Terrific Railroad Disaster.

MOUNT CARMEL, Pa., May 6.—Between 10 and 11 o'clock last night a terrible accident occurred on the Philadelphia and Reading railroad between this city and Locust Gap. A freight train, consisting of seventy-five cars, bound for Williamsport, became disconnected by the breaking of the coupling, and the engine and three cars ran half a mile before the crew discovered the train was divided. The first section awaited the arrival of the second at the foot of a heavy grade, and two brakemen, losing control of the second section, it dashed into the first section, causing an explosion in the third car, which was loaded with Dupont's powder. At the scene of the accident the railroad runs along a steep hill at the bottom of which stood two rows of houses occupied by the Philadelphia and Reading road and Iron Company's employes. On the hill side stood a little cottage occupied by John Quinn and his family of four children, two boys and two girls. The force of the explosion wrecked the buildings, seventeen in all, and the stoves set fire to the ruins of Quinn's house and his two little girls were burned to death. The two boys escaped with burns. Simon Kerwick's family consisted of Mary and Willie Cavanaugh and an adopted child aged respectively 8 and 14 years, Alice Kerwick, aged 5, and its wife and newborn baby. Kerwick carried his wife from the burning building, but the children were burned to death. Thirty persons were injured, the most seriously being Mrs. Miles Dougherty, her leg being broken, bruised and cut; her mother, Mrs. Matthews, cut, bruised and internally injured; Mary, daughter of Mrs. Miles, neck cut and bruised; Andrew McElween, right eye destroyed and neck cut; John Doulan, left hand amputated, and cut about the limbs; Mrs. Patrick McManus, injured by missiles; Mrs. Simon Kerwick is suffering from the shock; her condition is serious. Several of the injured were sent to the miners' hospital. In all twelve cars were destroyed and seventeen houses with their furniture. All the windows in Locust Gap, churches and schools were broken and the doors blown off. In Mount Carmel large store windows were broken. The total loss is estimated at $75,000. Wrecking crews have the road open again for travel.

Results of a "Boom."

CHICAGO, May 6.—In the regular meeting of the trades and labor assembly today a communication from Portland, Oregon, was read stating that it is very difficult for laborers to find employment in that State. Certain real estate men and land speculators it was claimed, had flooded the country with flaming circulars, endeavoring in this way to direct general emigration to that state. They stated that employment was plentiful and wages high and professed to offer great inducements for artisans and laborers to remove there with their families. The communication was in the nature of a protest from L. A. 522 of Portland stating these representations were entirely false, and that the workmen already there were more than sufficient to meet the demands for labor. Whoever responded to the circular he claimed, would be grossly deceived, and might be reduced to actual suffering if they had not the means to pay their expences for at least a year or two.

Female Duelists.

ST. LOUIS, May 6.—News from Lima Valley, New Mexico, gives an account of a tragic and fatal result of difficulties between Miss Sarah Bolton and Mary Lemoore, who fought a duel last week, the result of a quarrel over the affections of a young cowboy named Whitman. In this duel Miss Lemoore was shot through the shoulder but recovered in a few days and last evening closely veiled, went to the house of her hated rival and meeting her at the gate shot her dead, and returning to her home she proudly boasted of the crime. She was soon after placed under arrest. As a revolver was found on the person of the murdered woman it is believed she too was awaiting an opportunity to finish the work of the duel.

Shooting Affray.

DRUMMOND, Mont., May 6.—A desperate shooting affray occurred on Willow Creek, nine miles south of here, in which S. T. Milroy and his brother were dangerously if not fatally wounded by Pat Dooley, his son John, James Campbell and Blair King. The cause is said to be a dispute about the fencing of land. The Dooley party approached the Milroys who were fencing some land and ordered them off the ground and upon their refusal began firing with rifles. The first shot struck S. T. Milroy, who is mortally wounded, and dangerously wounded his brother. The shooting was premeditated. Considerable ill feeling exists in the community against the criminals. Dooley is now in jail at Phillipsburg. The other parties have not yet been arrested.

Gen. Beem's Suicide Investigated.

CHICAGO, May 6.—The *Times* will print a statement to the effect that the Veteran Union League of Chicago, of which the late General Martin Beem was member, will probably hold a meeting to discuss the measures for investigating into the mystery of his supposed suicide in Nebraska. Mrs. Beem arrived here today from Alton, where she attended the burial of the dead soldier. The new feature of the case is her statement that the General attempted to murder her before he shot himself. This does not correspond with previous versions of the tragedy received in Chicago and supposed to have been derived originally from Mrs. Beem. They were in effect that the two shots fired were both directed by the General against himself. Mrs. Beem's statement here is she was awakened by feeling a pistol in the hands of the General being pressed against her and that the discharge was deflected by her throwing up her arms, the ball cutting a hole in her dress at the shoulder. General Beem, she says, immediately turned the weapon upon himself and died almost instantly.

The European Question.

LONDON, May 6.—The Russian military chiefs who recently assembled in St. Petersburg declared that Russia would not be in a position for a long time to attack any European power. Even her defensive forces, they said, were too weak owing to a lack of railways. It was decided to construct three lines toward the Austrian frontier at the cost of 13,000,000 roubles.

