### OPPOSITION TO FEDERAL INTERFERENCE IN ELECTIONS.

A STRONG feeling against federal interference in local electoral matters exists in many parts of the north as well as in the south. According to the New York Herald a bill was recently presented in the Rhode Island House of Representatives, by ex-Congressman William P. Sheffield, of Newport, one of the ablest lawyers in that State, entitled, "An act for the relief of officers of the United States, and to prevent their interference with State elections." This bill provides that no person holding any office under the constitution or government of the United States shall in any way attempt to influence or control the nomination or election of any officer to be elected by voters of the State in which such federal officer resides, other than by casting of the vote of such federal officer for the candidate which he may prefer, under the penalty of a fine not exceeding \$500, or imprisonment not exceeding six months. Among the reputed reasons for the presentation of this bill are the action of prominent federal officers during the late presidential election, their prospective manipulation of the machinery in the approaching gubernatorial contest, and the hope of remedying these evils.

The purity of the ballot is a thing greatly to be desired, and whatever measures will really conduce to that end are worthy of grave consideration. But not every one that inveighs against the corruption of the ballot is truly desirous of securing its purity, only so far as the party opposed to his is concerned. There is a great deal of desire for reform that is only pretence.

### Local and Other Matters.

FROM TUESDAY'S DAILY, FEB. 6.

**Missionary Departure.**—Elder Milando Pratt left this morning on a mission to the eastern States. He will proceed to the neighborhood of Pottsville, Penn., where he will join his brother Lorin. After remaining there some time these two brethren will then proceed to New York, and labor in that State, Connecticut and New Jersey.

**Up to Their Opportunities.**—The Washington Star says, "The Mormon women appear to be up to the 19th century opportunities accorded the sex, as well as their more favored eastern sisters. The wife of Elder Pratt has just come East to attend medical lectures and fit herself to doctor the wives of the Saints."

**A New Railroad.**—Denver, February 1. Articles of incorporation were yesterday filed in the Colorado Pacific Railroad Company, whose purpose is to construct a railroad and telegraph line from Denver to Ogden, Utah. The capital stock is placed at ten million dollars, in shares of one hundred dollars each. The principal office is in Denver, with branch offices at Ogden and Salt Lake. —Omaha Herald.

**No Trace.**—The parties who robbed Jacob A. Beaman, on the State Road, on Sunday night, have not yet been discovered. The young man naturally feels considerably downhearted about his misfortune. He has a wife in this City, and was anxious to visit his father, who resides in the Eastern States and is very ill, not being expected to survive. Being thus suddenly deprived of funds by highwaymen, Mr. Beaman is unable to visit his sick parent.

**The Grand Jury.**—The names of the gentlemen composing the grand jury, empanelled yesterday, are as follows:

S. W. Darke, Matthew Gilbey, S. B. McCall, John Gabbott, James Fackel, W. G. Galigher, Ezekiel Holman, Wm. Cowan, Jacob Jensen, Enoch Coney, Wm. C. Miller, John Hubbard, Samuel D. Connor, Henry Simons, Chris. Rhemke.

The Court appointed Mr. S. D. Connor foreman.

**On Trial.**—The suit of Chris. Rhemke vs. Jeter Clinton et al is now in process of trial in the Third District Court. It is the old suit of Englebrecht & Co., vs. Jeter Clinton et al revived, Mr. Rhemke being the surviving partner of that firm. It will be remembered that the Supreme Court of the United States, in passing upon the first suit, on appeal from the Supreme Court of Utah, overturned and demolished the whole fabric of the judicial crusade inaugurated by Mr. James B. McKean.

**Fine Stock.**—To-day we received a call from Mr. B. F. Gloyd, of Macomb, McDonough County, Illinois, one of the most extensive importers, breeders and dealers in fine horses in that State. He is on his way to California, with a carload of stallions. He left his charge at Ogden and came down to the city with a view to ascertaining the prospects of introducing his lydesdale and Norman Percheron animals into Utah. He has a few at Ogden he could dispose of here, and should he meet with reasonable encouragement he will bring on a number of horses after returning from his California trip.

**The Next Conference.**—There is a strong desire on the part of the people generally in the northern counties to attend the next General Annual Conference of the Church of Jesus Christ of Latter-day Saints, which has been announced to be held at St. George, southern Utah. This desire is very natural and commendable, especially considering the circumstances under which the assemblage will meet, when it is expected that a Temple to the Most High will be completed, and be dedicated, as a whole, on that occasion.

