

TALK OF THE TOWN.

Fine and sunny once more. Attend your Sabbath meetings. Ogden's election will take place on Monday. The minstrels had another big house last night. The Yacht Club hall last evening was a big success. Sullivan's "Mirror of Ireland" at the Theatre on Monday evening. Home missionaries will attend the city ward meetings to-morrow night. Bets are being made that Keyser, the cattle fancier, will get off clear, or the non-Mormon jury hang fire. One more liquor case disposed of to-day by the court, the police court. Discharged for lack of evidence. The trial of Fred Hoyt, alias Watson, for the murder of John F. Turner, will take place on Wednesday next. The minstrel matinee was attended by an unusual and enthusiastic audience. Closing performance to-night when the Big 4 will appear. It looks rather bad for the defendant in a grand larceny case when his attorney has to demand a Gentile jury before he can safely proceed to trial. The Fourth Quorum of Elders will meet in the Fourth Ward Meeting-house on Monday evening at 7 o'clock. A full attendance is especially requested. The funeral services over the remains of the late Minnie Grenz, will take place at the family residence east of the City Hall to-morrow, at 10:30 a.m. Mr. Daniel Gamble would like to hear from the party who, about 15 years ago, borrowed a fine book from him, entitled "The Drama of the Earth." Mr. Gamble can be found in the City Hall. The Horsley Dramatic Combination is returning to Salt Lake, after a successful tour through Southern Utah. Their return is said to be caused by very bad roads, and the punier strike at Silver Reef. The examination of David Jenkins, for the shooting of John Borlace, at Sandy, which was being resumed to-day before U. S. Commissioner Sprague, has been postponed for another week. Henry Keyser, the defendant in the cattle stealing case, now pending in the District Court, is said to be a Dutch Jew. Yet there are Jews on the jury. How about "Gimpel's" in a Jersey of this kind? Remember the Sixth Ward Choir party on Monday night. Besides having a first-class time, those who attend will have the satisfaction of knowing they help in a laudable object. Post Office for valentines. Says the Junction: A party received, to-day, a load of Rock Spring coal with 150 lbs. over-charge. The party who claims to have last week, that amount shortage in weight, can call and receive the same at Dooley's Block. From a gentleman just returned from Eagle Rock the *Leader* learns that work on the railroad shops there is booming. It is claimed that before April 1st they will be so far completed as to admit of the setting up of machinery, and that by that date, a force of 200 men will be employed in them. Machinery for the shops passes through Logan frequently. At the former trial of Henry Keyser, when the defendant was convicted of the larceny for which he is now having another investigation, Judge Van Zile, who conducted the prosecution, in an eloquent speech, declared that he had found the "keystone of the arch" of cattle and horse thievery, and intended it should be pulled out that the arch might fall. The question now is: Will the "arch" fall? Milford has two ancient relics in the shape of a watch over 114 years old, and a chair from the Isle of Man, one of the first ever brought over to this Territory. The watch is owned by F. W. Connor, and successfully passed through a house-burning at Beaver, some time ago; the chair is the property of A. T. Martin, and the *Standard* is of the opinion that it is sent to the Historical Society of this city. Better put it in the Deseret Museum.

LOCAL AND OTHER MATTERS.

Sunday Services.—The Sabbath Services of the Church of Jesus Christ of Latter-day Saints, will be as follows: Sunday Schools at 10 a.m.; general meeting in the Assembly Hall at 2 p.m.; Ward meetings in the evening as usual. Home missionaries will visit the city wards to-morrow night. The Keyser Case.—A Gentile jury in the Keyser case has been empanelled and the trial is now proceeding. Nothing new is adduced in evidence. The witnesses are catechised principally from the evidence taken down at the former trial. The present one is nothing different from the other, excepting that it has a non-Mormon jury. It will probably be finished up on Monday. The Minstrels.—The "Big 4" Minstrels were greeted by another large house last evening. The performance, which was the programme of the preceding night with several changes made, was about on a par with the other, as an entirety, and as well appreciated. This evening, an entire change of bill is announced, and will close the engagement of the company. They are on their way to California, to play under the Manager, C. E. Locke. Alexander and Buechthal.—A small boy with a basket of meat, riding on a bare-backed horse, was proceeding down the street west of this office, about noon to-day, when the handle of the basket, which he carried in his hand, broke at one side and let the load dangle about the horse's flank. The boy steered immediately to buck, and the contents of the basket were soon scattered to the four winds of heaven. The young rider, in order to save himself, let go the handle, and the next moment all that was left of the depleted meat holder found a soft resting place in the deep mud in the middle of the road. No lives were lost, but the street, for a rod or two around, somewhat resembled a newly fought battle-field, awaiting the coming of the vultures.

