Troops to be withdrawn.

WASHINGTON, 31.—As the result of the Cabinet deliberations, today it has been decided to withdraw the troops from the State House at Columbia, but keep them in the State. A letter to that effect has been addressed to Hampton and duplicated to Chamberlain.

Chamberlain's Proposition to President Hayes.

Governor Chamberlain had a conference with Secretaries Evans and Schurz this afternoon, and says the question under discussion precluded the proposition to withdraw the troops, and he received nothing on the subject from the President.

Attorney General Devins and Secretaries Evans and Schurz, called upon Chamberlain, concerning the South Carolina affair.

The following are the propositions of Governor Chamberlain, submitted to the President:

"The Republicans of South Carolina are actuated now, as at all times heretofore, by an earnest desire to adjust all political differences as to the lawful government in the State on the basis of justice and right."

"They affirm that their course heretofore in relation to the election of governor and lieutenant governor, and the organization of the House of Representatives, has been strictly just and lawful, and that the State government which the undersigned represent is in all respects lawful, and the only lawful government of South Carolina."

"(Signed) JOHN D. PATTERSON, 'DAN' CHAMBERLAIN, 'T. D. CORBIN.'"

\$50,000 Fine.

GEORGETOWN, COL. 31.—The Rocky Mountain Quartz Mills, of this city, were totally destroyed by fire early this morning; loss \$50,000, insurance \$18,000.

Bank Suspensions.

NEW BRUNSWICK, 31.—The State National Bank here closed its doors today. Rumors of the unsoundness caused depositors to withdraw their money freely the past few days. Yet the suspension created some considerable loss, and has suffered from the panic of 1873, and in 1875 it instituted a suit against Woodworth's Carpet Company for nearly a million dollars, and was defeated.

At present, the bank again resumed and struggled along till the present time. The quarterly statement on January 2nd showed the resources at \$275,000, and its liabilities at \$280,000.

Railway Suit to be Compromised.

NEW YORK, 31.—The court here has empowered Judge Pitkin, of the Erie Railway, to compromise and discharge the claims in the company against the London Banking Company, limited, now pending in London.

Request to John McCulloch.

JOHN McCulloch, who commenced a two weeks' engagement at Booth's Theatre on Monday night, was entertained at a banquet to-night, given in his honor by the Palette Club.

A Healthy Child.

ST. LOUIS, 31.—The sixth annual directory of David R. Gould was issued today. It shows considerable increase of names, and, computed by the usual rule, makes the population of St. Louis, according to population, 100,000. It also gives the official mortality statistics of all large cities in the country, which shows that St. Louis is the healthiest city, according to population, in the Union. In 1876, here last year being only 7,890.

More About A. Oakley Hall.

LONDON, 31.—When Hall, of Sutcliffe arrived at Euston Station, he employed a porter, who took two black leather carpet bags, marked G, and a roll of rug. They walked to Gower Street station of the Metropolitan underground railway, where the porter left the two bags, who took a third-class ticket for Notting Hill Gate station. He was evidently unacquainted with the route, for he inquired frequently of the fellow passengers, and seemed nervous at his destination. He took a handsome cab, and drove to a small, quiet, private house near by. He was evidently expected, as the door was opened without a ring or knock, and he passed in immediately with his luggage. He was not met at the station by any acquaintance, at least he had been recognized by one, so far as could be seen. The Victoria passenger is above medium height, dressed as described in the dispatch, and walks with a swinging gait. He has a ruddy complexion, is covered with rough, gray stubble. He strenuously denies that he is A. Oakley Hall. The steward of the Victoria volunteers the statement that Sutcliffe was the greatest fellow for making puns he ever met, and an attaché of the Associated Press, who saw and conversed with Sutcliffe, at Liverpool, said that he was not mistaken in his mistake about his being Hall.
