## BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

### AMERICAN.

**Wired from Washington.**

WASHINGTON, 13.—Reports at the Marine Hospital Bureau show that the yellow fever has appeared in Acapulco.

The Postmaster General has made a ruling to the effect that in cases where railroad companies carry the mail they are obliged to deliver it into and receive it from the postoffices (which requirement applies to stations where the postoffices is within 80 roads of the stopping places of the train), the employes carrying the mails between the station and the office are not employes in the postal service and need not be sworn in. The department, however, requires the railway company to employ for this purpose persons over the age of sixteen years and of suitable intelligence and character, and postmasters are directed to report any violation to this requirement.

Many postmasters have come to grief through disregard of the postal regulation, which requires that postmasters remitting surplus money order funds to depositories in registered package must be able in every case to prove, by at least one disinterested witness, that the money was actually enclosed in a proper registered package, properly addressed, locked in the mail and dispatched. If the postmaster fails to comply with these requirements, he is compelled to make good the money if it is lost or stolen. Many postmasters finding it inconvenient to have a witness to the dispatch of the funds, have, in case of losses or thefts, made claims for credits which have been disallowed, the Postmaster-General holding that the precautions above noted are necessary, not only to establish the fact that the money was actually remitted, but to secure the proof necessary for the conviction of those persons charged with its theft.

The New Zealand Mail Service between San Francisco and Australia and New Zealand, to replace the Pacific Mail service, will begin on Nov. 21, and a steamer will sail every four weeks thereafter. Three steamers have been engaged in this service heretofore, two of them belonging to John Elder, of England, and one to the Pacific Mail Steamship Company. For the Pacific Mail steamer *A. Spreckles*, a steamer will be substituted so that the line will be as much American in character as it has been under the old arrangement. For the new service, the vessel owners will receive only sea postage and $150,000 per annum, which was formerly paid, and according to the statement of superintendent Bell, they were anxious to get a contract at that rate, although the American companies had refused to accept both sea and inland postage.

The Treasury Department to-day purchased 165,000 ounces of silver for delivery at the New Orleans and Philadelphia mints for coinage into silver dollars.

Robert B. Roosevelt of New York, Augustus S. Merriman of North Carolina and Wm. Stevenson of Pennsylvania have been appointed a commission to examine and report upon the twenty-five miles of the Northern Pacific Railroad lying between Eagle Gorge, Washington Territory, and the south bank of the Puyallup river.

Captain Healey commanding the revenue steamer *Corwin* reports to the Treasury Department from San Francisco, where he has just arrived, that the explorations of the headwaters of Kowag and Noatag rivers in Alaska were pushed to successful completion on the last cruise of the *Corwin*.

The *Post* to-morrow will say: Beyond the fact that the name of Mr. Chas. R. Codman, of Boston, has been suggested to the President as a fit person to succeed Mr. Eaton, there is no foundation to the story that he has accepted the civil service commissionship. There is no probability that he would accept the place if offered to him, and there is no probability of its being offered to him. It has not been offered to any one and the President has not determined upon any one to whom he will offer it.

**The Elections Yesterday.**

CINCINNATI, 13.—The chairman of the Republican State Central Committee issue the following at 1:30 a. m.; "If the present ratio of gains is kept up, we estimate Foraker's majority over Hoadly at 21,000. Our advices of the Legislature indicate a Republican majority on joint ballot, but we are waiting for a more definite report from Hamilton county. We cannot get the Democratic Committee to give any estimate.

Washington, 13.—Less interest is openly manifested in the result of the Ohio election than has been the case in any event of like political importance within the memory of the present generation. Generally on such occasions there has been a considerable crowd around the bulletin boards. To-night there are no crowds, and with one exception no bulletin boards. Few people in the Departments have manifested interest enough to ask for the news during the day, and it would be difficult to name a dozen. Federal office holders from Ohio who have gone home to vote.

Chattanooga, 13—The municipal election here to-day was closely contested. The entire republican ticket was elected by a reduced majority. Mr. Sharp, late Chief Inspector of the Postoffice Department, was elected Mayor. No disturbances occurred.

