

CLUBS MUST PAY TO SELL LIQUOR

Council Requires All Places Operating Under Federal License to Come In.

WIDE TIRES PROVOKE DEBATE

Martin Is After Teamsters Who Cut The Road—Salary Loan License Bill Passed.

The feature of last evening's session of the city council was the adoption, after considerable debate, of a resolution calling upon clubs and other institutions to at once take out a regular municipal license. The resolution was introduced by Mr. Fernstrom, and as first read applied only to the Commercial club. Mr. Black offered an amendment to make it include all clubs, and another amendment by Mr. Haley brought into the category all persons and concerns doing a business under government license. Mr. Fernstrom's resolution read as follows:

"Whereas, The board of governors of the Commercial club passed a resolution last Saturday, Feb. 6, 1909, a portion of which reads as follows:

"Heartily favor the most stringent regulations of the liquor traffic of this city, state, and nation."

"Resolved, That the license collector be, and he is hereby instructed to notify said club to procure a license at once; and if they neglect to procure such license that he then notify the chief of police, that the chief may proceed to at once close up the illegal liquor traffic of said club."

SHOULD BEGIN AT HOME.

In speaking to his motion to adopt, Mr. Fernstrom said that the board of governors of the Commercial club had put themselves on record as favoring strict regulation of the liquor traffic, and they should make a beginning by themselves coming within the provisions of the law. They are liable for the license, and why should they not pay it?

Mr. Murdoch expressed a willingness to support the resolution, providing that the Commercial club were not singled out to come under its provisions. Mr. Black said further that the liquor traffic in Salt Lake is a shame and disgrace to an extent that he had never realized until last Saturday night, when he had witnessed conditions that he had never dreamed of.

The only member opposing the resolution was Mr. Martin. In the course of his defense of clubs, which he said maintained their bars at a loss, he took occasion to say that not one in ten representative people in the state were in favor of prohibition.

Mr. Black said he saw no consistency in the stand of Mr. Martin in favor of letting "the big fellows go free," while the little fellows are severely punished for the least infraction of the law. Let the laws be administered justly," he continued, "and treat all men alike. Martin's was the only negative vote on the resolution.

WIDE TIRES DISCUSSED.

Another subject that occasioned considerable debate was a motion made by Mr. Wood to grant a hearing to teamsters in the matter of amending the wide tire ordinance so as to provide a three-inch tire, and suspending the operations of the ordinance for six months to permit teamsters to come within its provisions without loss to themselves.

In this motion Martin saw nothing but a knock on the street supervisor and his department, and he said "I am not a man to be very busy, and if this sort of work goes on I will call the police court with teamsters. They are ruining the streets and are absolutely indifferent to good roads."

HOW I MADE MY HAIR GROW

Woman With Marvelously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various remedies, but they all failed. My hair grew so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious, and from my own experience I know that they were. I was against using preparations containing wood alcohol and other poisonous substances. I believe they injured the roots of the hair. After my long list of failures I finally found a simple prescription which I used with most remarkable results, and I can unhesitatingly state that it is beyond doubt the most wonderful thing for the hair I have ever seen. Many of my friends have also used it and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair, and for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-class condition. It also makes the hair grow faster to comb and arrange in nice form. I have a friend who used it two months, and during that time it not only stopped the falling of her hair, but wonderfully increased its growth, but it practically restored all of her gray hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any drugstore. The prescription is as follows:

Hay rum, 6 oz. Menthol crystals, one-half drachm; Lavender de Commerce 2 oz. To-Kalon perfume, 1 to 2 large bottles. Evaporated milk, 1 quart. Apply night and morning, rub thoroughly into the scalp.

Go on your druggist and ask for the eight ounce bottle containing six ounces of Hay Rum, also one-half drachm of Menthol crystals, and for a two-ounce bottle of Lavender de Commerce. Mix the ingredients yourself at your own home. Add the Menthol crystals to the Hay Rum and then pour in the Lavender de Commerce, and all the To-Kalon perfume. Let it stand for one-half hour and it is ready to use.

Mr. Martin's Bill FOR LOCAL OPTION

Will be Urged Upon the House as "Just as Good" as Prohibition.

Breweries in Full Blast. Matter of Liquor Regulation to be Submitted to Voters in Each County at Special Election.

What will doubtless be urged as a "just as good" measure to those in the legislature who are wavering between the idea of voting for a statewide prohibition bill and a bill closing saloons but permitting breweries to continue running in full blast, is H. B. 125, introduced by Hugh A. McMillin, yesterday in the lower house. Mr. McMillin had already gone on record as being opposed to the reading of petitions from ecclesiastical bodies asking for the passage of prohibitory measures before the house, and insisted on a statement of "how many Democrats and how many Republicans" signed any petitions presented to the legislature.

