Provo, Feb. 7, 1888.

Editor Deseret News:—At half-past seven o'clock this morning, President Brigham Young, accompanied by Elders Wilford Woodruff, Joseph A. Young, Brigham Young, Jun., John W. Young, A. O. Smoot, A. M. Musser, John W. Young, George D. Watt, Orson Arnold, and Squire Longstroth, left Salt Lake City to hold a two days' meeting in the City of Provo. B. E. Bitter joined the company at Big Cottonwood.

We arrived at American Fork about noon, where we found Elders Geo. A. Smith, and Joseph W. Young, who had left the city on the 6th, and staid for the night at Milo Anderson's. In an hour after our arrival at American Fork, several more carriages arrived, bringing Pres. Heber C. Kimball, Joseph F. Smith, E. F. Sheets, William Calder, Albert Dewey, Henry Lawrence, Lorin Farr, David Day, and Porter Rockwell. After a not unpleasant drive, though the road was somewhat wet, we entered Provo City between four and five p.m. We were met at Provo river by citizens on horse back, in sleighs and in other conveyances, among whom I observed the pleasant countenance of Bishop Miller, who heartily bade the President and his friends welcome. The company were distributed among the citizens, a great part of it being entertained at the Bishop's house.

Saturday 8th, 10 a.m.
Meeting was called to order by Bishop Miller, when the choir sang. In the meeting I observed other citizens of Salt Lake City besides those named, who came to Provo in advance of the President's company. The Saints flocked in from the neighboring cities to attend the two days' meeting. Prayer by Elder Woodruff.
Elder Geo. A. Smith discoursed upon oneness. Pres. B. Young next spoke in a fatherly and interesting manner upon the necessity of the Latter-day Saints conforming to the counsels of the Spirit, relating to their natural lives.

Elder John Taylor has just now entered the congregation.
President Heber C. Kimball discoursed upon humanity, showing the blessings that will flow to those who are humble, faithful, and true before the Lord. A mass meeting of the citizens of Provo was notified to convene at one o'clock. Meeting dismissed by Elder Geo. A. Smith.

1 p.m.
Meeting called to order by Bishop Miller. Singing by the choir. Prayer by Bishop A. O. Smoot.

Bishop Miller then stated that they had met together for the purpose of nominating those whom the people wished for City Council, and to give an opportunity for any of the citizens to express their views. He said further, that there lived in Provo as good a people as in any ward or city in the Territory, and he was satisfied they would do right in all things.

The ticket published in our local columns yesterday was then presented, and the gentlemen named were nominated. —Ed.

Sunday, 10 a.m.
Meeting called to order by Pres. B. Young; singing; and prayer by Elder Brigham Young, Jun. Elder Joseph F. Smith said, all mankind are on missions, but only the Latter-day Saints have entered into the spirit and labor of the mission allotted to man on the earth. All men should be as much interested in the work of the last days as we, and we should be more interested in it than we are. We are engaged in a great and glorious work; it should be first in our affections, and there should be within us an ever-abiding willingness to carry out the counsel of the Most High. We should not only build up cities and reclaim countries, but build up Zion in our own hearts, which is the greatest work, and establish the truth within us, and overcome the weakness and allurements of the flesh. What advantage will it be to us if we gain the whole world and neglect to cultivate honesty, integrity, uprightness and the sanctification of ourselves before the Lord. To establish the principles of the gospel is our work, and in this alone can we be blessed and prospered temporally and spiritually. We should be a light set upon a hill, and our example should be worthy the imitation of all. Sin of every kind should be frowned down among us, and we should be exemplary in all righteousness. We should be wise, and as good and united, as it is possible for men to be in the flesh, that we may be able to perform our labors in the Lord successfully.

Bishop Elijah F. Sheets said, we should never forget our prayers, and we should never forget our God, who brought us from the different countries and nations of the earth. All that we have is the Lord's, and when He wishes it to gather the poor from the nations, or perform any work to build up the kingdom of God, it should be on hand. The man who raises a bushel of wheat more than he needs for his own consumption, has done so much for the general good. He must be a slothful servant who produces nothing more than he consumes. The Saints are well fed, well clad and well housed, and they are greatly blessed in the valleys of these mountains, and should be united. Our blessings will be increased more and more if we make a good use of that which we have. The meeting was dismissed by Bishop Sheets.

To be Continued.

LOCAL ITEMS.

THEATRICAL.—Last night, "A Kiss in the Dark" and the "Colleen Bawn" were well performed. Common justice demands that we should say, what a number do not seem to appreciate, that our stock company excel nearly everything of the kind of a provincial character, and but few metropolitan companies are equal to them. This fact may become better understood, and their playing of such pieces as have been presented lately be better endorsed, than it is at present.