The Columbus' Celebration.

MADRID, May 6.—The committee having in charge the Christopher Columbus' celebration offers a price of $10,000 for the best book in any language on the geographical discoveries of the Portuguese Explorers prior to the time of Magellan. About the end of this month the Queen regent will unveil the monument of Columbus at Palos.

Boulanger's Publication.

PARIS, May 6.—The League of Patriots has issued a manifesto in which Boulanger is styled the leader of the national party.

Two million copies of the first installment of Gen. Boulanger's work on the German invasion, which will be brought out next Tuesday, are to be distributed gratis throughout France. In the preface to his work Boulanger again sets forth the Boulangerist policy, and states the object of the book is simply to draw a profitable lesson from the events of 1870.

Thrown from the Track.

STEUBENVILLE, O., May 6.—A circus train on the Cleveland & Pittsburg Railroad, was thrown from the track near here by a landslide this afternoon. The engineer and one circus employe were fatally injured, and some others slightly bruised. The escape of many employees in passenger cars, which were overturned, was miraculous.

Another Sick Emperor.

ROME, May 6.—The *Tribune* says, the Emperor of Brazil is seriously ill at Milan.

The Peace of Europe.

BERLIN, May 6.—It is stated that Prince Bismarck expressed to Carl Schurz his positive conviction that the peace of Europe should be maintained. The chancellor said he thought the reinstatement of Gen. Bogandovich by the Russian government afforded no ground for apprehension. He was confident the Czar's word would prove more powerful than that of Gen. Ignatieff and his partisans. With regard to France, the chancellor said the disturbance of peace through any of Boulanger's adventures was out of the question. On this point he spoke with such emphasis that Schurz gathered that Prince Bismarck desired his views, which are so much at variance with those of the press, should be made known.

Schurz has gone to Hamburg. He will return here in June.

Condemnatory.

DUBLIN, May 6.—All the League branches of Limerick have condemned the papal rescript.

Drowned.

ERIE, Pa., May 6.—A sail boat, in which were four Germans, capsized on Lake Erie, near Westfield, this afternoon, and William Band and August Piercher were drowned. The other two were picked up in an insensible condition by a passing vessel. They will recover.

The Rock Island and the Rio Grande.

CHICAGO, May 6.—The *Times* will say tomorrow: The General Manager St. John of of the Rock Island is back from his western tour. While he was at Denver at a meeting of the Chicago, Rock Island and Colorado road he was held for the purpose of taking action on an agreement between the Rock Island and the Rio Grande for trackage and terminal facilities between Denver and Colorado Springs. The matter had been previously decided upon and only needed his formal acceptance. There is no longer any question that the Rock Island is preparing to affiliate with the Denver and Rio Grande on the Pacific Coast business. It is understood that the contract already has been drawn up under this arrangement and will be signed after the completion of the Colorado Springs connection. The Rock Island has heretofore given all the Pacific Coast business to the Union Pacific and has worked against the Denver and Rio Grande, so that a complete change will be brought about by the new arrangement.

The Emperor Worse.

BERLIN, May 6.—The Emperor was feverish during last night and was frequently disturbed by an increased discharge of pus. His temperature rose to nearly 39 c. By morning it had fallen to 37 9. But the Emperor felt exhausted, and the doctors advised him not to leave his bed. Today there has been no discharge of pus and the patient had a tolerably quiet day. His face has a fairly healthy color, and his eyes are bright. His breathing, however, is difficult and rapid. The Emperor is always pleased when he makes himself understood by signs and whispers. He finds writing irksome. The Empress has recovered from her attack of neuralgia. Today she drove to Berlin to visit the Empress Augusta.

Later—Another abscess has broken in the Emperor's throat.

Disastrous Hailstorms.

LONDON, May 6.—Dispatches from India announce that Delhi and Moradabad have been visited by disastrous hail storms, about 150 persons having been killed.

LONDON, May 6.—At Racebati, in Bengal, 20 persons were killed, 209 severely injured, and 2,000 houses were destroyed by hailstones.

A Train Falls Through a Bridge.

REPUBLIC, Michican, May 6.—A freight train on the Milwaukee and Northern road this afternoon broke through a bridge over the Michigamme river at Floodwood. The engine and eight cars went into the river. The fireman and head brakeman were drowned. The engineer freed himself from the wreck and escaped.

English Officers Killed.

LONDON, May 6.—A dispatch from Mandalay says, a British force surprised a body of Dacoits near that place today, and in a fight which ensued two of the officers and two privates were killed.

French Politics.

PARIS, May 6.—Municipal elections were held throughout France today. In Nantes twenty-four conservatives, and nine republicans were returned, replacing twenty-four republicans and nine conservatives. In the Javel quarter of Paris Chauviere (revolutionary socialist) was elected.

SATURDAY'S DISPATCHES.

Change Hands.

