

COLORED MEN TO ORGANIZE A UNION

Pullman Car Porters Throughout America Preparing to Enter Ranks of Organized Labor.

ARTICLES SOON TO BE FILED.

Will Incorporate in the State of New York as Soon as Sufficient Strength Develops.

The Pullman car porters throughout the United States are to organize a union open only to colored men.

Within a few days a walking (or riding, which ever suits) delegate will be in this territory to exhort the colored population to fall into line and take a leaf out of the white folk's book.

This new organization is to be known as the American Association of Railroad Employees. Articles are to be filed in the state of New York and the membership is to embrace all porters, buffet car and dining car men in the United States and Canada.

Just what this move means is not at all time forthcoming but as white men are supplanting the negro in a number of cases it is surmised that this step is being taken in the direction of protection of the colored man's ancient right to make up a berth and brush the passenger down.

The move is being kept very quiet, but it is anticipated that ere long, as soon as enough members can be secured, in fact, the articles will be filed.

CHANGES ON D. & R. G.

Assistant Treasurer and Assistant Superintendents Are Appointed.

Official circulars have been issued announcing some additional appointments on the Denver & Rio Grande effective Jan. 1. Effective on that date P. R. McAtee was appointed assistant superintendent of the fourth division, with jurisdiction from Chama to Durango, including Silverton and Farmington branches and R. G. P. & N. R. R. with headquarters at Durango, Colo. A. McElroy, assistant superintendent, with jurisdiction from Chama to Durango, including Chama yard, and Creede and Santa Fe branches.

Mr. Rawson F. Watkins also has been appointed assistant treasurer of the Rio Grande with headquarters in Denver.

EQUIPMENT FOR U. C. CO.

The Utah Construction company is still rushing construction equipment west for use on the Western Pacific. Yesterday there arrived in Ogden three carloads of material and also 50 dump cars which will be used in connection with the work in the vicinity of Beckwith's pass.

RADICAL CHANGES.

Increase in Minimums on Cars of Canned Goods and Fruits.

New York, Jan. 3.—The transcontinental freight committee yesterday announced a number of radical increases in the minimum loading of cars from Pacific coast points to the east. The changes are as follows:

	Old.	New.
Dried fruit	40,000	50,000
Nuts	24,000	30,000
Raisins	40,000	50,000
Beans	40,000	50,000
Canned goods	40,000	50,000

In ten years the dried fruit minimum has been increased from 24,000 to 50,000 pounds, and the percentage of increase on other Pacific coast products has been almost as great.

The circular of the transcontinental freight committee is more in the nature of a recommendation than an order, but there is every probability, it is said, that all the railroads will accept. The railroads claim that in the past they have been grossly imposed upon by combinations of small jobbers and retailers who have taken advantage of the low minimum quantities required in order to secure reduced rates. As a consequence thousands of cars have been hauled these 3,000 and more miles loaded to only a half or three-quarters of their capacity.

AFTER DIGESTION—WHAT?

It's not enough to digest your food, and reduce it to pulp or liquid inside your body, but it must also be properly absorbed, carried to the proper organs, filtered, purified, and carried by your blood to the various parts of your body which are worn out and stand in need of repair.

This is a system of complicated machinery, engineering, chemistry and physics, before which all of man's most wonderful achievements pale into insignificance.

And, when you come to think of it, next to the marvel of any complicated piece of mechanism, is the man who, when it has broken down, can repair it and make it go again.

Stuart's Dyspepsia Tablets.

Really, the most marvelous achievement in the vast field of man's many-sided endeavors.

A perfect medicine, which never fails to cure, or set in running order again, the complicated mechanism of man's internal digestive arrangements.

The secret of the great success of Stuart's Dyspepsia Tablets, is simply this, that they have been prepared upon the firm foundation of the most thorough research into the real origin and cause of all disorders, due to the improper digestion and absorption of food.

Knowing the cause, further research led to the knowledge of how to relieve nature.

