

ELMER MEREDITH IS SALT LAKE'S HOPE.

Crack Little Southpaw Will Do
Much to Pull Team Out
Of Hole.

OTHER GOOD ONES SIGNED.

James Hannivan, First Class Out-
fielder Landed by Gimlin—An-
other Twirler Sought for.

There can no longer be any doubt as
to the weak spots in the Salt Lake
baseball team. It is evident to the
careful observer that we need a better
man in middle garden, another in the
infield and a couple of new pitchers.

The management of the team recog-
nizes this crying need and proposes to
fill it if possible. Every cent that can
be spared will be used to secure better
men.

About the best news we have had of
late concerning the local team is the
fact that Elmer Meredith has at last
been secured to pitch for Salt Lake.

ELMER MEREDITH,
Salt Lake's Hope—Its New "Southpaw"
Pitcher.

For more than two months the man-
agement has been trying to land El-
mer, and when the deal was consum-
mated, there was a general expres-
sion of relief. The acquisition of the speedy
little southpaw was one of the wisest
acts made by the management this
season. There is no doubt whatever
that Elmer is just as good on the slab
as ever before. If anything he has im-
proved. Since leaving Salt Lake three
seasons ago, he has been in pretty fast
company and has always come out with
flying colors. He possesses an almost
unlimited supply of mystifying curves,
and the speed and accuracy with
which he shoots the spheroid over the
plate is simply wonderful, and he has
about the best control of any pitcher
ever seen in these parts. In addition
to this, he is in the game all the time.
He never allows himself to become dis-
couraged or rattled. He watches every
play, and never overlooks a chance, no
matter how difficult, to win a point for
his team. With Meredith and Wiggs on
the pitching staff, Salt Lake certainly
ought to win her share of games. Mer-
edith, who was purchased from Mil-
waukee, is now on his way to join the
team, and will probably be with it in a
day or two. He will then show up some
of the heavy hitters on the opposing
teams, and will also show the fans how
to make three baggers at critical stages
of the game.

Rumor has it that we are to have an-
other pitcher, Stricklett, formerly of
the coast league, but now with the Chi-
cago American team. The man for whom
the local management is casting a
net. Although nothing definite has
been given out about him, a pretty
strong hint has been dropped to the
effect that Stricklett will be here before
long.

The outfield is to be strengthened by
Jimmy Hannivan, a crack outfielder of
the Tacoma club of the P. C. L. He has
been purchased by the Salt Lake club
and will join the Gimlins in Spokane
next week. He will take Ward's place
in middle garden. This will put the out-
field in charge of Muller, Hannivan and
Gimlin. We could ask for nothing bet-
ter.

THE SALT LAKE TEAM.

Intimated That Dissatisfaction Among
Players the Cause of Losing.

"Tooh" in the Butte News asks:
"What's the matter with the Salt Lake
baseball team? There's something rad-
ically wrong. When all the players of a
team are dissatisfied and quit at the
first chance, or a team loses every
game of a series but one, then there's
a weed in the grass that ought to be
chopped out. Quick and Gimlin couldn't
get along and now Butte has Quick.
Slats Davis and Gimlin couldn't get
along and now Spokane has Davis. It
may be that Gimlin knows his business
and is doing right by releasing the best
man he has, but the results of the
games played thus far don't say so. It
doesn't do to have dissension in a base-
ball team any more than it does to
have dissension in a business firm. It
was rumored here at the opening of
the season that the Butte players were
dissatisfied with certain conditions of
the team, but if there ever was any fric-
tion on the inside it quickly died down,
for the boys are playing together now."

It's a cinch that we need pitchers on
our team. We demonstrated in yester-

was in the box and we won. The home
team did some good hitting yesterday,
and hammered Thompson unmercifully.
Wiggs was hit freely at first but got his

Spokane, Wash., May 19.—In the best
game played here this season Spokane
defeated Butte 1 to 0, by a combina-

rapped off by Rockfield, which netted
two runs. Both pitchers were in fine
form and kept the hits well scattered.

Des Moines, May 19.—Bill Hoffer was in
all time form today and let Denver down
with only one lonely run. In the meantime
Des Moines had piled up 11. Eyer start-
ed in to pitch for the visitors, but his finger
was split by a hot liner at the end of the
third inning and he retired in favor of
the catcher, who batted all over the

Portland, Ore., May 19.—David E. Dug-
dale, formerly manager of the Seattle
National team, took control of the Port-
land baseball club this afternoon and with
the change in management came an al-
most startling improvement in the play-
ing of the team. San Francisco had no illu-
sion in hitting Butler but the folding
of the Portland was almost perfect and
lightning-like in rapidity, and it was not
until the eighth inning that San Francisco
was able to work a man clear around the
bases.

