Make a Round of the Salooons And Then Start to Shoot Up the Town.

### STREET LAMPS ALL SHOT OUT | RUMORS OF PORT ARTHUR'S FALL

Finally Took Possession of Five Summer Hotels at Great Neck, Long Island.

New York, July 14 .- Armed with revolvers, 20 artillerymen, said to be from Fort Totten, Willet's Point, have given the summer residents in the neighborhood of Great Neck, L. I., # taste of early life on the frontier. After spending some time about the saloons, which they visited on leave of absence from the post, they began to shoot out streetlamps, and finally took possession of five summer hotels along the waterfront

Tired guests were driven to their where they barricaded the rooms, doors. Mirrors, glasses and bottles behind the bars were made targets. One proprietor, who remonstrated was bound and thrust into a closet.

After amusing themselves for a time the men started for the dock, two miles away. The road was tighted its entire length by electric lamps. Not one lamp was left unbroken.

Meantime a posse of critizens started in pursuit, but the soldiers reached their boats first and escaped.

#### GEN. SLOCUM VICTIMS.

Final Report Shows That 958 People Perished.

New York, July 13 .- The total dead in the destruction of the excursion steamer General Slocum on June 15 is given at 958 in the final report presented to Police Commissioner McAdoo by the inspectors in charge of the in-vestigation. Only \$97 of the dead were identified, 62 were reported missing and 61 unidentified, while 180 were injured and only 235 out of nearly 1,400 on the steamer escaped uninjured. Assuming that the unidentified dead are among the missing, all but one person has been the missing, all but one person have been thus accounted for,

Bradshaw Bros. of Lehi Get James Chipman Into Trouble.

The taking of testimony in the case of Harris & Co., the Omaha commission merchants, against James Chipman of the American Fork bank was conclud-ed for the defendant yesterday, and the plaintiff's side will next be heard at

Omaha. This is the case in which the plaintiff engaged Bradshaw Bros of Lebit to act as their agents in this part of the coun-try, and provided funds for them to operate with. It is charged that they used the money for private deals, fail-ing to work for the interests of the Harstic commons and theoretic had man-Harris company, and through bad man-agement lost all they had. After the failure, it was discovered that the Bradshaw's private bank account and the fund given them as agents, with which to operate, had been placed to-gether in Bradshaw's name, and it was gether in bradshaw s hame, and it was impossible for Harris to tell what had become of his money. The contract stipulated that the operating account furnished by the Omaha firm should remain in the name of Harris, the igents to check it out as they needed , however.

The suit against Chipman is for \$50, 000 and an accounting. It is alleged that he was well aware of the terms of the contract between Harris and the Bradshaws, yet allowed the agents to lace the funds to their individual

#### DON'T WANT BRYAN.

#### Not Deemed Desirable to Have Him Stump for Democrats.

Chicago, July 13 .- Roger C, Sullivan the new member of the Democratic national committee from Illinois, declared tonight that it was not considered desirable by members of the national committee that William Jennings Bryan take the stump for the national ticket. Some days ago Mayor Harrison invited Mr. Bryan to speak at a ratification meeting which is to be held in this city in a few days. Mr. Sullivan declared when informed of the invitation that had been extended to Mr. Bryan that the leader from Nebraska "must not come into Illinois to speak.'

Explanations were at once asked of Mr. Sullivan, and he declared in reply that the national committee had decided not to have Mr. Bryan as one of its speakers. The reason assigned by the committee for this decision, ac-cording to Mr. Sullivan, is that in their opinion he would "do the ticket more harm than good." When informed of Mr. Sullivan's

## Every Brain-worker wants a strong, keen thinker in his HEAD QUARTERS. Many successful men and women regularly eat the brain-making food-GRAPE-NUTS.

For the Phosphates necessary for this purpose are intentionally supplied in GRAPE-NUTS in liberal quantities and will positively rebuild the worn out brain and nerve centres.

# The Inventor of GRAPE-NUTS

About to years ago found himself badly off from overwork and weak digestion.

He experimented about two years, seeking to perfect a food that would contain the elements required by Nature to rebuild the depleted nerves and brain.

BUT such food must be made easy of digestion, else the weakened organs of body could not extract the rebuilding elements.

Finally success came, after dozens of experiments and failures. The right parts of Wheat and Barley were selected. skillfully blended in the right proportions. Subjected for hours to moisture, then hours more to slow heat, gradually producing changes and mechanically digesting the food. Further processes follow, until the food is finally delivered fully cooked, pre-digested and ready for instant service with a little rich cream.

Years have gone by and experience has shown that the now famous brain food planned for a purpose, accomplishes that purpose.

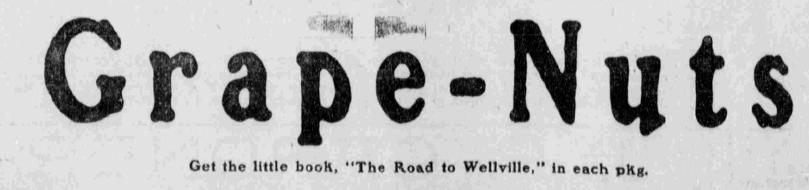

It does supply pre-digested food that a babe or an athlete can digest.

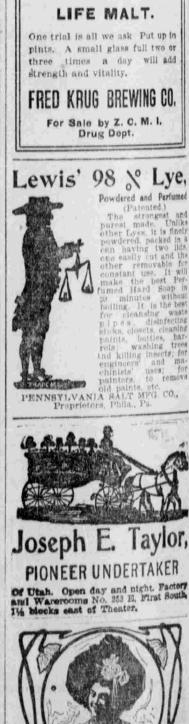

It does furnish the nerve centres and brain with the delicate, microscopic particles of natural Phosphate of Potash which combines with Albumen to make the gray matter filling the nerve centres and brain,

It does prove itself to users in a very few days.
