

EMPEROR SANCTIONS RE-TAKING TIEN TSIN

Duplicity of Chinese Officials in the South
Enables the Making of Plans to Re-
capture These Ports.

New York, Aug. 14.—A despatch to the Herald from Chefoo dated Aug. 6 says: The Chinese plans for the re-capture of Tien Tsin and Taku forts has been sanctioned by the emperor.

Official Duplicity Again.

New York, Aug. 14.—A despatch to the Herald from Tien Tsin dated Aug. 3 says: General Forward is in command of the forces left to defend Tien Tsin. The Chinese, however, called for reinforcements from the south. The duplicity of the southern viceroys accounts for this. The return of China means ruin to half a million of people.

AT PEKIN TOMORROW.

New York, Aug. 14.—A despatch to the Herald from the field at Aai Tsung, Chefoo, Aug. 3, via Taku, Chefoo and Shanghai, August 13 says:

"The general advance of the allied forces began this (Wednesday) morning. The order is to rush to Pekin with all speed."

"We probably shall arrive at the gates of the Chinese capital in seven days, reaching there next Wednesday."

"The Chinese are reported to have retreated straight to Pekin, after having been unexpectedly driven out of Yang Tsung on Monday."

"The Americans under General Chaffee. They led the allies in the forced march from Peking and attacked before the effects of the signal defeat of the day before."

"The 17,800 regulars made a dash when they found the enemy, and soon were masters of the position."

"But just here a most distressing thing happened. The Americans had done their work so quickly and thoroughly that they were in Chinese territory before the rest of the allies knew it and a Russian battery there shelled among the Americans through a frightful error."

"The American casualties are estimated at about 70, mostly among the men of the 14th infantry."

"Part of the 14th's losses were caused by Russian shells."

"Forty per cent of the men of the Ninth Infantry were exhausted by long marching and the intense heat."

SITUATION NOT DESPERATE.

New York, Aug. 14.—A despatch to the Herald from London says:

Sir Robert Hart's message from Pekin

of August 5, which has just been published is not the first that has been received from him in London, though it is the first which has been communicated to the world. On Friday he sent through a service telegram to the offices of the Chinese Imperial Maritime Customs. The message, in that it is a warning of the disaster in Pekin he is endeavoring to carry on the work of his department. The tone of Sir Robert Hart's communication is regarded as, on the whole, hopeful, for though he clearly intimates that the situation in Pekin of the foreigners is grave he does not suggest that it is desperate. Between the date of Hart's dispatch and that of the latest received from Minister Conger there is an interval of three days, and matters may have changed for the worse in that time. With reference to Sir Robert Hart's mildly worded phrase that the presence of foreigners in Pekin is inconvenient to the Chinese government it should be remembered that Sir Robert is still in the position of the colonial administration, and would be reluctant to denounce his employers, especially if he thought they might be able to read his cipher.

Lord Salisbury's reply to the formal announcement by the Chinese minister of Li Hung Chang's appointment as plenipotentiary has not yet been handed to Sir Robert Hart, but his terms have been settled. It will be much in the same spirit as the reply of the United States government and will be equally vigorous in tone. The Chinese will be told that negotiation is out of the question until guarantees of the safety of the missionaries and other foreigners have been given.

The Yang Tse valley question has been somewhat complicated by the evident discrimination of the French not to allow the British claim to look after that region pose unchallenged. English mercantile interests are, of course, predominant in this part of China. The French trade is comparatively small, but there are French missions and French consuls at various points along the great river. The Anglo-Chinese community are much chagrined at the conduct of the British consul at Chung King, who has retired with some prominent English residents to Shanghai, while the French consul remained at his post, and is now acting as the representative of the European community and negotiating with the viceroys. This naturally strengthens the French claim for a vote in the administration of affairs in central Asia as well as in northern and southern China.

INSURGENTS OF VISAYAS ISLANDS

They Are Becoming More Active
Now Than Ever Before.

UNITED STATES LOSS GREAT

In the Island of Panay—The Worst
That Has Occurred Since First
of the Year.

Manila, Sunday, Aug. 12.—Reports from the Visayas Islands shows that there has been increased activity among the insurgents there during the last six weeks. The American losses in the island of Panay last month were greater than in any month since January.

General Mojica, in Leyte, and General Lucban, in Samar, are harassing the garrisons, shooting into the towns during the night and ambushing small parties, firing and then retreating upon the larger bodies. The rebels possess an ample supply of ammunition and are organized to a considerable degree.

The Americans have garrisoned three towns on Samar Island, which shelters a cove of the original inhabitants, who suffer from the continual "sniping" of the rebels from the surrounding hills. The third is without any native inhabitants, the rebel outposts, a mile away, preventing their return to their homes. General Lucban pushed the islanders, who have any relations with the Americans. Cebu is likewise distressed.

