

SLADE GIVEN THREE YEARS

Well Known Postoffice Employee Now on His Way to Leavenworth Prison.

SENTENCE OVERCOMES WIFE.

Convicted Man Permitted to Return Home and Take Farewell Prior To Starting for Kansas.

C. C. Slade convicted of robbing the United States mails in the Salt Lake postoffice, is now on his way to the federal prison at Fort Leavenworth, Kansas, having been sentenced to serve three years there by Judge Marshall in the United States district court today.

C. C. Slade, who was indicted by the grand jury, pleaded guilty to the offense and was sentenced to three years on the first, fourth and fifth counts, and to six months on the seventh, eighth, ninth, tenth, eleventh, twelfth and thirteenth counts, the sentences to be concurrent. This means that they will all run out together, and the prisoner will therefore serve but three years in the prison at Fort Leavenworth. As this sentence may be reduced several months by good behavior, it is considered by everyone to be a real mercy.

Slade was driven to the federal building this morning in company with his wife and A. J. Davis and wife. A sister of Slade's was also of the party. They reached the court room at a quarter of 10 and he appeared to be in a dazed condition, like a man who finds himself in an unaccountable position. His countenance showed every sign of mental anguish and he behaved like one who felt his humiliation most keenly. As he passed into the courtroom he silently grasped the hand of an old friend, who afterwards said that his hand shook like a leaf, while his lips quivered and for a moment he thought the unfortunate man would break down.

TAKES SENTENCE CALMLY.

Slade recovered his self-possession sufficiently to pass into the court room and up to the bar. Immediately on the opening of court, the United States district attorney stated that he had a prisoner for sentence, who had pleaded guilty. Frank B. Stephens, attorney for the accused, then made a short plea for leniency, saying that Slade was a married man, with a family, and that Marshall stated that Slade had been a trusted employee in the postoffice in an official position that involved much responsibility. This fact served to magnify the heinousness of the crime, as stated above.

He did not show the least change of countenance when the sentence was pronounced, but acted like a man who had made up his mind for the worst. He only thought of the time he was to get it over with.

Mrs. Slade took it much harder apparently than her husband. She was taken into the marshal's office in a state of hysterics, and after a stay of 15 minutes there, during which everything that could be done was done to alleviate her, she was driven home to the residence in company with Mr. and Mrs. Davis.

Slade was turned over to the care of United States Deputy Marshal H. P. Mylon, under whose surveillance he was taken to his home to prepare for his journey to Leavenworth. It was this afternoon that the time he was taken charge of by United States Marshal Lucian Smyth, who will accompany him to the prison designated as his home for the next two or three years.

CROWD PRESENT.

The case has attracted a great deal of interest because of the prominence of Slade in the social life of Salt Lake for a number of years past. There was, consequently, a good sized crowd at court this morning to hear the sentence pronounced and to take a last look at the prisoner.

Prison life to most people is associated with comfort, ease and all comforts, and constant intercourse with the vulgar and unrefined. It is said that this is not literally true of the prison to which Slade will go, and to which many have been sentenced and educated men have gone. Here, however, it is said that he will be able to associate with men who are far above the ordinary criminal in intelligence. Compared with the ordinary jail the Leavenworth prison is superior that it has been dubbed by one Salt Lake citizen as "the gentlemen's club."

SUGAR TRUST WILL BE PROSECUTED CRIMINALLY

New York, May 1.—Criminal prosecutions by the federal government will be begun as a result of the disclosures in the recent suit of the government against the American Sugar Refining company. This announcement was made today by Henry Stimson, who is acting as special attorney for the government.

PARKHURST FOUND GUILTY.

Seattle, May 1.—R. F. Parkhurst, formerly assistant cashier of the First National bank, charged with embezzlement of \$50,000, from that institution, was found guilty by a jury in the federal court today. His speculations as shown by the evidence, extended through his wife's name, and were covered up by manipulation of the bank's balances in San Francisco, Chicago and New York. Bank officers from those cities were witnesses against Parkhurst and his wife. Records that showed his operations, Parkhurst was a man of family and stood high in the banking business circles.

BARGE GEORGE NESTER SUNK WITH HER CREW

Marquette, Mich., May 1.—The barge George Nester, which was on a trip to the Huron islands north of the rocks, yesterday and was lost with all of her crew of seven.

