

TO THE BISHOPS AND PRESIDING ELDERS IN ALL THE SETTLEMENTS OF THE LATTER-DAY SAINTS.

DEAR BRETHREN: It is our desire to commence again to assist the scattered poor of God's people in gathering to Zion. To aid in the accomplishment of this purpose we request the Bishops and Presiding Elders in the various settlements to give special attention to the collection of the debts due to the Perpetual Emigration Fund from those who have been assisted in past years. In view of the near approach of the season of the year when our emigration leaves the shores of Europe, we desire that our brethren give this matter their immediate attention, that we may be enabled to do as much good as possible (this present year).

It is the duty of all the Saints who have the means to assist in the gathering of those of their brethren and sisters who are still scattered in Babylon, and we should be pleased to have the local authorities solicit donations from those who are not in debt to the P. E. Fund, and who are able and willing to do their part for the gathering of scattered Israel.

Your Brethren,
BIRCHALL YOUNG,
DANIEL H. WELLS

We received the volume from Dwyer's, where it is on sale. The price is 75 cents.

Silk.—We noticed yesterday the results of the labors of Sister Robinson and Brother Hadfield, of Farmington, in reeling and manufacturing silk. Notices have been given in our columns from time to time of the various efforts that have been made in that direction. Sister O. Urnenbach, of this city, raised and reeled silk as early as 1861. In 1863 silk was manufactured in the 9th Ward of this city, when fringes of various colors were made. Brother Thomas Morrell and Sister Morrell, of Logan, made the first tassels, sewing-silks, chenilles and fancy work, some of the dyed silk being superb in color and quality. In raising silk worms in quantity and suitable for the market Sister Dunyon has been quite successful. All together we have reason to congratulate our silk raisers and manufacturers on the results of their enterprise in this important industry.

Relief for the Courts.—The following petition was placed in circulation yesterday, and the names of a large number of persons engaged in mining, smelting, commercial and other pursuits were appended to it.

this matter, which requires that fowls shall be shut up during the sowing, planting, and growing season, commencing on the first of March.

If the owners of fowls will not only save their neighbors' property from damage by that cause, but will also be likely to avoid causing the endangering of much hard feelings and the utterance of not a few hard speeches.

Theatre.—This evening the Salt Lake public will have the opportunity of seeing Mr. Tullidge's famous five-act play of "Ben Israel," as newly arranged. Mr. Vining, well and favorably known to the drama loving people hereabout, Mr. Lindsay, Mr. Graham, Mr. Wilton, Mr. Tullidge, Misses Walters, Davis, Jones, and Napper, and others appear in the play.

An excellent performance and a well filled house are expected.

Eclipse.—A partial eclipse of the sun was plainly visible in this city this afternoon. Sol's resplendent face was about half covered by the lunar orb.

A Religious Phenomenon.—We learn, by letter from Elder William McLachlan, now in New Zealand, that Elders Charles and Frederick Hurst are engaged in learning the Maori or native language, and those brethren have hopes of doing a good work among that people, in introducing the Gospel among them, for which, it would almost appear, their hearts are being prepared before hand, as a reformatory religious movement has been commenced among them, as will be seen by the following extract from a late issue of the Waikato (New Zealand) Times, forwarded to us by Elder McLachlan:—

"Tawhiao's meeting at Hikurangi concluded yesterday. The day's business was the introduction of the new religion. Tawhiao is the sole leader in the movement. He declared that God must have come with their ancestors from Hawaii, in their canoes, with those who came on the crest of the waves, and those who crossed over according to their traditions on the leaves of the trees. God did not come to them from abroad with the missionaries. He had always been with them. They had seen the evil of their ways, and he now called upon them to be steadfast, to have faith and believe, to put off all their evil ways. Praying morn and night, and oftentimes during the day, was practised during the meeting, and learning the prayers and hymns he has composed. Drink is to be entirely abolished. Some rum introduced by some of the Natives was seized by him and publicly destroyed, he saying for the future none was to be allowed there. By many of the Natives this movement of Tawhiao's is anxiously watched to see if he himself will be steadfast. Hikurangi is about fourteen miles from the sea, situated on a high hill, commanding the view of the Waikato settlements. There are as yet only some dozen houses finished. It is said that nothing is to be done but its accessibility to Kawhia and the inland settlements, the country being very broken. He has chosen a number of his people to visit the various settlements to introduce the religion amongst them, men and women who are turned Tareao. Many new laws have been made; thieving is in future to be heavily punished, while for adultery, which has caused so many troubles amongst them, and lately a murder at Otiahi, there is to be no more. There was little done the last three days of the meeting on account of the rain, and on Saturday the visitors were not to be restrained, the heavy freshet in the valley of the Waipa, which was plainly discernible, hurrying them off to their homes to see what damage their property had sustained. This has been considerable, a great number of them now being homeless, and all their crops destroyed."

Delinquent Taxes.—Those persons who owe city taxes, should read Collector Winder's advertised list of delinquents, and see if their names are engraved among them.

Called.—We had a call to-day from Mr. Louis Klein, governor of the State of Baden, Germany. Mr. Klein is traveling through this country in order to investigate the railway system of the United States. He is now on the way to California.

Thirteenth Ward.—Elder John Taylor will preach in the Thirteenth Ward Assembly Rooms to-morrow afternoon. Services commence at 2 p. m.

Going Ahead.—The elevator of Z. C. M. I. new building is in running order and kept actively in operation, as the removal and arranging of goods in the new premises is progressing, with a fair prospect of opening for business in one week from to-day.

SANTAQUIN, March 21st, 1876.

Editor Deseret News:

The people here are generally enjoying good health, considering the wetness of the season and the prevalence of the measles; almost every individual who was liable to be attacked by that disease has been visited, though no deaths have resulted from contact with that contagious malady.

The people turned out very numerous, despite the most and disagreeable condition of the weather, on Saturday evening, the 18th inst., to listen to two very instructive and highly appreciated discourses by Elders M. F. Young and M. H. Hardy, in the interest of the Y. M. C. A. A much more result from such discourses.

The annual meeting of the Santaquin mining district was held here at the school-house, on Monday, the 13th inst., for the electing of a recorder, and for other business. D. S. Andrews was elected to the office of recorder. The annual claim of Messrs. Wiegner and Smith is pretty good.

Funeral from residence of parents, 10 o'clock to-morrow (Sunday). Friends of the family are invited.

At Provo City, March 8, 1876, RICHARD SMITH.

Deceased was born in Middle Tennessee, Sept. 13th, 1822, emigrated to the West in 1839; in 1841 moved with his family to Nauvoo; passed through some of the many persecutions of the Latter-day Saints in that city, and accompanied the Prophet Joseph, and stood firm in his defense and to that of the gospel; in 1846 he moved to Mount Pisrah; said there two years; thence moved to Utah, arriving in the fall of 1848, making his home at Provo City, until about sixteen years past, when he moved to Heber City, Wasatch county, there, surrounded by a goodly number of his posterity, spent the greater part of the remainder of his life. A short time previous to his death he visited his son in Provo City, and he breathed his last at his home. He expressed a wish that he might be buried in the presence of his wife and his mother, and his children, which was faithfully carried out by his sons, and his body was brought to Heber, through Provo Canyon, over a rough and rocky trail, and was buried in the presence of his family, by hand. His wife died the year previous. He belonged to the High Priest's Quorum, and his course throughout his life was exemplary, one of kindness and good will to all, and a devoted father and husband, grandfather and great-grandfather. He was a member of the Church of Christ, and followed in the path he has marked for them, and the example he has set them.—(Com.)
