

ITEMS.

FROM TUESDAY'S DAILY.

"FROM THE ETERNAL HILLS."—Frank, the lively correspondent of Collins Omaha Advertiser thus speaks of Utah and her people:

"The beautiful Salt Lake Valley—the Palestine of America—of which his Excellency, Brigham Young, is President, has been entered and passed over by the great U. P. and the Saints have had their joyous jubilee over the magical event. Take Utah within all her boundaries and in all her lands, people, homes, business, laws and discipline and every observer will declare at once, that it is in every respect par excellence, having no equal among any of the older States and Territories for good order, systematized working together for mutual good, and successful and prosperous government. There are no petty litigations, no street brawls, no riotous proceedings, no high crimes and misdemeanors, no drunkenness, no gambling hells, no dance houses, no unfair dealings, and thank God! no Church scandals and clerical demoralization; and this state of high public and private morality is eminently due to the careful and prudent administration of President Young and the honorable men who hold office under him. Until our older States, who claim all the religion and decency and morality extant, can show as clear and as goodly a Christian record as Utah, let their blatant and corrupt representatives faithfully hold their peace and hide their guilty heads in shame, whenever Brigham Young may deem it prudent to challenge a comparison upon any point they may dare to raise. We are no Mormon nor the son of a Mormon, but we say this much for the government of Brigham, and we don't charge him a Saintly cent for it either."

MALAD.—Mr. H. Peck, of Malad City, came into town yesterday to purchase goods for the Branch Co-operative Store in that burgh. Daniel Daniels is elected President, H. Peck, Vice President, Richard Jones, Treasurer, Thomas R. Williams Secretary; D. B. Dille, John Lusk, David Jones, Thomas Thomas, and Henry Wakely, Directors. Bro. P. informs us Malad City is growing into importance very fast. Crops are being put in pretty freely, but from present prospects they will be somewhat seriously troubled with crickets and locusts the coming Summer, as they are hatching out fast and thick up there.

DISTURBANCE AT LARAMIE.—The Daily Colorado Tribune of the 6th has the following: "A serious affray occurred at Laramie City on the night of the fifth inst. A party of railroad tie cutters became intoxicated, disorderly and were arrested and put in the calaboose by the police. Whereupon another posse of tie cutters undertook to release them and were prospective of success, when a number of citizens—vigilantes—came to the aid of the police. Several shots were exchanged and a number wounded on both sides. One policeman was mortally wounded. Some fears were entertained by the citizens of further disturbance, but nothing has been reported up to this time."

ACCIDENT ON THE U. P. R. R.—On Friday last as the train going East was crossing Bear River Bridge, one baggage and one express car fell through,—the bridge breaking. One passenger named Palmer was killed and three others severely wounded. The train also ran off the embankment on the other side of the bridge.

NOT SO.—We place no confidence in the rumors that the Management of our Theatre intend to shortly produce Mazepa with some slight alterations; through one of which the hero instead of being bound hand and foot "to the fiery untamed steed," will be tied with a Davenport knot to a velocipede, and in that condition have to work his way to Tartary.

FROM WEDNESDAY'S DAILY.

FOUND DEAD.—About six o'clock this morning information was received at the City Hall, that the body of a man was lying, with his head "down stream" in the irrigating ditch in North Temple or Jordan Street, very near the Northwest corner of the Temple Block. On the arrival of the police officers the body proved to be that of John V. Long, Esq., so many years a resident of this City, and well known as a reporter, and, latterly, as a lawyer. His face was somewhat swollen, and, at first sight, it was difficult for his most intimate acquaintances to recognize him. About an hour after he was first discovered, H. S. Beatie, Esq., City Coroner, held an inquest on the spot. The Jury failed to find any marks of violence on the body, except a slight bruise near one of the eyes, and after hearing the evidence of Messrs. S. C. Case and G. B. Wallace, who were amongst the first to see the body as it lay in the stream, they returned a verdict that deceased came to his death by drowning. His body was then conveyed to his home.

How sad a finish to a life that might have been so useful!

NOTICE TO TAX-PAYERS.—Gen. R. T. Burton, Collector of Internal Revenue taxes for the District of Utah, gives notice to the tax payers of Salt Lake and Davis Counties that the excise and income taxes for 1898 and the special tax for 1899 are now due,

and that Theo. McKean, Esq., Deputy Collector of the 1st Division, will be at his office at the Court House, in this city to receive payment until the 25th inst., after which date costs will be added as prescribed by the law.

A MISTAKE.—In yesterday's notice of an accident on the U. P. R. R., it was stated that it occurred at Bear River. This is an error, it should have read Green River.

