LOCAL AND OTHER MATTERS.

THERMOMETER 70° in the shade at two o'clock to-day.
THEATRE.—The second performance of Little Em'ly, at the Theatre, last night, was as great a success as on the previous evening.

To-night the laughable extravaganzas of the "Sisters" will be repeated, with Mr. Chaplin as "Madame Fluto," Miss Walters as "Tartarine," Mr. Thorne as "Fluto," other characters by the company. This one of the most laughable extravaganzas ever presented here, and the company play it well. Miss Walters makes an excellent "Tartarine" and Mr. Chaplin is immense as the dandified, the Irish apple sower, and in other caricatures. In mounting the piece some very fine scenery is exhibited, the most beautiful being decidedly one of the most beautiful ever witnessed here.

INFORMATION WANTED.—Mrs. Ann Welsh, corner of 6th and 4th streets, Williamsburg, New York, would like to know the whereabouts of her son, James Welsh. He is supposed to be in Utah. His mother has not heard of him for thirteen years. She will be grateful for any information concerning him. Address as above.

GARDEN THIEVES.—There is considerable garden and orchard pilfering going on about this time. It is small business, but although many persons affect to think scarcely an offence to steal fruit or garden stuff, it is really as great a crime as to take tea, sugar, or dry goods out of a store. If these slight thieves were to get a slight pepping of duck shot on the posterior it might induce a more reflection and caution and a nicer discrimination of the legal and moral points of meum and tuum.

BEE.—Mr. James Cullimore writes from Pleasant Grove, September 5th, that, taught by experience, he agrees with Mr. Roberts that it is a good thing to shade the bee in hot weather, also to place the hive, a rod apart to avoid losing queens, but says that he (Mr. Cullimore) extracted his honey every two days, not waiting for it to be capped, and he had no ill effects, honey, but that the honey, as a general thing, was so thick that it would scarcely run out of the comb. He says that the person who will call at his house can see 1000 pounds of as nice extracted honey, both in flavor and quality, as they wish to see.

[Per Deseret Telegraph.]
Small-Pox at Payson.
Payson, Sept. 10th.—We have a case of small-pox, in a family lately from England. The patient is getting along finely. Every precaution has been taken to prevent the spread of the disease. The family have been removed from the town. There is no excitement.

CITY COUNCIL.—At the regular meeting of this body the ordinance relating to teams and vehicles standing on the streets was referred, for amendment, to the committee on municipal laws.

The Mayor, the quarantine physician and the superintendent of the city hospital and the asylum were appointed a committee for the purpose of locating a site for a new quarantine hospital.

CASE OF THROAT CUTTING.—We learn that on Saturday last, there was a big row among a number of miners in Little Cottonwood, in which the foreman of the Fl-g-staff mine received an ugly gash in the throat, supposed to have been done by a man named Barrett. The latter was arrested and an examination of the case commenced, on Monday, before Mr. Varney, Justice of the Peace in that District. Mr. Barrett appeared on the part of the prosecution and Mr. A. Hagan for the defendant. At the beginning of the examination a letter was received from the wounded man, which was read in open court, by Mr. Boatman, which appeared to have the effect of producing a desire in Mr. Hagan to have the proceedings laid over, but Mr. Hagan, however, made a motion that the examination be at once proceeded with, or that the defendant be dismissed. As the prosecution did not seem willing to proceed, the prisoner was discharged.

PIEDMONT.—From the book store of Messrs. Campbell & Patterson, on the west side of East Temple St., we have received "Nachrichten aus Deutschland und der Schweiz" for Sept. 7, also copies of the "Scientific American," "Frank Leslie's Illustrated Newspaper," "Every Saturday," and "The Weekly Register," all for Saturday, Sep. 14, and the "Warrior Magazine," for Sep. 21st. All parties desirous of purchasing the above-named, or anything else in the literary line, will find them on sale there.

PICHES AND BULLHORN RAILROAD.—We are informed that one hundred and sixty tons of rolling stock and iron for this line was lately purchased in the east, sixty tons of which are now on the way to Pioche, the forwarding being done by Gordon & Murray. The line of railroad between Pioche and Bullhorn will be 12 miles in length. It is likely that the U. S. line will eventually connect with it at the latter point, which would prove a great benefit to the people of Pioche, in providing for their mineral production, in a speedy and efficient means of transportation.

