

## LOCAL NEWS.

FROM FRIDAY'S DAILY, APRIL 24.

**A Novelty.**—There is on exhibition, in front of the People's Implement Company establishment, a novelty in the shape of a delivery wagon, manufactured for the Central Bakery. The vehicle is an ordinary covered one, but is painted in the highest artistic style, the ornamentation and scenery depicted being of a foreign design. Altogether it presents a very attractive appearance. The landscape painting is the work of Brother Dan Weggeland.

**En Route Overland.**—By telegram from Elder James H. Hart, we learn that the company of emigrants who sailed from Liverpool on the 11th, per the S. S. *Wisconsin*, landed in New York on Wednesday, and left that city yesterday, all well, to continue their journey to this Territory. Elder Louis P. Lund, who resides in Pleasant Grove when at home, and who has for some time past been presiding over the London Conference, is in charge.

**Home Manufactured Fabrics.**—Messrs. John C. Cutler and Brother are having the commodious store at the south end of the Hooper & Eldredge Block, East Temple Street, fitted up and will open for business in a few days. They have taken the agency for the Provo factory goods, which was formerly held by the gentleman named. There will be a varied display of that popular class of merchandise, consisting of cloths, flannels, linseys and other fabrics.

**The Liquor Question.**—Yesterday James Spillet pleaded guilty to selling liquor without license, and was fined \$150, which he paid.

Mr. McLaughlin, keeper of a saloon near the old paper mill, Sugar House precinct, has been placed under arrest charged with the same offense.

The trial of Swen Johnson, same charge, was continued before a jury to-day. The fight is being carried on with considerable vigor by the attorneys of both sides.

**Qualified.**—The following County Registrars have qualified and filed their oaths with the Secretary of the Utah Commission:

James McGarry, Beaver County; D. D. Ryan, Box Elder County; A. G. Sutherland, Utah County; E. Booth, Juab County; A. D. Shurtleff, Morgan County; W. I. Snyder, Summit County; S. J. Harkness, Emery County; J. Duncan, Wasatch County; D. B. Stover, Tooele County; L. B. Stephens, Weber County; T. C. Bailey, Salt Lake County; A. J. F. Beaumann, Sanpete County; S. F. Mount, Sevier County.

**Sevier County.**—The following Deputy Registrars for the several election precincts of Sevier County were appointed yesterday by the Utah Commission, the persons having been recommended by the county registration officer:

A. Kessler, for Gooseberry Precinct. Fred G. Willis, Salina. James S. Jensen, Redmond. Geo. T. Holdaway, Aurora. O. Cuddeback, Vermillion. Niels Anderson, Richfield. A. R. Hanbey, Inverary. Wm. Smith, Elsinore. Robert Bridges, Joseph. Luther A. Niles, Monroe. James Locks, Annabella. Andrew Heppler, Glenwood. Dr. H. Shock, Burrville.

**Raising Lucern Seed.**—C. A. M., a Gunnison correspondent, gives us his plan for the cultivation of lucern seed, which is as follows: "Upon bench land, rather sandy, and in a good state of cultivation, about the last of April or some time in May, sow the seed in drills about three feet apart, not over three pounds to the acre. Or better still, plant in hills about three feet apart each way, rather more than one pound to the acre. Cover the seed from one to two inches, and after the plants are up, cultivate between the drills, or stands, like corn, sugar cane, or strawberries. After the seed has commenced to set, water very little, if any. Let the first crop of the season be forced. This is the best way I know of to raise lucern seed."

**Deputy Marshals Visit the Temple Block.**—Shortly after 3 o'clock this afternoon, Deputy Marshals Greenman, Sprague and Vandercook, and one Collin, appeared at the east gate of the Temple Block, and presented their authority to search the carpenter shop for Joseph Dean, who is understood to be wanted for a breach of the Edmunds law. On being assured that Dean was not there, one of them replied that he was, for word had been brought them, by a man who knew, that he was at work to-day. The officers went through the carpenter shop, but did not see the object of their search. One of them, however, saw, or thought he saw, a man moving over toward the Tabernacle, and Collin started in pursuit at break-neck speed. The officers then examined the Tabernacle, but no one was found, and they retired.

**District Court Proceedings.**—The motion to set aside and quash the service of summons in the case of Martin A. Williamson vs. the Germania Lead Works, which was submitted yesterday, was denied, and the summons sustained. The defendant took an exception and was allowed ten days in which to answer.

In the case of the People, etc. vs. Philip Rosenheim and James Sherlock for embezzlement, a demurrer to the indictment was argued and overruled. An exception was taken and both de-

fendants pleaded not guilty. A jury was empaneled and the trial proceeded. Five persons were examined as witnesses, after which the case was argued, and given to the jury, who retired.

The jury brought in a verdict of not guilty.

