STOESSEL WILL NOT SURRENDER.

Summons of Japanese to Render
Up Port Arthur is
Refused.

NON-COMBATANTS WILL REMAIN

Offer to Allow Them to Remove is
Promptly Declined by the
Russians.

ATTACK TO BE RESUMED AT ONCE

It Now Enters Upon Its Final Stage—
War Office Would Have Been Amazed
Had Stoessel Acted Differently.

Tokio, Aug. 18, noon.—Lieut.-Gen.
Stoessel, in command at Port Arthur, has
refused to surrender and has declined
the offer made by the Japanese for the
removal of non-combatants there. Reasons
for this latter action are not given,
but it is probable that the non-combatants
are unwilling to accept a favor
at the hands of the Japanese. They
fear, however, that necessity for their
removal exists.

It is said that the Japanese attack
will be resumed immediately; it now
enters upon its final stage.

STOESSEL'S ACTION APPROVED.
St. Petersburg, Aug. 18, 12:20 p. m.—
The report that Gen. Stoessel, the Russian
commander at Port Arthur, declined
to capitulate in response to the
Japanese summons creates no surprise.
The war office would have been amazed
if he had yielded.

JAPANESE REQUEST REFUSED.
London, Aug. 18.—A dispatch to the
Japanese legation from Tokyo announced
that a reply was received from the
commander of the Russian forces at
Port Arthur yesterday, refusing either
to surrender to the besieging force of
Japanese or to send out the non-combatants.

REFUGEES FROM PORT ARTHUR.

Cherof, Aug. 18, 7:30 p. m.—Russians
and Chinese who left Port Arthur last
night and arrived here today, declare
that Lieut.-Gen. Stoessel, in command
at Port Arthur, refused to surrender
to the Japanese and that the Russians
began firing again at the time set for
replying to the Japanese demand.
They confirm also previous reports
that there are seven Russian ships in
Port Arthur harbor. In addition to
the Russian fleet, the time set for
replying to the Japanese demand was
2:00 p. m. before Port Arthur during
the last 10 days.

RUSSIA IS CALLING OUT HER RESERVES.

St. Petersburg, Aug. 18.—Grand
Duke Cyril has returned here from
Coburg. He will accompany Vice-
Admiral Rozhdestvensky, commander of
the Baltic fleet, to the far east.
Vice-Admiral Rozhdestvensky today
announced his flag and staff appointments.
Capt. Clapier Decolings is made
chief of staff.

The demand for naval officers is so
pressing that all the officers detailed
for duty at the naval college have been
ordered on active service and the college
has been closed.
The mobilization of the reserve
troops in five of the seven districts of
the province of St. Petersburg has been
completed and the mobilization of
these of the Russian capital itself is
expected to be announced in a few
days.

Probably 50,000 men will be taken
out of the population and called to the
colors. Many factory and mill hands
will be included, but the effect industrially
will be lessened because most
of the manufacturers were already run-
nings on short time.

CHINA AND JAPAN.

Not Impossible That There May
Be a Rupture Between Them.

Berlin, Aug. 18.—The foreign office,
taking notice of the possible rupture
between China and Japan in connection
with the repairs to Russian war-
ships at Shanghai, expresses the view
that Japan may send a small warship
into the harbor to ascertain whether
the disarmament of the Russian ships
is secured. But the officials here do
not believe that the matter has reached
a critical stage, or that a serious
situation will result. The German view,
naturally, is that China should take
the same course toward the Russian vessels.

RUSSIA WILL MEET AMERICAN VIEWS ABOUT CONTRABAND

St. Petersburg, Aug. 18 (4:53 p. m.).—It becomes more and more
probable that Russia will meet
the views of the United States
and Great Britain regarding food-
stuffs bound to a belligerent's
unblockaded port and consigned
to private firms or individuals,
when the ship's papers leave no
room for suspicion, be not re-
garded as contraband. The subject
is now under consideration. The
emperor's government appears
to be desirous of adjusting
the question of the flour on board
the Arabia, confiscated by the
Vladivostok prize court, but it is
pointed out that the decision of
the prize court makes it difficult
to adjust it diplomatically, and it
is suggested that the case should
be appealed to the admiralty
court here.

at Shanghai as Germany did toward
those which sought refuge at Tsing
Tau.

PARIS NOT SURPRISED.

