

LIFE SENTENCE AT HARD LABOR

(Continued from page 1.)

Following undersigned, brother workmen with A. L. Olson and Thomas Brighten, respectfully ask you to disregard the recommendation of the jury for mercy in the case of James M. Shockley for the following reasons:

First—Shockley has twice been convicted of murder in the first degree; he has had a fair and just trial in both cases.

Second—This was not the first time that he had held up a car, according to his own confession, see written confession of holding up car at Twelfth East and Fifth South on night of July 27, 1902.

Third—We believe that any man who goes out to commit robbery goes with the intent to commit murder should the same be necessary to further his ends.

Fourth—There is nothing in the testimony to show that Shockley did not contemplate murder when he entered the car; his gun was drawn, at the first resistance he fired.

We respectfully ask that you disregard the recommendation of the jury in this case and thereby further the ends of justice.

Respectfully submitted,
George Phillips, H. P. Myers, T. H. Armstrong, Fred Beck, R. M. Cooper, Joseph Smith, C. A. Dahlquist, H. Bailey, J. L. Gies, B. J. Parson, W. J. Woodard, W. B. Randall, O. Erickson, W. W. Porter, J. ATTORNEY GENERAL'S OPINION.

Regarding the Shockley decision today said: "It was very unfortunate for the administration of criminal law that the full penalty was not inflicted upon Shockley. His crime was one of the most cold blooded murders that have occurred since I came to this state, and I regard the action of that jury as certainly unwarranted from the state of facts as presented. It appears to me that they were simply carried away by sympathy for the youth of the offender."

"I think the district attorney should proceed without delay to try Shockley on the other indictment, and trust that the jury in that case will not be so lenient."

OPINION IS WIDESPREAD.

The view is very widespread that there has been a most regrettable miscarriage of justice. Hardly a law and order man can be found who does not denounce the outcome of the case. These expressions are not aimed at Judge Armstrong as some would seem to have them, but are confined to a general feeling that the final disposition of the case is against public morals. It has been many a day since justice has so far gone wrong in Utah and the belief and hope on the part of many citizens is that the end is not yet.

SANG FOR NEWSPAPERS

Miss Judith Anderson Pleases Press People and Other Friends.

There was an excellently entertained gathering of press people and other friends of Miss Judith Anderson, the young contralto, who makes her professional debut at the Salt Lake Tabernacle next week, at Clayton Music hall this morning. Miss Anderson sang five numbers, the first four with Prof. McClellan as accompanist and the last one with Prof. Stephens, her original instructor. Her initial selection was Saint-Saens' aria from "Samson and Delilah," and at once disclosed the fact that she has devoted much of the past two years to the development of upper register tone production. The first thought was that her voice had become a big soprano, but this idea was quickly and effectively dispelled when she sang Brahms' "Sister Ode," in which the marvelous depth and power of her notes displayed the real contralto quality, a quality, too, that is rich, round and full. "Hail-Eden-Rosen," by Schubert, "Lullaby" by Handel, a "Lullaby" by Ed. Kimball of this city, and a "Norwegian Air" by Ole Bull, completed a delightful program and furnished a genuine vocal treat for the Salt Lake public before whom she is soon to sing.

SOCIALISTS ON SUNDAY.

Will Hold Their Municipal Convention At Federation Hall That Day.

The Socialist party, which says it is going to cut a swathe in local politics during the coming campaign will hold its municipal convention and nominate a general ticket at Federation Hall, corner Fourth South and State streets on Sunday afternoon next beginning at 2 o'clock. When it was suggested that the Socialists were "great for holding political meetings and lecture lay-outs on the Sabbath" the reply was, "Why my boy, Sunday is our day—the only day we don't have to work—and that is our only chance to get together."

The convention will be called to order by Chairman M. S. Schuman, and it is not yet known who will be the presiding officer.

HALF HOLIDAY FOR THE FAIR.

Governor Cutler and Mayor Morris Issue Joint Proclamation to This Effect.

