THIS LOOKS UGLY.

Bloodshed Threatened Between Boomers and Half-Breeds In South Dakota.

STRIKE OF TRAINMEN IN INDIANA.

Conviction and Imprisonment of German Socialists.—Deaths From Influenza.

By Telegraph to the NEWS.]

The Town Site War in Dakota.

ST. PAUL, Minn., Dec. 30.—News was received here this morning from Pierre that the half-breeds did not shoot to kill in the affair at Bad River with the settlers. The ownership of 200 acres south of Bad River, over which the trouble was reported, has been in controversy for some time. The citizens of Pierre and newcomers have insisted that they have as much right to the reservation opposite Pierre as had the half-breeds and real estate dealers. The matter culminated by about fifty men crossing the river with twenty loads of lumber and taking possession of the unplatted portion, a mile square. They platted this out and named it South Pierre. Meanwhile, a band of thirty half-breeds collected, who rode in, flourishing weapons and ordering settlers to leave. The few who remained to brave the storm then raging readily gave way, but will return today with increased forces. About 200 shots were fired by the half-breeds in the air, for the purpose of intimidating the settlers, but not a person was hurt.

Strike of Trainmen.

TERRE HAUTE, Ind., Dec. 30.—The freight crews have struck on the Evansville, Terre Haute & Indianapolis Railroad. Several conductors were relieved yesterday without charges being preferred. This morning a committee from the firemen, engineers, conductors, brakemen and switchmen sent a message to Mackey, asking that the men be reinstated until charges were preferred against them, and that Superintendent Hard be suspended pending an investigation of the charges against him. Mackey declined, and the men are out. The men say it is the purpose to get the aid of all conductors who belong to the Brotherhood organization.

German Socialists Convicted.

ELBERFELD, Germany, Dec. 30.—The trial of ninety-one socialists, accused of belonging to a secret society and conspiring to disturb the public peace, ended here today. Deputies Hsted, Grillenberger and Schumacher and forty-four others were acquitted. Deputy Harm was convicted and sentenced to six months' imprisonment. A number of citizens were convicted and sentenced to terms of imprisonment ranging from fourteen days to five months.

Blood May Follow.

PIERRE, S. D., Dec. 30.—The excitement over the attempt of boomers to found a townsite across the river continues. It is understood tonight that they have not given it up but are extending their organization and will soon make another determined attempt. They have bold leaders. It develops tonight that the land on which they wish to settle is not a part of the reservation, but a tract known as the "mile square," on which half-breeds have lived a number of years. The half-breeds are determined to resist the boomers and bloodshed is looked for at the next move.

The Canadian Fisheries.

MONTREAL, Dec. 30.—The Gazette foreshadows that the government, which meets in January, will frame the legislation necessary to extend the modus vivendi on the fishing question. The article says: "There is hope of reopening negotiations with the United States, if not directly in connection with the fisheries, at least in relation to reciprocating and exchange of products, and in that event it will always be a great and important advantage to have the fishery question in such a shape that our rights can be firmly insisted upon."

Its Deadly Work.

NEW YORK, Dec. 30.—The death of Patrolman Timothy J. Golden is said to be the first fatal case of la grippe on the police force here. He was taken ill Saturday.

KANSAS CITY, Dec. 30.—The first fatal case of influenza in this city occurred Saturday night. It was that of William Walker aged 18 years. The city physician pronounced the disease influenza, which developed into acute pneumonia.

LEAVENWORTH, Dec. 30.—Several well-defined cases of la grippe are in the city. No serious phase of the disease has yet developed.

SALINA, Kas., Dec. 30.—There are 500 cases of influenza in this city. In several instances whole families are afflicted.

MONTREAL, Dec. 30. — Nearly every medical practitioner in the city reports having some cases of influenza under treatment.

DEATHS AT BERLIN.

BERLIN, Dec. 30.—Statistics show a great increase in all maladies attendant upon influenza. For the third week in December there were 37 deaths from laryngitis, 122 from inflammation of the lungs and 10 from pleurisy. Dahn, the author, is ill at Breslau. Half of the police of Mayence are afflicted. There are thousands of cases at Stuttgart, Augsburg and Cologne. There is no statement in the severity of the disease at Vienna, where there have been many deaths from pneumonia.

STUTTGART, Dec. 30.—Queen Olga of Wurtemburg is suffering from influenza.

Warded Off.

OKLAHOMA, Dec. 30.—The conflict which was expected to occur on the occasion of the municipal election ordered by the mayor has been averted. The United States marshal called on the mayor today and, in the name of peace, demanded he recall his proclamation ordering the election.

