NEVER BEFORE

Has the condition of the Utah-Idaho Sugar Company been so good as now. The season last year was an excellent one. The tonnage this year is firt class. The price of sugar is to the makers quite satisfactory. The earnings of the company will be better than ever before. Dividends of 171/2 cents each quarter on every \$10 share of preferred stock is therefore assured, and the large reserve of last year will be greatly increased. The resident of the Company is Joseph F. Smith; the Vice resident and General Manager is Thos. R. Cutler, and the other Directors are also well known business men.

This is a safe investment and a sure dividend payer. The time to buy such stocks is now. We can supply your wants. GEORGE M. CANNON CO.

THE BULLOCK MINE.

re Encountered in Winze from the

137-Foot Level. Word received from Foreman A. F. Baxier of the Bullock mine, Tintic, is a the effect that a fine lot of ore has been opened at 4 feet depth in the winze, sunk on the Aspinwall vein, rom the 137 foot level. He also states bat arother car of ore is about ready in shument According to late reports the Bullock

According to late reports the Bullock s certainly making splendid head-vay towards becoming a permanent orducer. The new 25 horsepower gaso-ne heist is working perfectly; the new hafr is down 80 feet, and is to be con-inued to the 300 without delay. A ross-cut will then be run to the Aspin-val vein. The four other veins in the reperty have been opened on the 137 oot level and all of them show good we.

Stockholders who have visited the Bullock lately, feel highly elated over the recent developments and are anxi-ous to see the new shaft completed. They feel that in the near future the Bullock will be one of the best mines in the Tintle district. Some say the Bullock company will reach a dividend basis early next year: but officials of the company are not