LEFT FOR THE SOUTH.—President Brigham Young, accompanied by President Joseph Young, sen., and Elders George Dunford, John Squires and O. P. Arnold, left this city about a quarter past eight this morning, on a visit to the Southern settlements. It is probable that the President will stay a day or two in Provo, and there be joined by several other gentlemen from this city, when the party will start for St. George.

The President arrived at American Fork at 2.25 p.m.

NEW HARMONY.—By the courtesy of President George A. Smith, we are enabled to present our readers with the following extracts from a letter of Mr. John D. Lee's, dated the 30th ult.:

"I have been closely engaged for two months past, erecting a fish pond and enclosing a lot with a stone wall and planting it with mulberry trees. I have already spent one thousand dollars in this direction. Thus far fish culture has proved a success with me. My pond is nearly one hundred feet square, neatly walled with rock, and the earth recovered to the depth of four feet and a half; the bottom is white sand with occasional springs bursting up through it. The water is pure and cold, and I have stocked it with mountain trout, which I brought in barrels from Pine Valley. A number of the fish are a foot long. I have planted my trees this spring on soil composed of granite deposits. I am the first, and as far as I am acquainted the only man who has entered into fish and sericulture in this county. A few evenings ago, we held a mass meeting of the citizens of this place, at which about one thousand dollars were subscribed towards opening a Co-operative Store. A committee was appointed to draft a constitution and bye-laws, and other measures taken to enter into business with energy. The grasshoppers are as numerous around here and about Tokerville as the sand; but my faith is they will not do us much harm if we do right, as the ravens and crows are already devouring large quantities of them.

POLICE.—John Hiram, for drunkenness was fined \$10.

Hanson McKnight for immoral conduct was fined \$25. Not having the "wherewith" he is working it out on a city grading contract.

FROM THURSDAY'S DAILY.

LEFT FOR THE SOUTH.—President D. H. Wells, and Elders George Q. Cannon and Brigham Young, Jun., left for the South this morning; they will join President Young at Provo.

NEW TELEGRAPH OFFICE.—The Deseret Telegraph Line, yesterday, opened a new office for the receipt and dispatch of messages at Farmington, the county seat of Davis County.

SECOND WARD.—The store of the Second Ward branch of Zion's Co-operative Mercantile Institution will be opened next Saturday. The officers of the Institution are, Bishop P. H. Young, President, Dan. Corbett, Esq., vice President, Messrs. Iverson, Wheeler and Wilson, Directors, N. C. Sarsen, Treasurer and Danl. Wegeland, Secretary. May they be as successful as the most sanguine can desire!

ARRIVALS AND DEPARTURES.—Our readers may have noticed that for the last few days the arrival and departure lists have been noticed under the head of to and from the terminus of the U. P. R. R., instead of to and from the north, east and west. This arises from the fact that Wells, Fargo & Co. now only book their passengers to the Railroad terminus instead of to the various lines of travel formerly taken by their coaches.

20TH WARD FEMALE RELIEF SOCIETY.—Mrs. Susan M. Schettler, the Secretary of the above Society, desires us to state that their annual meeting will take place at the Ward school house on the 22d inst at 2 p. m. Mrs. Margaret T. Smoot, the President, would be pleased to see on that occasion the Presidents of the various Female Relief Societies in the City, with their Counselors, Secretaries and Treasurers, and cordially extends the invitation to all these ladies to be present. It is expected that President George A. Smith, Elder Joseph F. Smith and Bishop Sharp will be present.

VARIOUS.—President Young and party arrived safely at Provo at half-past six last evening. . . . We do not imagine that the second ward is going into the manufacture of sewing machines, but we notice Messrs. Wheeler and Wilson are on the board of directors of their branch co-operative store. . . . The weather to-day is fine, but cool. . . . To-night, Miss Lucille Western takes her farewell benefit at our Theatre. . . . The Management announce that Fannie Morgan Phelps is engaged and will shortly appear. . . . Stray cows may be found at the hay-yard opposite the Theatre. . . . No police items at the time of going to press.

FUNERAL.—We are requested to state that the funeral obsequies of J. V. Long, Esq., will take place at his residence in the Thirteenth Ward to-morrow morning, at 10 o'clock. The friends of the deceased are invited to attend.

MONTANA ITEMS.—A large meeting of the most prominent and wealthy business men of Helena, was held in that city on the sixth instant, to induce immigration to Montana. The meeting decided to purchase the copyright of the "Montana Statistical Almanac" and print several thousand copies of the same and distribute them over the country, so that those who intend to make the far west their home may be made acquainted with the resources and advantages of that Territory.

The Missouri river is lower at Fort Benton than at any previous season. The side streams are also very shallow, and fears are entertained by some that unless there are heavy rains it will be very late before the river boats can get up to that point.

The wagon master of the Diamond R. train, was shot in the hip and chased by Indians for six miles, when near Fort Shaw. He managed to make good his escape.

