**LAST NIGHT'S MEETING.**  
An enthusiastic meeting of the State committee was held last night, at which the foregoing action was determined upon. There were present at the meeting the following named gentlemen:

Christensen of Sanpete.

The counties represented direct were Boulder, Cache, Davis, Emery, Juab, Salt Lake, Sevier, Summit, Towe, Utah, Wasatch, Washington and Weber. Iron was represented by proxy.

The Democrats, says Chairman Moyle, have determined upon an aggressive course in the coming campaign, having set the date of their convention one day ahead of the Republican convention.

## NOTABLE SPEAKERS.

It is proposed by the party leaders to make an effort to secure Hon. Frank J. Cannon and Hon. Wm. J. Bryan to fill a political itinerary to be fixed by the committee. The hope is expressed among Democrats generally that these two political orators may be able to so arrange their affairs that they shall find it possible to accede to the request of the State committee. Both these gentlemen are now in New York.

## Woman's Democratic Club.

The following letter has been received by the Woman's Democratic club and was read at yesterday's meeting of the organization:

"Miss Annie S. Lynch, Salt Lake City: My Dear Miss Lynch—The expression has just delivered the package containing the beautiful pin sent by the Woman's Democratic club of your city, and I write at once to express my delight and appreciation. It is so beautiful, so unostentatious, so dainty and exquisite—all these qualities commend it to me, but when I think that it comes with the love and good will of so many earnest women, it becomes doubly precious in my eyes.

"I have no words adequate to thank you can only say that you could not have sent anything more in keeping with my taste, and that I shall always prize it and wear it upon all state occasions—if such should come to me. If the future brings political honors to Mr. Bryan, you may know that your gift shall hold the honored place among my ornaments, and if we are private citizens the same will be true. I regret this seeming delay, but we are spending the winter in Austin, Tex. The pin was sent from Lincoln and by mistake was sent to Dallas, instead of Austin, and has had to be traced and forwarded, just arriving this morning. Mr. Bryan is at work in the east.

"With best wishes for your members severally and collectively, I am,

"Very truly yours,

"MARY B. BRYAN.

"Austin, Tex., Jan. 25, 1900."

There was a large attendance at the meeting and those present enjoyed the address of Mr. S. W. Stewart on the subject "His Woman's Lot—Legitimate Place in Politics." Miss Lola Pratt gave a recitation, "The Courier," and Mr. Ames played two piano solos.

## POLITICAL NOTES.

Hon. A. A. Law is out for the secretaryship of the Agricultural College board of trustees.

Dan Harrington has announced his intention to secure the Congressional place.

Hon. J. H. Hammond, present secretary of State, is recognized as at least a prominent candidate for Congressional nomination. It is announced that Reed Smoot is not in the race.

Hon. William H. King and David C. Dunbar, Esq., are at present the most talked-of aspirants in Democratic ranks for Congressional honors.

## LAND CONTEST HEARING.

Members of Board Listen to Testimony in Case of Tripp vs Bagley.

The members of the State land board have been occupied today taking testimony in contest proceedings involv-

ing title to 120 acres of school land, situated at Willow Springs, Juab county, near the Nevada line. The title of the case is B. W. Tripp vs. Edward C. Bagley, and the land is described as the west half of the northwest quarter and the northeast quarter of section 35, township 10 south, range 17 west. Mr. Tripp was represented by Attorney J. H. Howells and the interests of Mr. Bagley were looked after by his son, Superintendent Bagley, of the Juab county schools.

Mr. Tripp objects to the issuance of a patent to the lands to Mr. Bagley on the ground that he was not occupying the same on January 1, 1894. Mr. Bagley contends that the lands at that time were used for grazing purposes. The hearing had not concluded when the "News" report closed.

## AMUSEMENTS.

The Grand has right of way tonight and without doubt a big business will be done. Plays come and go but "Faust" seems to be one of the kind that will go on forever. It has been before the public in its dramatized form for fifteen consecutive seasons and the public never seem to weary of it. The company presenting it at the Grand tonight is sent out by Louis Morrison and all the famous electrical effects which he gave on the original production, including the scene on the Broken Heights, will be presented tonight.

Frederick Ward opens his engagement at the Theater tomorrow night in "The House of the Dead." The play will be the "Merchant of Venice" and the engagement closes with "The Duke's Jester."