Jones gave only seven hits, but they
were punched. San Francisco played a
fast and errorless game and Portland's
margin was so small that the interest was
pitched to the highest key until the last
San Francisco man had been struck out
in the last inning. Score:

TRACK AND FIELD EVENTS TOMORROW

State Meet to be Pulled Off on
University of Utah
Campus.

RECORDS MAY BE SMASHED.

U. of U. L. D. S. U. A. C. and B. Y.
U. Teams Will Contest for the
State Championship.

The U. of U. L. D. S. U. A. C. and
B. Y. U. athletes will compete in their
annual track meet on the University
campus tomorrow afternoon, beginning
at 2:30 o'clock. The dispute as to
which institution can lay legitimate
claim to the champion team of the
state, will then be decided. Every man
entered for the various events, expects
to win one of the medals offered for
supremacy in physical prowess. The
meet will undoubtedly be one of the
most interesting and exciting in the
history of the sport here.

It is generally conceded, by those who
ought to know, that the Varsity on
the east bench has the strongest team
it ever had, and that is saying a good
deal. Therefore, its chances of taking
a majority of firsts in tomorrow's meet
are exceedingly promising. If there
are any weak places they are in the
broad and high jump, but in this there

ing in charge of Misses Babcock and
May.
Elbert Thomas, president of the stu-
dent body, has arranged for a big ex-
cursion to Salt Lake tomorrow night,
returning from the beach in time for the
visitors to get trains for home.
Classes at the university were sus-
pended at 11:30 today and the students
indulged in a jollification in honor of
tomorrow's event.

U. of U. CONTESTANTS.

Those who will participate for the U.
of U. are as follows:

Vault, Russell, Williams.
Shot put, F. Bennton, S. Bennton.
Hammer throw, F. Bennton, Carlson.
Relay race, Whitney, Moore, Pitt,
Rideout.

L. D. S. TEAM.

The athletes entered for the L. D. S.
U. are as follows:

Pole vault—Acomb, O. Lund.

THE A. C. TEAM.

The A. C. boys will not compete in
every event. It is a new thing for the
A. C. and for beginners the boys show
a splendid form, and lots of speed and
strength. The men will be entered as
follows:
1 mile run—Darley and Woodbury.
Half-mile—White and Hansen.
Quarter-mile—Smith and Pond.
220 and 100 dashes—Reader, Fenn and
Smith.
Hurdles—Allred.
High jump—Phillips, Eliason.
Shot put and hammer throw—Nelson

of good matches are being arranged for.
The first of these will take place in the
Salt Palace arena one week from
tonight, when Frank S. Lewis, former
middleweight champion of the world,
will try to beat Charley Ross, Utah's
champion mat artist, and wipe out the
defeat handed him here last winter by
Ross.

The High School Athletic association
held a meeting yesterday afternoon and
about eleven o'clock for the ensuing
year. After debating several questions
of interest to the athletes, the following
officers were chosen: President, John
Kephart; vice president, Francis Critch-
low; secretary, Curtis Clawson; treas-
urer, Hume Clive; press agent, Arthur
Parsons; board of directors, Chris.
Hanson and George Roberts.

Sleloff and McCarthy are still keeping
up hard licks in their training quarters,
but the latter will slow down after this
afternoon, as he is now down to weight
and will only require enough work to
keep him from going stale. Sleloff has
made a big hit with Ogden fight fans,
and a large crowd is expected from the
Junction City on the special train over
the Rio Grande Western. The round
trip is \$1, and many Ogdenites will
avail themselves of the low rate to come
here.

New York, May 20.—There is likely
to be no American representation in
the international cup race in Germany
on June 17, the racing committee of the
automobile club of America having de-
cided to recommend no representative,
after the scheduled trial of the entrants
for the team on the Empire City Trot-
ting track had ended in a greater fiasco
than the earlier trial of the same ma-
chines.

Only one of the American cars at-
tempted to carry out the program ar-
ranged by the committee, but after cov-
ering 193.4 miles it was withdrawn
both from the trial and from the team
because the owner objected to being the
sole American representative abroad.
Representatives of a western company
were present, but upon advice of coun-
sel declined to sign an agreement ab-
solving the Automobile club of America
from claims for injuries or damages
during the trial.
It had been planned by the committee

The Deseret News—Extra

THE REGULAR issue of the "Sta-
ndard News" to be sent out tomor-
row night, will be of special inter-
est, and in many ways the issue will be
the most attractive which the paper has print-
ed since its Christmas edition.