Numbers of miners are still leaving for White Pine.

SANDWICH ISLANDS.—We extract the following items from a letter of Elder Geo. Nebeker dated March 8th, through the kindness of Elder H. P. Richards, to whom it is addressed:

"After a good long struggle we are now in prosperous circumstances on these Islands. The farm is paying well, and everything in a business way is passing off in good style. We have now on the plantation with us about two hundred natives—men, women and children, who are doing very well, and there are others who talk of coming; but the native disposition tends so much to procrastinate in everything, that we sometimes almost despair of ever being able to get them to accomplish anything. We direct our labors to the cultivation of sugar cane and kalo. In this we have succeeded very well indeed. Our crop of cane, that is now coming off, is said by some to be the best crop of cane they ever saw on the Islands for its size, and I hope, in a short time to be able to send home sugar, as cheap as can be purchased in any other market. I have it in my mind to return home in June or July next, if it be deemed advisable, with a few tons of sugar and molasses and thus learn the expense of getting them through to Salt Lake City. We have at this time, some forty men with twenty yoke of oxen engaged at work on the farm. Some are ploughing by the acre for me, others are putting in cane on shares. My teams with twenty-five mer are taking off the present crop. We have a good influence with the native population and I may say the same with regard to the foreign residents. We stand fair in their eyes and our credit is good. Our meetings are well attended by those who live near us. Bros. B. Cluff, Eli Bell and C. World with their families are all who are here now of those who came with me."

CONFIRMED.

We are reluctantly compelled to give credence to the sad tidings of the murder of Elder Franklin B. Woolley by Indians, as the news of his death has been confirmed.

Bishop Woolley has received the following telegram, dated, San Francisco, April 13th:

"Frank's body, in zinc coffin, is on its way to St. George, in charge of his brother. More by mail."

JAS. LINFORTH."

We fear that this dispatch is too authentic to leave the least room for hope that Elder Woolley still lives.

Franklin Benjamin Woolley, the son of Edwin D. Woolley and Mary Wickersham Woolley, was born at Rochester, Columbiana county, Ohio, on the 11th of June, 1834. Franklin resided with the family in Nauvoo, Illinois, until the exodus of the Saints from that place. Stopping at Winter quarters through the latter part of 1846, also through 1847, in 1848 his parents came to this valley, and he accompanied them. In 1853 he was ordained into the thirtieth quorum of Seventies, and appointed a clerk of the quorum the year following, in which year also he was called on a mission to preach the gospel in the Eastern States. His labors were principally confined to Ohio, and after a three years' absence, he returned to this city. On the death of Elder Leo Hawkins, he was elected to succeed him as Recorder for Salt Lake County; he was also called upon to act as one of the High Council in this Stake of Zion. In 1861, at the time of the general call of missionaries to strengthen the Southern Mission, he was one of the number chosen, and since then he has resided at St. George. At the time of his death he filled the offices of Collector of Internal Revenue for Washington County; was Prosecuting Attorney for the same; was Lieutenant-Colonel of the Second Regiment of infantry of General Erastus Snow's brigade of the militia of this Territory, and a member of the High Council of that Stake of Zion; he also acted as general tithing clerk for the Southern Mission, and had lately been appointed the General Business Manager of the Co-operative Institution at St. George. It was on business connected with the Co-operative Institution

that he left this city for California, and having completed his purchases in San Francisco, he left that city on the 19th of February by steamer for Wilmington. After loading his teams, he was on his way home when he fell into the hands of the Indians, the particulars of which, as far as we have been able to obtain them, appeared in our issue of the 12th inst.

Franklin B. Woolley was a man of uncommon ability, industrious, thoroughly reliable, and of strict integrity. To all human appearances his future prospects were exceedingly promising for a life of usefulness and honor, and at no time previous did circumstances appear more propitious and bright for him than when he left St. George to go to California. His sudden departure will be a severe blow to his family, his father, brothers, sisters and other relatives and friends. An event so unlooked for, attended by circumstances so painful to reflect upon, must have a stunning effect upon all, but especially upon his family and kindred; yet there is this reflection to console them: that, so far as the actions of a life can prepare a man for a future state of existence, he was prepared. His life was one of faithfulness, virtue and honor, and his rest will be glorious.

J. A. HORBACH & CO., Dealers in Agricultural Implements, And all kinds of Farm Machinery, SOLE AGENTS FOR The BUCKEYE REAPER & MOWER, Excelsior Reaper & Mower, Hains' Header, JOHN DEERE'S MOLINE PLOWS, Smith's Cast Steel Plows, SCHUTTLE'S and RACINE WAGONS, Hall's celebrated FIRE and BURGLAR PROOF SAFES, OMAHA, NEB. d82lm&w42m
