SHINGLES.—I will be much more obliged to any person who buys shingles of me, for the first quality, and they prove bad, to preserve the same bad shingles, and give me notice, so that they may receive good according to contract; than to let such bad shingles be wasted, and then report them bad to the discredit of the shingles; for I have contracted, and pay for the manufacture of shingles of the first quality, and if they prove bad, it is at the expense of the manufacturer,—and I wish the unnecessary manufacture of bad shingles exposed and stopped.

PARENT SCHOOL.

THE UNDERSIGNED, by advice and direction of a vote of the Board of Regents of the University of Deseret, will commence the SECOND TERM of the PARENT SCHOOL, in the upper room of the State House, on Monday, the 17th inst. It has been deemed advisable to open the school for the admission of male and female scholars in all the necessary branches of education, usually taught in such institutions; and, as the price of tuition has been reduced to \$5 per quarter, only one half in advance, it is confidently hoped that a suitable effort will be made to improve the time and mind, that a goodly number of scholars may qualify themselves for teachers.