Missionary Experience.—Elder Benjamin Isaac, whose address is P. O. Box 102, Hyde Park, Lachawanna County, Pennsylvania, has been called to his brother, John P. Isaac, of this city, under date of the 1st inst. He is at present laboring courageously with Elder John H. Williams, in Carbon County, in a district never before visited by Mormon missionaries, and made it much easier to get a hearing there, than in other places where the gospel has been preached for many years. Considerable excitement, he says, has been caused by their preaching. Many people are delighted with the doctrines they teach; seven persons were recently baptized, and a branch of the Church organized, with fair prospects for other conversions. Brother Isaac states that a few days previous to writing, a young woman, daughter of the Rev. John E. Jones, Pastor of the Welsh Congregational Church, came to the house where he (the Elder) was staying, and tried to induce a young lady of the house to make a bowl of soup and put poison in it for him to partake of. Nothing came of it, and though several people endeavored to persuade him his life was in danger there and to leave and take up his residence with them, he remained at the house, having all confidence in the honor of his inmates. Some time previous to this, the brethren paid a visit to the Alms House and Asylum of Schuykill Haven, and were courteously shown through the institution. One of the patients there was a man 103 years of age, who had not arisen from his bed for 21 years. Connected with the establishment was Dr. Benjamin Becker, an elder of the Church of Jesus Christ of Latter-day Saints, a man over 90 years old. He has been a "Mormon" many years, is still in full faith, and expresses his intention of ultimately moving to Utah. Quite a number of Saints have emigrated from that region during the last year, and numbers more are preparing to do likewise next summer. Persons having friends in that locality can communicate with Elder Isaac, at the address given above, and learn matters concerning them if they choose. A Big Enterprise.—The editor of the *Logan Leader*, in the last issue of that paper, describes a recent visit to the works of the Logan, Hyde Park and Smithfield canal now in course of construction. After driving to the point where the canal emerges from the mouth of the canyon, and takes a bend to the north across the level bench land, closely skirting the foot of the mountains, the describer says: "We followed the line of the canal as it entered the canyon, and found ourselves on a steep, rugged, jagged mountain side, some 300 feet above the bottom of the canyon, the very last place on earth, one would suppose, to think of running a canal. The mountain here takes a half mile bend, almost a semi-circle, is very steep, and seems to consist of solid limestone. All along its sides, are jagged points and precipices, and the canal is being constructed in the side of this natural wall, for such it may be termed. For a mile and a half the line of the canal is marked along the face of the mountain, from the point where the Logan River is tapped to the point where the canal emerges on to the level plain. For the greater portion of this distance, the canal will have to be constructed by blasting the rock. The work is now fully under way, and vigorous efforts are being made to complete it by the time the irrigation season shall commence. To accomplish this there is great need of promptness and energy on the part of all who have taken contracts, or who expect to pay for water rights by working on the canal. The capital stock of the company is \$50,000, \$20,000 of which will, it is expected, be expended on that portion in the canyon. Col. Ricks is superintendent of construction, and he is anxious to see a large force of men at work from now till the canal is finished. About 75 are now at work, but twice that many are wanted."

A Bad Blow.—The *Standard* of the 9th inst. has this: "Yesterday the children of Milford met at Malloy's hall for the purpose of having an exhibition, and recitations were the order of the day; but only for awhile, as two boys got into an altercation and one received a severe stroke over the head with a 'slung shot.' It seems that these two boys had on diverse occasions quarreled and had also exchanged blows, but this time they were fighting for 'blood,' as it is termed. The boy had prepared this slugging, and when he met, dealt the other a terrible blow, cutting his head open to the skull for at least three inches long. The boy had his wound sewed up by Dr. Bailey, and is at present doing finely, but it will be a call for him, as the blow dealt a little higher on the head would have killed him. We withhold their names by request, but would say that it is time that such a boy as would commit this crime were in a reform school, or when he grows older the 'pen' will catch him sure."