Stuart's Dyspepsia Tablets are the only medicine founded upon certain scientific rules of treatment, which make success a certainty.

They penetrate into all the channels of your being, into the minute arteries, the thinnest lymphatics, the faintest traces of nerve tissue; and renew, build up, refresh, and restore to health, every disorder, which improper food, poor digestion, or incomplete absorption has caused, in any portion of your anatomy.

No need to consult a physician. At the least sign of distress after eating, take Stuart's Dyspepsia Tablets. On the least pain or discomfort, in stomach, liver, back, or bowels, take Stuart's Dyspepsia Tablets.

COUNCILMAN FRANKLIN

Of Frankfurt, Ky., Recommends Vinol as the Best Cure For Stomach Troubles.

"To Whom It May Concern:—After suffering for years with dyspepsia and stomach troubles, and trying all kinds of medicines without help, I wish you would publish for the benefit of others how I found a cure in the cod liver oil preparation, Vinol.

COUNCILMAN FRANKLIN.

I found Vinol delicious to take, without oil or grease; it did not upset my stomach like the old-fashioned cod liver oil and emulsions, and its strengthening properties are truly remarkable. It entirely cured my stomach trouble, and I can eat heartily at any time of day or night without the slightest distress. Vinol comes up the stomach, increases the appetite and creates strength.

What Vinol did for Councilman Franklin, of this city, guarantees it will do for every person in Salt Lake City suffering from a tired, over-taxed, or worn-out stomach which cannot properly digest food.

Vinol contains no drugs, but it does contain all the vital principles of cod liver oil, without the system-clogging oil.

We ask every person in Salt Lake City suffering from stomach troubles, or every run-down, weak, debilitated or ailing person to try Vinol on our guarantee to return money if it fails to give satisfaction. Druehl & Frankel also Smith Drug Co., Druggists.

BOISE TO BUTTE.

Contract Let For the Construction of 130 Miles of Road.

Boise, Ida., Jan. 2.—At a meeting here today of the stockholders of the San Francisco, Idaho & Montana Railroad company William Peyton Mason of Minneapolis was elected president. C. H. Fleming was elected vice-president and Proprietor and Moran of Boise secretary and treasurer. An issue of \$5,000,000 worth of bonds was authorized and a contract was let to the Pacific Development company for the construction of 130 miles of railroad extending from the Snake river to Winnemucca, Nev. Work will begin as soon as the road can be secured. It was stated that \$1,500,000 of bonds to pay for the company's San Francisco terminals are now under option. Steel for a part of the line has been purchased. As projected, the company's railroad will extend from Butte, Mont., through Boise to San Francisco.

BOND INTEREST DEFAULTED.

New York, Jan. 3.—The January interest on the \$3,500,000 Toledo Railway and Terminal company 4 1/2 per cent bonds was defaulted yesterday. This company is controlled by the Pere Marquette railroad through stock ownership, and the principal and interest of the bonds are jointly guaranteed by the Pere Marquette and the Cincinnati, Hamilton and Dayton, which companies recently went into a receiver's hands. The trustee of the mortgage is the Commonwealth Trust company of St. Louis, but the interest was payable at the office of the United States Mortgage and Trust company of this city, where it was said yesterday that no money had been received for the purpose.

The Toledo Railway & Terminal company owns a belt line about 30 miles long in Toledo, connects the Pere Marquette and the Cincinnati, Hamilton and Dayton railroads and affords the two roads an entrance into Toledo. Although the interest on the bonds was guaranteed by both roads, the Pere Marquette owned the stock. The directors of the Cincinnati, Hamilton and Dayton voted a few weeks ago to annul the lease of the Pere Marquette.

The Toledo Railway & Terminal company was not put into a receivership, although owned by the Pere Marquette. On Saturday representatives of J. P. Morgan & Co. were put in control of the property.

