

JUDGE MORSE DENIES MOTION.

That in Behalf of Peter Mortensen So Acted Upon by the Court This Afternoon.

HIS ATTORNEY WILL TRY AGAIN.

Says He Will Take the Matter to the Supreme Court—Doomed Man's Chances Growing Less.

Judge Charles W. Morse this afternoon denied the motion of Atty. B. J. Stewart, in behalf of Peter Mortensen, for a certificate of probable cause of appeal to the supreme court. So, unless a judge of the latter court, issues the certificate, there will be no second appeal of the case and Peter Mortensen will be executed on Nov. 20, the date heretofore set by the court. Atty. Stewart stated, after the court denied the motion, that he would appeal to one of the supreme judges to issue the certificate the early part of next week. Should that judge deny the motion then he will have exhausted every resource in behalf of his client and the judgment of the court will have to be carried out. The defendant will not have recourse to the board of pardons as that body will not meet again until after the date set for his execution.

Before Atty. Stewart presented his argument today, Judge Morse stated that he would rather have the motion presented to one of the supreme judges direct. He said that there was serious doubt in his mind as to whether defendant has any right to appeal under the law and the constitution, and the court also doubted that there is anything new in the present motion which was not passed upon in the first motion and by the supreme court.

Mr. Stewart asked to be heard on the matter and asked that this court pass upon the motion. He was granted the privilege and proceeded to present authorities and matters which he claimed were entirely new in regard to the action of the jurors at the premises and which had not been passed upon by the supreme court.

At the conclusion of his argument, Judge Morse did not give Atty. Elchorn an opportunity to be heard at all, but immediately denied the motion without hearing any argument in behalf of the state.

Another Farmington Divorce.

Mattie Clay has been granted a divorce in the district court from John M. Clay on the ground of desertion. They were married at Farmington on April 30, 1902. Mrs. Clay was granted the custody of their minor child and \$20 per month alimony.

New Trial for Edmunds.

In the case of the state vs. John Edmunds, the supreme court has handed down an opinion reversing the judgment of the lower court and remanding the case for a new trial. Edmunds was convicted of grand larceny in Sanpete county and sentenced by Judge Johnson to four years in the state prison. The opinion of the supreme court, written by Justice Sutherland and concurred in by Chief Justice Basin and Justice McCarty.

Two Divorces Granted.

Judge Lewis granted two divorces today. Lena H. Brown was granted a divorce from Robert W. Livingston on the ground of failure to support. She was also awarded \$40 per month alimony. Maud N. Cooley was granted a divorce from Herbert S. Cooley on the ground of cruelty. Mrs. Cooley was awarded \$25 per month alimony.

COURT NOTES.

The injunction suit of Maggie D. Gibbs et al. against the Rio Grande Western and Oregon Short Line Railroad companies, which was to have been heard today before Judge Hall, has been continued indefinitely. The action involves the right of the defendants to commence the improvements contemplated in the franchises recently granted them by the city council.

The Rio Grande Western Railway company today filed suit in the district court against John M. Barratt, to condemn a right of way across lot 2 and part of lot 1, block 136, plat A.

Rebecca N. Nibley filed a suit in the district court today against George A. Smith, executor of the estate of Matilda M. Barratt, deceased, to quiet title to a part of lot 2, block 66, plat A.

LATE LOCALS.

The Salt Lake Produce exchange meets next Tuesday evening at the Commercial club.

The weather bureau reports fair weather all over the intermountain country, with moderate temperatures.

Prof. W. W. Campbell, managing director of the Lick Observatory in California, will deliver a lecture at the University of Utah Monday evening, Oct. 20, on the subject of "Movement of the Solar System Through Space." All teachers and students are invited to be present.

The electric generators in the Second Street station of the Utah Light and Power company, have been removed to the west side station for use there, and the steam plant will probably be eventually sold. The final disposition of the building and site depends on the street railway company which erected the building.

A special entertainment will be given under the auspices of Evergreen lodge No. 151 of the Fraternal Union of America, in honor of the visit of Col. J. L. Handley, of Denver, grand supreme secretary of the order, at 10 o'clock, P. M., Monday evening, Oct. 19. There will be no charge for admission.

Deacon Corum has returned from an extended eastern business trip. He reports business in good shape through the Missouri valley, but in Colorado the business outlook is gloomy enough. This latter is due, he was told, to the strikes of the labor unions that had occurred so often during the past year, and in Denver and Colorado Springs things seemed to be dead. The Citizens' alliance has been organized in Denver to fight the unions, and employers are signing an agreement not to employ union labor.

Civil service examinations will be held in this city Nov. 11, for the position of inspector of rubber at salary of \$1,500 per annum, in the quartermaster's department at Schuykill arsenal, Pa.; also, for examiner of surveys, general land office, at \$2,200 per day; also, assistant in soil management, bureau of soils, department of agriculture, at \$1,400 per annum; also, local and assistant inspectors of boilers, steamboat inspection service, at \$1,200 per annum, at Nashville, Tenn.; and on Jan. 4, for the position of cadet, revenue cut service.

SPECIAL TRAINS OF BANKERS HERE

Financiers and Eastern Capitalists Arrive in Salt Lake Today.

NEW YORKERS COME IN LATE.

The Much-Advertised Train, Known As the "Croesus Special," Seven Hours Behind Schedule.

The New York Bankers' association special, which was expected to arrive here at 6:30 this morning, was delayed and did not reach here until 1:30 o'clock. In their stead, however, the Kansas & Missouri section, having 110 persons in the party, came in at 9 o'clock and was received by J. W. Donnellan, cashier of the Commercial National bank, Hon. W. S. McCormick and M. H. Walker, who escorted the new arrivals in carriages through the principal parts of the city.