That Misunderstanding.—Mr. E. H. Murphy authorizes the *Herald* to say that last evening's News was incorrect in stating that he "cried out" the remark which Justice Pyper took as an intimation, in the Court Room yesterday. Perhaps it was not quite exact to so state, although we must have misunderstood our informant if it was not the case, and if Mr. Murphy had complained to the News, he would have found us just as willing as our morning contemporary to have been made the medium of the correction. As to the intent of his remark, whether disrespectful or not, we made no assertion. We merely stated Justice Pyper's opinion of the matter.

The Coming Readings.—The Hamill-Dwyer Readings, at the Theatre, one week from tonight, continues to be much talked about. The full programme will be found in another column. In the one published last evening were several omissions, which, strange to say, were also made by the *Herald*, this morning. With this exception our contemporary's notice was strikingly correct. It is the design of the publishers to repeat the entertainment in Ogden on the 23d inst., providing suitable arrangements can be made.

Choir Party.—A pressing invitation to attend the annual social reunion of the *Albany Ward Choir* has been left on our table. The *Choir* takes place Thursday evening next, in the Ward Assembly Rooms. Full quadrille band, a good program, well known ladies and gentlemen on committees, and unsurpassed floor managers are facts which may be based the prediction that a good time will be enjoyed. Newly admitted, who have not invitations.

SPECIAL BUSINESS NOTICES.

OBSTRUCTING THE SIDEWALKS.—While passing the *Standard* establishment to-day, we found the street rather crowded with *Wheeled* carriages, and made bold to inquire if they intended to start a repository on the street, but were informed that these wagons and carriages were sold and run out for delivery to-day, and furthermore that the fine Concord Jacobs wagon belonged to Mr. John Henry Smith; the side spar buggy to Mr. E. Taylor, of the News; the fine delivery wagon to Messrs. Day & Co., grocers, Main St.; the Albany well-side cotter to Jno. Clark, past supt. Co., and the 21 freight wagon to Smith & Co., teamsters. With over 300 vehicles of 75 different styles to pick from, it is not surprising that our leading citizens can find something to suit them in this repository of fine work, no difference how fastidious their tastes.

NOTICE.

Big Cottonwood Ward, Salt Lake County, December 27, 1886. Dr. E. L. Plant: Dear Sir—For upwards of 4 years I have suffered with an affection of the spine and pleurisy, and was hardly able to walk. I had tried a doctor in S. L. City, who had not benefited me in the least. I took your herbal medicines as you directed, and used them, and am now entirely cured and able to attend to my work. I thank you and my God for the good I have received from nature's remedies, and I am willing to concede to any one who doubts this, this certificate, and I remain, forever, Yours truly, JOHN NIELSON.

ORGANS.

Having secured the agency of the celebrated *Standard Organ* we would solicit the attention of the musical public to these instruments. There are over 300,000 of them now in use in various parts of the Union. They have stood the test for the last 30 years, and are acknowledged to be unsurpassed. We have also secured the agency of the "House of Domestic," a Royal-See-John, and "Victor" sewing machines. Call and see us before purchasing. Yours truly, ROYAL B. YOUNG, JOS. O. YOUNG, 23 South of C. C. M. E.

IT IS TRULY WONDERFUL.

TO SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known CHICAGO & NORTHWESTERN RAILWAY.

You are landed by the Union Pacific R. R. in the Union Depot at Council Bluffs, where stands the C. & N. W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking, Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rails through thriving cities and villages, scarcely discovers the high rate of speed at which he is riding. Train of this road are always on time, connections sure, and its passengers seeking pleasure, comfort, safety and ease in traveling, will find the "North Western" in excess of all other routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Road, and WILL MAKE NO OTHER.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1878 I was taken with a violent BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone that I thought I would go to the other side. I went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALM FOR THE LUNGS. I bought a bottle, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and great joy, I commenced to feel better. My hopes, once again, began to revive, and to-day I feel in better spirits than I have for the past three years. I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALM FOR THE LUNGS. I have taken two bottles and can positively say it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists."

Premature Loss of the Hair.

May be entirely prevented by the Use of Burnett's Cocoa. Housekeepers should insist upon obtaining Burnett's Flavoring Extracts, they are the best.

BY UNIVERSAL ACCORD.

AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and are recommended by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative pill that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, safe, and effective, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent, and cure, if they occur. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required.