MORE "NEPOTISM"

Chicago, Jan. 3.—The announcement was made yesterday that Benjamin S. Cable, son of ex-President R. R. Cable of the Chicago, Rock Island & Pacific Railroad company has been appointed with W. T. Rankin, a general attorney for the company.

Mr. Cable is not quite 30 years of age. For the last two or three years he has held the position of attorney of the Rock Island for Illinois. His headquarters will be in Chicago.

Mr. Rankin, who will be associated with him, has been assistant attorney general.

SPIKE AND RAIL.

Snow drifts in Wyoming are causing considerable trouble to the operating department of the Union Pacific.

H. M. Cushing, traveling passenger agent for the Denver & Rio Grande, has returned from a trip to the east.

Traveling Freight Agent J. H. Manders of the Salt Lake Route has returned from a business trip through Idaho and Montana.

CIVIL SERVICE EXAMS.

Uncle Sam Has a Few Good Positions Awaiting Applicants.

There will be civil service examinations in this city Jan. 24 for the position of electrical engineer and instructor in the engineer school of the army at Washington barracks, at a salary of \$1,500. Applicants must indicate in their applications that they are graduates in electrical engineering from technical schools of established reputation in this branch of instruction; that they are thoroughly well grounded in the theory of electricity and its application to all forms of appliances for light and power; and that they have had post-graduate experience either in the shops of well-known manufacturers of electrical machinery or in the laboratories of technical schools. Age limit, 21 to 35 years on the date of the examination.

There will also be examination for the position of marine fireman in the quartermaster's department at large—one at \$750 per annum, Fort Stevens, Or., steamer Mayon Guy Howard, and two at \$800 per annum each, San Francisco, Cal., steamer Gen. Mifflin—and vacancies as they may occur in any branch of the service requiring similar qualifications. As the commission has experienced considerable difficulty in securing a sufficient number of eligibles for this position to meet the needs of

the service, an examination having been specially announced for Dec. 18, 1905, qualified persons are urged to enter this examination.

Examinations will be held Jan. 31, for the position of stableman at the Crow Creek agency, S. D., at \$540 per annum, in the Indian service; also, for the position of field man, Indian service, at \$600 to \$720 per annum. Applicants must be practical housekeepers, having experience in cooking, household management, and sanitation, sewing, care of the sick, care of domestic animals, and home gardening, and in addition must have had experience in at least one of the following lines of work: Farm colony, domestic, district nursing, reform, settlement, slum, or any similar line of work.

There will also be examination at Ardmore, Muskogee, and South McAlester, Indian Territory, and Enid, Guthrie, and Oklahoma, O. T., to secure eligible persons in the position of constable, at \$720 per annum each, at the Osage Agency, Oklahoma, and similar vacancies as they may occur in the Indian service.

JEROME K. JEROME.

Author of "Three Men in a Boat" Will Be Here Tomorrow.

Tomorrow evening at Barratt hall Jerome K. Jerome, the well known English humorist, and Charles Bannell Loomis, the American joke maker, will join forces in an authors' recital under the auspices of the Mutual Improvement Lecture bureau. The two authors will read from their most humorous works, while the audience will have a chance to enjoy the stories of the American make with them from across the water.

Mr. Jerome has announced that he brings Mr. Loomis just to show by contrast that all the humor is not on this side of the pond, and that an Englishman really has a "funny bone."

In addition to the readings, Mr. Jerome tells some original stories which have never appeared in print, and which are said to be very enjoyable. The program for tomorrow evening's entertainment is as follows:

Mr. Jerome—(a) Should Women Be Beautiful? "American Wives." (b) In Swallow Street; "American Wives." (c) Uncle Podger Goes a-Hanging; "Three Men in a Boat."

Mr. Loomis—(a) The Poor Was Mad; "The Four-masted Cat Boat." (b) Poe's Raven in an Elevator; "More Cheerful American." (c) The Guest; "I've Been Thinking." (d) The Mother of Little Maude and Little Maude; "Minerva's Maneuvers."

