## LOCAL BRIEFS.

Mrs. Wing of Eureka was successfully operated upon for appendicitis at the Keogh-Wright hospital last evening.

Fred Weir, proprietor of the Wilson hotel, is at the Holy Cross hospital with typhoid fever, and in his absence, Chief Clerk Rector is in charge.

Prof. C. D. Walcott and F. B. Weeks of the geological survey are in town preparing for an extended tour through western Utah and eastern Nevada.

Principal John Speers of the Draper high school has gone to Moab to take charge of the high school there. He is a University of Utah, 1901, graduate.

Rev. Dr. G. F. McFee of New York, who has been attending the Presbyterian teachers' institute, in this city, left last night for Santa Fe, N. M., to attend a similar institute to be held there.

Miss Sigrid Pedersen leaped from the car in which she was riding last evening, as she was frightened by the blowing out of a fuse. The car was going full speed, but fortunately the young woman was not seriously hurt.

Jennie Fowler, of 118 west Second North street, fell from an ice wagon yesterday, on which she was catching a ride, and cut a deep gash in her face. It required 12 stitches to close the wound, which was done at the Keogh-Wright hospital.

A nephew of Judge Anderson of this city has been admitted to the United States naval academy at Annapolis. The young man is Burton A. Strait, aged 16, of Pueblo, Colo., and he was appointed by Congressman H. M. Hogg of Colorado. The new midshipman's father is clerk of the Pueblo county court.

Brig.-Gen. William H. Penrose is seriously ill with typhoid fever at his residence, 1093 Third street. His sons Maj. George Penrose, stationed at Seattle, and Capt. Charles Penrose of the Twenty-third infantry, now in Michigan, have been telegraphed for, as their father's condition is regarded as being very grave.

The Clinton-Elberick Clay Manufacturing company of this city has filed its articles of incorporation in the county clerk's office. The capitalization of the company is \$20,000, divided into 2,000 shares of the par value of \$10 each. J. E. Clinton is president; J. C. Edwards, vice president; W. L. Elberick, secretary; and T. R. Elberick, treasurer.

Only the flooring, joists and window casings of the Vermont building, the Clayton Mill building, and one or two other buildings now being erected under the direction of Architect Kietling are of wood, as the studding and other parts are of the new metallic construction designed by the architect, and which tend largely to make the structures fire proof.

The visiting Pennsylvanians held an impromptu levee last evening, in front of the Rio Grande hotel, just before their special pulled out for the east. Gen. Stewart on behalf of the Pennsylvania G. A. R. presented State Department Commander Edwin Walton of Pittsburgh with a loving cup. Then Thomas G. Sample made a splendid presentation to Gen. Stewart. Many Pennsylvanians resident in Salt Lake were present, and there was a good time all around.

Vaughan M. Cannon, the nine-year-old son of Hon. George M. Cannon, has a young orchard at his home in Forest Dale of which he may well be proud. The lad was born on Arbor day and for the past seven years his father has caused to be planted in his honor a fine apple tree. Of these one has begun to bear fruit and if the sample shown the "News" is to be regarded as a criterion of what these trees are capable of producing, then Master Cannon has the making of one of the best orchards in the state. The apple exhibited is of the 20-ounce variety, free from bluish, and loca-

tures 14 1/2 inches one way and 15 inches the other. It is also of splendid quality and weighs a full 19 ounces.

## UNSETTLED WEATHER.

That is the Report Put Forth by Section Director Hyatt of Local Station.

Section Director Hyatt of the local weather bureau has issued the following for the past week: Unsettled weather with excessive cloudiness prevailed during the week. Temperatures were abnormally high until the 24th last, when a refreshing change to more reasonable weather occurred. High winds are reported to have been very frequent in the northern portion of the section. Local thunderstorms occurred on the 24th, 25th and 26th, but the precipitation resulting therefrom was generally light and unevenly distributed. Many localities, however, received great benefit from these showers, particularly throughout the northern counties where the drought has been the most severe.

The threshing of fall wheat, barley and oats is under good headway. The crop of wheat will be of good to inferior quality. Spring wheat and oats are being cut. The second crop of alfalfa is being gathered. The yields continue to fall below the average. Corn is making a good growth and is generally in good condition. Cut worms are causing some damage in localities. Sugar beets on moist soil continue to make a rapid growth, but the crop is being injured on dry farms. Fruit is generally good and is being marketed. Tomatoes are making a good growth and indications point to a large yield. Potatoes are doing fairly well. Irrigation water continues very scarce, the light scattered precipitation of the week having been sufficient to materially replenish the supply. Range feed is becoming poor, and stock is falling off.

Cholera Infantum.

This disease has lost its terrors since Chamberlain's Colic, Cholera and Diarrhoea Remedy came into general use. The uniform success which attends the use of this remedy in all cases of bowel complaints in children has made it a favorite wherever its value has become known. For sale by all druggists.

Another Job At Hodge.

Other Men Do Not Have Very Good Opinion of Husband of Young Woman.