Now he becomes father to a measure which has to do with the prohibition of the manufacture and sale of intoxicating liquors in the state of Utah, except as hereinafter provided. The provision makes the measure a local option bill, and provides that the matter shall be voted upon by the people of each county, at a special election, and is similar to local option laws enacted in semi-prohibition states, and contains as prohibitory clauses where the people have voted to go "dry" practically the same provisions as the bill contained for by the Anti-Saloon League.

SUBMITTED TO VOTERS. Under the provisions of the bill the question of prohibition may be submitted to the voters of any county at a special election when called for by a petition of the total number of voters of the county shall have petitioned the county commissioners for such an election. The bill provides that the election shall be held within two years of the votes cast at the election be for prohibition, all saloons in the county shall become void after 90 days. The provisions for the enforcement of the prohibition law in each county after such election of said department in said cities, and for the maintenance and control of said departments, and repealing chapter 12, title 15, compiled laws of Utah, 1907, and all other laws and parts of acts in conflict herewith. Judiciary committee.

S. B. No. 90, by Bonner K. Smith—An act amending section 2919 of the Compiled Laws of Utah, 1907, relating to partitions and to the very strong position, the sales and collections for 1908 holding well up along side those of 1907, the banner year, in spite of the general slump in business.

The board of directors was elected as follows: Joseph E. Smith, W. S. McCormick, George Romney, George T. Odell, G. G. Wright, John Henry Smith, L. S. Hills, C. S. Burton, James H. Moyle, Melvin D. Wells, Francis M. Thomas, R. Cutler and Grant Hampton.

Shortly before 8 o'clock last evening there was a great deal of excitement on State street in front of the Independent Telephone company building, caused by an assault made upon Patrolman Morley Lyon by a young man named Elmer A. Lane, followed by Lyon shooting at the fleeing man who had assaulted him. Patrolman Lyon was in plain clothes and was walking along State street when Frank Murphy walked up to him and began to beg. Lyon placed Murphy under arrest on the charge of vagrancy and was taking him to police headquarters when Lane, who is 21 years of age, sneaked up behind the officer and struck Lyon a blow back of the ear. As Lyon turned around Lane hit him in the mouth. Murphy broke away and ran down Orpheum avenue. Lyon followed and fired five shots. He caught Murphy in an alley way.

The shooting attracted the attention of Patrolmen Carey and McMadden, and the two took after Lane, who ran down an alley and hid under a wagon. Patrolman Carey drew a gun on the man and ordered him to come out. Murphy was charged with vagrancy and Lane with aiding a prisoner to escape and with battery.

Peter Nielsen Discovered in Lonely Home Near Sugar House.

Peter Nielsen, also known as Peter Mallerup, aged 75 years, who for some time has been living alone in a little cottage two blocks south of the old Sugar House, was found dead in the kitchen of his home yesterday afternoon. The gruesome discovery was made by Charles Davis, a guard at the penitentiary. Davis had his attention called to the fact that the old man had not been seen since last Tuesday, and went to the place to make an investigation. He found the key in the door and upon entering the room found the old man seated in a chair dead. Davis immediately notified acting coroner Nephth Thompson, and after waiting some time during which the coroner failed to put in an appearance the sheriff's office was notified. The sheriff ordered the body removed to the morgue. The death of Nielsen, Bishop John M. Whitaker, of Sugar House ward stated that he knew the old man very well as the church had been keeping him supplied with the necessities of life. The death of Nielsen, who had been a member of the state about a year and a half ago and had done but little work on account of his advanced age.

Revolver Shots Aids in Capturing Man Who Struck Policeman.

Shortly before 8 o'clock last evening there was a great deal of excitement on State street in front of the Independent Telephone company building, caused by an assault made upon Patrolman Morley Lyon by a young man named Elmer A. Lane, followed by Lyon shooting at the fleeing man who had assaulted him. Patrolman Lyon was in plain clothes and was walking along State street when Frank Murphy walked up to him and began to beg. Lyon placed Murphy under arrest on the charge of vagrancy and was taking him to police headquarters when Lane, who is 21 years of age, sneaked up behind the officer and struck Lyon a blow back of the ear. As Lyon turned around Lane hit him in the mouth. Murphy broke away and ran down Orpheum avenue. Lyon followed and fired five shots. He caught Murphy in an alley way.