Newark, N. J., 13.—At the charter election to-day, Mayor Haynes, democrat, was re-elected by 350 majority. The republicans carry all the other city officers and elect a government of fifteen aldermen, the same number of school commissioners and eight out of fifteen chosen freeholders.

**Indians in Texas.**

GALVESTON, 13.—A special from Dallas to the *News* says: The superintendent of the San Simon Cattle Company ranch writes under date of the 18th inst. as follows: "The Indians last Saturday, surprised us and drove off 150 horses and killed four men and a number of cattle in the valley. A squad of soldiers followed to the New Mexican line, but did not overtake them. Several other parties of Indians are prowling around the country and numbers are leaving the reservation every day."

**That Storm in New York.**

NYACK, N. Y., 13. — The severest storm in many years prevailed to-day. Considerable damage was done along the shore of the Hudson River. The docks were all flooded and a number of small boats and valuable launches were sunk. The ferryboats from Tarrytown were unable to land here.

Long Branch, 13.—The sea along this section of the coast has run very high all day and has badly washed the beach in some places.

The storm in this city and vicinity has been unusually severe. The tide rose unusually high. Many cellars on the east side were flooded and the rats were driven into the streets by thousands. The wind blew a gale, and the telegraph wires were prostrated in every direction. Sea-faring men anticipate many wrecks along the coast.

**The Smallpox Epidemic.**

MONTREAL, 13.—Eighty new cases of smallpox were reported yesterday, fifty of which were verified. The students of McGill College have been vaccinated. The Mount Royal Hospital at the exhibition grounds were formally taken possession of by the Mayor this afternoon and two carriage loads of patients were taken there. A detachment of police relieved the troops and will look after the protection of the grounds in the future. An application for an injunction to prevent the use of the buildings as a hospital was heard to-day, and the judge took till to-morrow to decide the question.

### FOREIGN.

**The Balance of Power Oscillating in the East.**

CONSTANTINOPLE, 13.—The troops which formed the garrison of Salonica are marching northward toward the Roumelian frontier. The Bulgarians are entrenched at Prestina in Roumelia near the frontier.

The conference on the Roumelian question has embodied a collective note which is being prepared by Count Conte, the Italian Ambassador, to be presented to the Porte, which is to recognize the union of Roumelia and Bulgaria, and opposes further violation of the Berlin treaty.

It is reported that Prince Bismarck, in reply to the second circular of the Porte, approves the immediate taking of active measures by Turkey unless Servia and Greece accept the situation.

Belgrade, 13.—The German Minister has started for Nissa to counsel peace. The King of Milan, replying to the Turkish Minister's demands for an explanation of Servia's warlike preparations, said he had nothing to add to the recent circular to the Powers. In diplomatic circles the opinion is expressed that the favorable moment of Servian action will be allowed to slip. She Salonican Greeks are excited over the Roumelian embroglio. Their sympathies tend toward Turkey.

The rumor prevails here that the King of Milan is about to issue a proclamation of war. The state ment is made that troops are advancing from Nissa toward the Bulgarian, Macedonian and old Servian frontiers.

Vienna, 13.—A dispatch to the *Neue Freie Presse*, from Sofia, says: The populace are fleeing. Rumors are current that the Servians have crossed the frontier. The government has telegraphed to Philippopolis entreating Prince Alexander to return. A telegram from Nissa says that the Servian war office has given contracts for six million kilos of corn. The troops are advancing toward Akalanca and Leskawacz.

Austria has advised Servia to stop her war preparations and adopt a peace policy.

At the Cabinet council to-day a number of consular dispatches were read, showing that the serious preparations of Turkey have considerably cooled the ardor of the war party in Greece, and affairs in those kingdoms are assuming a more peaceful aspect. It is believed here that Servia and Greece will hesitate a long time before provoking the Porte to resort to offensive operations. These consular reports have greatly revived the hopes of the diplomatists in this city of a bloodless settlement of the Roumelian question.

France has agreed to Germany's proposals in regard to the settlement of the Bulgarian trouble.