DELIVERY DAY FOR MAY WHEAT

Two Million Bushels Were Delivered, Practically All of it to Bartlett, Patten & Co.

BULL LEADER'S GREAT PROFIT

Estimated That He Bought at \$1.08—Today It Opened at \$1.24½, With Big Demand.

Chicago, May 1.—This was delivery day on the board of trade and the May option, which was the medium of the recent bull campaign led by James A. Patten became cash wheat. On May contracts today 2,000,000 bushels of wheat were delivered practically all of it to Bartlett, Patten & Co.

Brokers have hazarded a guess that Mr. Patten paid an average of \$1.08 for his May wheat. Assuming this figure to be approximately correct Mr. Patten might have sold the wheat delivered him at \$1.24½ delivery in July, which would show a profit of four cents a bushel. Wheat, however, opened today at \$1.23½ and a good demand for actual wheat would enable the bull leader to sell at a much greater profit.

While May 1 is commonly known as delivery, sellers have until the end of the month to turn over the wheat. The new rule of the board made two years ago, No. 2 spring wheat was made standard. A large quantity of this latter, it is expected, will find its way down from the head of the lakes when navigation opens, thus settling the amount in the Patten elevators. No. 2 red wheat is selling at 14½¢ to 14½¢, and No. 2 spring at 12¢.

KILLED BY A WOMAN.

Cincinnati, Ohio, May 1.—L. D. Plowman, 40 years old, a printer of Canton, Ohio, was shot and killed early today by Mrs. Elizabeth Forsyth, wife of William Forsyth, a newspaper correspondent.

CALL FOR PEACE MEETINGS.

Salt Lake City, May 1, 1909. To State Presidents of Relief Societies and Young Ladies Mutual Improvement Associations, Greeting:

Dear Sisters:—Acting under instruction of the peace and arbitration committee for the National Council of Women and National Suffrage association, we, as a general committee, earnestly request that your organizations unite, and invite all citizens of your locality to join with you in holding peace demonstrations in a ward or stake capacity, on or near May 18. We suggest Sunday, May 16, afternoon of 12:30, a fitting time for these meetings, when agreeable to stake and ward authorities.

It is also desired that you extend an invitation to the minutes of all demonstrations in your vicinity to do likewise.

Among the suggestions for peace meetings are the following: Invocation; appropriate music, as the National Anthem, or the hymn of the Republic, Flag Without a Stain, Angel of Peace, etc.

The following resolution may be presented: Resolved, That the American women assembly, May 18 for the purpose of considering the fruits of war and the fruits of peace, do solemnly pledge themselves to meet annually to hold a demonstration in behalf of peace and arbitration. They commit themselves to adopt as their own that ideal of loving brotherhood which can be realized only by the cessation of international hostilities, they accept as a corollary of the universal peace of God, the universal brotherhood of man. They send greetings to women of other countries who this day may be assembled to attest similar convictions. They rejoice that women throughout the world are beginning to feel their responsibility for human conditions outside of the home, as well as within its sacred walls. They ask all women everywhere to adopt as their own the task assumed by the International Council of Women, which is "The application of the golden rule to society, custom and law."

Suggestive poems and topics: "Let Us Have Peace," Emily H. Woodman; "Poem on Peace," Whitely; "Utah State Peace Poem," Josephine Spencer; "Let There be Peace," Ruth M. Fox; "The Day of Peace," Lydia Alder.

The Hague conference, its causes and results. Who have done the most to promote the peace of the world? Questions for discussion: "What effect has military drill in schools had on the peace of the world?" "What do you think of letting children make a game of killing with toy guns and soldiers?"

In teaching patriotism on what should the chief emphasis be laid? How can mothers best promote the cause of peace? As decorations for peace meetings, the following suggestions are offered: "Flags may be used in every available place. In a particularly prominent place should hang the peace flag. It is a tri-color, emblematic of liberty, unity and fraternity. The flagstaff is blue, next to the flagstaff is yellow, then purple, then white. The motto, 'Pro Concordia Labor,' (we work for peace). Over the flag sheathed swords and scales of justice may hang as symbols of peace. The picture of William Penn's treaty with the Indians, or of Cornwallis surrendering at Yorktown, and similar pictures would be appropriate.

