

MINING, BUSINESS AND STOCKS

COLORADO AND
BECK TUNNEL

Both These Tintic Stocks Con-
tinue in Popular Demand and
Move Upward.

SIOUX CON. IN DEMAND.

The Columbus Stocks Strong—Seven
Troughs Weaker—Closing Quo-
tations and Sales.

The mining stock market continued
brisk today and the sales of the for-
noon calls aggregated more than \$42,000.
Colorado, as many expected, did some
more climbing. The effort to bring the
stock out at \$7 proved fruitless, but
one broker started the ball rolling by
taking the stock at \$7.25. Almost im-
mediately the price was driven to \$7.40,
when some profit taking caused a drop
to \$7.15. Beck Tunnel began business
at \$2.25 and went up to \$2.35 while
May Day remained remarkably firm
around yesterday's quotations. It is ex-
pected that this company will enter
the dividend paying era during the
month and the amount will probably be
2 cents a share. Seven Troughs, at \$1
and 82 cents, Uncle Sam went at \$1
and 82 cents. Nevada Consolidated
continued to be in demand, closing
at 17 cents. The closing quotations and
sales were:

NEVADA DOUGLAS
GETS THE LEAD

Deal for Noted Nevada Copper
Property Closed in San Fran-
cisco Last Week.

AN IMPORTANT ACQUISITION.

Property Has Had a Remarkable History—Negotiation of the Ores—Purchase Price Not Given.

While it has been known locally for some time that officials of the Nevada Douglas Copper company were negotiating for the purchase of the Ludwig copper mine at Verdigre, Nev., nothing official to the effect that the deal had been closed was released until yesterday afternoon when the news was flashed over the wires from the Boston office of A. J. Orem & Company. The negotiations were closed in San Francisco last week. Walter C. Orem, manager of the big Nevada Copper company, Frank M. Orem, one of the local attorneys of that organization, representing the buyers.

The acquisition swells the Nevada-Douglas properties to approximately 700 acres and 24 claims and a fraction. Special interest attaches to the Ludwig mines for many reasons. They were located right after the war by an old German prospector who drifted south from the old Comstock lode at Virginia City, about 40 miles distant, the mine being named after him. The story goes that the prospector was struck on the head by a body of ore that will take many years to exhaust.

The property is owned by the Ubehe Copper Mines & Smelter company, a partnership of Orem & Company, and a group of investors. The property is located in the heart of the copper belt of Nevada, and is one of the most valuable properties that the party that is now visiting this city. At the time the strike was made official notice was given to the public, the result being that the property was immediately taken at once to look over the ground and devise ways and means for the handling of the property in a business manner that would return beneficial results to all concerned. Since seeing the property and the enormity of its findings, arrangements have been perfected for the erection of a smelter in the immediate vicinity of the mines to treat the ores.

Prospectors have been rushing into the scene of activity taking up all available mineral ground. Fifteen miles away from the mine, the prospectors are rapidly being developed into producing estates. In the party are: H. G. Merry and two sons of Baltimore, Md.; John E. Greiner, assistant chief engineer of Baltimore & Ohio Railroad, Baltimore, Md.; W. H. Wilhelm, Parkton, Md.; Prof. Charles F. Dreyer, Gettysburg, Pa.; Charles M. Schuch, St. Louis, Mo.; Philadelphia, Pa.; George B. Ackerman, Chicago, Ill.; Neil McLean and Jack Salsbery, Tonopah, Nev.; W. R. Earnst, Cleveland, O.; and L. E. Smith, secretary of the mining exchange, Cleveland, O.

After Highgraders. Smith Assay Office Seems to Have Been Headquarters for Them. In Goldfield yesterday upon complaint filed of officers of the Little Florence mine on the Florence mine, officers have seized another 300 pounds of cyanide solution found at the Smith Assay and Reduction Works. The solution is worth about \$3,000.

It is also set out in the complaint to be that M. J. Smith, proprietor of the assay office, and now under arrest, was at the time in possession of the mine of about 1,000 pounds of high-grade ore stolen from the Florence by unknown parties.

NEW YORK CURE.

James A. Pollock & Co., bankers and brokers, furnish the following received from officers of the Little Florence mine, Newhouse, 17 1/2; 17 1/2; 17 1/2; 17 1/2; 1