## "BOSSIE" IS FOUND.

Sheriff's Officers Recover a Cow Stolen Six Years Ago.

A Jersey cow stolen six years ago has been located by Deputy Sheriffs Dowse and Harries. In 1894 Herman Bodmer, at that time a resident of the southwestern part of the city, bought a young Jersey cow from Frank Ransacker. Five days later the animal was missed, and all efforts to locate it failed. A short while ago it came to the ears of Dowse and Harries that Bill Carter sold a cow answering the description of the Bodmer cow to ex-Sheriff Thomas J. Lewis. The latter disposed of it to ex-county Jailor J. T. Raleigh, and Raleigh sold it to William Bateman of West Jordan. The animal was identified by the original owner, Frank Ransacker, and Mr. Bodmer's son, who is a night watchman at Leveaux jewelry store, and whose father is now a resident of Alberta, Canada, has made a demand of Mr. Bateman for the return of the cow. Mr. Bateman declined to do so until he has consulted with Mr. Raleigh, who will doubtless want to see ex-Sheriff Lewis and Carter, too, maybe, before he does anything.

## INDUSTRIAL HOME TRANSFER.

Dr. Titcomb Assigns His Contract to J. S. Fordyce for \$100.

It has been learned upon good authority that the Industrial home on Fifth East street will shortly be opened and run as a family hotel.

Last October the government sold the property to Dr. C. B. Titcomb, a local dentist. Yesterday Mr. Titcomb filed with County Recorder Jensen an assignment of his contract, conveying the same to J. S. Fordyce, the stockbroker, the expressed consideration being \$1. The transfer was not a sale of the property, and Dr. Titcomb expects a transaction by saying he took into consideration the fact that Mr. Fordyce intends spending considerable money on the property by putting it in shape for family hotel purposes. Dr. Titcomb expects to run the house himself and hopes to be ready for business by the middle of April. He will lease the place from Mr. Fordyce and expects to be measurably successful in the venture.

## NEW POWER PLANT.

Machinery Ordered for One in American Fork Canyon.

The new power company whose plant will be built in American Fork canyon yesterday signed contracts with the General Electric company for the machinery, to run the plant which is to have 400-horse power. About two miles of flumes will be built in order to secure the head necessary to operate the plant which is to be built about five miles from American Fork and at a point about that distance from which the irrigating streams diverge. The plant is said to be more modern and up to date than that of any other company in Utah and will furnish the current to light the three towns of Lehi, American Fork and Pleasant Grove, each of which has subscribed for stock in the company. Wm. E. Baker of Lehi is president of the company; Mayor Evans is vice president, and Stevens, Chairman of American Fork, treasurer. Chris Garfield, who promoted the scheme, will superintend the construction of the plant.

## HEWLETT BROS. CO.

CORBETT - JEFFRIES MILL.

The Fight Will be Pulled Off in San Francisco.

W. A. Brady and George Considine Met Yesterday and Made the Agreement - Good Offer.

A New York dispatch of Feb. 7 says: San Francisco will be the scene of the Corbett-Jeffries fight. W. A. Brady and George Considine met again today and the question was practically settled. Considine renewed the offer of 50 per cent of the gross receipts on behalf of the Seaside Athletic club, and Brady refused to accept it. The latter then declared that the offer of the National Athletic club of San Francisco was the most liberal of all received and it would be accepted or everything declared off. Corbett's manager finally consented, providing the National would immediately deposit \$3,000 as a guarantee of good faith, and advance \$500 to defray the ex-champion's expenses to the Pacific coast.

Brady said he believed there would be no objection and promised to communicate by wire with the club officials in San Francisco. He is to give a definite answer tomorrow. Brady said he would not send Jeffries to California until March 1. Corbett will leave New York on Feb. 15. Charley White was named by Brady as referee, but Considine demurred, asking for Tim Hurst. This question will be decided later.

## FORFEIT OF \$5,000.

San Francisco, Cal., Feb. 8.—The managers of the National Athletic club, which, according to advices from the East, has secured the Jeffries-Corbett prize fight, state that they will at once put up the \$5,000 forfeit. They propose to make the contest the chief feature of a pugilistic tournament which they are confident will draw thousands of people to this city from all parts of the United States. The place for holding the fight has not yet been decided upon, but the prices of admission will range from \$2 to \$10.