The case of the People, etc. vs. Henry Dalton, for grand larceny, was continued by consent.

The trial of John R. Gillespie for grand larceny is in progress.

**Returned Missionary.**—Elder Samuel C. Parkinson, of Franklin, Idaho, returned yesterday from a mission to Alabama, where he has been laboring for about a year, circumstances rendering it necessary for him to return sooner than he expected. Most of his labors have been in Franklin County, although he traveled some in eight different counties.

During his brief absence he has walked 1600 miles, held 34 meetings, baptized two, confirmed three, blessed three children, and organized one branch. On the first of last month he was appointed President of the Alabama Conference, which position he held when released. He has generally received very kind treatment from the people, and was never threatened with violence but once, when a half drunken mob, armed with guns, entered a meeting and created a disturbance, declaring their intention to injure the Elders. They dissuaded the ruffians from their evil purpose, however, and were allowed to continue the meeting. As the spirits of the mob began to melt before the arguments of the Elders, they said by way of apology, that they only intended to take the Elders into the woods and give them a good beating.

While absent Brother Parkinson has enjoyed excellent health and spirits, and values highly the experience he has gained in the vineyard.

**Returned From New Zealand.**—We had a pleasant call this morning from Elder Franklin Hill, who has just returned from a mission to New Zealand. He arrived in that country Nov. 15, 1884, and has labored most of the time since in South Land, in gathering up and organizing members of the Church into branches. During almost his entire absence he has suffered much from a severe affection of the lungs, which confined him to the house much of the time, especially during the last two months of his stay there, and which was the cause of his early release.

The labors of the Elders in that locality have been mostly with the European portion of the inhabitants, although efforts have been made to introduce the Gospel among the natives. But little has been accomplished with the latter, however, although the work among the whites has been brightening up considerably of late.

Much prejudice against the work there has been allayed through the influence of some prominent citizens of New Zealand who had visited Utah, and on their return published very fair accounts of what they saw and learned of our people here. Such a course is somewhat rare, and has helped the Elders much in their labors.

Brother Hill left New Zealand for home on the 31st ult., having enjoyed his labors as well as could be expected under the circumstances. He is still in poor health, but we trust he will speedily recover.

FROM SATURDAY'S DAILY APRIL 25

**Committed.**—Fred and Martin Moss, the Levan Robbers, were brought before Commissioner McKay this morning. They waived an examination, and not being able to furnish bail, were committed to the custody of the Marshal for safe keeping. A number of witnesses from Juab County were present.

**Guilty.**—The jury in the case of the People, etc., vs. J. R. Gillespie, yesterday, brought in a verdict of guilty, after being out but a few minutes. The defendant was charged with grand larceny, having stolen a couple of horses from the field of Thomas W. Morgan, of Tooele. Sentence will be passed on Wednesday next.

**Disagreed.**—The case of the People vs. Swen Johnson, for selling liquor without a license, before the Justice's Court, was given to the jury about 7 o'clock last evening, and, after being out about four hours, they reported that they could not agree on a verdict, being equally divided—three for acquittal and three for conviction.

**Larceny.**—John Williams, a recent arrival from Nevada, who has been drinking considerably during the past week, was before Justice Speirs this morning, on a charge of petty larceny. A gentleman of this city had lost several articles of wearing apparel from a clothes line, but only one pair of hose could be traced to Williams, who pleaded guilty, and was fined \$15, for the payment of which he will render fifteen days' labor to the city.

**The Liquor Cases.**—The case of The People vs. Swen Johnson was brought up before Justice Pyper at 10 a.m. to-day. Both sides submitted their case to the Judge, who, this afternoon, rendered a decision in favor of the defendant, giving him the benefit of the doubt. The testimony was very conflicting.

H. Wagener's case has been postponed until May 8.

H. Haynes will come up on Tuesday, and McLaughlin on Saturday next.

**District Court Proceedings.**—The

judgment and default entered April 18th 1885, in the case of I. Morris et al. vs., L. S. Osgood, was set aside. The death of the plaintiff, Aaron Morris, was suggested and the case was continued in the name of I. Morris as plaintiff. Default and judgment entered as prayed.

A hearing on an order to show cause was had this morning in the case of Thomas Sappington et al. vs., A. J. Stanchfield et al. The restraining order was dissolved.

By consent, 10 days from April 28th were allowed the defendant to answer in the case of Emeline Martin vs. Northern Chief Mining Co.

## BISHOP CLAWSON ARRESTED.

HE ASKS THAT THE PRELIMINARY EXAMINATION BE WAIVED, BUT THE PROSECUTING ATTORNEY REFUSES.

