neir Counsel Intimate That Issues involved May be Carried to Congress.

SISTER THINKS IT IS ROUGH.

Atty. Davis Says Investigation is a Mere Curtain Raiser-Mother Determined to Vindicate Son.

Washintgon, Aug. 18 .- With the publication today of Acting Secy. of the Navy Winthorp's approval of the findings of the court of inquiry that Lieut-James N. Sutton, Jr., of the United states marine corps, was "directly and solely responsible for his own death at annapolis, nearly two years ago," the amous Sutton case become a closed incident as far as the navy department is concerned.

Counsel for the Suttons infimated, however, that they were far from sat-isfied, and that they probably would take the issues involved to Congress with a view of having a full hearing of the case by a committee of that

body. Mrs. Sutton declined to discuss the result of the inquiry which she sought in an effort to clear her boy's name from the stigma of suicide. Acting Secy, Winthrop said that he had dis-solved the court and ordered that copies of the findings together with his observations be sent to Henry E. Davis, the attorney for Mrs. Setton and to Arthur A. Birney, Lieut Ad-

and to Arthur A. Birney, Lieut. Ad-ams' attorney. Too much time has lapsed since the incident, in the opinion of the navy. officials, to undertake any proceedings against the persons whose conduct in the case has heen made the subject the case has been made the subject in of criticism by the court. They, how-ever, will be informed in an official way of these criticisms which will both serve the purpose of an admonition to them and of presenting to them the view taken by the department of their

conduct. Although Mr. Winthrop, in his en-dorsement, speaks of the lax state of discipline existing at the marine school prior to and at the time of Sutton's death, he says conditions have im-proved; that splendid discipline pre-valls at this time, and that he is con-fident that the unfortunate situation previously existing will not again nervall.

MRS. PARKER'S COMMENT. "That is rather rough, isn't it?" said Mrs. Rose Sutton Parker, the sister

"But I cannot say that I can say prised." "Neither my mother nor I can say anything about the matter at this time," Mrs. Parker continued. Atty. Arthur A. Birney, who rep-resented Lieut Robert Adams, ex-pressed pleasure at the result. He said he did not see how the court could do otherwise.

otherwise. While they decline to discuss their plans, it is almost certain that Mrs. Sutton and Mrs. Parker will bend every effort to have Congress make an inves-tigation of the case. When shown the verdict of the court of inquiry, Mr. Henry E. Davis, at-torney for Mrs. Sutton, said: "The judge advocate's handling of the case is fittingly supplemented by the court's action which makes the in-quiry a mere curtain raiser to the main performance." Mr. Davis asked to be excused from making any statement as to the future

MOTHER DETERMINED. All I can say is," says Mrs. Sutton, "that there is still no question in my mind that my son did not commit sui-cide, and the decision had by no means halted me in my determination to vin-dicate him."

Judge Advocate Leonard Issued a statement in which he upheld the judge of the inquiry. He said that the find-ing had been conducted with great fair-

ness. Judge Advocate Leonard said: "I can only say that I accept the re-mark as a graceful tribute in the spirit in which I am sure it is offered. The finding of the court is so altogeth-er in keeping with the logical evidence adduced, that I conceive the remarks a very magnificent compliment. There may be some who could interpret Mr. Davis' remarks into a caustic comment on the court and the judge advocate and to them I saw with Disraell--it is much casier to be critical than cor-rect."

Arthur A. Birney, counsel for Lieut, George Adams, expressed his gratifi-cation over the decision that there was no foundation that Lieut. Adams will

no foundation that Lieut. Adams will sue Mrs. Sutton for damages. "I understand," said Mr. Birney, "that the Sutton people will not let the case drop. But I cannot see that they can do anything but stir up con-gressional fuss. There is no evidence on which to build a case and they will call utterly." fail utterly."

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause.