## MAYOR OPPOSED TO FIGHTS.

Chicago's Executive May Prevent the Sharkey-Choyinski Mill.

Chicago, Feb. 8.—Mayor Harrison's attitude toward boxing matches in which the leaders of the heavy weight class engage, will probably be the fight scheduled between Tom Sharkey and Joe Choyinski for March 17, under the direction of Tattersall's Athletic club. The mayor is opposed to matches where physical strength counts for as much as science. While he has not taken official notice of the fact that Sharkey and Choyinski are matched, it is said the hint has been given the promoters that they cannot pull off the fight.

The mayor's position is the same as that taken when an attempt was made by the promoters last year to bring Sharkey and Corbett together. The men were matched, but a manifesto from the hall put a stop to the proposed battle.

## INDOOR BASEBALL.

The Reds Defeat the Blacks at the Y. M. C. A.

A game of baseball was played last night in the gymnasium of the Y. M. C. A. between the Reds and Blacks. The former were victorious. The score was 25 to 21. If a man was on the run and hit by the ball he was called "out." The ball was used for basket ball, which is about the size of the bottom of a tub!

Following was the line up:

Reds. Blacks.  
Richardson ..... Al Tucker  
Tregoe ..... Wright  
Johnson ..... R. Tucker  
Augustus ..... Stewart  
Eardley ..... Stewart  
Madden ..... Rasmusen

## SPORTING NOTES.

Next Friday night a match game of basketball will be played in the Y. M. C. A. gymnasium. The L. D. S. College team will meet the Christians at that time, and the contest will doubtless be a good one.

At 8 o'clock this evening, in the Dooly block, the managing board of the Rio Grande mine will meet to consider several important questions relative to the policy of the club. The importing of outside players will be considered and the heads of the departments of the railroad will be consulted regarding the employment of players without positions.

## LUKE GOT HOLD OF THE SUMMONS

A. H. Mayne, the Mining Man, Petitions for Writ of Prohibition.

## DIRECTED AGAINST PARDEE

A Document Signed by Justice W. H. Sells in 1896 Turns Up Two Years Later in a Soap Box.

Morris L. Richie, as one of the attorneys for A. H. Mayne, who is temporarily absent from the city, applied to the district court today for a writ of prohibition directed against James D. Pardee, justice of the peace for the First precinct, to restrain the defendant from trying or proceeding with the case of L. C. Crossman vs. A. H. Mayne.

In his petition affiant sets forth that on December 23, 1896, W. H. Sells, at that time justice for the First precinct, signed a summons addressed to A. H. Mayne and P. T. Mayne, summoning them to appear before him and defend an action brought against them by L. C. Crossman to recover \$159.76, and \$5.00 costs, alleged to be due upon a judgment rendered in the Fifth precinct before Justice W. H. Sells, on February 15, 1892. Affiant says no entry of the summons or the filing of any such suit appears upon the docket of former Justice Sells, and he further avers that after a diligent search he is unable to determine whether the summons was ever delivered an officer for service.

## LUKE GOT HOLD OF IT.

In some unaccountable manner, affiant says, the summons came into the possession of Francis G. Luke, who on the 2nd of January, 1899, appeared before Justice Pardee and obtained an order amending the original summons by changing the name of the justices from Sells to Pardee, the latter being the former's successor, and the location of the justice's offices from State street to the Eagle block. Affiant says, was an affidavit signed by Luke, setting forth that he was a practicing attorney, and that no service of the original summons had been had in the action, and was then in the hands of Constable Benjamin Haddock ready to be served. Thereafter on January 6, 1899, Mr. Mayne was served with the amended original summons.

On January 15, Mayne, by his attorneys, entered a general appearance, and moved to set aside the service of the summons, on the grounds that the issuance of the so-called amended original summons, was illegal and that the serving of the original document was barred by the statute of limitations.

## FOUND IN A SOAP BOX.

During the progress of the argument on the motion to quash, plaintiff says Luke was permitted to file an affidavit in which it was stated that the original summons was placed in the hands of William Hamilton, then a constable, who was unable to locate Mr. Mayne and that the document was returned, numbered and unindexed. Luke then proceeded to say that on account of the suit not being docketed, and on account of his being at that time in "perhaps 2,000 cases," the case for months was overlooked, but later found stored away in a soap box.