Athens, 13.—The minister of the Interior has received a telegram from King George, in which the king thanks his subjects for their patriotic sentiments. The students here are appealing to the students throughout Europe to raise their voice against the injustice done to the Greek nationality through the Bulgarian union. The Archbishop of Zante offers to devote his whole stipend to the national cause.

## BRIEF TELEGRAMS.

A dispatch states that Riel has been respited to the 26th inst.

In New York, at a meeting of the Executive Committee of the Western Union Telegraph Company to-day, the resignation of John Pender, of London, as director was submitted and accepted.

The celebrated bandit Jique, has been shot in Santiago de Cuba.

Lord Salisbury officially announces that Parliament will be dissolved November 17th.

M. Roustan, formerly French Minister at Washington, has been appointed Governor of Tunis.

Jacob Hepher, a clothier of Georgetown, Colorado, assigned yesterday. Liabilities $20,000 assets about $12,000.

A Cork dispatch says: The Landlords' Union shipped a number of cattle to-day. Cattlemen continue to boycott the steamship company. Boycotted persons are pouring demands for assistance into the office of the Defense Union.

The London *Standard's* Berlin correspondent, says: Mr. Pendleton, the United States minister, purposes coming to an early agreement with the German government with reference to the Bancroft treaty, as the cases of expulsion and enrollment of Americans living in Germany in the army, have largely increased.

General Manager Callaway, of the Union Pacific, said to-day that all the reports of a threatened coal famine in the district dependent upon the company's mines are untrue. The needs of the road will be supplied from Iowa and Missouri, while the output from Wyoming and Colorado, although a trifle short at present, will soon be ample to meet all the custom demands. The striking miners need hope for no concessions.

A Madrid dispatch says: The dispatch of the 3d instant, stating that Germany acknowledged the Spanish occupation of Yap, and that Spain had granted Germany the privilege of free navigation and commerce in the waters of the Carolines and the right of establishing a coaling station on one of the islands is officially confirmed.

A Halifax dispatch says: An unknown vessel is reported ashore near Camperdown. She is throwing up rockets, signifying that she wants assistance. Thick weather prevent observation from the Camperdown signal station, and it has not been ascertained whether the vessel is a steamer or a sailing vessel. Steamers have left the city for the scene and will not return until a late hour.

A Galveston dispatch says: A special from Hempstead to the *News* says: Last night a mob burned the slaughter houses and pens, with their contents, belonging to Geo. Burton and John Ness. After this the mob came to town, awoke Burton and Ness, and gave them five days to leave town and fifteen days to leave the county. The two men were told that there had been too many stolen beeves butchered at their pens and the intention was to stop it.

A Dublin dispatch says: The Nationalist convention for nominating candidates for seats in Parliament for this city, assembled to-day and selected Mr. Clancy, editor of the *Nation*, (Mr. Sullivan's newspaper) and Sir Thomas Henry Grattan Esmond. The latter gentleman's mother was a granddaughter of the Right Hon. Henry Grattan, who brought forward in 1780 the famous Bill of Rights, asserting the right of Ireland to self-government.

An Albany dispatch says: A letter from Fred. F. Wheeler, chairman of the Prohibition State Committee, addressed to C. S. Cole and John O'Brien, chairmen respectively of the republican and democratic State committees is made public to-night. In it, he charges that both parties are pledged in their platforms against prohibition, and challenges them to arrange for a triangular joint discussion by the three candidates for the governorship on the questions at issue. He suggests five meetings at different points in the State.

## CITY COUNCIL.

The City Council met in regular session last evening, Mayor Sharp presiding.

Geo. H. Taylor stated that he owned property on Second West Street, between South Temple and First South Streets, where there were no water mains, and where there was no one else willing to advance money for their extension. He therefore asked permission to lay half a block of service pipe at his own expense. Granted, with the understanding that the work be done under the direction of the street supervisor and the superintendant of water works.

Chas. W. Stayner and Orson P. Arnold made application for a lease of the city's Warm Springs Bath House property for a term of five years upon such terms as might be deemed just. Should their petition be granted, they said they desired to make extensive alterations and improvements.