Promptly forward the following report to Emily S. Richards, 609 Templeton building, and Mollie J. Snow, 625 Constitution building, Salt Lake City: 1. Place of meeting. 2. Number of persons present. 3. Was the resolution presented and adopted? 4. Name speakers and subjects. 5. Music employed. 6. How do the ministers of the stake respond?

Remarks. Respectfully your sisters, EMILY S. RICHARDS, N. W. R. S., MARY A. FREEZE, Y. L. M. I. A., General Committee Peace Demonstrations.

DEAD STREWN IN STORM'S TRACK

Number of Victims of Thursday Night's Tornado Now Placed At One Hundred.

INJURED ARE TWICE AS MANY.

Details of Damage Wrought Are Meagre—Telegraph Companies Busy Repairing Lines.

Memphis, Tenn., April 1.—While some sections in the pathway of the storm are still to be heard from, information so far received from Arkansas, western Tennessee and northern Mississippi bring the total number of killed by the tornado of Thursday night to 100, the injured, some of whom are believed to be fatally hurt, to twice the number and while an accurate estimate of the monetary loss is not yet possible, each dispatch describes the storm as the most destructive that has ever swept over this section of the country. It was also the most remarkable as to the extent of the territory affected.

The greatest number of dead and injured is reported from Horn Lake, Miss. Here 18 bodies have already been recovered from the ruins of the farm dwellings. Of this number seven are those of white people. The injured are placed at 50, many of whom are seriously hurt. The property loss is roughly estimated at \$100,000 in that vicinity. Caddo Gap, Ark., report a similar number of dead and many wounded.

At Fayetteville, Tenn., the death list is placed at 15 and the injured at 50. Other towns from which reports have been received here are:

IN ARKANSAS.

Marianna—Four dead, 20 injured. Near Hot Springs—Four injured. Palestine—Fifteen injured. Bee Branch—Two dead, three injured. Heber—Two dead, 11 injured. Wabeno—One dead.

IN TENNESSEE.

Somerville—Five dead, four injured. Bolivar—One dead, 13 injured. Dechard—Four dead, 12 injured. Newbern—Twelve injured. Humboldt—Four dead. Medina—Three dead, eight injured. Whiteville—Two injured. Bolles—Six dead, 23 injured. Quillo—Three dead, 12 injured. Lila—Four dead. Delight—Two dead.

REPAIRING TELEGRAPH LINES.

Louisville, May 1.—May day, following the windstorm which caused perhaps 100 deaths throughout the southern states, will be spent by the telegraph companies in repairing their wires. With the overhead line of communication from Louisville to New Orleans once established, authentic lists of the victims of the storm may be secured.

It has been years since the winds have gathered so many victims. Tennessee, sloping westward from Virginia mountains to the dunes along the Mississippi, proved an angle for the wind to pivot upon, and the list of 60 dead in that state seems to have been corroborated. Arkansas, Alabama, Mississippi and Georgia also suffered. Word from Guthrie, Ky., early today is that six persons were killed there and the only facilities in Kentucky so far as is now known. Louisiana and Texas seem to have been unscathed, but poor communication makes even this doubtful.

As far east as Mount Sterling, Ky., barns and houses were unroofed, trees were washed away, turn pipes made rivers of waters and fires started in overturned dwellings. At Frankfort, the same conditions prevailed, but only one death was reported. All the counties from the Mississippi river to the Big Sandy have similar reports.

"JOHNNIE" DAVIDSON FREED.

She Was Charged With Murder of Roy Ramsour, Her Sister's Suitor.

Neosho, Mo., May 1.—Miss "Johnnie" Davidson, the young heiress on trial here charged with the murder of Roy Ramsour, her sister's suitor, was acquitted this morning.

The jury, after 18 hours, having been out the case at 4 o'clock Friday afternoon after a sensational trial. Miss Davidson is wealthy in her own right and her family also is well to do and because of the prominence of the principals in the case has caused intense feeling. The prosecution was vigorous, while the defense spared nothing in its efforts to free the young woman.

TWO HUNDRED THOUSAND SMUDGE POTS SAVE FRUIT

Grand Junction, Colo., May 1.—Two hundred thousand smudge pots, watched through the night by an army of men, women and children, have probably saved the fruit crop of the Grand valley, estimated this year to be worth \$2,000,000, from destruction. All during the night, the country from Debeque and Palisade to Fruita and Loma was lit by fire pots distributed throughout the fruit orchards.

