Eastern And Western Coaches Claim Championship in Advance.-

Every one of the big easiern universi-ties is cock sure of winning the tootball enampionanip for 1997, says an exchange-raie, Harvard, Princeton, Cornell and Pennsylvania. Each have the pennant sarely tucked away, according to advices from New Haven, Cambridge, Princeton, lithaca and Philadelphia. While the Carlisie Indians, the West Pointers and Annapolitans are sure they nave a lookin. All which goes to show that the seasion of 1967 wile be one long

appointment of all officials will be in the hands of the central board of officials. Tale was the hast to give assent to this proposal, but at last it has consented. An evidence of the determination on the part of all the colleges to put out their strongest teams is the fact that the stars of previous years have nearly all been called on to do their share and have recoorded. There never has hear a season There never has been

plained on a free program to the onlook ers. It will be a week or two before the final lineup of the big teams will have been decided upon, and in the mean-time the changes are too kaleldoscopic to follow. It may be said, however, that not one of the teams but has good ma-terial and to spare for every position on th. GAME WITH LOGAN.

The Salt Lake lingh School foutball cam is scheduled to play against the Ag-ries at Logan tometrow and the boys wearing the real and black are confident if giving the Loganities a hard fight. W. McCredle, Judge McCredle says J. Carl Ewing, Danny Long, Henry Berry and himsesif will go. The Pacific Coast league has been content to send one representative east here offere, but the danger is so imminent that the whole executive force of the organization will go back. When the coast league turned from out, which means that the majors are the only ones who can draft from R, and that the two creates the subtrand point and Pat Powers want to get as and Pat Powers want to get as and Pat Powers want to get as and leaving the coast as agreed. To have a class A league is supported that as the Western each of the is supported that an environment to get a readily admitted that the Western is a legitimete kick against it ranking. That the Pacific Coast Imague delegation

Its circuit and approx-mate population are as follows: Omaina-botos: Denver, 166,000; Pueblo, 36,000; Lincoin, 20,000; Sioux City, 35,000; Des Moines, 75,002. The Pacific Coast league is making no kick on the Western league, out it sees there is a chance there for the American association to complain. The coast, with only its present four bound, 20,000; San Francisco, 400,000; Oukland, 200,000, and Los Angeles 200,000. Thus leaves 100,000 to spare. The coast magnates will stand for that rating of population and are prepared to launch a new principle in classification. It will be their contention that for a circuit of eight clube to have 1,000,000 to become class A is all right. That is an average 155,000 people each the fans are entitled to class & heil. Under such an interpretation the coast is entitled to class A hall twice over. Judge McCredie will propose at the