Mr. Jerome's material of the kind to be read is said to be of the highest quality. "Three Men on Wheels." (b) Stories; "Nowhere." (c) Their First Play; "Paul Keiver."

Terrible plagues, those itching, pestering diseases of the skin, but relief to misery. Doan's Ointment cures. At any drug store.

POSTOFFICE SUB-STATION.

(Special to the "News.") Washington, D. C., Jan. 2.—The first assistant postmaster general today first lifted Senator Stanford of the committee with his request for the establishment of another sub-station of the Salt Lake postoffice to be known as No. 6 at 630 south First West street, Feb. 1.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

APPLICATIONS FOR WATER.

The following applications for water have been filed with the state engineer: By James Ingram of Brigham City, for water from Boxelder creek to irrigate 30 acres; by Joseph S. Dudley of Jensen, Utah, for water from the Green river to irrigate 160 acres; by the Springfield corporation for 20 sec. ft. of water from Hobbs creek to develop 220 horse power for local purposes, through four miles of canal; by Charles Crane and E. F. Harminson of Vernal, for 250 sec. ft. water from the Green river to irrigate 15,000 acres, with 72,820 ft. of canal; by Fritz A. Johnson of Enterprise, Washington county, for the entire supply of water from the Rio Virgen for mining and irrigation.

"Little Colds" neglected—thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

THE CHRISTMAS NEWS.

Alberta Star, Canada.—The Christmas "News" (Salt Lake City) is at hand. It is one of the best productions ever delivered from the press; a veritable encyclopedia for the "Inter-Mountain" states. The Desert News is to be highly complimented for the efforts they have put forth in their Christmas number, 116 pages of the best reading matter for the people desirous of learning of the accomplishments of the west. A Cardston pioneer, Mr. Farrell of Smithfield figures very prominently as one of the most successful and hard land farmers in the West.

Dixie Advocate.—The Christmas "News" reached this office last week and it is as neat an edition as it has been our good pleasure to see. Last year everybody was profuse in their praise of the special number and were united in saying it was a work of art and perfection, but this number eclipses that of any previous year.

PLACE FOR CHIDESTER.

Crippled Deputy Sheriff Appointed Road Supervisor at Bingham.

Former Deputy Sheriff Lafayette Chidester has been appointed by the county commissioners as road supervisor at Bingham at a salary of \$75 per month, to fill the vacancy caused by the resignation of George E. Lee. Mr. Chidester was severely wounded while attempting to arrest some desperadoes who were engaged in a riot at Bingham last April and it became necessary to amputate one of his legs. For several weeks he was at the point of death, but finally recovered. But he has since been incapacitated for work and has been on the county's payroll drawing his regular salary of \$75 per month. The commissioners have now found a place for Mr. Chidester so that it will not be necessary to carry him on the sheriff's payroll.

Robbing Yourself

That is just what you are doing when you fail to get regular and sufficient sleep. Your body requires this unconscious period for repair work; without it your nerve energy becomes exhausted, and you are tired, worn-out, nervous, excitable; have headache, neuralgia, indigestion, poor appetite, or other ailments caused by a lack of nerve force. Make it your business to sleep. If you are restless, take Dr. Miles' Nervine; it soothes and strengthens the nerves, and brings sweet, refreshing, life-giving sleep, and gives the organs power to work naturally. Try it to-day.

"I had a severe spell of fever, which left me in a very weak condition and very nervous. I had severe spasms of headache and neuralgia, and could sleep but very little. Every effort that was made to recover my strength was of no avail until I began taking Dr. Miles' Restorative Nervine. After I commenced to take the Nervine my sleep was profound and restful, and the pains in my head, as well as the neuralgia pains, left me to a certain extent and I grew gradually better."

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind.

FEES FOR THE YEAR.

Secretary of State Tingey Makes Report of Collections.