The valley resembled a huge charcoal bed. Outside the smudging districts the temperature fell as low as 20 degrees and orchards were badly damaged.

DR. J. E. TALMAGE GOES EAST.

Dr. James E. Talmage left for the east on the afternoon of the 30th inst. for the purpose of attending to the session of the American Association of Museums. After the meeting he goes to New York and prior to returning home he will deliver a number of addresses in various cities including one at Lehigh university.

LYRIC THEATER SQUABLE.

The Utahna Theater company filed suit in the third district court this morning against the Advance Amusement company to prevent it from removing the fixtures and furniture out of the Lyric theater. The company's lease expires today and the plaintiff asks for \$500 damages if the property is removed. The Utahna company leased the theater to the Inter-State Amusement company and this company transferred its lease to the advance Amusement company.

LUICHI REACHES SAN FRANCISCO

Hearty Welcome Extended to Japanese Admiral and His Squadron of Warships.

HE ARRIVED ON MANILA DAY.

First Time in Many Years That Battleships from Land of Rising Sun Have Been in the Harbor.

San Francisco, May 1.—For the first time in many years, San Francisco is extending the hospitality of her harbor to a visiting squadron of Japanese warships. Representatives of city, state and nation united today in a memorable greeting to Admiral Luichi and the officers and men of the cruisers Aso and Soryu, which arrived this morning from San Pedro, after an easy cruise of two days.

Exactly upon the hour set for their arrival, the two vessels steamed through the golden gate and with a score of tugs and launches following in their wake, proceeded down the bay to Man-of-war row, where the four gray cruisers of Admiral Swineburn's fleet thundered a salute of welcome to their sister guardians of peace in the Pacific.

Several miles beyond the harbor entrance the Japanese training squadron was met by the cutter McCulloch, of the revenue service, designated by the federal authorities as an escort. Conveying assurances of less formal welcome, the cutter Golden Gate, with the official reception committee as passengers, met the Japanese warships in the strait, while the fleet of excursion boats, many of them gaily decorated with Japanese and American flags, followed the larger vessels to anchor.

MANILA DAY.

Coming on a day when American naval officers are accustomed to observe the anniversary of Admiral Dewey's victory in Manila bay, the officers and men of the training squadron were given a particularly warm welcome by the sailors of the Pacific fleet. Admiral Swineburn and Gen. Weston, accompanied by their respective staffs, headed the committee which made the first official call upon Admiral Luichi.

Mayor Taylor, with the presidents of San Francisco's three greatest commercial organizations, Lieut.-Gov. Warren F. Porter and Collector of the Port Frederick F. Stanton, were conveyed from the flagship West Virginia on the cutter that carried the army and navy delegations, and by invitation of the federal authorities, Consul-Gen. Matsumura Nagai was made a member of the same party. On the deck of the Japanese flagship, Admiral Luichi received his guests with all the ceremony that attended their departure from the West Virginia. There were warm words of greeting from half a dozen of the visitors, the admiral gave his hearty approval to the outline of the entertainment arranged for the ensuing week, and the party returned to the West Virginia, where Admiral Swineburn, half an hour later, had the pleasure of receiving the Japanese admiral.

Naturally enough, the most enthusiastic greeting to the squadron was that accorded their countrymen by the thousands of Japanese who witnessed the entry from Russian and Telegraph hills and from all points of view. Several hundred Japanese business men of this city and prominent representatives of colonies elsewhere in the state, chartered a steamer and were among the earliest to greet Admiral Luichi's return to his flagship.

In the Japanese quarters of the city the flag of the Rising Sun is everywhere in evidence and costly and elaborate plans have been devised for the visiting sailors.

MONTANA BREWERS AND BRICKLAYERS OUT

Butte, Mont., May 1.—Brewers all over the state, carpenters and painters in Great Falls and bricklayers in Butte are out, or about to go out on strike. The brewers, who number about 200 in the state, were ordered to quit work at midnight. Two points are at issue, one in regard to hours and wages and the other as to the jurisdiction of the brewery workers' union over the engineers employed in the breweries. The Butte Engineers' union claims the jurisdiction over the engineers, while the Brewers' union has been thrown into the background by the jurisdiction question. Officers of the Butte Miners' union last night gave their endorsement to the brewers' strike.