Paris, Aug. 18.—The news that Japan
has practically sent an ultimatum to
China concerning the enforcement of
her neutrality in the case of the pro-
tected cruiser Askold and the torpedo
boat destroyer Grozovoi causes surprise
but no alarm, the impression prevail-
ing that China will be only too willing
to carry out her neutrality obligations,
especially when such a course favors
Japan. Well informed circles consider
that China's refusal to comply with
the Japanese demands is most prob-
able, unless under strong pressure by
foreign consuls, but it is not denied
that China's refusal, followed by
violent action on Japan's part, would
entail serious complications.

JAPAN WILL NOT GIVE UP THE RYESHITELNI.

London, Aug. 18.—Japan has official-
ly notified Great Britain that she does
not propose to give up the Russian tor-
pedo boat destroyer Ryeshitelni, cap-
tured in the harbor of Cherof, Aug. 12.

Big Fire in Chicago.

Chicago, Aug. 18.—Fire in the plant of
the Tullith Spring company at Clinton
and Beaver streets has caused a loss of
\$50,000 on the building and contents.

Died From Using Tobacco.

Chicago, Aug. 18.—Isaac Miers of
Neponset, Ill., is dead at the age of
104 years. He had used tobacco since
he was 12 years old.

Matrimonial Institutions Library

Chicago, Aug. 18.—A library of 1,700
volumes on "matrimonial institutions"
has been donated to the University of
Chicago. Prof. George Elliot Howard,
lecturer of the university and formerly
a professor of history at the Leland
Stanford, Jr., university is the donor.
The library is said to be the largest
in the world on the subject of marriage,
divorce and the family.

National Business League.

Chicago, Aug. 18.—The National Busi-
ness League is pushing its movement
to amend the federal Constitution so as
to lengthen the presidential term to
six years and making the president in-
eligible for reelection. The league
urged by the league for the change is
the constant danger of business de-
pression following the presidential elec-
tion.

Indorsements of the plan have been
received from business men and orga-
nizations throughout the country. Among
those so favoring the plan are the
Natchez (Miss.) Cotton and Merchants'
exchange, the Portland Ore. cham-
ber of commerce, Gov. A. J. Montague
of Virginia and Gov. John A. McCullough
of Vermont.

MRS. M. E. FULLER DEAD.

Wife of Chief Justice Dies Sud-
denly at Sorrento, Maine.

Sorrento, Maine, Aug. 18.—Mrs. Mary
E. Fuller, wife of Chief Justice Fuller,
of the United States supreme court,
died here suddenly yesterday afternoon.
Mrs. Fuller was the daughter of Wil-
liam F. and Jane Brown Coolbaugh,
and was born in Burlington, Iowa, Aug.
13, 1845. She is survived by her hus-
band and seven daughters and one son.
The death of Mrs. Fuller occurred
while she was sitting on the piazza of
her summer cottage, "Mainstay," at
Sorrento. Death was caused by heart
disease.

Arrangements were made for a fun-
eral service this afternoon at the Sor-
rento chapel. Right Rev. A. MacKay-
Kaye, bishop of the diocese of Portland,
former of Washington, D. C., will officiate.
The body will be interred at Chicago.

HEAVY CASUALTIES.

Every Officer on the Russia and
Gromobol Killed or Wounded.

St. Petersburg, Aug. 18, 6:05 p. m.—
A later official dispatch from Vladiv-
ostok shows that every officer on the Rus-
sia and Gromobol was either killed or
wounded. Rear Admiral Jensen nar-
rowly escaped the fate of Admiral
Witholt. He was standing on the
bridge of the Russia when it was
struck by a shell. The two Russian
cruisers were literally riddled, their
guns and engines being partially dis-
mantled. The escape of the Russian
vessels was a miracle. Kanamura's
four armored cruisers is regarded as a
wonderful piece of luck. It is pre-
sumed that the pursuers of the Russian
ships did not dare go far north, fear-
ing that some of the vessels of the
Port Arthur squadron would break
through the straits of Korea.

785 Ballots, No Choice.

St. Joseph, Mo., Aug. 18.—At the con-
clusion of the 785th ballot for congress-
man without change, the Fourth dis-
trict Democratic convention, which has
been in deadlock since July 25, took a
recess. Coehran, Williams and Root
are still the only names before the con-
vention.

PRINCE OBELINSKY.

Assumes His Functions as Gov-
ernor-General of Finland.