To-morrow night Miss Alexander takes her benefit, when a very tempting bill will be presented. "Aladdin," the grand, oriental, spectacular romance is the leading piece. It presents features of the most inviting character to attract an audience. It will be preceded by a new high comedy farce, entitled, "Somebody Else," whose acquaintance we have not yet made, but hope to do so on Thursday evening, in which Miss Alexander will appear as Minnie. Between the pieces Miss Nunn will sing a new local song, written for the occasion; and during "Aladdin" Miss Clive will appear in several dances.

THE WEATHER.—The sun shines brightly throughout this valley, and the day is beautiful and pleasant, though it freezes keenly at nights. By Deseret Telegraph line:
Lagan; clear and cold; somewhat warmer than yesterday.
Ogden; clear and very cold.
Provo; pleasant.
Payson; quite warm and very pleasant.

Neph; very clear; no clouds to be seen.
Sampeta; cold and clear.
Round Valley; clear; three inches of snow.
Fillmore; fine and pleasant.
Beaver; clear and warm.
Farowan; quite clear and pleasant.
Tokerville; pleasant; hard frost last night.
St. George; pleasant and clear; no clouds in sight. Thermometer 45.

SKATING was at a premium to-day on the Hot Spring Lake, a large party having gone out there. When we went to press, we heard they were enjoying a "huge" time on the ice.

LEGISLATIVE.

Feb. 11th, 1888.

Council.—Met pursuant to adjournment. His Excellency Governor Durkee signed his approval of an act amending an act prescribing certain qualifications necessary to enable a person to be eligible to hold office, vote, or serve as a juror.

Councilor Carrington reported from the judiciary committee a substitute for an act concerning coroners, and recommended its passage. Tabled, to come up in order.

Councilor Carrington introduced an act concerning libel; and an act authorizing the Governor to appoint commissioners to take acknowledgments of deeds or other contracts, and affidavits and depositions, in the States and other Territories of the United States, which passed their first reading, and were tabled to come up in order. Adjourned.

House.—The petition of C. Layton, asking the Territory to buy the Kaysville Wagon Road, was read and referred.

The petition of commissioned officers of 3d. Regiment of Infantry, of the Navajo Legion, for an appropriation of military fines, was read and referred.

The committee on roads, &c., reported adversely on the petition of the inhabitants of Plain City, which report was adopted.

The Council notified the House of their passage of the Ephraim City charter.

The Council announced their passage of an act amending the charters of incorporated cities read and referred.

Feb. 12, 1 p.m.

Council.—Councilor E. Snow presented an act amending an act in relation to marks and brands, which was laid on the table to come up in its order.

Councilor Harrington was granted the privilege of withdrawing the petition praying for the division of Utah county.

An act creating the office of coroner and prescribing his duties, etc., passed its three readings, and was sent to the House for their concurrence.

An act concerning libel presented by Councilor Carrington passed its three readings and was sent to the House.

An act authorizing the Governor to appoint commissioners of deeds passed, and was sent to the House.

House.—A charter for Cedar City, in Iron county, was introduced and passed.

The committee on roads, &c., reported a recommendation, to appropriate \$850, for the relief of A. Gardner.

REGARDING REST.—Relief from fatigue is not only obtained by abstinence from exertion, but can also be had by substituting the operation of one set of faculties for that of another. Thus an oarsman whose arms have been overstrained, will obtain relief by a long walk. Still more efficacious is the substitution of physical exertion for mental labor, and vice versa. Especially is that physical exertion a relief for mental toil, which involves full and free inspiration of air and exposure to sunlight. A reader will readily understand how a pedestrian could be rested by an occasional ride on horseback. The following extract will show how a horseman may be rested by taking a walk.

For any fatigue arising from horseback riding, your true repose is not in lying down, but in walking. The pain is not in the members stretched in the saddle, but in the unemployed muscles, which stiffen and can only be properly relaxed by motion. If you are under the stern necessity of going on horseback for some hundreds of miles, you will find the advice good.

Special Notices.

President Heber C. Kimball understands that there are many in this city and in other places adjacent, who have wool to card. He has put up a stove and has the place where his two double carding machines work, in the 19th Ward, near Fagley's mill and the Ward Meeting House, fitted up so that carding can be done occasionally when the weather moderates. He also has David Le Baron to work them—a man whom the people know to be honest, for he has been well known among them for many years. He can cheerfully recommend Br. Le Baron as an honorable man, who has always given satisfaction to his customers when running machines for him. People bringing wool can have it done when they bring it, if there is enough at the machines to run a day. Bring grease as usual, say one pound to seven.

If the people will not bring wool along to be carded, the place will be closed.

Mrs. White has arranged to prolong her stay in the city for a little time longer, and those who desire to rapidly obtain an acquaintance with music should see her, for she communicates a knowledge of the science, by "Hobbs' American Method," so quickly as to astonish those unacquainted with it. We think our musicians who wish to gain understanding and money of thoroughness, applied to the piano, organ, &c., ought to make themselves acquainted with the system soon, as she will remain here but a short time. She can be found at the Townsend House.