A letter was read from W. D. Duncan, of Elmira, New York, who also asked on what terms he could secure a lease of the bath house property.

Both applications were referred to the committee on public grounds.

Three retail liquor licenses were granted.

The city marshal's report of expenditures in his department for September, 1885, amounting to $525.99, was read and referred to the committee on police.

The auditor's quarterly report of receipts and disbursements makes the following showing:

| | |
|---|---|
| Balance on hand at beginning of quarter | $ 9,764.99 |
| Total receipts | 32,229.24 |
| | 41,994.23 |
| Total disbursements | 36,045.02 |
| Balance on hand | 5,949.21 |

The report was referred to the committee on finance.

The committe on canal, to whom had been referred the petition of J. M. Lefler, asking $500 damages for the enforced idleness of himself and mill, owing to the seepage of the canal, recommended that the prayer be not granted. The petitioner, the committee reported, had previously asked that a drain be dug on account of seepage, and his request in this instance had been complied with adopted.

The committee on police reported that they had examined the report of the police justice for the month of August, and found it to be correct.

The Council then considered the ordinance in relation to peddling and hawking. The ordinance was passed on its second reading and laid on the table, to come up and be read for the last time at the next session. As it now stands, it places a heavy license on all peddlers, except such as raise fruit, vegetables, etc., in their own gardens, who are not required to pay anything for the privilege of selling their own produce.

The following appropriations were made:

To R. B. Williams, registering $75 dogs during September, $75.

To the contingent fund of the superintendent of streets, $1,000.

To the contingent fund of the superintendent of waterworks, $500.

The Council adjourned for one week.

## CONFERENCE IN NEW ZEALAND.

HASTINGS, Hawk's Bay, N. Z., September 2, 1885.

*Editor Deseret News:*

The Hawk's Bay District Conference convened Aug. 29th, 1885. After the usual opening exercises were through, President Edward Newby presented the general condition of the district over which he presided, everything was in order, the Saints were feeling well as far as he knew at the present time, striving to keep the commandments of God and listen to the teachings of His servants, and considering the short time the Gospel had been among them he thought they were doing very well. He exhorted them to profit by the experience they had gained; encouraged them to do better in the future than they had done in the past, and to sustain those who should be placed over them.

Brother Otene Pomare, from the Mahia district, who is the first native traveling Elder from among this people, said that the same Priesthood that was conferred upon the Apostles and Prophets in ancient times had again been restored to the earth, not by the will of man, but according to the will of God through His Prophet in the last days, and made many more excellent remarks.

Elder H. F. McCune, who, with Elder Milson R. Pratt, recently arrived from India, said he had been very much pleased as well as edified in listening to the remarks which had been made by the brethren, particularly those of Brother Otene Pomare, who had just addressed them; every word was true. He also bore his testimony to the truth of the Gospel, and encouraged the Saints to attend their meetings and embrace every opportunity they had to receive instruction from those who had come to teach them.

In the afternoon, Elder Cliff was called upon and gave some very excellent instructions, counsel and advice to the Saints.

President W. T. Stewart followed, and bore a powerful testimony, exhorting the Saints to repentance, faithfulfulness and diligence, that they might be acceptable unto God. Said he had enjoyed his labors among them very much.

Elder George S. Taylor bore testimony that there were good and evil powers and influences upon the earth, and exhorted all to give heed unto the good and resist the evil; said that the Saints in this district had treated him very kindly and he had enjoyed his labors very much among them.

At 10 a.m. on Sunday the meeting opened in the usual way, and two men who had been baptized were confirmed members of the Church under the hands of Elders Edward Cliff, H. F. McCune and Milson R. Pratt.

The Sacrament was then administered.

Elder J. C. Stewart delivered a powerful and convincing discourse.

President W. T. Stewart then presented the names of the general authorities of the Church and the Elders laboring here and they were all unanimously sustained by the Conference.

Elder Edward Cliff was sustained as President of the district. The local authorities were also sustained, and the Presidents of the branches were recommended to receive the Melchisedec Priesthood on condition of their forsaking their pipes, which they agreed to do.

