OGDEN NEWS.

OGDEN, UTAH, SEPT. 4, 1900.

LABOR DAY CELEBRATION.

Grand Street Parade and Inspiring Program at Glenwood Park.

Speeches of Governor Wells and Judge Maginias—Sports and Pastimes—Federal Court Session.

The Labor day celebration in this city yesterday was a most successful affair, reflecting great credit on the Industrial Association of Mechanics, which projected it.

Train loads of people from various parts of Utah, Idaho and Wyoming were brought in, and the people from the county came in by wagon loads, and by 10 o'clock the streets were lined with people. It is estimated that at least 1,000 visitors came to the city.

The procession was one worthy of much praise, many of the floats of the various business houses were very exquisite.

At the park many different kinds of sports and pastimes had been arranged, and all kinds of contests were provided for the entertainment of the people.

At 2 o'clock p. m. a large gathering was had in the Glenwood pavilion, where an interesting program was carried out. Following is a synopsis of the program:

SPEECH OF GOVERNOR WELLS.

Chairman Joseph M. Doran, of the Industrial Association of Mechanics, introduced Governor Heber M. Wells, who received a most enthusiastic greeting. The Governor's address was magnificent, and his words were heard by the thousands who were gathered to meet him yesterday, and to extend to him in behalf of the State of Utah, a warm and earnest welcome.

In conformity to the almost universal custom throughout the United States, this first Monday in September of each year shall be a legal holiday to be known as "Labor Day," and it is to be observed by the people of this State, by ceasing from all work, and by holding a day of rest and recreation.

The prosperity of a nation is measured by the condition of its laboring men. If they are at work at good wages it will be found that the country is prosperous. Enforced idleness breeds misery and crime, and the better a man is the happier he is, and if you want a happy, contented people, let them work at good wages.

The American workman and his family today are the best educated, the best dressed, and in every way the best situated of any in the world. It is largely due to the skill and intelligence of the American machinists that we have won the respect and admiration of the world.

I congratulate you upon your present prosperity. I congratulate you upon the interest of labor as well protected in this country. The American Federation of Labor is a dignified and successful organization, and its members, and has in its ranks the best of the men who are achieving the great things for the welfare of the workingman.

The governor then discussed the labor legislation of Utah, and closed with a hearty welcome and pledge of hospitality and co-operation on behalf of the people of the State.

JUDGE W. L. MAGINIAS.

The orchestra rendered a pleasing selection, and then Judge W. L. Maginias was introduced. His brief address was a most excellent one, devoted to the laboring man, and the results of labor organizations and the results of labor organizations and the results of labor organizations.

He said that when the cause of the laboring man is at stake, and the results of labor organizations and the results of labor organizations and the results of labor organizations.

FEDERAL COURT.

A session of the Federal Court was held yesterday in the Federal Court room on Twenty-fourth street, Judge Marshall occupied the bench.

A federal grand jury was impaneled, and Hon. W. Lawrence was chosen as foreman.

An attachment was issued for C. A. Smith, alias of Ogden and F. D. Hahn of Salt Lake, who has been summoned as jurors and failed to appear.

In the matter of the bankruptcy of James H. Bacon, his attorney asked for his discharge. His creditors were not represented in court. It was taken under advisement.

DEATH OF MRS. WILLIAMS AT SLATERVILLE.

Gwendolyn Williams, wife of David Williams, died yesterday at Slaterville, of typhoid fever, after a long illness. Mrs. Williams came to Utah with the ox team in the year 1864. She will be missed by many who had learned to love her for her kind and loving nature. She died as she had lived a faithful Latter-day Saint. Time of funeral will be given later.

At Ogden, the Globe.

The fame of Bucken's Arnica Salve, as the best in the world, extends from the north to the south, and from the east to the west. It is the best remedy for all kinds of skin diseases, such as eczema, psoriasis, and other eruptions. It is also a good remedy for rheumatism, neuralgia, and other pains. It is sold by all druggists.

LOGAN.

B. Y. College Trustees Meet—Painful Accidents and Casualties.

Special Correspondence.

Logan, Sept. 2.—A meeting of the board of trustees of the Brigham Young College was held in this city yesterday. The meeting was held in the evening, and was attended by a large number of the faculty and students.

A large amount of routine business was transacted, and the following members of the faculty chosen:

A. J. Hedges of Salt Lake, chemistry.

W. H. Chamberlin of Salt Lake, geology.

Miss Virginia Bush, physical science.

Edna Marler was appointed secretary to the president.

ACCIDENTS AND CASUALTIES.

A 19-year old son of John George of College fell and broke his right leg Saturday.

A 12-year old daughter of Christian Christensen fell from a horse and broke her arm Wednesday.

Wm. Wilson, who came to Logan for treatment from Diamondville, Wyo., is able to be up.

Jena Wilson, an old time resident of this city, died of internal troubles, and is buried in the cemetery.

A son of Mrs. Halvorson of Logan Island fell on a nail Saturday which lacerated his knee in a very painful manner.

A half grown son of J. M. Blair was thrown from a horse Saturday evening and sustained a severe injury to his head, requiring two weeks' treatment.