Some 20 breweries are affected. The employers say that they have three months' supply of beer on hand and intimate that they will attempt to operate their breweries in spite of the strike.

The Great Falls carpenters demand an increase from \$4.50 to \$5 a day and will not go to work this morning. The Painters' union is also striking for \$5 a day. In Butte the bricklayers have been refused an increase from \$6 to \$7 a day and a walkout has been ordered in consequence.

MOODY CHURCH IN CHICAGO QUITS WORK

Milwaukee, Wis., May 1.—That the Moody church in Chicago, after giving 53,000 free breakfasts to men who were fresh start in life, was forced to give up this regular work because it does not mix with the regular work of the church, is the statement of J. C. Dixon, who is here to inaugurate a campaign for a new rescue mission.

"The Moody church," said Dr. Dixon, "gave thousands of free breakfasts to sober unemployed men. We found some strange cases in that list of down and outers. We found a professor of Greek in a western college. We found the lost son of a California railroad superintendent. But we were forced to stop, because this work would not mix with the other work—that of providing a church for the workingman."

"The workingman who has a steady position and is working hard, will not be classed with the man who is down and out and is trying to get on his feet. This is the rock on which the institutional church splits."

MOTHER AND HER CHILD ARRESTED

Both Were Found With Other Young Girls in Stockade Resort.

ANOTHER WOMAN IN THE CASE

Jessie Hildebrand, Who Secured a Divorce Yesterday, to be Charged With Procuring.

Mrs. Louise Greer and her daughter, Mabel Greer, 18 years of age, were arrested in a sheriff's raid on a resort at 35 Electric avenue within the westside stockade at 2 o'clock this morning. With them were also arrested Amanda Price, 17 years of age, Etta Weaver, not yet 17 years old, and Mrs. Jessie Hildebrand, who yesterday secured a divorce from Harry Hildebrand, to whom she was married in February of this year. She charged desertion. It will be charged against Mrs. Greer, who is also known as Mrs. Clark, that she, associated with Mrs. Hildebrand, has procured young girls for inmates of the resorts of the stockade, employing also a number of men to entice young girls to cafes, to be met there later by the women and invited to visit the resorts in the red light district.

The officers assert that Mrs. Hildebrand will be charged with enticing the girls to a rooming house recently and effecting her downfall, a man 60 years of age being involved in the revolving affair.

WOMAN TRIES TO FLEE.

The arrest was made by deputy sheriffs. The women after their arrest were taken to the sheriff's office. After Sheriff Sharp had been talking with the Greer woman in his private office, he left for a moment to talk with her daughter. Upon his entering the office again, he discovered the window open and saw Mrs. Greer running into a vacant lot across the street. She was pursued by deputies and caught in a barn in Second East street. She is now in the county jail.

All the cases will probably be handled in the juvenile court before Judge Gowans. Two of the girls are wards of the juvenile court and have been in serious trouble before.

SMITH AND WILLIAMS TO APPEAR IN COURT

Indianapolis, Ind., May 1.—Delevan Smith and Charles R. Williams, proprietors of the Indianapolis News, indicted by the grand jury of the District of Columbia, with the proprietors of the New York World, on the charge of having committed criminal libel in publishing certain statements bearing on the purchase of the Panama canal by the United States government, will appear before Judge Anderson in the New York World district court here today and will be served with warrants for their arrest. They will give bond for their appearance in the court at a later date, probably the first week of June, for a hearing on the question of the return of the writ of habeas corpus for trial. Messrs. Smith and Williams will resist removal.

This procedure was determined on today at a conference between Judge Anderson and the attorneys representing both sides.

ATTACKS ON ARMENIANS.

Ministry of Interior Convinced Were Arranged in Constantinople.

Constantinople, May 1.—The ministry of the interior is convinced that the attacks on Armenians in the Cilicia district were arranged from Constantinople, synchronizing as they did with the troops here for the restoration of absolutism.

Field Marshal Ghazi Moukhtar today confirmed the truth of rumors that have been in circulation that the massacre of all foreigners, including the ambassadors at Constantinople, was planned for Saturday, April 24.