Helsingfors, Aug. 18.—Prince Obelin-
sky today assumed his functions as
governor-general of Finland. Upon his
arrival here he was driven to the Uspen-
sky cathedral, where he attended
divine service. Subsequently the gov-
ernor will start at once on a tour of
inspection of the grand duchy.

Prince John Obelinsky, formerly
governor of Kherson, and later of
Kharoff, was appointed July 4 last to
succeed as governor-general of Fin-
land, Gen. Bobrikoff, who was shot
June 6 of the present year by a student,
Eugene Schumann, who is now in
St. Petersburg. Gen. Bobrikoff died
the following day.
According to a dispatch to the Asso-
ciated Press Aug. 5, Prince Obelin-
sky, wife of the governor-general, is
said to have received many threaten-
ing letters stating that her husband
would be killed within a week after his
arrival in Finland.

NEW RUSSIAN LOAN.

For \$30,000,000 in Form of State
Rente Notes.

St. Petersburg, Aug. 18.—Referring to
the issue of a new loan in the form of
state rente notes, amounting to \$30,000,000,
the realization of which, it says, is al-
ready provided for, the Official Messen-
ger points out that the official return
issued May 13 showed that \$30,000,000
was available for military purposes at
the beginning of the war. Up to Aug. 10
the military expenditure had absorbed
only \$18,725,000, and therefore the money
taken up by France is not yet touched.
The Official Messenger adds that the
new issue is explained by the fact that
in time of war the punctual replenishment

Senator Smoot and His Political Position.

Makes Plain and Emphatic Denial That He is Acting as "Dictator" or "Boss"—Pointed
Query as to Silence of Senior Senator—Has a Favorite for
Governor and Wants to Know Why Not.

Provo City, Aug. 17.—To the Editor:
I believe that my duty to the public
requires me to speak at this time on
a subject that is receiving much at-
tention. From personal choice, I would
prefer to remain quiet, and ignore the
volumes of gross misrepresentation ut-
tered against me by a certain class of
the press of this state, but my duty to
the people must be given preference.
The people should know the truth, that
they may form their judgment thereon.
All through my life I have sought to
be open and candid, and to have my
actions recorded above board.

A general election is approaching in
this state. Certain newspapers and
individuals are charging that I am put-
ting myself up as a boss, a political
dictator; that I want to be "the whole
thing;" that I am trying to dictate
the personnel of the whole state ticket,
from the governor down. These papers
and these individuals know well that
their charges are false, but they con-
tinue their methods just the same. Why
do they persist in the falsehoods, if
not to divert attention from their own
course? They say I ought to have no

preference for an office—that the sen-
ator from this state has none, but
is perfectly dumb on the ques-
tion. Dumb, indeed! Are his personal
organs and representatives dumb? It
is a fact that every man of prominence
who ventures to have a preference for
a candidate not approved by them is
held up to unmitigated ridicule, mis-
representation and abuse. Who is it
that by these methods, seeks to be the
absolute dictator of all? Let the people
stop and consider. There is no doubt
in my mind as to the reply of all
thinking men. The people may be
fooled for a time by the clatter of
misstatement and false accusation, but
when they get down to calm judgment
they will discover the real situation.
They will see with the clearness of the
midday light that I am not making a
single effort in the line of political
intrigue. The charge is wholly, abso-
lutely untrue.

Have I a preference as to who should
be the next governor of this state?
Certainly, and I have not been afraid
to let the public know it, in a frank
and explicit manner. It is the common
right of every American citizen to have
and to express that preference. Will
any man or newspaper attempt to de-
prive me or any other citizen of that
right? I have been in the open in any
preference I may have. I have neither

drawn out nor put in candidates for
governor, notwithstanding the false ac-
cusations to the contrary that have been
repeated so often.

I am also accused of refusing to sup-
port the present governor for renomina-
tion because he opposed me for the sen-
ate. That charge also is false. It is
true that the present governor is not
my choice, principally because of the
third term.

Rational in executive offices has made
it possible for us to look back in his-
tory at the records of numerous great
presidents and governors. We have
had a good governor who has held office
for nine years. Is not that long
enough? I believe in making it pos-
sible for our children and our children's
children, and even some of us who have
not reached the allotted age of a man,
to say that while our state had not
a good governor, it also had other great
and good Republican governors.
I have stated my position briefly, and
I hope, clearly. As to the misrepresen-
tations against me, I ask the public
to consider the whole situation in
calmness. I have no fears of their
fairness. It is up to the good people
of this state to pass on this matter,
and I am not uneasy as to the verdict of
my fellow citizens, if only the facts can
be got before them.