LEG AMPUTATED.

As the result of a frightful accident, a 12-year old son of Mr. William Griffith, of Clarkston, had his leg amputated at the thigh today. Dr. Bulge, of Ogden, performed the operation, and the patient is now recovering.

The lad, with a smaller brother, was playing in the fields some distance from his home, when in turning around at the end of the field, his leg became caught in the wheel of the sulky plow. The boy had just thrown a clod at the horses and the plowage force had started, and the boy was caught at the knee and snapped the bone, which protruded.

The main artery of the limb was snapped, and the boy was in a fair way to bleed to death, when, with rare presence of mind, he secured one of his father's knives, and with it cut the artery, and the blood flowed freely. He then climbed into a cedar box and was hauled home by his 9-year-old brother.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting, and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. I suffered for years with these troubles, writes Mrs. Phoebe Cherley, of Peterson, Ia., and a lame back pained me so that I could not dress myself, but Electric Bitters cured me, and I am now able to do all my household work. It overcomes constipation, improves appetite, gives perfect health. Only 50c at Z. C. M. I. Drug Dept.

PLEASANT GROVE.

Object to New Mail Service—Bus Incess Chances—Typhoid.

Special Correspondence.

Pleasant Grove, Utah, Sept. 3.—A new mail route has been established between Ogden and Pleasant Grove, connecting with the R. G. W. Ry. at the latter place morning and evening. By this move we have been cut off from the Ogden route, and the Ogden route is now a through route, and the Ogden route is now a through route, and the Ogden route is now a through route.

Other towns in this county have been joined service on both roads, as they are for the same mail service. As it is a through route, it is a through route, and the Ogden route is now a through route, and the Ogden route is now a through route, and the Ogden route is now a through route.

WEEK OPENED QUITE WARM.

Gradual Decrease, However, Until the Close.

WAS FROST IN GARFIELD.

Suffering from Lack of Water in Sevier County—Threshing Has Begun General.

No. 22. Weekly Crop Bulletin, Salt Lake City, Utah, September 4, 1900.

U. S. Department of Agriculture, Climate and Crop Bulletin of the Weather Bureau, Utah Section, for the week ending September 3, 1900.

The week opened quite warm, but there was a gradual decrease in temperature until the close. The mean temperature for the northern half was about six degrees above the normal, while that for the southern portion was about normal. Warm days were followed by cool nights, but the only frost reported was in the vicinity of Coyote, Garfield Co., on August 29th and 31st.

Good showers fell over the southwestern portion of the State the latter part of the week. Cedar City reporting 45 inches, but dry weather prevailed in other sections. The week was unusually windy. In Tooele, Juab and Millard counties, water is very scarce and in the latter county, the only source of supply left is the artesian wells and stock is suffering very much from the shortage of water. Threshing has just begun in many places, but has just begun in others. Few localities will produce a third crop of lucern, and in such cases, the crop will be very light. Broom corn and sugar beets are in good condition. Tomatoes are ripening rapidly and will make a large yield.

PRESTON, IDAHO.

"Smaltipox" Situation—Prof. Edwards Going to Oregon.

Special Correspondence.

Preston, Idaho, Sept. 1.—There are no new cases of "smaltipox" at present in Preston, but in Battle Creek, five miles northwest, there are five new cases. The board of health is trying to keep it in check.

Prof. L. D. Edwards has left Preston and gone to Oregon to find a new field to work in in the musical line. Prof. Edwards is well known as a choir leader and an all round good musician. He has accomplished wonders in Preston, and he will be greatly missed by the community.

The whooping cough is raging in Preston and vicinity; there have been several deaths of infants through this malady.

Lamorneaux has come to visit his relatives here. He left here about six years ago and went to Arizona. On account of the drought he has come north to seek employment.

W. S. Lamorneaux has moved his family from Logan to Preston.

Middle States Regatta.

New York, Sept. 3.—The eleventh annual regatta of the Middle States Regatta association was held on the Harlem river today. There were thirteen events on the program, and the course for all was one mile in length. All the trials heats and some finals were rowed down stream in the forenoon. The day was an ideal one for a water carnival, and the temperature was such as to suit the most exacting sportsman, though a strong southwest breeze blew off the New York shore and made the rowing on no position a trifle difficult. Summary:

Intermediate single sculls, first heat won by Joseph Penhasky, Bohemian, B. C. New York; second, Mark Davis, Harlem R. C. New York; third, A. A. Cornell, Union B. C. New York; 4 seconds.

Intermediate singles, second heat won by H. Hilbers, Jr., Wainwright B. C., Flushing; Jesse Powers, Nassau B. C., New York; third, 7 minutes, 15 seconds.

Junior singles, first heat won by Max Hitt, Harlem R. C. New York; Scrammer, Lone Star, New York, second, 6:54.

Junior singles, second heat, won by A. C. McChesney, Pennsylvania B. C., Philadelphia; John Pardee, Institute B. C., Newark, N. J., second, 6 minutes, 47 seconds.

Junior singles, final won by Minnie B. C. New York; Pennsylvania B. C., second, No time taken.