It will be remembered that in an interview with Hodge, the husband of Aurora Hodge, he charged that on the day of his marriage with her that she ran away with a man named Helwig Lange of Pittsburgh, Pa. A copy of the paper in which the interview was published, reached Mr. Lange at his home in Pittsburgh, and he has seen fit to reply to it by writing a letter to this city under date of Aug. 21. He gives an interesting account of his meeting Mrs. Hodge and expresses his belief that the charges made against her by her husband are entirely false. An extract of the letter is as follows:

"Mrs. Hodge was a waitress at the Relief Springs hotel at the same time I was a guest there, seeking relief from rheumatism. Her behavior during that time was very good, she was very modest and not a bit forward or bold, was well thought of by all the guests, as far as I know, and I never heard anyone say a word against her character or criticize her in any way. She always carried herself as a lady would."

"Referring to the charges made by her husband, that she was guilty of criminal relations with my uncle, I would say, would say, the accusation is entirely false and without ground, as far as I am concerned. I am willing at any time to make affidavit to this effect if necessary. About the charges against the other gentlemen made, I have no right to say whether they are true or not, but it is my opinion that they are groundless."

"In closing, would say, I am very sorry that this lady has gotten into trouble, though I know nothing about the case in Salt Lake City, my acquaintance with her being confined entirely to the few months I spent at the above mentioned springs, but I repeat, that I am not guilty of criminal relations with Mrs. Hodge."

No Substitute Offered.

Say what you will about druggists offering something "just as good" for the same price, but the fact stands that ninety-nine out of a hundred druggists recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy when the best remedy for cholera, or any other ailment of the bowels, is asked for, and do so for the cause they know it is the one remedy that can always be depended upon, even in the most severe and dangerous cases. Sold by all druggists.

THE WILY HEATHEN.

An Englishman who was appointed to an important post in China got married soon after a letter profit, the fact of the usual little cardboard boxes containing a piece of wedding cake was a Chinese merchant with whom the bridegroom had an outstanding account for goods supplied. After the honeymoon the bride and groom went to the newly-wedded husband met was his Celestial creditor.

"And how did you like the cake?" said the Englishman, laughing, after the usual congratulations.

"Ah, ah," returned the Chinaman, with a cunning leer, "me no such big fool eat him, sah. He put cake in fire. Burn him up. He, he!"

"Me too, clute, sah," said the Englishman, very much hurt. "You might have tasted it, at least, out of compliment to my wife and myself. Why didn't you?"

"Me too, clute, sah," said the Celestial, with the same cunning smile. "You owe me money, sah, sendee poison cake! I eat him; I die; you no pay up. Houp! He, he, he! I know you English!"—Pittsburg Press.

## UTAH LAKE CAMP BUT A MEMORY.

Soldiers Fold Up Their Tent's Like The Arabs and as Silently Steal Away.

## OUTING ENTIRELY SATISFACTORY

Scheme of Bringing Guardsmen and Regulars Together a Happy and Profitable One.

(Special to the "News")

Camp Timpanogos, Aug. 25.—Regulars and guardsmen have folded their tents and marched away, and nothing now remains of Camp Timpanogos except a memory. Brigadier-General Cannon expressed himself as entirely satisfied with the encampment, and other officers, both of the U. S. army and the N. G. U., expressed themselves in a similar manner. The work has been earnest, and the discipline good. Bringing guardsmen and regulars together has proven a great success; they have worked together in perfect harmony.

The work of preparation for breaking camp commenced yesterday afternoon. All refuse matter was gathered up and deposited in a nearby swamp, leaving the camp grounds clean. The regulars, accompanied by Battery A and Troop A, N. G. U., had an early breakfast and started on the march. Company F, going to Mantel, also secured an early start. The other companies left the camp at 12 o'clock, marched to the Rio Grande Western depot and took the train for home.

PASSING MUSTER.

Each company, troop, battery and corps passed muster yesterday, and those departing at an early hour received the pay due from the state. The government funds have not yet arrived.

ENCAMPMENT NOTES.

Senator Reed Smoot and wife were visitors at the camp yesterday.

Corporal Frank Theriot is the recipient of a small cash prize from Capt. Thomas for having the best cleaned gun in company G.

A station was established by the signal service corps on Provo bench, about four miles northwest of the camp. The heliographing was carried on without difficulty.

## CAPSTONE CEREMONIES.

They Will be Observed This Evening at West Bountiful at New Meeting House

The capstone of the new meeting-house at West Bountiful will be laid at 6 o'clock this evening. The structure is a handsome brick and has been erected during the present summer under the direction of Bishop Daniel Muir at a cost that will reach close to \$12,000 when the building is finished and furnished. The ceremonies attendant upon the laying of the last stone will be of an interesting nature, and it is expected there will be a large turnout of citizens.

A Worm Killer.

J. A. J. Montgomery, Paxico, Wayne Co., Mo., writes: "I have little twin girls, who have been bothered with worms all their lives. I tried everything to relieve them which failed until I used White's Cream Vermifuge; the first two doses brought four worms from one of them, the next two doses twelve, the other child was only relieved of four worms. It is a most excellent medicine." White's Cream Vermifuge is good for children. It not only destroys worms, it helps the child to perfect growth, wards off sickness, etc. at Z. C. M. L. Drug Dept.