(Signed.) REED SMOOT.

of each on hand is especially important
and rente notes are a popular form of
security, enjoying a wide circulation and
not being liable to fluctuations.

ASUNCION BOMBARDED.

The Sajono and Villarica Fired
On Town for Twenty Minutes.

Buenos Ayres, Aug. 18.—Dispatches
received here today from Paraguay, Ar-
gentina, confirm the reports that Asun-
cion, the capital of Paraguay, was bom-
barded yesterday by the insurgents.
The steamers Sajono and Villarica fired
on the city for 20 minutes after Asun-
cion, the capital of Paraguay, was bom-
barded yesterday by the insurgents.
The diplomatic corps intervened and
obtained an armistice of 24 hours to
permit the non-combatants to leave the
city.

Irish Leaders Coming.

Liverpool, Aug. 18.—John Redmond,
the Irish leader, and Patrick O'Brien
and Capt. Donnell, National mem-
bers of parliament, sailed for New York
today on the White Star liner Teutonic
to attend the convention of the Irish
league in New York Aug. 30 and 31.

National Tennis Tournament.

Newport, R. I., Aug. 18.—Ideal weather
favored the players today in the national
tennis tournament, and although the New
York Yacht club's races in the harbor di-
vided the interest of the summer colony,
yet the attendance was much larger
on yesterday. The leading match for the
day was between Kreigh Collins, the
western champion, and R. B. Little, who
was the runner-up in the western tourna-
ment this summer. In the challenge
match for title in this event Collins
won from Little after four sets. Another
match of considerable interest was that
between former champion William A.
Larned and the veteran player, Richard
Stevens.

Cunard Line is Silent.

London, Aug. 18.—The Cunard line of-
ficials persistently decline to furnish any
information regarding their latest cut in
eastbound rates. The White Star line in-
tends to be content at present with meet-
ing the attack by a corresponding cut in
second cabin rates. It is anticipated that
other lines in the American service will
meet the cut in eastward passages. The
Canadian lines, it is asserted, propose to
maintain the existing rates.

EX-SENATOR HENRY HEITFELD.

Nominee of the Democratic Party for Governor of Idaho.
Henry Heitfeld, who was nominated for Governor of Idaho by the Demo-
crats at the Lewiston convention, is a resident of Lewiston. He was born
in St. Louis, Missouri, January 12, 1859; received his early education in the
schools of that city; removed to Seneca, Kansas, at the age of 11 years, where
he continued to reside until 1881, in which year he emigrated to the State of
Washington; located in Idaho in 1881, where he has been engaged in farming
and stock raising ever since; was elected state senator in 1894 and re-elected
in 1896. This was the heyday of Populistic power and prestige in the Gen
State. By a political combination they controlled the legislature and sent
Mr. Heitfeld to the United States Senate. He was chosen January 28, 1897,
and took his seat in the following March. The ballot stood: Heitfeld 39,
Dubois 30, Nelson 1; Heitfeld got 13 Democratic votes and one Republican.
Dubois got 4 Democratic votes. Heitfeld's term expired March 3, 1903, and
he was succeeded by Welden Brinton Heyburn, Republican.

SEVEN HURT IN SAN PEDRO WRECK.

Lively Head-on Collision at Point
Nine Miles West of Cali-
ente Yesterday.

INJURED BROUGHT TO THE CITY

Those Hurt Jumped from Moving Train
Into Dry Water Course Beside
The Track.

There was a head-on collision at a
point about nine miles west of Cali-
ente at 4 p. m. yesterday with the re-
sult that seven men were injured to
the extent warranting them being
brought into Salt Lake and taken to
Holy Cross hospital.

The names of the injured are:
J. J. Tooley, conductor,
E. E. Heston, conductor,
D. R. Morrison, engineer,
H. R. Sibbey, brakeman,
A. W. Welch, brakeman,
D. M. Colbin, brakeman,
John Pierce, timekeeper.

All the men, with the exception pos-
sibly of Sibbey, who is suffering from
a broken rib, are reported to be badly
bruised and scratched up. It is antici-
pated, however, that they will be able
to resume their duties within a few
days.