In the afternoon President W. T. Stewart read the report, and it showed 46 baptisms since last conference; after which Elders Milson R. Pratt, Edward Newby, Otene Pomare and President W. T. Stewart addressed the Saints, giving some very necessary and useful instruction and encouragement.

In the evening meeting which followed the three Branch Presidents were ordained to the office of Elder, and one Priest was ordained under the hands of President Cliff, Elders H. F. McCune and George S. Taylor.

President Cliff then gave some necessary and useful instruction unto those who had been ordained and also to the Saints. An excellent spirit prevailed throughout the Conference, and the Saints enjoyed themselves very much, feeling built up in their most holy faith.

MILSON R. PRATT, Clerk.

## CORRESPONDENCE.

**GOOD SHIP CONSTITUTION.**

**Captain Right Commanding.**

October 12th, 1885.

*Editor Deseret News:*

I send you some of the cogitations of my mind as I voyage.

When the Lord created and set in order the solar system He placed the sun in the centre, to be the fountain and centre of attraction for all the planets revolving around it, all of which receive their light and heat from the great central orb, which is many thousand times larger than all the planets combined.

By contrast, I have been considering another system created and set in order by wise (?) men in our day. I allude to the judiciary system for the overthrow and destruction of the religion of the Latter-day Saints in Utah. The framers and builders placed the little, insignificant act of Congress known as the Edmunds law in the centre, and created out of nothing a large number of huge planets exceeding Jupiter in magnitude, with many moons each, they named them constructions; and they revolve around the little orb in the centre, which, unlike the sun in the solar system is many thousand times smaller than the planets. Another difference is that the planets (constructions) give out all the light for the entire system; the center orb is a little twinkling star of the smallest magnitude in comparison. It makes the penalty for cohabiting with more than one wife only $300 fine and six months imprisonment, while the great planets (constructions) make it $387,500, one and 646 years imprisonment.

I would naturally suppose that the makers of the little star in the center of the system, when they behold these huge planets will feel that they are left far in the rear.

I once heard of a dog that had a monster tail—so large that he could not wag it, and the tail had to wag the dog.

I have also heard it said that when the Lord made men the Devil was much delighted to see such a beautiful piece of work, and knowing himself to be very ingenious and smart, he concluded to make a man also. He went to work, and produced the gorilla, a huge creature with ten times the physial strength of man but entirel, destitute of intelligence.

PASSENGER.

## TO THE CITIZENS OF UTAH.

The undersigned commissioner for Utah to the North, South and Central American Exposition, to open at New Orleans on the 10th day of November next, being desirous of exhibiting samples of:

I.—Agriculture.
II.—Horticulture.
III.—Raw and manufactured products, ores, minerals and woods.
IV.—Furniture and accessories.
V.—Textile fabrics, clothing and accessories.
VI.—The industrial arts.
VII.—Alimentary products.
VIII.—Education and Instruction.
IX.—Works of Art.

And being desirous of displaying an exhibit not to be excelled by any Territory in the Union, I invite the citizens of Utah to forward samples of the above products, at as early a day as possible, by express or otherwise, to the undersigned not later than the 20th inst, and advise me of the shipment.

P. E. CONNOR, Commissioner for Utah.

Salt Lake City, —— day of October, 1885.

**Old Biliousness**

Was a bothersome person, always quarrelsome and angry. He always misunderstood everybody, and said everybody misunderstood him. Brown's Iron Bitters made direct war on Old Biliousness, and told him that he "must go." The revolution was complete. From Florence, Georgia, Dr. W. B. Prather writes: "Brown's Iron Bitters has given satisfaction in every instance I have known it used."

**REMOVAL.**

Young Bros., Agents Domestic Sewing Machine and Music Dealers, have removed opposite their old stand to No. 38 Constitution Building, Main St. Salt Lake City.

**If You Want**

Furniture and Upholstery, Good, Stylish and Cheap, go to SORENSEN & CARLQUIST'S.

