

CHIEF WOOD TO LEAVE DEPARTMENT

Will Tender His Resignation to
Take Effect October
15th.

THE CITY LOSES A GOOD MAN.

After a Service of Ten Years as a
Fire Fighter He Will Go to
Idaho to Locate.

Assistant Chief Charles E. Wood, of the Salt Lake Fire department, will tender his resignation to Chief Bywater, to take effect on the 15th of this month.

In the departure of Chief Wood, the city loses a good and faithful servant, and the department sustains the loss of a brave, conscientious and pains-taking official.

When he leaves Salt Lake to take up

ASSISTANT CHIEF WOOD.

branch work in Idaho, he will have the best wishes of a host of friends, in this city and state, and that he will be successful in his new venture there can be no doubt.

He expects to leave Salt Lake on the night of the 16th, and will go direct to St. Anthony, Idaho. Chief Wood's new home will be about three-quarters of a mile from St. Anthony. At this point, on Mr. J. M. Gray's ranch, he will have 315 acres of fine land, all under cultivation. It is stocked with 80 heads of cows, and with horses and implements necessary to take care of the same. Mr. Wood will devote most of his work to hog raising, as the field for this business is a large one.

Mr. Wood had considerable experience with cattle and ranch work, and the undertaking is not a strange one to him by any means. He feels that he is going to a position where conditions will be more satisfactory to himself and family, and one which will reward him in a financial way.

His home will be only a short distance from the postoffice, and there is a splendid eight roomed schoolhouse less than a mile from his home.

Mr. Wood entered the fire service

TEA

There's plenty of humbug
in tea; not one ounce in a
ton Schilling's Best.

Your grocer retains your money if you don't like it.

On June 28, 1894. On December 13, 1897, he was promoted to the position of lieutenant, by the board of police and fire commissioners. On May 1, 1898, he was appointed captain, and while holding this position he was placed in charge of the new station, No. 4. On February 12, 1901, former Chief Devine appointed him to the position of secretary of the department, which position he held until March 12, 1902, when he was appointed to succeed Edward McCarthy, as assistant chief. In all these positions, embracing every position on the department with the exception of engineer of a steamer, Mr. Wood has held them with signal ability and faithfulness. From the ranks he worked his way to a position of second in command, and he accomplished these results because he has ever placed duty first. The writer, who has been associated with Mr. Wood for several years, knew him to be a fearless, competent, cool-headed fire fighter. That he has always had the city's interest at heart can not be disputed. He has often said: "When I retire at night I always wonder as I place my 'hurry ups' at the side of my bed, if during the night I shall have to jump into them and rush to a burning building where there are imprisoned women and little children. I would rather have a dozen

IN BEHALF OF THE INTERURBAN.

Davis and Utah Counties Plead
With Council for Needed
Franchise.

POSTPONED FOR ONE WEEK.

Utah Light and Railway Wants Time
To Look Into the Matter More
Thoroughly.

The petition of B. Mahler for a franchise upon certain streets in the city for the interurban line which he proposes to build from Logan to Payson, was the chief topic of discussion at the city council committee meetings last evening. The matter came up before the committee on streets, finance and municipal laws, but action upon it was postponed for one week. Mr. Mahler and his attorney, F. B. Stephens, made strong arguments in favor of the franchise, as did also Jesse Knight of Provo, Atty. Willey on behalf of the citizens of Bountiful and Atty. A. B. Taylor on behalf of the Salt Lake and Suburban road.

UTAH LIGHT OBJECTS.

Judge Le Grand Young, for the Utah Light and Railway company, objected to any action being taken on the petition until his company had had an opportunity to consider the proposition more thoroughly. He suggested to Mr. Mahler that the company should be given time to send a representative east to investigate the operations of the interurban lines. He thought the company should be given until November to look into the matter before replying to Mr. Mahler's proposition.

Mr. Knight of Provo, urged that the franchise be granted as the people of Utah county were very anxious to be brought into closer relations with Salt Lake. He said that he and Senator Smoot and associates had abandoned their suburban line in favor of Mr. Mahler.

WHAT MAHLER WANTS.

Atty. Smith read some endorsements of Mr. Mahler as a business man from Gov. Herrick of Ohio and Mayor Johnson of Cleveland. He said that Mr. Mahler did not want to build a line in the city here which would parallel the Utah Light and Railway company as there is not enough traffic to warrant competition. What he wants, he said, is a suitable arrangement whereby he can use the tracks of the company and pay it a reasonable sum for such a privilege in order to get through the city.

Mr. Willey said that the people of Davis county favored the line although there had been some opposition to it at first. They are now anxious for the road to be built as early as possible.

DELAYS ARE DANGEROUS.

Councilman Wells suggested that Mr. Mahler make some agreement with the Utah Light and Railway company in regard to the proposition before the committee act upon the franchise. To this Mr. Mahler replied that he had endeavored to do so but that the company had put him off and as he had already secured franchises from other cities and counties all of which contained provisions as to the time for commencing and completing the road, he felt that much valuable time was being wasted by waiting for the company to act. Upon the suggestion of Councilman Wells the whole matter was laid over for one week.