Last evening, about 5 o'clock, Deputy Marshal Greenman arrested Bishop H. B. Clawson, of the Twelfth Ward, on a complaint made before Commissioner McKay, and sworn to by Marshal Ireland, charging the Bishop with unlawful cohabitation "with more than one woman, to wit, with Ellen Spencer Clawson, Margaret Judd and Emily Young." The officer, in company with his prisoner, went to the latter's house, where subpoenas were served upon members of the family, to appear before the Commissioner at the hour set for examination, 7 o'clock. At that time the parties appeared, and Bishop Clawson stated that he would waive the preliminary examination, to which District Attorney Dickson objected, saying that he preferred examining several of the witnesses at that time, and wished the rest bound over to appear before the grand jury when it re-assembled. This extraordinary proceeding caused some surprise, and on the suggestion of the Commissioner, the continuation of the case was set for 4 o'clock this afternoon. The Bishop was admitted to bail, Spencer Clawson and H. B. Clawson, Jr., becoming sureties in \$1,500 bonds.

## A SHOCKING SUICIDE.

GEORGE L. CRISMON TAKES STRYCHNINE.

Quite a sensation was created on the street this morning by the rumor that

Geo. L. Crismon, of the Sugar House Ward, had committed suicide. Inquiry elicited the following facts connected with the sad affair, which is a severe blow to his parents and relatives.

It seems that he had attended a party in the school house last night, and had been induced to drink pretty heavily. He did not return home until a late hour, and in a short time after retiring, his loud groans awakened some members of the household who occupied the adjoining room. The family was immediately aroused, and on going to the young man's room, found him in the greatest distress. His father immediately went to a neighbor's and telephoned to this city for Dr. Fowler. During his absence, George told his younger sister that he had taken strychnine and would not live long.

**CITY OF MEXICO, 26.**—The Federal government has taken vigorous measures to guard against the introduction of cholera at the various seaports. Vessels from countries where the cholera is reported to be are subjected to a vigorous quarantine.

The family could scarcely believe his statement and supposed that he was delirious from some cause; but the assertion proved only too true, and he expired shortly after 6 o'clock this morning, before medical assistance arrived.

No cause has been assigned for the rash act, unless he took the poison while under the influence of liquor. He was in town yesterday in his usual health and spirits, and from his jovial manners one would think that he would be the most unlikely person in the world to commit such an act.

He is about twenty-one years of age, and the eldest son of Mr. George Crismon.

FROM MONDAY'S DAILY, APRIL 27.

**On the U. P.**—A telegram from Elder Louis P. Lund, who has charge of the company of European immigrants now en route to this Territory, states that the company, numbering 200 persons, left the Union Depot, Omaha, at 11:30 yesterday (Sunday) all well. We are unable to say yet when they will arrive in this city, but it will probably not be earlier than Wednesday.

**Funeral Services.**—The funeral services of George L. Crismon, who committed suicide last Saturday morning, were held at his father's residence in the Sugar House Ward yesterday at 1 o'clock.

Consoling and instructive remarks were made by Hon. Feramorz Little, Bishop John Sharp and Elder Lorenzo D. Young. A large cortege followed the remains to their last resting place.

**District Court Proceedings.**—In the case of B. A. Miles vs. W. Timms et al, judgment was rendered by default.

The case of Thomas Sappington et al vs. A. J. Stanchfield, was referred to J. A. Marshall.

The case of the United States vs. Angus M. Cannon, mentioned elsewhere, occupied most of the day.

**Bishop Clawson's Examination.**—On Saturday afternoon Bishop H. B. Clawson appeared at Commissioner McKay's office at the time appointed for the examination. A large number of witnesses, members of the Bishop's family and others, were also present. The Commissioner read the complaint, and asked the accused whether he was "guilty or not guilty," to which Mr. Clawson replied, "Mr. Commissioner, it is not necessary to examine any witnesses in this case. I admit the facts as set forth in the complaint." The defendant's bonds were placed at \$1,500, to await the action of the grand jury, his former bondsmen continuing as sureties. Mrs. Emily Y. Clawson was subpoenaed, while in the Commissioner's office, to appear before the grand jury on the 18th of May.

**Deputy Registrars.**—On Saturday afternoon the Utah Commission made the following additional appointments of deputy registration officers:

## BEAVER COUNTY.

John Barraclough, Beaver Precinct.  
Wm. P. Smith, Greenville.  
Jos. H. Joseph, Jr., Adamsville.  
Peter Guro, Minersville.  
B. A. Spear, Star.  
P. Lochrie, Grampian.

## IRON COUNTY.

John R. Robinson, Jr., Paragoonah Precinct.  
S. R. Burton, Parowan.  
Sylvanus C. Hulet, Jr., Summit.  
James Corlett, Cedar.  
Myron S. Roandy, Kanarra.

## MILLARD COUNTY.

A. C. Robinson, Fillmore Precinct.  
Wm. A. Ray, Deseret.  
Geo. Monroe, Scipio.  
Geo. Chesley, Kanosh.  
John M. Neeld, Meadow.  
Nicholas Paul, Holden.  
George Finlison, Oak Creek.  
M. Gregory, Burbank.  
T. B. Textorius, Lemmington.