Many good Latter-day Saints express a hope that they will be able to visit St. George next April, but some having no team or wagon don't see how they can. We have heard the suggestion, however, that a good many might be able to go, that could not otherwise, if a number of brethren were to club together in little companies, agreeing with the owners of teams as to the terms of passage, &c., and if the suggestion is worth adopting, those intending to act upon it might find it advantageous to commence making arrangements some time before April.

**An Excellent Improvement.**—The White House, at the corner of East Temple and Second South Streets, which was partially destroyed by fire, some time since, is about to arise, like a phoenix. The Messrs. Romney are about to erect, on the old site, a very handsome and substantial, three story, brick building, with iron front, with a corner somewhat similar to that of the Deseret National Bank. The structure will be 47 feet by 75 feet, and besides the three stories above ground, will have a basement, built up with rock, the full dimensions of the building site, with areas under the east front sidewalk. The building, being intended for hotel purposes, excepting the corner, will retain its old name, the White House. The corner division, being eligibly situated, will be well adapted for a bank, or drug store.

The spacious dining hall, sitting rooms, office, etc., of the hotel will, as a matter of course, be on the ground floor, and there will be forty rooms on the second and third floors, with well arranged passage and stairways throughout. In examining the design of the fine building we observed that special care had been manifested in the general arrangements, means of ingress and egress for escape in case of fire. It is intended to make the structure of the most durable description, with the best modern improvements, and, although not particularly ostentatious in profuseness of ornamentation, will be one of the handsomest buildings in town. Mr. Obed Taylor is the designer, and Messrs. Latimer, Taylor & Co. will construct the building. Mr. George Romney, a member of that firm, superintending.

The lintels and sills will be of iron. Preparations are in process for the work of building to commence as soon as practicable.

**LONDON, 2.**—All sales of cattle, sheep or goats are prohibited except when specially licensed by the Privy Council or when the animals offered for sale have been on the premises of the vendor, and have been free from disease, for a month previous to the sale. The animals sold must be killed within ten days of the sale.

**HOW TO PREACH.**—The *Examiner and Chronicle* has an article which professes to tell ministers how to preach. Perhaps a bit of advice from a layman may do no harm. First, preach as though your life depended on it. When Summerfield was very ill he said, "O that I might get well, how I could preach! I have caught a glimpse of eternal things, and could talk to men as never before." Second, if you have a small congregation preach just as well as though you had thousands. No matter how few there are, there are more than you can convert, even if you do your best. Lastly, preach with great vigor on rainy days. Let every one go home to tell his neighbor that he ought to have been at church. In a word preach for souls and not for money, and you are sure to succeed. —New York Herald.

—Rev. Fred. Bell told his audience in the Brooklyn Academy, the other Sunday evening, that they ought to thank God for their ignorance of the future, for if they knew all the trials in store for them the knowledge might crush them.

### A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian remedy), called Dr. Williams' Indian Ointment. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

### WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching and ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

## Gentaur Liniments.

### The Quickest, Surest and Cheapest Remedies.

### HORSES, MULES AND ANIMALS.

We have never yet seen a case of Snavin, Sweeney, Ring-bone, Wind-gall, Scratches or Poll-Evil, which this Liniment would not speedily benefit, and we never say but a few cases which it would not cure. It will cure when anything can. It is so easy to spend \$20. for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced.

"JEFFERSON, Mo., Nov. 10, 1873.

"Some time ago I was shipping horses to St. Louis. I got one badly crippled in the ear. With great difficulty I got him to the stable. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with such success that in two days the horse was active and nearly well. I have been a veterinary surgeon for thirty years, but your Liniment beats anything I ever used."

"A. J. McCARTY, Veterinary Surgeon."

For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

### Mothers.

**Castoria** is the result of 20 years' experiments by Dr. Samuel Pitcher, of Massachusetts. It is a vegetable preparation, as effective as Castor Oil, but perfectly pleasant to the taste. It can be taken by the youngest infant, and neither gags nor gripes. Dr. A. J. Green, of Royston, Indiana, says of it:

"SIR:—I have tried the Castoria, and can speak highly of its merits. It will, I think, do away entirely with Castor Oil. It is pleasant and harmless, and is wonderfully efficacious as an aperient and laxative. It is the very thing."  
The Castoria destroys worms, regulates the stomach, cures Wind Colic, and permits of natural healthy sleep. It is very efficacious in Croup, and for Teething Child en. Honey is not pleasant to the taste, and Castor Oil is not so certain in its effects. It costs but 35 cents, in large bottles.