SET ASIDE TUESDAY AFTERNOON

Recommend a Suspension of Business That the Public Generally May Visit Fair.

A joint proclamation was issued this morning by Gov. John C. Cutler and Mayor Richard P. Morris, setting aside Tuesday, Oct. 3, as a holiday to enable all to attend the Utah State fair. The proclamation is as follows:

Whereas, The officers of the Deseret Agricultural and Manufacturing society have requested the governor and mayor to issue a request for the citizens of the state to observe the afternoon of Tuesday, Oct. 3, 1905, as a holiday;

Now therefore, We, John C. Cutler, governor of the State of Utah, and Richard P. Morris, mayor of Salt Lake City, do jointly request that Tuesday afternoon, Oct. 3, 1905, be generally observed as a holiday and that business be suspended and business houses close at 12 o'clock on said day, that all may be given an opportunity to visit the Utah state fair.

In testimony whereof we have hereunto set our hands and caused the great seal of the State of Utah, and of Salt Lake City, to be hereunto affixed, at Salt Lake City, this 29th day of September, A. D. 1905.

JOHN C. CUTLER, Governor.
RICHARD P. MORRIS, Mayor.

COMMERCIAL CLUB ACTS.

The Commercial club board of governors issued today, the following announcement of interest to the business men of this city:

To the Merchants and Bankers of Salt Lake City, Utah:

The management of the state fair having set apart Tuesday, Oct. 3, as Salt Lake day, the Commercial club through its president and board of governors respectfully requests the merchants and bankers of the city to close their places of business from noon of that day, thus giving their employees an opportunity to see the exhibit of the state's resources furnished by this most excellent institution.

RAIN STOPS IT.

The Japanese entertainment scheduled for tonight at the Rio Grande mission, has been postponed on account of the inclement weather. It will be given two weeks from tonight at the same place according to present calculations.

IDAHO FALLS RURAL ROUTE.

(Special to the "News.")

Washington, D. C., Sept. 29.—Rural route number 4 has been ordered established Dec. 1 at Idaho Falls, Blaine county, Idaho, serving 450 people and 161 houses.

MUSIC SCHOLARSHIPS.

There Will be a Singing Contest for Them at the L. D. S. U. Tomorrow.

There will be an interesting vocal contest at the L. D. S. university tomorrow afternoon, when the free singing scholarships of the institution are to be competed for. The contest will be held in Barratt hall, and will begin at 2 o'clock, under the direction of Prof. Stephens. The adjudicators will be Mrs. Emma Ramsey Morris, Mrs. Lizzie Thomas Edwards and Miss Judith Anderson.

LINEMEN SATISFIED.

Accept Schedule of Hours and Wages Presented by Company.

The result of the conference between the committee of linemen employees of the Utah Light & Railway company yesterday, was that last night the schedule of hours and wages approved of by the executive committee of the company was accepted by the employees, and all hands are at work today.

The schedule provides that 8½ hours shall constitute a working day in going from the shop and store room and ending on the work, for first class linemen, with pay at \$3.75 per day.

SUPERVISOR NAMED.

Miss Johnson of New York City to Teach Physical Culture Here.

The committee on teachers and school work of the board of education met at noon today in the office of Oscar W. Moyle and agreed to employ Miss E. Johnson of New York as supervisor of physical culture in the city schools, at a salary of \$1,500 per year. Miss Johnson is now teaching in New York City, but will leave there shortly to accept the position in Salt Lake. She comes highly recommended and is said to be an expert in her line.

REPUBLICANS MEET TONIGHT.

Will Hold Ward Conventions and Select Nominees for the City Council.

MANY CANDIDATES MENTIONED

In Some of the Districts the Meetings Promise to be Decidedly Interesting.

The Republicans will hold their ward conventions tonight. While it is rather early yet to tell what will be done, the batch of candidates for councilmanic nominations makes it look as though some of the meetings will be decidedly lively, and delegates, therefore, expect quite an interesting time.