PALESTINE, Texas, May 5.—Vice-President Clark of the International and Great Northern railway has issued the following notice:

"On and after this date the International and Great Northern Railway and leased lines will be operated by the International and Great Northern Railway Company."

Heretofore the lines have been operated by the Missouri Pacific. The change is significant in view of the recent reports that the Great Northern road was about to pass into the hands of a receiver.

Mysterious Death.

CHICAGO, May 5.—The coroner has ordered that the body of Miss Anna H. Peterson, who died suddenly a week ago and was buried the next day, be disinterred and examined. Miss Peterson was an heiress. Her friends say they fear she was murdered or worried into suicide. They claim she has been kept secluded from company for six months. There are evidences of a plot to force her into a distasteful marriage.

Suicides.

HOOPERSTOWN, Ill., May 5.—A sixteen-year-old boy named Henry Conner suicided by shooting this morning while the deputy sheriff was trying to arrest him for horse stealing.

LOUISVILLE, May 5.—A motion has been made here for a writ of *habeas corpus* in the case of John J. Cornelison, now serving three years in jail at Mt. Sterling, for beating Judge Richard Reed. John Reed objected to dueling and accepted a beating rather than violate his principles. His Kentucky neighbors considered him disgraced and he finally committed suicide.

CINCINNATI, May 5.—George Hummel Baker, made desperate by financial difficulties, shot himself through the body last night in his bedroom. After a surgeon had dressed his wounds a Newfoundland dog pushed his way into the room, mounted guard over his master and no one dared to enter until this morning when Mrs. Hammell ventured in. The dog sprang upon her and lacerated her arm. A police officer was called in and shot the dog.

TRENTON, May 5.—Ex-Judge Charles J. Ritzers, a very prominent lawyer, 52 years old, committed suicide by hanging. He had been moody and depressed owing to being made a co-respondent in the Williamson divorce case, the trial of which created a sensation here a short time ago.

The C. P. Indebtedness.

WASHINGTON, May 5.—Members of the House committee on Pacific railways have about concluded that no bill can be completed at this session of Congress providing for refunding the debt due the government by the Central Pacific. A member of the committee said today: "The Outhwaite bill which covers the case of the Union Pacific is all we can hope to handle this session. We shall be fortunate if we can secure time to consider and pass it."

Robbery and Murder.

KANSAS CITY, May 5.—James McGowan was walking the streets last evening, when a burly mulatto woman took his pocket-book away. He attempted to regain it, and she drew a razor and cut his threat from back of his ear to his chin.

The Republican Pulse.

PITTSBURG, May 5.—In an interview today Chairman Jones, of the National Republican Executive Committee, said so far as Blaine's health was concerned, he was as well as he ordinarily is. He said: "Blaine has not decided to be a candidate. He has not asked his friends to make an aggressive movement in his behalf. He has not written any letters declining the nomination the second time, and it is not true that he will be on the ocean and out of the reach of telegraph when the Chicago convention is in session. Blaine said he desired to remain abroad two years, but feared he would not be able to do so. I would not be surprised to hear he was coming home next month or that he would stay until next year. There is no denying the fact that ever since his declination there has been a growing sentiment among republicans that Blaine should accept the leadership of the party in the next great battle. This movement has great strength, and will be a powerful, if not the most powerful, element in the next convention. I do not think it is the intention of Blaine to come out squarely for any candidate. He is only human and may, of course, say so and so is my friend and I would like to see him nominated, and such an expression would have great weight."

Alabama's Troubles.

MONTGOMERY, Ala., May 5.—The troops returned from the scene of the trouble in Lowndes County this evening. They left everything quiet. They assisted the sheriff in arresting a number of negroes for whom warrants were out. The deputies who were shot are doing well. It is not known that any negroes were hurt during the trouble.

An Incendiary Safe.

LOUISVILLE, May 5.—Jim King, a negro, charged with firing the trestle on the Newport News & Mississippi Valley Railroad, whereby a freight train was wrecked and the conductor killed, has arrived at Paducah in charge of the sheriff. There is talk of lynching. King was a discharged section hand.

A Democratic Opinion.

NEW YORK, May 5.—Chairman Wm. H. Barnum, of the democratic national committee predicts democratic success this fall. "It is true," he said, "we haven't much of an issue and there is little difference between the two parties, but we have been in power four years and like it well enough for another term."

He thinks Blaine will be the republican nominee, but believes he can be easily beaten. The republicans will only invite defeat by nominating Sherman.

PERSONAL.

Mr. N. H. Frohlichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of Bronchitis and Catarrh. It gave me instant relief and entirely cured me and I have not been afflicted since. I also beg to state that I had tried other remedies with no good result. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend.

Dr. King's New Discovery for Consumption, Coughs and Colds, is sold on a positive guarantee.

DOCTORS' BILLS.

Nearly all diseases originate from inaction of the liver, and this is especially the case with chills and fever, intermittent fevers and malarial diseases. To save doctors' bills and ward off disease take Simmons Liver Regulator, a medicine that increases in popularity every year, and has become the most popular and best endorsed medicine in the market for the cure of liver or bowel diseases.—*Telegraph*, Dubuque, Iowa.
