LAND.

That Adjoining State Prison May Go  
For Five Years.

The committee on public grounds of  
the city council at its meeting last night  
again decided to lease the ground ad-  
joining the state prison to that insti-  
tution for a term of five years at a  
rental of \$100 per year. Upon the  
matter being reported to the council  
last Monday night, Martin objected to  
the lease at that price and stated that  
the city could easily get \$500 per year  
for the ground. Upon his request the  
matter was referred back to the com-  
mittee. Martin again stated his ob-  
jections to the committee last night and  
further stated that the committee should  
rescind its contract with the prison for  
furnishing water at the present rate  
and compel the state to pay for the wa-  
ter used at meter rates. The committee  
decided that the water question had no  
bearing upon the lease of the land and  
again drew up a report recommending  
that the land be leased to the state  
prison.

### PASSING OF PIONEER.

Edwin Booth, Baptized by the Prophet  
Joseph Smith, Dead at Nephli.

(Special to the "News.")

Nephli, May 11.—Another pioneer  
passed to the great beyond yesterday  
afternoon at this place when Edwin  
Booth sank peacefully into that sleep  
which knows no awakening in this  
life until the resurrection.

Mr. Booth arrived at Nauvoo with  
his parents when he was but seven  
years of age, and at the age of nine  
years he was baptized into the Church  
by the Prophet Joseph Smith. He ob-  
tained a strong testimony to the truth-  
fulness of the teachings of the Prophet  
and was a faithful member of the  
Church.

Mr. Booth was an Indian war veter-  
an and performed valiant service dur-  
ing the outbreaks of war. He is sur-  
vived by six sons and one daughter.  
The funeral will be held here on Sun-  
day afternoon.

### NECESSITY OF SPRAYING.

Horticultural Inspector Sorenson Is-  
sues Circular on the Subject.

County Horticultural Inspector John  
P. Sorenson has issued a circular let-  
ter calling the attention of horticultu-  
rists to the absolute necessity of  
spraying fruit trees at this time of the  
year. The letter follows:

"The indications this year for a  
large fruit crop are very promising,  
so much so that everybody will have

to spray his apple and pear trees as  
soon as the blossoms fall and again  
14 days after that time with a solu-  
tion of one pound of Paris green to  
150 gallons of water, keeping the  
Paris green well stirred during the  
spraying and giving the trees good  
drenching, not merely a mist spray,  
but a real drench. The first spray,  
especially, should be so that the calyx  
(the blossom end) becomes thoroughly  
saturated as the spray is driven into  
the blossom end with force. There  
is a fine opportunity for one or two  
good spraying outfits in each precinct  
in the city to get good and profitable  
employment for some time to come.  
It is necessary that everybody having  
apple or pear trees attend to this mat-  
ter, even if he only has the trees for  
shade, because if spraying is neglected  
the trees become a breeding ground  
for pests to annoy other people.

"Under the law, any neglect to clean  
and spray subjects the owner, agent or  
occupant to severe penalties, besides  
the losses of the fruit and the knowl-

edge of being a detriment and injury  
to his neighbors. Therefore, every-  
body having trees must prepare to at-  
tend to them at once, either by get-  
ting a pump and a spray barrel ready,  
or several neighbors clubbing together  
to get a spraying outfit in company.  
An outfit that would answer the pur-  
pose would cost from \$12 to \$15.

"There is also another matter that  
everybody having peach trees must  
see after now. By removing the soil  
about four inches deep around the  
root of a peach tree, a gummy, sticky  
substance is often found. Whenever  
such is seen, it is the casings of a  
peach borer. By removing this gum-  
my substance, the bark underneath is  
found hollow and by digging into it  
with a small knife and following the  
burrow down, a white grub will be  
found in the burrow. By killing this  
grub, which otherwise would come out  
as a fly, a future increase and injury  
to the peach tree is prevented. From  
three to four burrows in the root of  
a peach tree are generally sufficient

to kill it or at least put it into a use-  
less condition. Now is the time to  
attend to it."

## Redfern Style "SS"

An underskirt model, fitted to a tall  
form, creates exceedingly smart lines

The model is so patterned that it nips the waist, giving  
it a very round and small appearance, and is cut straight at  
the top, firmly holding the bust.

An extremely light-weight garment, in wear so smooth  
that the model is hardly felt. Beautifully trimmed with  
handsome laces and ribbon in lingerie effect.