WILL PURCHASE ASPHALT BEDS.

The special asphaltum committee decided to recommend the purchase of the asphalt claims near Thistle from W. G. Nebeker for \$4,000. Of that amount \$300 is to be used in surveying and securing a patent to the claims.

The finance committee approved the bill of the Children's Aid society of \$56.19 for the keeping of little Elmer

Rose, son of Frank Rose who was executed for the murder of his wife last Christmas.

EARLY DAY VETERAN.

Father Tidwell of American Fork Was
Driven from Jackson County.

Another survivor of the Jackson county drivings is Thomas Tidwell of American Fork who, when but seven years of age, was driven with his father's family to Clay county, thence to Caldwell and from there to Quincy, Ill. Later the family settled 13 miles south of Nauvoo, at which place they were burned out by a mob and forced into Nauvoo in the fall of 1844, shortly after the assassination of the Prophet Joseph. From Nauvoo to Pisgah, Iowa, thence back to Nauvoo where he participated in what is known as the Nauvoo battle. This was in the fall of 1846. After the battle he went to Council Bluffs and from there came west, arriving in this valley Sept. 14, 1854. Since then Mr. Tidwell has lived in Kaysville, Cache valley, Dixie, Emery county, Colorado and American Fork. Father Tidwell was 18 years old July 8th last and at the age of 13 years was a member of the Nauvoo Legion and drilled under the Prophet Joseph, who was thence general of the Legion.

DIPLOMA GRANTED.

Given to Utah Teachers by State
Board of Education.

At the meeting of the state board of education yesterday afternoon the following diplomas and certificates were granted: Grammar grade diplomas, Katherine Wall, Henry Barker, Carl Marcusen; temporary high school certificate, Hubert Burton; state certificate, Marie Margulie, Rose Liljenquist, Vida McKean, Clara Peterson, Osmund Justensen, John Lovgren, Minnie Margaret, Edward Gibbons, C. C. Steffen, B. W. Ashton.

The investigation of the charges against Supt. Bowman of Carbon county was continued until this morning when the board met in executive session to consider the matter.

The Best Doctor.

Rev. R. C. Horton, Sulphur Springs, Texas, writes, July 19th, 1891: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pain. The cough syrup has been our doctor for the last eight years." 50c, 50c, 1.00. Sold by Z. C. M. I. Drug Dept.

ZION'S MAORI ASSOCIATION.

The annual reunion of returned Elders and Saints from New Zealand, Australia and Tasmania will be held in the Fourteenth ward assembly hall on Friday, Oct. 7, at 7:30 p. m. Invitations have not been mailed to Elders, but all will be made cordially welcome. Recently returned Elders or families that have just arrived from the colonies are especially invited to attend. Harema, Harema.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

INTERURBAN ENDORSED.

Commercial Club Board of Governors
Favors the Mahler Project.

The board of governors of the Commercial club met yesterday afternoon and endorsed the Mahler interurban railway proposition to the extent of recommending it favorably to the city council. The following communication to the council on the matter was adopted:

"To the Honorable President and Members, City Council, Salt Lake City: Gentlemen—The board of governors of the Commercial club respectfully represents to your honorable body that it has made a careful examination of the subject of the interurban railways with relation to the benefits derived

from their operation by municipalities in which they exist.

"As a result of this investigation, which extended over a period of several weeks and embraced all the interests involved, we are firmly of the opinion that such enterprises, when completed and in operation, are productive of great good to the trade of towns and cities into and through which their lines run. Their operation tends to facilitate and increase travel between contiguous communities, thus bringing the people into closer business and social relations, induces a desirable extension of building districts and in many obvious ways is of great utility. The correctness of these conclusions is demonstrated by the experience of many eastern cities where interurban railways have been in existence for many years, and where they are now regarded by the people as necessities. There is now pending before your honorable body a petition by one B. Mahler for a franchise for a right of way over certain streets of this city, to be used by an interurban railway, having for its termini the towns of Logan and Payson. The projector of this enterprise has already secured franchises from all the intermediate cities except Ogden.

"The Commercial club respectfully begs to go on record before your honorable body as being earnestly desirous of encouraging all enterprises having for their object the welfare and development of the community, the installation of which will add to the tax revenues of the state.

"We therefore take the liberty of recommending that the petition referred to herein be granted with such modifications, limitations and assurances as will, in the judgment of your honorable body, insure the construction and operation within a reasonable period of the said interurban railway between the termini heretofore named. Respectfully submitted,

"BOARD OF GOVERNORS, COMMERCIAL CLUB.
"By J. E. Dooly, president pro tem.
"J. W. Houston, secretary."

The matter of a celebration on the occasion of the opening of the Los Angeles road was up for discussion, and it was stated that the club is desirous of receiving suggestions as to the proposed celebrations. A committee of three was appointed to investigate the cause of the recent rise in the price of coal. The committee on public improvements and parks, with Spencer Clayton chairman, is meeting this afternoon to discuss the furtherance of local improvements.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

SECRET SESSION ENDS.

Miners' Union Elects Officers and Finishes Work—Class Matters Opposed.