Harrington those who have taken the oath of allegiance to the United States, the rebels are imprisoned in Manila. When amnesty was proclaimed it practically was without effect and the expectation that the proclamation would accomplish much in the unexpected time is daily diminishing.

The banks, under government pressure, have restored the exchange rate of two Mexican silver dollars to one gold American dollar. General MacArthur has ordered the acceptance of American money for all public dues at the above rate.

Newspapers containing the national Democratic platform have arrived. The reference therein to Philippine Islands and to a protocol to tend to strengthen the extreme anti-American element in its increasing attitude of delay and obstruction. It is believed that radical steps for a settlement here will be impossible before the election.

General Wright, Major Maus and others have returned from a tour of Benquet province, where they recommended the immediate establishment of a convalescent hospital. Benquet is a town.

The Philippine commission, it is now announced, will make all future civil service appointments.

Several minor engagements occurred last week in Luzon. The rebels used machine-guns, which they must necessarily obtain by filibustering.

SENSATIONAL LETTER.

Pretends to Give Details of Several
Anarchistic Plots.

New York, Aug. 14.—The Italian newspaper, *Progreso Italiano*, has received a letter postmarked New York City and signed "C. Luigi Alberti, Born at Ancona, emigrated in 1897." The writer declares that he was "induced by deceit" in the anarchist society of Patterson, and being afraid to withdraw, learned of the plot to assassinate King Humbert. He writes:

"On May 1 of this year I was cast for the infamous enterprise. The first was Gaetano Bresci's chance for the assassination of the benighted king of Italy; the second one, Arturo Giovannelli's for the killing of President McKinley. I was drawn to kill the emperor of Germany, emperor of Austria, the president of France, Loubet."

The writer adds that on May 16 he notified the Italian consul, Brancati, of the intention to kill King Humbert, and that he also notified the federal government that President McKinley was to be assassinated. He explains that his confidence came from him to write the truth of the matter. Consul Brancati laughed when shown the letter.

For a New Loving Cup.

New York, Aug. 14.—David Barry, the American representative of the Thomas Edison, was a guest here recently at No. 8 of the New York Yacht club, at the Atlantic Highlands, N. J. With a corps of photographers he boarded a yacht and waited and the scene of the cup race between the Shamrock and the Columbia off Sandy Hook. Negatives of the course, the Hook and the Headlands were taken and forwarded to Sir Thomas Lipton in London. Sir Thomas intends to select one of the best of the pictures, from which an etching is to be made on a handsome loving cup. This cup is to be presented to the New York Yacht club and moved for by the seventy-footers off Sandy Hook between September 10 and 15.

Want More Money.

San Diego, Cal., Aug. 14.—The bids for the new Carnegie library of this city for which Andrew Carnegie donated \$20,000 have been opened. The lowest bid received was \$45,385. The New York architects guaranteed that the work could be done on their plans for \$46,000. The matter is now held up, with the hope that Mr. Carnegie will increase his gift to cover the amount required.

Absconding Italian Banker.

New York, Aug. 14.—The detective bureau is looking for Antonio Peseo, a banker with offices in this city. He has mysteriously disappeared. Scores of excited Italian depositors have thronged Peseo's offices, and it is reported to the police that the banker has gone to Italy taking with him \$16,000.

After the services, a hearse bearing the plain oak coffin, and six coaches, containing the principal mourners, proceeded by road for Epsom, where the interment will take place.

Among those present were United States Ambassador Choate, Mr. Henry White, secretary of the United States embassy, Mr. Francis Rawle, representing the American Bar association; a representative of the Prince of Wales, who sent a wreath; the Hon. FOOD IS GETTING TO BE SCARCE

British Minister Says the Situation
is Now Becoming Desperate.

ALLIES APPROACHING PEKIN

Relief Expedition Soon to Succor
the Imprisoned Legationnaires With
"Promptness and Dispatch."

London, Aug. 14.—9:30 a. m.—The
British Consul at Canton says the
Daily Telegraph's correspondent there
has received the following message,
dated August 6th, from Sir Claude Mac-
Donald, British minister in Pekin:

"Our situation here is desperate. In
ten days our food supply will be at an
end. Unless we are relieved, a general
massacre is probable."

"The Chinese offer to escort us to
Tien Tsin, but, remembering Cawnpore,
we refused the offer. There are over
200 European women and children in
this legation."

NEARING DESTITUTION.

The Shanghai correspondent of the
Daily Express writing yesterday says:
"The allies at noon Saturday were
within twenty miles of Pekin."