The First warders will meet in the Ninth ward annex. The active candidates from this district are President Frank J. Hewitt of the city council, J. J. Thomas and Stephen Stanford. While in some sections there is determined opposition to Mr. Hewitt, it is believed he will be able to pull through and that one of the others will be forced to take a back seat.

In the Second ward the convention will be held in the Sixth ward meeting-house. Here the candidates are Councilmen Wood and Dean, H. E. Jenkins, J. W. Currie, George Ashton and Mr. Chapman. Whether the present councilmen will be re-elected is a matter for nomination remains to be seen, although it is not likely that both can possibly be, as there is a concerted movement on to recognize at least one of the new candidates.

THREE IN THE THIRD.

In the Third ward the candidates mentioned are T. A. Callister, E. F. Parry and Joseph F. Smith, Jr. Two of these are said to be quite indifferent in the present, but should the efforts for nomination remain to be seen, although it is not likely that both can possibly be, as there is a concerted movement on to recognize at least one of the new candidates.

Those mentioned in the Fourth ward are John Q. Critchlow, A. H. Peabody, Joseph Johnson and C. A. Orlob. The former has positively declined to become a candidate, while it is said that Mr. Peabody has also withdrawn, giving Messrs. Johnson and Orlob a clear coast.

However, the situation in the Fourth is rather complicated, and it would not be surprising if several "dark horses" are sprung at the last moment. The place of meeting will be the Twelfth ward amusement hall. In connection with the following will not be without interest:

CRITCHLOW DECLINES.

John Q. Critchlow of the Utah Credit Men's association returned from Idaho last night. Today he called upon the "News" and said: "I understand that the Republicans have been using my name as a possible candidate for the council from the Fourth precinct. Please say through the 'News' tonight so that my friends may know—that I am not a candidate and that I will not become one. No one will give me nomination if it is made. This is definite and final. My business is such that I cannot accept under any circumstances, so I am out of it for good and all."

The Fifth ward convention will be held in Judge Diehl's courtroom. Here the candidates are H. N. Standish and Dr. A. S. Bower, with a number of others following closely.

ERRORS CORRECTED.

Vote for Commissioner McKay Was Over Nine Thousand.

In the impression of the "News" last night tables were printed giving the votes for mayor in 1903 and for the county commissioners in 1904, as a basis for figuring on the results of the coming election. The total vote for Mayor Morris was stated correctly at 10,291, and in the article preceding the table his plurality was stated correctly as 2,270. However, in the table itself the figures were erroneously printed as 1,229 plurality, which was the plurality for Mayor Ezra Thomas in 1901. In the vote for county commissioner the table is correct but a typographical error makes the total appear to be 6,467, instead of 9,467 for Commissioner Mackay.

SUMMER COLDS.

Laxative Bromine, the world-wide Cold Cure, removes the cause. Call for the full name and look for signature of E. W. Grove.

FROST WITH RAIN.

Mercury Fell to 26 at Winnemucca—Clear Weather Predicted.

The rain is continuing through the day, but the forecasts say clearing and colder weather for tomorrow. There was killing frost at Winnemucca last night, where the mercury fell to 26, and a touch of hard frost is predicted for this neighborhood tonight, unless it is cloudy. Over half an inch of rain fell last night at Modena, there was a trace at Grand Junction and Santa Fe, with over an inch at Phoenix, 28 of an inch at Yuma, and at Pocatello 32 of an inch fell, with a gradual lessening of the precipitation in Montana. The fall in this valley was uneven, and influenced largely by air currents, as witnessed the fall at Saltair, 1.12 inch, and still raining there this afternoon, while the government apparatus on the Dooley block registered 72 of an inch for the afternoon and night, and only 30 of an inch for the entire storm.

STEPHENS TO THE CHOIR.

Urges Members to Help Out the Two Big Concerts for Next Week.

