WASHINGTON, D. C.,
Nov. 3, 1880.

Editor Deseret News:

The people of Washington are disfranchised—at home—but probably many of them did good service yesterday for both parties in the neighboring States of Maryland and Virginia. Dr. Watts never said a truer thing than that the devil finds mischief for idle hands. There are over 3,000 men in the District of Columbia who cannot vote at home, but who would be entitled to a vote anywhere else in the country. It was too much to expect that they would stay at home yesterday, with two States and half a dozen doubtful congressional districts within easy reach. Hundreds of them, white and black, democrats and republicans, undoubtedly voted where they had no right at all to vote. It is probably useless to ask Congress to give the people of this district suffrage, but it ought to devise some means of keeping them at home on days of presidential elections.

Among democrats here this morning there is a general feeling of hostility towards Barnum, chairman of the National Committee. There is no uniformity in the charges, some alleging one thing and some another, but the disgust at his management is universal. There is complaint against Jewell, too, among republicans, but that is swallowed up in rejoicing over the result. Future campaigns will be run with less National committees and more State and local committees, if one may judge by current opinion here.

What surprised me most to-day, in conversation with republicans and democrats, was the unanimity with which they repressed their disapprobation of the personal part of the late canvass, and their entire confidence in both candidate. I have heard higher praise of Hancock to-day, from republicans, than I should have thought possible a week ago. I believe, from my own knowledge of the General, that hardly too much can be said in his praise. When the trash of the campaign is brushed away, he will be thoroughly and very highly regarded by every one. What is known as the "military feeling" here has been against him in this campaign, but no man could possibly stand higher among the military men than the General does to-day.

It is proposed by those who originated the "Towpath Clubs" in this city to continue their organization and to aid in the forming of clubs throughout the country. The club first organized here, and which I suppose has the credit of organizing the idea of a club based on an incident in Gen. Garfield's early life, was one of the most efficient agencies in the late campaign. Its members were sent to all States where they could do good, and its funds were sent all over the country.

Editor Deseret News:

The past season has been a very dry one, no storm worth speaking of since spring opened, still we have had plenty of water, although we had a moderate supply of snow last winter. We have raised good crops of grain and roots, and consider ourselves as individuals and as a branch of the Church fully established. We have lately been re-organized; with Brother Chas. Kimber as bishop and Philip Paskett and Wm. Paskett his counselors; Brother Sam. Kimball resigned. We have a good spirit in our meetings and feel satisfied with the prospects before us. One thing we need here is a grist mill, there was some talk of building one some time ago, but it turned out to be a "wind" mill, consequently we have to buy our flour yet. The weather has been very favorable for us to gather our late crops in. The health of the people, old and young, is excellent. This is a very good country for plenty of hard work, also a good country for a lazy man to keep out of. Your paper is always welcome.

Respectfully,

PHILIP PASKETT.

DANGER IN DISGUISE!

Summer Pestilence Unearthed: its Causes Explained and Some Timely Advice About How to Avoid it.

CERTAIN VALUABLE FACTS MADE PUBLIC.

It is well known that hot weather brings sickness, and that few people go through the summer without unpleasant symptoms. The mouth becomes dry and parched, the tongue furred and white, the pulse irregular, the head feverish, the body cramped and the limbs swollen and tired. Ladies especially, with their natural delicacy and tendency to female troubles, find the hot weather almost unbearable, while Little Children are dying every day from exhaustion and because Parents neglect precaution and care. A prominent and well known physician of New York asserts as his positive belief that more than three-fourths of all so-called Summer complaints arise from disordered secretions, and that these secretory organs, which, by being out of order cause so much trouble, are the Kidneys and Liver. These organs are the governors of the system, and by their movements the other parts of the body are regulated. The brain controls the life, but the lower part of the body rules the health.

There is one, and only one known vegetable that will absolutely regulate and control the Kidneys and Liver at all times and thus prevent the many dangers of the Summer. That vegetable (a West India leaf,) is used as the basis of Warner's Safe Kidney and Liver Cure. It is pure, pleasant to the taste and absolutely certain in its results. It keeps those who intelligently use it in perfect health, and cures those whose secretions are deranged. For all urinary complaints of either sex it is infallible. For all bilious troubles it is certain. For the hot season it is invaluable, and it should be used upon the approach of the slightest symptoms. It may save your life or that of some dear friend; it will certainly prevent much suffering.