The total fees collected during the year 1905 by Secy. of State Tingey amounted to \$85,578.82. The secretary has compiled a report showing the fees by each quarter during the year and also comparing them with the fees for 1904. The report follows:

Quarters.	1904.	1905.
First	\$17,437.70	\$14,537.90
Second	10,163.20	35,337.15
Third	5,121.65	7,806.62
Fourth	4,927.95	11,891.15

Totals

\$37,310.50 \$69,578.82

MEETING POSTPONED.

portant matters are to be considered by the board, it was thought advisable to postpone the meeting until next Monday night. Among the matters to be attended to at the meeting are the election of a president and clerk of the board and also a new member from the Fourth ward to fill the vacancy caused by the resignation of H. C. Edwards, who has removed from the ward.

FELL FROM A LADDER.

Chief Janitor Parker Daily Bruised in City and County Building.

While at work on a 12-foot step ladder in the juvenile court room yesterday afternoon, Daniel Parker, chief janitor of the city side of the city and county building, was thrown from the top of the ladder to the hard tile floor and received some rather bad bruises. The ladder collapsed with him and caused his fall. His bruises are very painful but are not serious, as no bones were broken. He was cared for by those in the court room and soon recovered sufficiently to be about.

PERSONALS.

R. W. Faris of Boise is a guest at the Kenyon.

Miss Jessie Grantley has gone to Boise for a few weeks' visit with relatives.

Hon. John Henry Smith is a sufferer from a severe attack of lumbago, and is confined to his bed.

Mrs. Emmeline B. Wells has returned from a visit to her daughter who resides in northern Idaho.

Manager J. G. Critchlow of the Utah Association of Credit Men has been called into Idaho on business.

Division Master Melville W. J. Tolbert at Pocatello is spending a vacation with friends in this city.

Mr. and Mrs. James W. Neill and Miss Violet Neill have taken apartments in Pasadena where Miss Neill's health is reported much improved.

Superintendent Hawk of the Postal Telegraph company, is in Montana on business connected with his company.

Major H. P. Mylon left last evening for Los Angeles, stopping over at Searchlight mining camp on the return train. He will be absent 10 days.

Max M. Aaron leaves for Denver tomorrow, to marry Miss Clara Lovins, daughter of a well known druggist here. Mr. and Mrs. Aaron will return on the 10th inst. to reside in Salt Lake.

How to Exercise the Bowels

Your intestines are lined inside with millions of little suckers, that draw the nutrition out of food as it passes them. But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition.

This Poison makes a Gas that injures your system more than the food should have nourished it.

You see, the food is Nourishment or Poison, just according to how long it stays in transit.

MY CASCARET POCKET

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo. It does not help the Cause of delay a trifle.

It does slacken the Bowel-Muscles more than ever, and thus weakens them for their next task.

Another remedy is to take a strong Cathartic, like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.

What does the Cathartic do? It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the intestines through the tiny suckers.

But, the Digestive Juice we waste in doing this today is needed for tomorrow's natural Digestion. We cannot afford to lose it.

That's why Cascarets are the only safe medicine for the bowels.

MY WATCH POCKET

Cascarets are as safe to use constantly as they are pleasant to take.

They are purposely put up like candy, so you must eat them slowly and let them go down gradually with the saliva, which is in itself, a fine, natural Digestive.

They are put up purposely in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

Prices 10c a box at all druggists. Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

IF FREE TO OUR FRIENDS! We want to send to our friends a beautiful French-designed, GOLD-PLATED ROMNEY BOX, hard-enamelled in colors. It is a beauty for a dressing table, 17c cents in stamps is asked as a measure of recognition and to cover cost of Cascarets, with which this dainty trinket is loaded. Send 10c to-day, mentioning this paper, Address Sterling Remedy Company, Chicago or New York.

They do not waste any precious fluid of the Bowels, as Cathartics do. They do not relax the intestines by greasing them inside like Cast