It was the original plan of Shekhet Bekha, commanding the 42nd division, to enter Constantinople Sunday the 25th, but when he received a message from the city to the effect that the lower priests, the officials, soldiers and the fanatic mob leaders were ready to kill the foreign residents, possibly with the object of causing the intervention of the powers, he gave orders that his army enter the city Saturday morning.

Bonds of considerable quantities had been prepared for use against the banks, the embassies and other strongly protected buildings.

ELDERS IN TURKEY SAFE.

In order to allay the anxiety which a number of people have felt regarding the missionaries of the Church of Jesus Christ of Latter-day Saints in Turkey, in view of the recent upheaval, President C. W. Penrose was asked by the First Presidency a few days ago to inquire into and report on their situation. A cablegram was received this morning in response to this request dated Liverpool, May 1, stating that the elders in Turkey are all well.

JURY VENUE FOR MAY TERM OF COURT AT NEPHI

NEPHI, April 30.—For the May term of court the following named citizens have been drew to serve as petit jurors:

Hyrum Madsen, Mammoth; William Gay, Eureka; Edward Redmond, Eureka; George C. Bean, Nephi; Richard Gardner, Levan; W. J. Olpin, Nephi; Henry Dickman, Eureka; Herbert Hopes, Eureka; John W. Hurd, Eureka; John S. Cowan, Nephi; Ephraim Finch, Silver City; J. L. Doyle, Silver City; James Estlee, Eureka; Rasmus Nielson, Eureka; Maylon C. Fox, Silver City; James Chase, Nephi; Frank Serapapa, Eureka; L. H. Mortenson, Levan; Joseph Morandy, Mammoth; Harry Evans, Eureka; J. R. Edhell, Nephi; Orsan Cragg, Nephi; William M. Roberts, Moma; Lars Olson, Mammoth; John Huiper, Eureka; Frank Hartyman, Mammoth; S. E. Cragger, Eureka; John Kendall, Nephi; Hugh Jamison, Mammoth; Leo P. Pendleton, Eureka.

A number of probate cases were disposed of in the district court today.

R. G. W. CHANGES IN EFFECT TODAY

Utah Main Line Has Been Cut Up Into Two Divisions.

HALF A DOZEN PROMOTIONS.

A. B. Apperson and O. J. Ogg Appointed Superintendents of Salt Lake and Green River Divisions.

A number of changes in the operating department of the Denver & Rio Grande Utah lines go into effect today. The territory covered by the Utah lines has been divided into two divisions known as the Salt Lake and Green River divisions, the first extending from Ogden to Helper, the second extending from Helper and including the terminals at that point to Grand Junction.

A. B. Apperson is made superintendent of the Salt Lake division with headquarters at Salt Lake. O. J. Ogg is named as superintendent of the Green River division, with headquarters at Helper.

C. W. King is appointed assistant superintendent, with jurisdiction extending from Ogden to Thistle and over the Panguitch, Heber, Tintic and Marysville branches.

E. O. Raymond is appointed assistant superintendent with headquarters at Bingham Junction, with jurisdiction extending over the Bingham, Garfield and Cuprum branches and Copper Belt line.

C. F. Roberts is appointed assistant superintendent with headquarters at Tucker, and jurisdiction from Thistle to Helper and on the Pleasant Valley branch.

H. C. Holloway is appointed chief train dispatcher, headquarters at Bingham Junction, jurisdiction over the Bingham, Garfield and Cuprum branches and the Copper Belt line.

FITZGERALD ARRESTED.

Suave Young High Flyer Landed Behind the Bars Again.

W. H. Fitzgerald, alias Feeoney, the smooth, suave clubman who took up the time of the Salt Lake police two or three months ago and added to his numerous escapades by escaping from a Texas sheriff while being returned to the Lone Star state from Salt Lake, has been landed again by the Texas officials. This time Fitzgerald is in custody at Amarillo, Tex., for forgery, the crime alleged to have been committed about six months ago and just before he left there to come to Salt Lake. On a telegraphic warrant he was arrested here and held until the arrival of the Texas officer. After his arrest he was committed to return without the formality of extradition papers, and in his smooth way, won the confidence of the sheriff.

Just after leaving Pueblo, Colo., Fitzgerald fooled the sheriff and succeeded in jumping off the train and in making his escape. A few weeks ago he was located in St. Louis, and the local police department was asked to prepare extradition papers that had been prepared, but not used, for his extradition from Utah. A few days ago he was located in Richmond and placed under arrest.

