OPTION ON THE DALTON & LARK

One Thousand Shares of West Third Payment Was Made in the Sum of \$10,000.

SHIPMENT FROM DEXTER.

Estimated at Nearly \$19,000 - The United States Smelter Will be Built-Viola Strike.

The third payment on the Dalton and Charamannaman of the comments Lark option was made today in the sum of 310,000. This makes a total of \$21,000 paid to date. This payment will, according to the terms of the option, be followed by another one of larger amount in 30 days. Meantime work is going shead on the big 6,000-foot tunnel with which it is proposed to open up the ore bodies below the water level.

DEXTER SHIPMENT.

Bullion and Cyanides Arrive Which are Valued at Nearly \$19,000

Superintendent R.G. Legg of the Dexter Mining company reached town today from that Nevada property, with samples of rich gold ore from newly found streaks in the mine. Mr. Legs also brought along a bar of bullion valued at between \$13,000 and \$14,000, and a batch of cyanides weighing about 175 pounds and valued at \$5,500. The value of the entire shipment is placed at about \$19,000 by the secretary of the company. tary of the company.

MR. HOLDEN RETURNS. The New United States Smelter Will Surely be Built.

Managing Director A. F. Holden of the United States Mining company re-turned from the East yesterday after-noon with assurances that the proposed smelter will be built by that company. Just when work will be started be Just when work will be started accould not say, but the construction of the plant has been left in the hands of President R. D. Evans and Mr. Holden, Mr. Evans is indisposed and it is unlikely that anything will be done in the matter for sometime.

RICH IDAHO STRIKE Reported in the Cross Cut Tunnel of the Viola Mine.

An important strike is reported of the Viola mine in the Black Hornet district near Boise, Idaho. The largest body of ore that has been opened up for some time past, says the Idaho Statesman, has been exposed in the tunnel between 700 and 800 feet from the entrance

The ledge at the point of intersection is 22 feet wide between walls. The ore is base but is said to carry high values.

As soon as the extent of the body was As soon as the extent of the body was known Manager Anderson ordered everything closed down and the mine nailed up. This was done, it is said, because there is no place to put the ore. There is already 400 tons of very good ore on the dump. The ore in the new strike is all ready to be broken down and nothing would be gained by pilling it on a dump or locking it up in piling it on a dump or locking it up in

an ore house.

It is understood to be the company's purpose to install a large plant at the Viola as soon as possible. During the progress of this work, or even after it is completed, it will be an easy manner to take out all the ore that will be needed.

New Mining Company.

The New York and Utah Consolidated Mining and Milling company filed articles of incorporation with the secretary of state yesterday. The capital stock is placed at \$500,000, divided into a like number of shares at the value of \$1 each. The officers are Coy S. King, president; Charles P. Brizzee, vicepresident, Sturgis B. Loveridge, secre-tary; James W. Mosser, treasurer, These with Isaac A. Dwight, general manager, form the directorate.
The company owns a number of min-ing claims in Boxelder county, Utah.

Joe Bowers Extension.

The stockholders of the Joe Bowers Extension Mining company held a meeting yesterday afternoon and after sustaining the action of the directors in closing down the property they passed a resolution upholding the last assessment levy, which will be sufficient to liquidate the company's indebtedness, another assessment was talked of with Another assessment was talked of with which to commence another campaign of development. A statement of the company's condition will shortly be mailed to each stockholder,

King Argent Incorporates.

Articles of incorporation of the King Argent Mining company were filed with the county clerk today. The capitaliza-tion is placed at \$3,000, with where at one cent each. The officers are A. O. Jacobson, president; George A. Rivers, vice president; Sig. Simon, treasurer, and S. W. Sonnedecker secretary. These gentlemen, with William Dwyer, also constitute the board of directors. The company has bonded and leased the Ram's Horn and five other claims situated in the Rush Valley mining district, Tooele county.

MINING NOTES.

Some good ore is being shipped from the Eclipse property at Alta. Two cars of ore were marketed today by the Horn Silver of Frisco.

R. C. Wilson left for Tintic last evening to look over his interests. A car of ore from Jesse Knight's Humbug was on the market today. The Centennial Eureka of Tintic mar-

keted eleven cars of ore today. Three cars of ore were marketed today by the Bullion Beck of Eureka. The Uncle Sam of Tintle was on the market today with eight cars of lead

The Utah Queen of Dry canyon reach ed the market today with two cars of

It is reported that work will shortly be resumed on the Poland group at Park City.

The Silver Shield of Bingham will market a car of crude ore and a car of concentrates in a day or two.

Nothing can be learned regarding the Star Consolidated option. Mr. Packard is not in town but it is believed that the deal has fallen through, as he ex-pressed the belief that such would be

At the meeting of the stockholders of the Dexter Mining company held yes-terday afternoon, E. H. Airis, S. B. Milner, J. S. Lakin and E. O. Lee of Sait Lake; and H. C. Southworth, of Boston were elected to serve as directors for the ensuing year.

Mercur Miner: Frank Jardine who has for several wocks been prospecting up in the Carribeo country, came home to spend the Fourth. He brought with im numerous samples and specimens of good tooking mineral, the assay re-ports of which were very satisfactory. He left the latter part of the week to renew his investigations.

Mining and Scientific Press, San Francisco: D. F. Brown, of Salt Lake City, Utah, has returned via Wrangel on the mail steamer "Baranoff" from Prince inspection of copper properties Prince of Wales Island. He is employed by Congressman Sulzer of New York and Senator Stewart of Nevada. He thinks the region is rich in copper; but when he was there the snow was deep.

TRADING YERY LANGUID.

Small Fractional Gains the Rule in Few Stocks Traded In.

Hoom Traders Attacked Brooklyn Transit-More General Demand for Railroaders.

New York, July 10.—Trading was very languidly conducted at the opening of the stock market, but small fractional gains were the rule in the few stocks traded in. The room traders attacked Brooklyn Transit and forced it down a point. Other stocks were scarcely affected by the movement and rallied sharply when American sugar and sharply s glucese sugar issues were marked up 10 ington, Pa.

2. Substantial gains were made by some of the railroads, Northern Pacific rising a point. Brooklyn Transit rallied to nearly 52. Trading was light, notwithstanding the considerable price movements. Prices continued to move upward, some of the leading stocks making good gains before midday. There was more general demand for railroad stocks than for some time, the Pacifics, Grangers, Louisville and trunk lines being in especial request. - Chicago, Indianapolis and Louisville rose 31/2 and Brooklyn Transit increased its gain to 21/2 over last night.
