SEVERE ATTACK OF GRIP

Cured by One Bottle of Chamberlain's tend. Cough Remedy.

When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," snys Frank W. Perry, Editor of the Enterprise, Shortaville, N. Y. "This is the honest truth. I at times kept from coughing myself to pleces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night i would take a dose and it seemed that in the briefest interval the cough would

pass off and I would go to sleep per-fectly free from cough and its accomfeetly free from dough and its accom-panying pains. To say that the remedy acted as a most agreeble surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried It for such a purpose, but it did, and it seemed with the second altack of coughing the remedy caused it to not

only be of less duration, but the pains were far less severe, and I had used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggiste.
