Wells was arrested for the offense in 1902 and was given a prelimitary hearing at Logan and bound over to the district court. His ball was fixed at \$500, which he furnished. Upon his release he left the state and has not been heard of since until the arrival of the Fer-Don show in this city a few weeks ago. The fact that he traveled with the company as the "boy phenomenal" made it a hard matter for the officials to trace him or identify him. The Cache county authorities learned of his presence in the city and telephoned to the sheriff's office here to have him arrested. He will be taken back to Logan tonight to stand trial. Wells claims that he is innocent and will fight the case and beat it.

enne Join Forces With Strikers.

TRY TO GET GIRLS TO QUIT.

Montana State Federation of Labor Declares Bell Telephone Company Unfair.

To become more cloudy, rather than having a tendency to clear, seems to be the situation of affairs between the Rocky Mountain Bell Telephone company and certain departments of its employes. The union linemen of Ogden and Cheyenne, who up to last night were not numbered among the strikers, went out of the company's service at midnight, last night, making the walkout complete, so far as union men ara concerned.

Efforts are being made in this city to bring about a strike on the part of telephone girls in this city and Ogden. The operators are not organized, but local labor leaders say that makes no difference, and that the situation for securing a raise in wages is favorable. It is not thought, however, that the agitation that is going on in this direc-tion will meet with success. SITUATION IN MONTANA.

The telephone situation in Montana does not improve, as will be seen from the following press dispatch sent out from Butte last night:

from Butte last night:

The summary was written on, heavy white paper engrossed and embellished in the penman's art, and frumed in glit and white. It sets for hi that Supt.