Many forget that the hair and scalp need cleansing as well as the hands and feet. Extensive use of Ayer's Hair Vigor has proven that it is the best cleansing agent for the hair—that it prevents as well as removes dandruff, cools and soothes the scalp, and stimulates the hair to renewed growth and beauty.

FRIENDS (so-called) often fail to respond: money takes wings — Peruvian Bitters stay by you and make life worth living!

**For Bureaus,**

Go to SORENSEN & CARLQUIST'S.

**STOP THAT COUGH.**

By using Dr. Frazier's Throat and Lung Balsam—the only sure cure for Coughs, Colds, Hoarseness and Sore Throat, and all diseases of the throat and lungs. Do not neglect a cough. It may prove fatal. Scores and hundreds of grateful people owe their lives to Dr. Frazier's Throat and Lung Balsam, and no family will ever be without it after once using it, and discovering its marvelous power. It is put up in large family bottles and sold for the small price of 75 cents per bottle. For sale by Z. C. M. I. Drug Dept.

HENRY WAGNER, SALT LAKE CITY, CALIFORNIA BREWERY, LAGER BEER ALE and PORTER, WHOLESALE AND RETAIL. Second South Street, Three Doors East from Main Street. d141

JUST ARRIVED! ONE MORE CAR load of FULL BLOODED AMERICAN MERINO RAMS, at the Dexter Stables. Come and see them. Don't delay until too late. CHAS. CRANE, Cliff House. d & stf

DIPHTHERIA. JUST RECEIVED A FRESH SUPPLY OF ROBERTS' HESPERIAN TONIC! A Certain Cure for that fatal scourge, DIPHTHERIA. FOR SALE, WHOLESALE AND RETAIL, BY A. C. SMITH & CO., DRUGGISTS, CORNER MAIN & SECOND SOUTH STS., S.L. CITY. d 261

ANOTHER SHIPMENT — OF — CHOICE CANNED HALIBUT, JUST ARRIVED — AND — FOR SALE CHEAP, — AT — G. F. BROOKS'. TELEPHONE 340.

Ayer's Cherry Pectoral. Possesses the greatest possible power to heal and control affections of the throat and lungs, with absolute safety for children or adults. The experience of years has proven it to be of inestimable value as a household medicine, and for professional use. Thousands of physicians and families testify to its great worth. Jas. E. Moling, Hilliard, Ohio, writes: "I have used Ayer's Cherry Pectoral in my family for twelve years, and have found that, as a remedy for Coughs, Colds, or Sore Throats, it

Is Unequaled.

J. I. Miller, editor of the "Lutheran Home," Luray, Va., writes: "I advertise nothing that I do not know to be good. I was saved from the grave, I am sure, by the use of Ayer's Cherry Pectoral, and have recommended it to others with the happiest results." L. J. Addison, M. D., Chicago, Ill., writes: "I have never found, in thirty-five years of continuous study and practice in medicine, any preparation of so great value as Ayer's Cherry Pectoral, for treatment of diseases of the throat and lungs; and I constantly recommend it to my patients. It not only breaks up colds and cures severe coughs, but is effective in relieving the most serious bronchial and pulmonary affections."

John J. Uhlman, Brooklyn, N.S., writes: "Twelve years ago, I was afflicted with a severe bronchial trouble, pronounced by a skilful physician to be very dangerous, and liable to terminate in Pneumonia. After using one bottle of Ayer's Cherry Pectoral, I found great relief, and an occasional use of it since that time has, I think, extended my life ten years at least." Mrs. V. M. Theband, Montreal, Canada, writes: "Last spring my daughter was attacked by membraneous croup, or diphtheria. The doctor prescribed Ayer's Cherry Pectoral, which cured her of the diphtheria. Being still very weak and sick, she began taking Ayer's Sarsaparilla, which restored her to vigorous health."

Ayer's Cherry Pectoral, PREPARED BY Dr. J. C. Ayer & Co., (Analytical Chemists), Lowell, Mass. For sale by all Druggists.

E. G. MATTHEWS, REAL ESTATE AGENT, 44 W. SECOND SOUTH STREET.