The convention of the Utah State Miner's union No. 1, of the Western Federation of Miners, concluded its business and adjourned last night, at the close of its third session. The convention was a secret one and the miners refused to discuss in any way the nature of the proceedings except to state that they had amended their constitution and by laws, and adopted certain resolutions proposed by the committee formed to draft them, looking to a strengthening of the union's powers. For the ensuing year Frank Erickson of the Brigham local union was elected president, replacing A. W. Charter, who has held the place for the past year. Mr. Erickson resigns the position of vice president to accept the new position.

When asked for a list of the delegates President Charter said: "I cannot give you that, because many of our delegates come from districts where mine owners oppose the unions, and if their names were known it might result in trouble for them."

Charter was formerly a student of the University of Utah, where he studied economical questions for two years, before becoming actively interested in the cause of organized labor. A curious coincidence is that one of his former college mates, A. E. Hyde, Jr., now manager of the Annie Laurie mine in the Gold Mountain district, is one of the most aggressive opponents of the union in the state. Charter has had much trouble with him, as head of the state union, and in considering plans to increase the power of the union in Utah, the attitude of the Annie Laurie operators figured prominently, as did

the action of Colorado's officials in deporting union miners at Cripple Creek.

Other officers were elected as follows: Vice president, A. W. Charter of West Jordan; secretary-treasurer, Joseph P. Langford, Executive committee, first district, David Haxter of Park City; second district, Peter Herkes of West Jordan; third district, not represented; fourth district, J. Zisker of Eureka; fifth district, J. H. Donaldson of Stockton.

A Thing Worth Knowing

No need of cutting off a woman's breast or a man's cheek or nose in a vain attempt to cure cancer. No need of applying burning plasters to the flesh and torturing those already weak from suffering. Soothing, balmy, aromatic oils give safe, speedy and certain cure. The most horrible forms of cancer of the face, breast, womb, mouth, stomach, large tumors, ulcers, fistula, catarrh; terrible skin diseases, etc., are all successfully treated by the application of various forms of simple oils. Send for a book, mailed free, giving particulars and prices of oils. Address the Originators, Dr. D. M. Bye Co., Box 462, Dallas, Tex.

Tired Mothers.

It's hard work to take care of children and to cook, sweep, wash, sew and mend besides. It makes a shop of the home—a shop, too, where sixteen hours make a day, and yet there is much working overtime. Hood's Sarsaparilla feeds tired mothers in many ways—it refreshes the blood, improves the appetite, and assures restful sleep.

The low "differential" rates made by the Erie Railroad effect a marked economy for those who travel much, and the saving is surely worth while even for a single trip. Yet the service is strictly first class. The rate between Chicago and New York is considerably less than two cents a mile. Reasonable, isn't it?

STATE FAIR AND CONFERENCE

Reduced Rates.

Will be made via the Oregon Short Line and U. P. Lines west of Green River. Tickets on sale from Ogden and intermediate points, October 3rd to 8th inclusive; good for return until Oct. 12th. DR. CHARLES FLESH FOOD THE GREAT BEAUTIFIER

DR. CHARLES FLESH FOOD IS THE GREATEST BEAUTIFIER ever put on the market. It is the only preparation known to medical science that WILL CREATE GOOD, FIRM, HEALTHY FLESH, and clear the complexion of every blemish, such as pimples, blackheads, etc., without internal medicine.

FOR REMOVING WRINKLES it is without an equal.

FOR DEVELOPING THE BUST or restoring a wasted breast lost through nursing or sickness, MAKING THIN CHICKEN PLUMP, and filling the hollows of a sagging neck, there is no other preparation in the world that has any comparison.

SPECIAL OFFER.—The regular price of Dr. Charles' Flesh Food is \$1.00 a box, but to introduce it into thousands of new homes we have decided to send two 25c boxes to all who answer this advertisement and send us \$1.00. All packages are sent in plain wrapper, postage prepaid.

FREE.—A sample box which contains enough of Dr. Charles' Flesh Food for anyone to ascertain its great merits will be sent to any address absolutely free, if 10c. is sent to pay for cost of mailing. Our book, "Art of Massage," which contains all the correct movements for massaging the face, neck and arms, and full directions for developing the bust, will also be sent with this sample.

DR. CHARLES CO., 108 Fulton St., New York.

On sale at all leading department stores and druggists.

CONFERENCE SALE!

The State Fair is an event to illustrate the resources of Utah. And the occasion further serves to illustrate the resources of this store. Out-of-town people are as much surprised at the reasonableness of our prices and the great range of merchandise carried as they are at the beauty of this store. An hour spent within the doors of this store in sightseeing is as interesting as it is profitable—if one feels inclined to purchase.

VISITORS TO CONFERENCE AND TO THE FAIR ARE CORDIALLY URGED TO ACCEPT THIS INVITATION.

NUBIA VELOUR RUGS.

There are just one hundred, comprising a variety of beautiful Oriental designs. In appearance these resemble the highest priced Wilton rugs both in style and make. The difference is in materials. The rugs were bought to sell at \$2.50. Special conference price....