John Chaffee's report, which is the
only authentic news received here con-
cerning the advance, located the in-
ternational forces about forty miles
from Pekin on Friday, it seems prob-
able that the Shanghai report is the
optimistic. It is scarcely likely that the
allies could have advanced twenty
miles in as many hours.

THREW INTO THE FIGHT.

A Yang Tsun dispatch, dated Aug-
ust 7th, giving details regarding the
capture of that place, says: "The
Russians and French held the left, the
British the left center, the Americans
the right center and the Japanese the
right. The British and American ad-
vanced upon the village at a rapid rate
for five thousand yards, under a severe
shell and rifle fire. The Russians
opened and the British-American ad-
vance became a race for position, cul-
minating in a brilliant charge.

The heaviest loss of the day was
sustained by the Americans, the Four-
teenth Infantry having nine killed, six-
ty-two wounded and several missing.
The Russian Lancers unsuccessfully at-
tempted to cut off the Chinese retreat."

FOUGHT FRIENDS.

Another Yang Tsun special says:
"Owing to a mistake British and Rus-
sian guns shelled the Fourteenth
United States Infantry during the
night, wounding ten."

Commenting upon this occurrence,
the Standard says: "It is melancholy
to learn that the losses of the Ameri-
cans, who seem to have borne them-
selves with conspicuous gallantry, were
increased by a deplorable error, in con-
sequence of which one of their regi-
ments was pounded by Russian and
British cannon. The incident em-
phasizes the necessity of more close
cooperation, which is not easily obtain-
able without a single commander and
a general staff."

TOOK NO PRISONERS.

The Daily Mail's St. Petersburg cor-
respondent declares that the fate of
the rating in northeastern Manchuria
has been sealed. He says: "No pris-
oners were taken by the Russians.
Wholesale massacre was the order of
the day and when the battle was over
the Cossacks rode over the field, killing

all the wounded with the butt ends of
their muskets."

GETS THERE.

Once more, the press of England re-
marks upon the ability of the Ameri-
can government to secure news ahead
of the rest of the world. "It is to Gen.
Chaffee," says the Daily News, "that
we are again indebted for news from
the front. Not a single dispatch from
Sir Alfred Gaselee has thus far been
issued by the war office."

Commenting upon the American reply
to the Chinese overtures, the Daily
News says: "The reply is more con-
ciliatory than that of M. Delcasse, and
in some respects it is a little ambigu-
ous. Still, its substance is the same,
and it may be observed that the United
States government does not seem to
separate itself from the allies."

"PEACE" BULLETINS.

All the small arms ammunition used
by the allies follow the recommendations
of the peace conference, none being
explosive, or expanding. The drain
on China and South Africa upon Eng-
land's stores is so great that every pri-
vate firm has been enlisted to help the
government supply the demand, and to
restrict the reserve, which is much be-
low par. All the great armament
firms are working night and day in
their efforts to meet the government's
wishes.

WANTED TO MOVE.

Berlin, Aug. 13.—At the Chinese le-
gation in Berlin the representative of
the Associated Press was informed to-
day that the empress dowager had
declared her intention to leave Pekin
and to leave her court to another
city before the allied forces reached
the capital. Lu Hui Hsuan, the
Chinese minister here, on learning of
this intention, telegraphed to both the
empress dowager and the emperor
not to leave Pekin, but quietly to
await the arrival of the international
forces.

The German foreign office still be-
lieves that the allies have not begun
the advance on Pekin, the rainy season
being unfavorable. It believes that
a further forward movement will be
proposed.

The Chinese protest against the
landing of troops at Shanghai has been
officially received here. A foreign
office official discussing it, said today:
The protest is here, but who pays
any attention now to Chinese protests?"
Great Britain, according to the Ger-
man foreign office, has not given any
other declaration of purpose in land-
ing troops at Shanghai than the de-
claration made by the British consul-
general to the other foreign consuls
there, namely, the protection of life
and property.

No Disorder in Strike.

San Francisco, Aug. 14.—The first day
of the strike of the millmen for an
eight-hour day passed without any in-
dication of disorder. The lumber and
planing mills in this city were crippled
and those in Oakland all but closed.
Both areas express the utmost con-
fidence in the outcome. The demand of
the furniture makers for an eight-hour
day has been agreed to by every fac-
tory but one in this city.

Another Yang Tsun special says:
"Owing to a mistake British and Rus-
sian guns shelled the Fourteenth
United States Infantry during the
night, wounding ten."

Commenting upon this occurrence,
the Standard says: "It is melancholy
to learn that the losses of the Ameri-
cans, who seem to have borne them-
selves with conspicuous gallantry, were
increased by a deplorable error, in con-
sequence of which one of their regi-
ments was pounded by Russian and

phasizes the necessity of more close

able without a single commander and