It appears that a train was bringing
in an injured man to Caliente when
the other train going west was proceed-

ing under flagmen. On rounding the
curve both engines came in sight of
each other. Immediately all hands
jumped. To add to the confusion of
the moment there were quite a num-
ber of passengers on the westbound train
and they also dropped off on each other
like flies. At the point where the men
were hurt was a dry creek some nine
feet deep, and into this the crews went
heaving.

The next minute the engines came to-
gether with a crash and the first wreck
of any moment on the San Pedro went
on record.

The operation of work and other
trains west of Caliente is in the hands
of the construction department, and
until an investigation is held and a
report forthcoming, there will be no of-
ficial announcement as to who was to
blame.

The injured men were being exam-
ined for broken bones by the sur-
geons at Holy Cross hospital this after-
noon at press time.

GUNS OF U. S. NAVY.

All of Them to be Re-sighted With
Telescopic Sights.

Washington, Aug. 18.—In the bureau of
ordnance plans are being drawn for re-
sighting of all the guns in the navy. The
telescopic sights will be fitted with a new
telescopic sight, which will permit of a
thousand times the range of the old
sights. The cost for this work will be
large, but its immediate execution is
deemed imperative.

Tests are soon to be conducted with a
new range-finder and the ships of the bat-
tle fleet, so that they may be able to
range-finders of a design which has re-
cently been tested and found satisfactory.
Tests also have been ordered of a new
kind of shell known as "tracers" which
are used for night firing, and which are
illuminated so that they trace the course
of the projectile, enabling the gun
pointers to note the effect of the fire.

Army Nurses' Association.

Boston, Aug. 18.—Having elected their
president, the members of the National
Association of Army Nurses of the Civil
War, held their annual convention at
Smyrna, Pa. Mrs. Price of Lancaster, Pa., was
elected senior vice president.

ST. LOUIS MERCHANTS' BRIDGE

Sept. 28 Date Set for Hearing of
Interests Involved.

Washington, Aug. 18.—Secy. Taft has
fixed Sept. 28 as the date for hearing the
interests involved in the appeal of the
state of Missouri to have the United States
lake possession of the St. Louis
merchants' bridge.

Western Golf Championship.

Chicago, Aug. 18.—Chilly east winds
off Lake Michigan traversed the west-
ern golf championship links at the Ex-
mouth Country club today when the
players left in the morning prepared
for the struggle in the second round of
match play. Rain threatened but the
golfers expected that by nightfall the
championship field would have been
reduced to eight. Yesterday's defeat
of the title-holder, Walter E. Egan,
brought anxiety as well as comfort to
his conqueror, S. C. Spitzer, for a con-
tinuation of victories eventually would
bring Spitzer against Chandler Egan.

In the upper half for draw national
championship Louis N. James seems to
have a chance to become a finalist. To-
day he is struggling with D. E. Sawyer,
an exceedingly clever medal scorer.
Warren K. Wood had plenty of nerve
when he began his match with veteran
H. J. Tweedle, although the latter won
today by a 29 club and won from
C. C. Allen, of Kenosha, at the twenti-
eth hole. Fay Ingalls, Harvard cham-
pion, seemed the likely winner from J.
Van de Mark in today's play. Critics
were free in predictions that Ingalls
and Chandler Egan would be the pair
in their half of the semi-finals. If they
do go through to this stage and meet, it
will be a Harvard battle. Each is an
undergraduate at Cambridge and their
golf matches invariably have been in-
teresting affairs.

PANAMA CANAL.

Work of Constructing It About to
Begin in Earnest.

Washington, Aug. 18.—Work of con-
structing the Panama canal is about to
begin in earnest. At the headquarters of
the commission in this city large quan-
tities from the isthmus for dynamite and
powder for blasting purposes are being
received.

To meet the demand for the consid-
erable amount of printing required in con-
nection with the enterprise a full print-
ing outfit has been authorized and this
will go forward at the earliest possible
moment.

Danish Torpedo Boat Sunk.

Copenhagen, Aug. 17.—While the
Danish squadron was engaged in man-
euvering in the great belt today the
torpedo boat Haversten was sunk in
collision with the torpedo boat Stor-
en. The crew of the Haversten was re-
scued. The Stor- was only slightly in-
jured.

THE G. A. R.

It Elects Gen. Wilmon Blackmar
Commander-in-Chief.