No remedy in America has ever received such high and enthusiastic commendations, and it is warmly

An Editor's Escape.

OFFICE OF THE "INDUSTRIAL ERA,"
ALBIA, IOWA, May 26, 1880.

TO WHOM IT MAY CONCERN:

I take great pleasure in making the following statement: I have been afflicted with a disease of the kidneys for the past two years and have tried numerous remedies with only partial and temporary relief. Warner's Safe Kidney and Liver Cure was recommended to me, and after taking it the pain and distress left me, and I am to-day feeling strong and well. I am perfectly satisfied that Warner's Safe Kidney and Liver Cure is the medicine needed and can cheerfully recommend it to others.

G. W. STANLEY.

An Educational Endorsement.

The Rev. C. A. Harvey, D. D., of the Howard University, of Washington, has written the following letter:

GENTLEMEN—I take great pleasure in stating that I have for two years past been acquainted with the remedy known as Warner's Safe Kidney and Liver Cure, and that in some cases which had been given up by practitioners of both schools, the speedy change wrought by this remedy seemed but little less than miraculous. I am convinced that no remedy for kidney troubles heretofore discovered can be held for one moment in comparison with it. Respectfully yours,
C. A. HARVEY.

A Doctor's Certificate.

I hereby certify that I have been a practicing physician for twenty-seven years, and for many chronic cases in my practice do recommend Warner's Safe Kidney and Liver Cure. It was upon my advice that G. W. Stamm, the editor, obtained this valuable remedy.

A Pastor Made Happy.

I have been greatly troubled with my kidneys and liver for over twenty years, and during that entire time I was never free from pain. My medical bills were enormous, and I visited both the Hot and White Springs, noted for the curative qualities of the water. I am happy to say I am now a well man, and entirely as the result of Warner's Safe Kidney and Liver Cure. With such glorious results, I am only too glad to testify regarding the remedy which has made me so happy.

Arousing its Readers.

An alarm of fire at midnight is a startling thing, but not half so startling to many who bear it as would be the sudden knowledge of their own dangerous physical condition. Thousands of thousands are hurrying to their graves because they are carelessly indifferent to the insidious inroads of disease and the means of cure. It is the mission of H. H. Warner & Co., with their Safe Kidney and Liver Cure, to arouse men to a sense of their danger and then cure them.—*Memphis Appeal*.

The Friend of Delicate Ladies.

Warner's Safe Kidney and Liver Cure is the remedy that will cure many diseases peculiar to women. Headaches, neuralgia, disordered nerves, weakness, mental shocks, and kindred ailments are effectually removed by its use.—*The Mother's Magazine*.

Its Grand Reputation.

Warner's Safe Kidney and Liver Cure has reached a reputation that is not limited by the confines of section or country. There are no injurious substances nor false and temporary stimulants in the preparation. It is purely vegetable and compounded under a formula that has passed severe tests and won endorsements from some of the highest medical talent in the country.—*New York World*.

Journalistic Opinions.

Our exchanges come to us bountifully laden with commendatory notices of the wonderful cures effected in diseases of the kidneys and liver, and especially of dropsy, by the use of Warner's Safe Kidney and Liver Cure used in connection with Warner's Safe Pills. We feel sure if our friends who are suffering from like troubles would use these remedies they would be benefited.—*St. Alban's Advertiser*.

MESSRS. H. H. WARNER & CO.:

GENTLES—My wife has been suffering for the past five years from the results of a premature birth, and during that time she has been under the doctors' care and treatment, for a disease peculiar to the female sex, and generally named as a falling of the womb. After a thorough examination the doctors finally concluded she had inflammation of the bladder, and changed their treatment accordingly, but as before without helping her in the least. We at last despaired of her ever being any better, and after expending an enormous amount of money—gave it up. But a little while ago one of your pamphlets having been left at my house, and her symptoms being so accurately described therein, we concluded to try your Safe Kidney and Liver Cure, and I can truly state that after five years of faithful trial of physicians, this is the only thing that has done her the least good. Sincerely,
G. E. WOOD.

H. H. WARNER & CO.:

GENTLEMEN—I have known of the remedy called Warner's Safe Kidney and Liver Cure, and can personally testify to its efficiency in kidney and liver troubles. I can truthfully say that in my opinion it is the best and only efficient remedy for such troubles ever brought before the public.

Yours very truly,
(COL.) JOHN K. MCCHESNEY.