After their discovery, which was said to have been in July, 1898, Luke said Hiram W. Gray, associated with the law firm of Booth, Lee & Gray, happened to drop into his office and, happening to see papers in which A. H. Mayne was defendant, suggested that no papers be served upon Mr. Mayne without first consulting his firm. Luke further stated that Gray promised to see Mayne about the Crossman suit and promised to have a settlement made without the necessity of having a summons served. Later, Luke said, he was advised by Attorney Lee of the same firm, that he could get no settlement.

## THE WRIT ISSUES.

On Monday last the court rendered its decision overruling the motion to quash, when after a 10 o'clock session of preventing Justice Pardee from proceeding further in the case, petitioned the district court today for a writ of prohibition. Judge Cherry ordered an alternative writ to issue and made the same returnable Saturday, February 17, at 10 a. m.

## Left Her the Next Day.

After two months of married life Thelma Braun has concluded she has had enough of it, and today filed a divorce suit against Peter A. Braun, praying that she be given a legal separation on the grounds of desertion and non-support.

The couple were married by Judge Cherry on November 23, 1899, and plaintiff says her husband deserted her the following day.

## ESTATE OF ADELAIDE HAMPTON.

Objections to the Administrator's Accounts Heard by Judge Hiles.

In the matter of the estate of Adelaide E. G. Hampton, deceased, Judge Hiles yesterday, heard objections to the account of Benjamin Hampton, the administrator, and husband of deceased. Claims aggregating \$1,600 were objected to by E. A. Whitaker, a creditor of the estate, on the ground that their payment had not been authorized by the probate judge. A deficiency judgment, amounting to \$2,400, was held by Whitaker against Mrs. Hampton, on the foreclosure of a certain mortgage. The claims of the administrator, it is said, represent funeral expenses and

doctors' bills, and a promissory note. Whitaker contended that the former should have been paid by Mr. Hampton and not charged to the estate of his wife, and the latter, he said, ought never to have been paid at all. The funeral expenses and doctors' bills amounted to \$400 and the balance represented the amount of the note. Judge Hiles took the matter under advisement.

## Check Was No Good.

The Mountain Electric company is suing John R. Foules and E. G. Rognon to collect \$770 on a check issued by the New Mammoth Gold Mining company, signed by Rognon as manager and made payable to A. C. Milner. The check, plaintiff alleges, was endorsed by both Foules and Rognon and transferred by Milner to the Electric company. When the check was presented at the bank payment was refused.

## Taken Under Advisement.

The taking of testimony in the case of George E. Pitt vs. Matter Kinney Doe las, a mechanic's lien suit, was concluded before Judge Hiles yesterday afternoon and taken under advisement.

## License Case Dismissed.

The case of Salt Lake county vs. James Nielsen has been dismissed upon the plaintiff's motion. The county brought suit to recover for a merchant's license, but Nielsen paid the fee since the action was begun; hence the dismissal.

## Verdict for Plaintiffs.

The case of Day & Street vs. the Utah Title Insurance & Trust company, was tried before Judge Cherry today and judgment given for the plaintiffs for \$500.

Plaintiffs sought to recover \$500 on an assignment of the amount to them by M. H. Beasley. The defendant resisted the sum with the defendant for the purpose of indemnifying it on an appeal bond, and the question was one of priority.

## For Letters of Administration.

Allice S. Mulholland petitioned the probate court today to appoint her administrator of the estate of Johanna M. Wiedberg, who died in this city on January 8, 1899. Petitioner is a daughter and only heir of deceased. The estate consists of real estate of the value of \$1,000.

## The Hearing was set for February 24.

## Trial of a Slander Suit.

The \$1,000 slander suit brought by Claus P. Madsen against Andrew Jensen was called for trial before Judge Cherry this afternoon. E. W. Taylor appeared for plaintiff and Richards & Lund for defendant.

The complaint alleges that on June 22, 1899, the defendant, in the presence of divers persons, did speak to and concerning plaintiff in the following words: "You stupid fellow, the brethren and feed the devil; you steal from everywhere."

The defense is a general denial.

He was conveyed to his home and Dr. Dalby was called and reduced the fracture and left the unfortunate man resting easily.