Boston, Aug. 18.—With three avowed
candidates in the field the question of
selecting the next commander-in-chief
of the Grand Army of the Republic

was the absorbing issue when the dele-
gates re-assembled today in symphony
hall for the second day's session of the
national encampment convention. The
Massachusetts delegates went into the
convention confident that their own de-
partment commander, Gen. Wilmon
Blackmar, would easily be chosen. Col.
John C. Shotts and Col. Albert C. Bake-
well, both of the department of New
York, were the other candidates.

The election of officers was the first
business. Massachusetts presented the
name of Gen. Blackmar. The nomina-
tion was seconded by states. Corporal
James Patton of the New York de-
partment, had been chosen to present
the name of Col. Shotts, but instead of
making the nomination he said, that
because it was apparent that Gen.
Blackmar was the choice of the major-
ity of the encampment he had urged
Col. Shotts to withdraw. The name of
Col. Bakeswell was not presented.

On motion of Past Commander-in-
Chief, Wagner, of Pennsylvania, the
nomination of Gen. Blackmar was made
unanimous amid a tumultuous demon-
stration. Col. Shotts headed the com-
mittee which escorted Gen. Blackmar
to the platform and the new com-
mander-in-chief was loudly cheered.
Gen. Blackmar accepted the office in a
brief speech.

LOSS OF THE RURIK.

St. Petersburg Papers Allowed to
Print News of It.

St. Petersburg, Aug. 18 (12:15 p. m.).—
This morning for the first time, the
newspapers were allowed to print the
fact that the cruiser Rurik had been
sunk. The news was held back until
the government had received official
confirmation from Vladivostok. The
tone of the press comment is summed
up by a line in the Russ:
"The Rurik died a hero's death. That
is the only consolation we have."

LADES' G. A. R.

Present Mrs. Bellinda Bailey With
A Diamond Ring.

Boston, Aug. 18.—The presentation of a
diamond ring to Mrs. Bellinda Bailey of
San Francisco, national president of the
Ladies of the G. A. R., was the high-
light of the day's session of that organiza-
tion.

PORTE INCLINED TO DELAY

OVER AMERICAN SCHOOLS.

Constantinople, Aug. 18.—The Ameri-
can legation will acknowledge the re-
ceipt of the porte's note confirming its
undertaking to accord the same treat-
ment to American schools and kindred
institutions as is granted to the most
favored nation, subject to the usual de-
partmental formalities.

The verbal assurances given Minis-
ter Lelievre by Ismet Pasha, secre-
tary of the palace, the Nadib Melhame,
as its minister of public works, that
the list of American schools will be im-
mediately recognized, which Mr. Leish-
man subsequently embodied in a note to
the porte with the intention of ob-
taining the porte's official confirmation
are understood to have been disapprov-
ed at the palace, hence the porte's re-
sponse that it is inclined to delay.
It is in the case of France and the
other powers, the American list
must be submitted to the scrutiny of
the minister of public instruction and
the necessary permits of immediate re-
cognition. It will be officially recognized.
It is anticipated that objections will be
raised to some of the schools. The legation,
however, declares it is satisfied, but at
the same time pointing out the undel-
ay in the execution of the under-
taking would surely be followed by
fresh trouble.

It is understood that the \$25,000 com-
pensation due to an American citizen
at Smyrna for land illegally taken, has
been deposited in the Ottoman bank.

Anglo-Saxon Supremacy.

Orion, Mich., Aug. 18.—In an address
before the Michigan Baptist Assembly
the Rev. R. S. McArthur has presented
a novel interpretation of the Japanese
victory in the present crisis, and in
making an Anglo-Saxon supremacy.
In regard to the present war he said:
"If Japan wins it will mark the first
step toward Anglo-Saxon supremacy of
the world. Japan will lead China. Bri-
tain will lead Japan and America will
lead Britain. The rest of Europe
will follow easily. Look at decadent
Portugal, blighted, poverty-stricken,
Spain, unable to disintegrate and so on.
Put them all under the rule of two
Anglo-Saxon nations and the world will
be for civilization, peace and charit-
ty. The yellow peril is then the golden
opportunity for the world."

Edward Luckenbach Dead.

New York, Aug. 18.—Edward Lucken-
bach, probably the largest individual
tugboat and barge owner on the At-
lantic coast, died at his home in
Brooklyn. He was 60 years of age, and
lived as a canal boat man. Tugs of
the line he founded are largely engaged
in towing coal barges between New-
port News and Boston and New York.</