In order to give every publicity possible to the two splendid concerts to be given under our auspices in the Tabernacle next week, I request the members of the choir to ask the officer in charge to kindly announce at the Sunday evening meeting of the coming Sabbath that the Ogden tabernacle choir, assisted by Miss Lucy Gates, Prof. Willard Weihe, and Organist McClellan will give one of their Portland programs at the Tabernacle Monday night, and that Miss Judith Anderson, assisted by Mr. Horace S. Ensign, Mr. Willard Weihe, Mr. J. J. McClellan and the Tabernacle choir will give a concert recital on Friday night. Both will be rare musical treats.

RIO GRANDE'S BIG BUSINESS.

Maj. S. K. Hooper, the Veteran General Passenger Agent, Recites Some Figures.

750 TO AND FROM CALIFORNIA.

Is the Number Passing Through Salt Lake Daily—18,000 Tourists Handled Last Fall.

Maj. S. K. Hooper, general passenger agent for the Denver & Rio Grande, arrived from Denver last night along with the welcome rainstorm. The veteran passenger man is as happy as the proverbial sand boy over the immense business handled by the road he represents this season.

At first when seen Mr. Hooper affirmed that there was nothing new that would be of interest to the dear old public, but when it was suggested that the Rio Grande was doing more than its equitable share of transcontinental business the major arose to the bait like a Gunnison river rainbow trout. If there is anything calculated to make him eloquent it is passenger statistics. By way of a starter he affirmed that this year had been the best in the history of the road when it came to carrying passengers.

"This year has been an abnormal one when it comes to the business we have handled," he affirmed with pardonable pride. "Never before have we handled the amount of through California passenger business that we have this year. I have not the figures with me but I will put a conservative estimate on the business as averaging 750 passengers every day for the past 90 days, who have been either going through or coming from California over our line, and everyone of whom has passed through Salt Lake. This is not counting those en route to the northwest. The number of passengers westward, which is now on is every bit as heavy as it was last year, and we carried 18,000 12 months ago. There seems to be no let up to the business."

"I have not yet received full returns from the G. & R. business into Denver early in the month. The returns which are not complete show 74,000 tickets sold on all lines. I believe that when all the figures are in it will be found that there were between \$3,900 and \$5,000."

HARRIMAN VS HILL.

O. R. & N. Retaliates With Alliance With The Canadian Pacific.

Portland, Sept. 29.—This morning's Retaliator upon the Hill lines for building the Portland and Seattle railroad to reach Portland by the water level route along the Columbia river, was come in in the form of a new traffic agreement by which the Oregon Railroad & Navigation company will admit the Canadian Pacific into the Columbia basin, through the Spokane gateway. It is said, and through such an arrangement it is hoped to combat the Northern Pacific and Great Northern, their most aggressive competitor for Northern traffic. By such an adjustment the present traffic agreement with the Great Northern will be abrogated and the Harriman lines will be in the advantageous position to offer northern routing where desired, either for freight or passenger traffic and prevent either of the rival competing roads securing in earnings such a large percentage of the traffic.

The Canadian Pacific, with benefits derived from favorable regulations from the Dominion government is in a particularly strong position to enjoy the Hill roads and has been their enemy for some time. The Canadian Pacific has been regarded generally by railroad men identified with the northern lines as a rank foreigner that should be treated as an enemy of all. Now that the Hill line is generally entertained it is claimed that Harriman interests have found it possible to enter into a sort of offensive and defensive traffic alliance with the line across the boundary and will make the connection by means of the new building now and known as the Spokane International.

D. C. Corbin, the Spokane man who built the Spokane Falls & Northern railroad, afterwards acquired by Hill interests, is the man who is now building the Spokane International to a connection with the Canadian Pacific at the boundary of the two countries. Spokane shippers are placing their faith in this project as the salvation against future discriminatory rates. At the same time the line is to become a valuable traffic connection of the Harriman system that will receive Pacific coast traffic from the east and exchange eastern shipments that may be by this means and no other be diverted from rival Hill roads.

STRUCK BY A CAR.

Enthusiastic Parade Debaucher Motorman And Suffers Injury.