The Irish Viceroy.

DUBLIN, Dec. 30.—The Earl of Zetland, the new Viceroy of Ireland, in reply to addresses, said he rejoiced that the condition of Ireland was so different from what it was when Lord Londonderry, the late Viceroy, was welcomed to Dublin in 1886. The happy results that had been achieved induced the government to persevere. The government, he said, was sanguine of further progress towards the prosperity, peace and contentment which all desired.

The Last Surrender.

NEW YORK, Dec. 30.—Alexander Hamilton, grandson of the First Secretary of the Treasury, died this morning at Irvington-on-Hudson in his 78th year.

VIENNA, Dec. 30.—The death is announced of Judge Keller and Baron Hardel.

LONDON, Dec. 30.—The death is announced of Colonel Henry Yale, formerly a member of the council of India.

NEW YORK, Dec. 30.—Henry Mollenhauer, the well known musician, died suddenly tonight at Brooklyn.

SALEM, Ore., Dec. 30.—Professor Melville C. Blaine, principal teacher at the Chemawa Indian training school, near Salem, and brother of Secretary James G. Blaine, died this evening after a brief illness at the age of 62.

'Twas Through Bitter Hatred.

NEW YORK, Dec. 30.—Early this morning the gas in the sleeping room of Frederick W. Stiefeder, proprietor of a bakery at 791 Florida Street, Brooklyn, was [illegible], and Stiefeder went down cellar to find out the cause. He saw a man there who fired a shot at him. The bullet wounded him in the neck, partially dazing him, when the burglar effected his escape. This afternoon the police arrested Albert Maiser, a former employe of Stiefeder, who confessed it was he who did the shooting. He said he had hid himself in the cellar and turned off the gas, thinking Stiefeder would come down to see what the matter was, when Maiser would shoot him. If Stiefeder failed to come down Maiser intended to turn the gas on again and suffocate the family. Maiser acknowledged he entertained a bitter hatred against Stiefeder on account of derogatory statements he made against him while in his employ.

A PAINFUL CASE.

Judge Barrett, of the New York Supreme Court, and His Wife.

NEW YORK, Dec. 30.—A cablegram was printed this morning to the effect that the wife of Judge Barrett, of the New York supreme court, had been confined in an insane asylum at Dresden by order of her husband and that she claimed to be sane. Judge Barrett, on being shown the dispatch, said the facts were these: He married his wife twenty years ago. Some years afterwards she began to show mental peculiarities. He then learned for the first time that insanity was hereditary in her family. Her mother died of softening of the brain; her father, Mr. Fairfield, was known as "the crazy poet;" her grandfather died of insanity; her sister had been for twenty-five years in Georgetown insane asylum and both her brothers died insane.

Mrs. Barrett's eccentric and insane actions caused the husband much trouble for a number of years. Her chief delusion was that people were trying to poison her. She finally went to Europe "to escape the poisoners." Her condition has steadily grown worse. Finally Mrs. Barrett's actions attracted the attention of the Dresden authorities, and United States Consul Mason, upon the advice of the physicians, deemed it best to send the lady to a retreat for the insane, where she is receiving the best care. Judge Barrett has always tried to induce his wife to return and live with him, but she has refused and seemed happy when flitting from place to place in Europe. She had tried to get a divorce, one of her delusions taking the shape of baseless jealousy, but the judge would not consent to a divorce, regarding it as his duty to her and his daughter to care for her as his wife as long as she lived.

Dom Pedro's Property.

WASHINGTON, Dec. 29.—The Brazilian minister today received a cablegram, from Barbosa, minister of finance, regarding the statement repeatedly made that the provisional government of Brazil had confiscated property belonging to the Imperial family. It has not been confiscated. On the contrary, the decree has guaranteed to allow the imperial family a term of two years within which to dispose of its property. Captain Mauritz, delegate to the maritime congress, who was present when the Associated Press reporter called to see the minister, declared his firm belief that the republic was assured beyond question.

Robert Garrett.

BALTIMORE, Dec. 29.—Mr. Robert Garrett is in very poor health. At times he is very much depressed and occasionally becomes very excited. He is still at his country home, "Uplands," near Catonsville. His friends are not encouraged by reports from the physicians, especially as he has been unwell off and on for more than two years.

The provincial committee of the non-partisan Women's Christian Temperance Union has issued a call for a national meeting at Cleveland, January 22nd, for the purpose of organizing a national association.

Is Consumption Incurable?

Read the following: Mr. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at A. C. Smith & Co.'s Drug Store. 5