**Another Victim of Lye.**—About 6 o'clock last Saturday evening a little son of Brother Moses Wilkinson, of East Mill Creek, drank some concentrated lye, from the effects of which he died last evening, after twenty-four hours of severe suffering.

It seems that although the family had been in the habit, like many others, of using this deadly caustic for household purposes, they had been very careful to keep it out of the reach of the children; but on this occasion one

of the larger girls had just taken down the box of lye from its accustomed place with the intention of using it and immediately putting it back, when her parents, who had been to the city arrived. She set the lye down upon a chair for a moment, to render some assistance with the parcels, etc., when the child, unnoticed by any one, picked up the box and drank a quantity, which was dissolved. The act was discovered in a moment, as the child commenced spitting and crying. A physician was summoned as quickly as possible, and various remedies applied, but the child continued to grow worse until relieved by death, as above stated. He was a bright little fellow, about nineteen months old, and the grief of its parents is, of course, very great, but they have the sympathy of a large circle of friends.

In view of the fact that harmless substitutes can be obtained for this dangerous article of household use, it is a matter of surprise that persons who have large families of children will continue to have it about the premises: for where people are the most careful, such an accident as the foregoing is liable to occur.

## THE PERSECUTION.

PRESIDENT A. M. CANNON'S TRIAL—THE EMPANELING OF THE JURY.

The Third District Court room was crowded this morning at the opening hour, by many who were desirous of witnessing the proceedings in the trial of President A. M. Cannon, charged with unlawful cohabitation with his wives. A large number of witnesses were in attendance in the case, and also several for the case of Elder A. M. Musser, which was set for to-day.

Messrs. F. S. Richards, Bennett, Harkness & Kirkpatrick, Sutherland & McBride and Arthur Brown appeared for the defendant, and Messrs. Dickson and Varian for the prosecution.

The defendant had entered a plea of not guilty, and the following names of jurors were called:

128 John C. Mackey,  
26 H. S. Beatie, Jr.,  
148 James T. Smith,  
187 W. D. Palmer,  
111 Peter Clays,  
19 Phil Klipple,  
136 C. D. Brinton,  
83 E. R. Clute,  
199 J. M. Richards,  
81 M. F. Simmons,  
52 A. W. Carlson,  
196 Archibald C. Shields.

Arthur Brown, Esq., examined the jury on the part of the defense.

Peter Clays, of Bingham had heard and read of the case, was acquainted with the defendant, but had formed or expressed no opinion as to the guilt or innocence of the accused. He knew nothing of the facts.

A. W. Carlson had heard and read of the case, and had formed an opinion.

A. C. Shields, M. F. Simmons and J. M. Richardson, had all heard of the case and read the newspaper reports of the preliminary examination before Commissioner McKay, but had not formed or expressed an opinion as to the guilt or innocence of the defendant, and had no bias in the case.

E. R. Clute had read the evidence taken before the Commissioner, had talked of, and formed and expressed an unqualified opinion in the case.

John C. Mackey and H. S. Beatie, Jr., had both read the newspapers in relation to the matter, but had formed no opinion.

James T. Smith had read the papers, and did not know exactly whether he had an opinion or not.

Wm. D. Palmer had only seen the heading of the articles published concerning the case, and had formed no opinion.

C. D. Brinton and Phil. Klipple had read the account in the papers, but had formed no opinion.

E. R. Clute was challenged by the defense for having an unqualified opinion, and was excused.

A. W. Carlson was challenged by the prosecution for bias, and he was excused.

Mr. Dickson then interrogated the jurors for the prosecution.

John C. Mackey was acquainted with the defendant, was a member of the same Church, and believed it to be right for a man to have more than one wife at a time. Challenged.

Mr. Brown objected to the questions and challenge, as this was not a polygamy case.

Mr. Dickson said a believer in polygamy was not competent to sit in any of these cases.

The Judge sustained the challenge and Mr. Mackey was excused.

H. S. Beatie, Jr., and Jas. T. Smith followed, for the same causes.

Wm. D. Palmer was a married man. He was not a member of the same Church as the defendant, and never had been, nor his wife, nor their "sisters or their cousins or their aunts," or any other relatives. He did not believe it right for a man to have more than one wife at a time.

Peter Clays was acquainted with the defendant; was not now, and never had been a member of the same Church, nor were any of his family; his wife had once been a member. He was in sympathy with the prosecution, and was as anxious to see this law enforced as any other.

Phil Klipple had never been connected with the Church, nor had his family. He did not believe it right for a man to have more than one wife.

C. D. Brinton was a member of the Church, and believed in the rightfulness of plural marriage. Excused.

J. M. Richardson was not a member of the Church, nor were any of his relatives.
