THE GENTLEMEN of the town-renowned Duryea's Search, in town again. These gentlemen are making a vigorous effort to carry the trade in this section, and if there is any virtue in good goods, they certainly cannot fail. They also have an array of medals, diplomas, and other testimonials from all the grand international exhibitions, as well as from State fairs, agricultural societies, etc., which would prove beyond a shadow of doubt the superiority of their goods. We say to the good people of Salt Lake City, give them a welcome. See advertisement in another column.

Pure Olive Oil constantly on hand. Various brands of the genuine article imported directly from France, by Louis A. Bertrand, and for sale at his residence, one block west from the Temple Block, and at Messrs. Wilton & Banglo's, First South Street, opposite Z. C. M. I. Price from \$12 to \$16 per box, of twelve or twenty-four bottles, and from 75c to \$2 per bottle, according to the size of the bottles, and or sale at the Co-operative Drug Store and at the Co-operative Retail Grocery Department.

Success Based on Merit.—It is a subject of general remark, among both wholesale and retail druggists, that no medicine introduced to the American public has ever gained such a popularity and met with so large a sale in all parts of the land, in the same length of time, as Dr. Pierce's Golden Medical Discovery. This cannot depend upon its being in any way more largely advertised than any other medicine, as such is not the case. The correct explanation, we think, is found in the fact that this medicine produces the most wonderful and perfect cures of very bad cases of bronchitis, throat and lung diseases, is undoubtedly the most perfect and efficient remedy for all kinds of coughs that has ever been introduced to the public, and at the same time possesses the greatest of blood-purifying and strengthening properties that medical science has been able to produce, thus rendering it a sovereign remedy not only in the cure of Consumption, Bronchitis, Hoarseness and Coughs, but also for all diseases of the liver and blood, as scrofulous diseases, blotches, rough skin, pimples, black spots and discolorations. It has therefore a wide range of application and usefulness, and it not only gives the most perfect satisfaction to all who use it, but far exceeds the expectations of the most sanguine, thus eliciting the loudest praise, and making permanent living advertising mediums of all who use it. For these reasons it is that there is not perhaps a druggist in all the vast domain of this continent, who tries to please his customers and supply their wants, that does not keep and sell large quantities of this most valuable medicine.

Robbery.—Yesterday Clovis Baker, an old offender, was arrested for robbing a man named Smith, while the latter was in a state of insensibility from intoxication, in Lollin's saloon. Smith, who is a stranger, only having arrived in this City on the 10th, was also taken to the police station.

The case was tried this morning, when it was clearly shown to the evidence that Baker took the money. He said he took it with the intention of returning it to the owner, and that he gave two of these twenty-dollar gold pieces to another man. He changed and spent a portion of the remainder. He was sentenced to three months' imprisonment, to pay a fine of one hundred dollars, and to stand committed till the fine was paid.

Badly Hurt.—We learned to-day that ex-Associate Justice S. P. McCurdy is suffering so severely from the injuries he received at the hands of private Thomas Hackett, on Wednesday evening, that he can scarcely turn over in bed. The question as to whether Judge McCurdy and all other peaceable citizens shall or shall not be protected against such brutal usage, by the civil law, is of very great importance. It is a question as to the supremacy of civil or military law in times of peace. The people themselves are supposed to make the civil laws, for their own protection, and under a republican government, it is surely unnecessary to ask whether the people should have any say in the matter. If the civil authorities did not see to the protection of Judge McCurdy and all other law-abiding citizens, by shielding them under the wing of the civil law, they would be unworthy the trust reposed in them by the people.

Theatre.—There was a large audience at the Theatre last evening to see Mr. Horne in his famous character of "Rip Van Winkle." The play was excellently performed, and afforded a large amount of amusement and satisfaction to the audience.

This evening there is a splendid bill, consisting of the magnificent comedy of the "Gains of Speculation," and the sparkling burlesque farce of the "Critic." Mr. Hoskins appearing in his masterly impersonation of the "Affable Hawk" and "Mr. Fink," a dramatic author. Messrs. Colville, Adams, and Cogwell, Messrs. Douglas and Conable, and Messrs. Sawtelle, Vinson, Croble, Thorne and Lindsay are also in the cast.

This is the best comedy bill of the season. Mr. Hoskins' impersonation of the two characters named can hardly be too highly spoken of, and all those who wish a rare dramatic treat will be sure to be to-night. The programme and the character of the impersonations most certainly deserve a full house.

To-morrow a grand complimentary matinee.
On Saturday evening, the last of the complimentary performances to the Theatre company, the tragedy of "Macbeth," with Locke's beautiful music, and the strength of the company in the cast.

SEVIER COUNTY.—Brother Charles Jacobs, who has just come into the City, from Prattville, Sevier County, says that crops thereabouts look promising; stock is in excellent condition and the health of the people is good.

Plumes and Crossings.—Now the City Fathers are fluming the water ditch on the east side of East Temple Street between this office and Mayor Wells' residence, and they intend serving the west side, from the south-east corner of the Temple Block in the same way. This is a very excellent improvement, but it can scarcely be considered complete without the necessary plank crossings, of which that locality is entirely devoid. We do not know of a part where those excellent crossings are much more needed than there, for the reason that the traffic there is probably greater, especially at times, than anywhere else, as for instance on Sundays, and at Conference times it is positively enormous. We do not know why that locality should be thus neglected in the matter of crossings.

Robbery.—Yesterday Clovis Baker, an old offender, was arrested for robbing a man named Smith, while the latter was in a state of insensibility from intoxication, in Lollin's saloon. Smith, who is a stranger, only having arrived in this City on the 10th, was also taken to the police station.