TWO REALTY DEALS.

C. E. Taylor sold today, for Col. N. W. Clayton, 41½ feet, on South Temple street, between Second and Third West streets, to D. Conto, for \$15,000; a valuation of \$83.36 per front foot. The purchase is for investment.

Ernest Bamberger has purchased from Frank Morger for the sum of \$15,000 property at 42 Commercial street. It is now occupied by a saloon, the lease of which has two years to run.

MANTI WATER SHED IS ENDANGERED BY GRAZING

MANTI, April 29.—The Manti national forest reserve people are making trouble for the citizens of Manti by issuing permits for stock grazing in Manti canyon. Mayor Lowry called a mass meeting of the citizens last night to protest against this action. Supervisor A. W. Jensen defended the action of the forest service and stated the contents of the order that had been received opening the canyons to grazing 600 horses and cattle. He gave it his opinion that 500 to 1,000 head of horses and cattle could in no way damage the vegetation to the injury of Manti, and said that the forest department would do all it could to protect the watershed for the benefit of Manti City.

A different view of the matter is taken by the people here, as was shown in the heated discussion which ensued. A committee of five was appointed to draw up a resolution to the head of the forest service, praying for a revocation of the order opening the forks of Manti canyon to grazing.

No stock of any kind has been allowed to graze in the disputed district except a few, estimated at 400 to 500, and these have always been driven out as soon as found. These canyons were originally closed upon the petition of citizens of Manti, in order that the grass and vegetation might have a chance to grow and cover the hillsides and thereby prevent the destructive floods which have visited this city in the past, doing many thousands of dollars damage. The wisdom of the move has been proven by the fact that since the closing of the canyons they have become clothed in verdure and native shrubs. The opening of the reserve was made upon the recommendation of Supervisor Jensen.

The city council has already set on foot a move looking to the purchase by Manti City of the restricted district, in order that it might be brought within the control of the city. It is probable that this representation in Congress will be asked to secure from Congress a bill transferring the control of these lands to Manti or at least authorizing the interior department to sell them on the payment of a reasonable price.

GRANDSTANDS FOR G. A. R. REVIEW

General Nevius Decides on Their Sites Along Proposed Line of March.

SELECTING OFFICIAL BADGE

Contest Narrows Down to Four Designs—Parade Starts Wednesday Morning During Encampment.

Henry M. Nevius, commander-in-chief of the Grand Army of the Republic, attended a joint meeting of the executive committee of the forty-third encampment of the G. A. R., and the board of governors of the Commercial club, held in the private dining room of the club at 12:30 o'clock today, for the purpose of going over the general situation with regard to the arrangements for the coming encampment. The particular matter to engage the attention of the meeting was that of deciding upon a design for the official badge to be worn by the veterans and allied order during encampment week. General Nevius and Col. Sterrett, executive director, were busy this morning examining sample designs submitted, and it is understood the contest had narrowed down to four designs to be submitted to the joint committee acting in connection with the commander-in-chief and the executive director. About 3,000 badges will be required.

ROUTE OF PARADE.

"We have done nothing but work since I arrived in Salt Lake," said General Nevius this morning. "Yesterday we passed on the line of parade suggested by General E. A. Wedgwood, and approved all recommendations made by General Wedgwood and Colonel Sterrett. The parade will begin at the monument on Main Street and pass south down the street one mile, to the living flag. It will then counter-march and return to the monument on the west side of the street past the reviewing stand, which will be located on the west side of the street near the monument. Two grandstands will be erected across Main street north of the monument, one on either side of the street car tracks. Other stands will be built, but where these will be located has not yet been decided. The parade will start Wednesday morning at 10 o'clock sharp.

ON TABLET SQUARE.

"The tablet square will be used for the semi-official meeting to be held Tuesday evening, which will be in charge of a member of the executive committee, to be designated by the commander-in-chief. The big dance will be welcome by the governor of the state, and the mayor of the city, and response by the commander-in-chief of the G. A. R. There will be other speeches and reports of the various departments and orders.

"The assembly hall will be devoted to campfire meetings every night during the encampment except Monday, when the officers' campfire will be at the armory.