CARS FOR THE UTAH NORTHERN.—We had a pleasant visit this morning from Albert Dutton, Esq., who reached this city on Monday evening, having in his charge two new passenger cars—"The Ogden" and "The Soda Springs"—for the Utah Northern line, direct from the Jackson & Sharp Company's works, Delaware. Mr. Dutton started for Salt Lake on the 22nd of last month, and had a very pleasant trip. He states that during his journey, a delegation of railroad men and engineers waited upon him, desiring to examine and learn the destination of the two cars, all expressing surprise that anything so elegant and complete should be for service in the Rocky Mountains. These cars are capable of seating 60 persons each; they are constructed with the latest improvements, having the Miller Company's Flat-tops, patent ventilators, improved water tanks, etc. They are handsomely finished, the inside being oak, without, chestnut and oak, we are informed, some where in the neighborhood of five thousand dollars.

Mr. Dutton expressed great surprise at finding such evidence of civilization and comfort on every hand in Utah; and says that if it were not for the business engagements which compel his return to Delaware, he should be tempted very strongly to make a permanent residence here.

A ROGUE'S CHARACTER.—Nicholas Castro is a Greek, and appears to be rather a dangerous individual. Some time ago he was arrested for threatening the life of and offering to fight a duel, with deadly weapons, with a Jew. He was arrested again yesterday for threatening to take the life of a Dutchman and furnishing a formidable dagger in the latter's face. The case was to come up in the Justice's Court at 2 o'clock this afternoon. We understand the conduct of Castro was entirely unprovoked. If Greek had not Greek, instead of Greek meeting a peacefully disposed Dutchman, the "Jug of War" might have come. Some strict measures of effectually restraining this belligerent Greek should be adopted.

FLOWERS AND FRUIT.—There was a meeting of the awarding committee on flowers and fruit, of the Deseret Ag. and Manuf. Society, at the Historian's Office last night. There was some discussion with regard to the kinds of apples most suitable for exhibition in this Territory, and a list of the best kinds was getting made out, and when completed, the information it contains will be made public for the benefit of the people at large. We consider the subject an important one. Mr. John Leitch, of the 15th Ward, submitted to the committee a very choice collection of garden and forest flowers, specimens of which were shown to us to-day. The collection consisted of Dahlias, double and single geraniums, verbena, lantana, overblasting, veronica, roses, snap-dragons, carnations, petunias, and other varieties. They were freshly picked when placed before the committee and were pronounced exceedingly handsome.

THE VOTE OF THE TERRITORY.
OFFICIAL COUNT.
Yesterday Hon. Geo. A. Black, Secretary of the Territory, in presence of Governor Geo. L. Woods, counted the official returns of the election held on the 5th of August, for Delegate to Congress. Mr. Cannon being absent on a visit to the west, he was represented by Hon. S. A. Mann and John T. Caise, Esq. General Mann was present in person, and was accompanied by Rev. Norman McLeod. Here is the official count of the vote:

Table with columns: COUNTY, CANNON, MAXWELL. Rows include Beaver, Box Elder, Cache, Davis, Iron, Juab, Kane, Millard, Morgan, Piute, Rich, Salt Lake, Sanpete, Sevier, Summit, Tooele, Utah, Wasatch, Washington, Weber.

RECAPITULATION.
Cannon's majority, 19,027.
Piute county also gave one vote for W. H. Hooper, and Salt Lake county one for P. E. Connor.

A protest was read by General Maxwell against the giving of a certificate of election to Mr. Cannon, the grounds of the protest being of the character that might only be expected from such a source, embodying unsubstantiated and partisan charges. For reply Messrs. Mann and Caise quoted the law relating to the matter, showing that the duty of the Governor was to give the certificate to the candidate having the largest number of votes, and that the congressional House of Representatives only could decide as to the qualifications of the members of that body.

ACCIDENT.—Yesterday an accident occurred in Brother Karl G. Messer's school, 20th Ward, by which the oldest son of Brother Robert Patrick came near losing the sight of one of his eyes. One of his schoolfellows was suddenly lifted a pen from the desk, and, while Patrick was stooping over him, the nib of the pen penetrated the ball of the eye, and grazed, but fortunately did not pierce the sight. The lad was taken to Dr. J. M. Benedict, who said he would be all right in a day or two, but that he had lost within a hair's breadth of losing his eye.

FIRE LOST.—A wagon fire was lost last night within two blocks of this office. The finder will oblige by leaving it here for the owner.

Special Notice!
WANTED IMMEDIATELY,
TWELVE Good men to work on a Brick Yard in the West part of the city where they can find a season's employment and liberal pay. Apply to A. WOOD & CONRAD, 423 1/2 W. On the yard near White Bridge.