John Lee a butcher living at 471 north Fifth West street, while taking part in last night's parade, was struck by car 129 of the Sixth street line, at the corner of Second South and Main streets. The motorman, W. L. Monson, reported later to Supt. Read's office that he was completely stunned by the blow and called for people to get out of the way of the car, as it rounded the curve; but that a number of the paraders, among whom was Lee, replied with limitations that they did not have to get out of the way; that the street car company needn't think they were going to run the earth, and other equally enlightening and patriotic sentiments. Lee was struck by the car and knocked off the track. He suffered several painful bruises but no bones were broken, and he was sent home in a carriage by his friends, after his immediate injuries were attended to in the nearest drug store. He is now in the hospital, the matter further.

WATER TURNED ON.

Madamam Case Against Supt. Hines Settled Out of Court.

The madamam case brought by the Beesley Music company against Frank L. Hines, superintendent of waterworks, and Salt Lake City was dismissed by Judge Ritchie today, the case having been settled out of court by the superintendent turning on the water on the second floor of the building occupied by plaintiff. The costs of the action were taxed against the city. The point involved was the right of the city

to turn off water because the water tax was not paid by a former tenant of the building. There was no ruling whatever on the issues in the case, as it was settled as stated above.

SCHOOL EXHIBIT AT THE FAIR.

The exhibit of the city schools at the state fair next week will contain a collection of potted flowers and plants raised and cultivated by the school children. A special prize is being offered for the choicest collection exhibited by the children, as the fruits of their own labor, hence there is quite a keen competition on that matter.

FLAG RUSH.

Annual Exercise at University is Won by Freshmen Class.

The second flag rush in the history of the University of Utah occurred this afternoon on the campus in front of the physical building. The event was witnessed by most of the students and faculty of the university, and was carried out in a spirit of fun and friendly rivalry that left no bad results either in feelings or bruises. It probably marks the end of troubles for the present freshmen as the green men "won their spurs" by defeating their better organized opponents. At the end of the ten minute struggle for the possession of the flag, two dozen freshmen hands held the green on the canvass, while only 19 sophomore hands had been able to secure places. The freshmen, however, had four men with only one-hand grips, while all the sophomores except one had both hands in action. The freshmen had 45 men engaged while the sophomores numbered 25.

At 12:30 o'clock the freshmen and sophomores were lined up 20 paces behind the flag on each side, while men from each side held it. The freshmen, Cuddy Russell and Joe Bennett for the sophomores and Hennessey T. Smith and Bois for the freshmen. At a signal the supporters of each team rushed for the flag, which was made of canvass, bearing the class numerals "05" and "06."

At the end of the ten minute scramble the freshmen with holds were Hume McAllister, Thomas Anderson, Brown, Woodbury, Nolan, Eccles, Tracy, Hillard, Smith, Hennessey, Bois and Thurston. The sophomores were Clayton Nuttall, Gardner, Wolf, Seger, Cannon, Cuddy Russell, Manning and Spencer.

A soft field made the participants an unrightly multitude, but no one was hurt.

HURT IN EUREKA MINE.

Jerry Sullivan Struck Stick of Powder With Disastrous Sequel.

(Special to the "News.")

Eureka, Utah, Sept. 29.—Jerry Sullivan, while working in the Raymond mine here on the 1,500 foot level this afternoon was badly hurt by the accidental explosion of a stick of giant powder. He struck the loose stick with his pick. The powder instantly exploded severely injuring his face, arms and legs. He will be taken to Salt Lake for treatment at the hospital this afternoon.

Mr. Sullivan is a brother of J. C. Sullivan, superintendent of the Raymond mine, and only came to Eureka a few weeks ago from Butte, where he was superintendent of the Coray mine.

UTAH COPPER CASE.

A special order of the private wire of James A. Pollock & Co. from Jersey City today brought the information that the stockholders' meeting of the Utah Copper company called for the purpose of increasing the capital stock of the company from 450,000 to 600,000 shares, and to authorize the proposed sale of bonds, had been adjourned until next Monday, to await the decision of Vice-Chancellor Pitney in the injunction proceedings instituted by Vice President H. O. G. Wall to prevent such action being taken.