FRANK G. CARPENTER has just in-
terviewed the Japanese Minister in
Washington, Mr. Kogoro Takahira, and
he talks about the situation in the Far East,
giving Japan's side of the war with Russia.

MISS MAUDE ADAMS, Utah's gifted
and most famous daughter, will be
the subject of a specially illustrated page
article.

THE foreign service of the Saturday
News, which on all hands is conceded
to be the strongest correspondence feature
printed in any western paper, will contain
a special article on the attitude of the wo-
men of Germany towards the Emperor
William, who with his wife, is opposed to
the women's clubs of the day. It treats also
of the International Congress of Women
at Berlin, to which several Utah women are
delegates.

THE SATURDAY NEWS goes everywhere and is read by everyone. Tomorrow
night's issue will be stronger, more attractive, and more widely read than ever.

"WHAT a Utah man sees at the
World's Fair" is the title of an
up-to-date article written by one of Utah's
clever pen wielders, illustrated with snap
shots taken on the spot.

"ONE instance of where Canada hus-
tles while Uncle Sam sleeps," is
the title of another special article of interest.

AN ORIENTAL Princess makes some
sensational disclosures regarding life
in Turkish court circles, and this will be a
specially interesting feature.

A NEWLY compiled war map with an
article showing the strategic situa-
tion in the Far East, is another contribution
that will be appreciated, in view of the great
approaching land battle between the Japa-
nese and the Russian troops.

THE HEROIC work of landing an army
on a hostile shore is described by a
special correspondent.

THE FOURTH installment of Napo-
leon's every day life, entitled "How
Napoleon Stood to Conquer," and a pic-
ture of the great bridge at St. Louis built
in his honor, is another exclusive article.

"WHAT IRRIGATION is doing, and
is destined to do for the United
States," will also be graphically described.

may be a surprise in store for some.

The B. Y. U. is exceptionally strong
in the middle and long distance races,
and it is predicted there will be a hard
fight between Jimmy Wade of the U.
of U. and Stallings of Provo. The B.
Y. U. will almost certainly prove strong
in the pole vault and jumps.

The L. D. S. U. has been greatly
handicapped in preparation for the
meet. First, in not having a place to
train, and second, in the scarcity of
men, as a number of her most husky
and hopeful athletes discontinued
school on account of urgent business
at home. But in spite of this, the
school is pretty strong in the hurdles,
jumps, shot put, and will stand a good
chance in the short runs.

The A. C. is somewhat of an uncer-
tain quantity, and may develop a dark
horse in many of the events. The oth-
er teams have been unable to get much
of a line on the "Aggies," but it is
known that they have good men for
the sprints and long distance events.
They will very likely have a formid-
able man in the shot put also.
But it is safe to predict that the
winning team will not have a walk-
away, for every point will be bitterly
contested, and the winning team will
have to go some.

TRACK OFFICIALS.

Following are the track officials for
the big meet:

Referee—Dr. Joseph A. Anderson.
Judge of Finish—D. A. Callahan, Dr.
Plummer, Salt Lake; Atty. W. E. Ry-
dahl, Provo.
Field Judges—Dr. W. C. Ebaugh, Dr.
Will Elberker, W. W. Hall.
Clerk of Course—Freeman Bassett.
Announcer—John C. Brown.
Starter—Ray Barney.

Gold medals will be given to the who
win first place in each event.
The Logan team, representing the A.
C. U. will arrive here tomorrow at 12
o'clock, over the Short Line, and will
be met at the station by university of-
ficials and taken direct to that institu-
tion.

The B. Y. students will arrive at 10
o'clock and will also be met and taken
to the Logan team, representing the A.
C. U. will arrive here tomorrow at 12
o'clock, over the Short Line, and will
be met at the station by university of-
ficials and taken direct to that institu-
tion. At noon the visitors will be enter-
tained at luncheon at the university
buildings, this part of the program be-

and Kirk. No entries will be made in
the pole vault or broad jump, as there
are no candidates.

A FEW SPORTING NOTES.

Don't forget the state track meet at
the Varsity campus tomorrow after-
noon, beginning at 2:30.

Tommy Reilly, who came to Salt
Lake looking for a match with some
good man, can be accommodated by
one Tommy Burns, who is at present
training Otto Sleloff for the latter's
contest with Jerry McCarthy next
Tuesday night.

The games played in the American
association yesterday afternoon result-
ed as follows:
At Kansas City—Kansas City, 7; Tol-
edo, 1. (Seven innings.)
At Milwaukee—Milwaukee, 0; Indian-
apolis, 3.
At St. Paul—St. Paul, 1; Louisville, 7.
At Minneapolis—Minneapolis, 6; Co-