In expectancy of the New York bankers' special organ recital had been arranged for at the Tabernacle, to which the Kansas & Missouri people were treated. When they reached the doors of the Tabernacle, each individual was handed a note card, bearing the following inscription: Special organ recital in the Tabernacle, Salt Lake City, Saturday, Oct. 17, 1903, at 10:30 sharp, tendered by the First Presidency of the Church to the New York contingent of the National Bankers' association. Mr. J. J. McClellan, Tabernacle organist.

In addition to the foregoing, by special request, the "Old Kentucky Home" was splendidly rendered. The guests were much pleased with the music and frequently applauded the numbers given.

At the close of the performance, Mr. C. L. Brokaw, secretary of the joint committee, was seen as a "New" representative, who said that the new left Kansas City on Wednesday, stopping at Denver, Colorado Springs and Glenwood, and on behalf of himself and all in the New York contingent, they were amazed at the wonderful development they had seen on their trip. Most of the party had never been west of the Rocky mountains before and the scenery and progress witnessed along their route had pleased as well as surprised them. Especially were they astonished at the beauties of the Salt Lake valley.

The New York contingent of the Bankers' association met with further delays and did not reach the Rio Grande depot until 1:30. A hot-box on one of the engines of the train caused the delay of the train. At the depot there was an array of carriages to take the guests over the city, and the local bankers committee showed them over the city and around the harbor.

TIT FOR TAT.

Western Railroads Will Not Issue Passes to Eastern Railroad Officials.

Chicago, Oct. 17.—The Tribune today says: The issue of passes by the Western roads during the year 1904 will be greatly restricted. Passes to shippers' merchants will be entirely discontinued.

To bring this about the annual passing-out of the executive officers of the Western roads has been in session here during the last two days. The issue of exchange passes will be greatly curtailed. Annual passes will not be exchanged with any road that does not grant a similar favor. This means that officers of the eastern trunk lines, no matter what their rank, will not receive any annual passes from western roads, because the trunk lines refuse to issue exchange passes.

Return passes to men in charge of live-stock shipments will also be cut off next year.

Difficulties Adjusted.

Scranton, Pa., Oct. 17.—An amicable adjustment of the difficulties between the Delaware, Lackawanna and Western railroad, its trainmen and conductors has been reached.

Several concessions were made by the company, among them the "straight seniority" plan in promotions. Substantial increases in wages were granted for the men in the suburban passenger service. There also was general concession in the matter of the arrangement of the cars on the train. The men have more time at their home terminals.

SPIKE AND RAIL.

The Oregon Short Line excursion to Logan which left this morning was well patronized and took a large crowd to Logan. The football game which takes place there today.

Charles A. Walker, general agent of the Chicago & Northwestern, in this city, has gone on a two weeks' vacation to Chicago and his former home in Indiana.

T. G. Jacobs, general manager of the Salt Lake and Great Salt Lake road, was on the street today. He has recovered from his recent illness and is again attending to his duties.

BEN HUR EXCURSION.

Special train to Salt Lake City, October 20th, 1903.

Via S. P. L. A. & S. L. R. R. from Payson and intermediate points. Rates: Payson, \$1.40; Provo, \$1.25; Pleasant Grove, \$1.00; all other stations equally reduced. See agents for particulars and reserved seats for "Ben Hur." Special train returning leaves Salt Lake City at 11:45 p. m. directly after performance.

SALT LAKE'S NEW BUILDINGS.

Good Weather Responsible for the Splendid Progress Which is Being Made.

PUSHING DESERET HOSPITAL.

Holmes-Emery Building Will Soon be Under Roof—Others Fast Nearing Completion.

The Deseret hospital on Eighth street is now above the foundation walls, and steady progress is being made. Much will be done before the continuous cold weather causes cessation of operations. The Holmes-Emery building is now being given the final story, and will soon be under roof. Then the contractor will be independent of the weather. The metal roofing of the First Presbyterian church is being put on over the Sunday school room so that the stone masons are now devoting their energies to the front of the edifice. The great Catholic cathedral will soon be ready for the roofing, and then the basement can be finished off. Further delays are returned from the east after arranging for fixtures for the new miners' hospital and home, so that that structure ought now to be completed at an early day. The Eighteenth ward schoolhouse is now well up in the air where it is making a fine appearance. The Fisher building on South State street is up to the second story, the excavation for the Chadbourne block further up the street is nearly done, the Federal building is above the second story, the new telephone building is well along and the University club building interior is approaching completion. M. H. Walker's elegant new residence on east South Temple street, is approaching the point of being closed in, and with its striking and attractive style of architecture, is drawing out much favorable comment.

While there are now no large building enterprises being inaugurated for winter construction, except the Y. M. C. A. building, there will be work on cottages and small homes all the season. An immense number of comfortable but unpretentious homes have gone up in Salt Lake during the year. The coming year of 1904 will see many hundreds more erected within the corporate limits, and Ninth East street promises to become shortly one solid row of houses on both sides of the road from Seventh South to Forest Dale.

Building permits were issued during the week following: C. Martin, First South between South Temple and First West, iron shop, \$500; Mrs. E. S. Ellerbeck, C. street, between First and Second, brick residence, \$1,500; Mr. R. Shinn, Third East between Seventh and Eighth South, brick residence, \$1,500; G. W. Barrows, 62 east Second South, brick business block, \$6,000; Mrs. John Gallacher, 63 Fifth East, brick addition, \$400; Thomas Peil, Washington Ave., frame cottage, \$300; G. Cowley, Foster Ave., brick cottage, \$850; David Horslev, Fifth West between North Temple and First North, brick residence, \$1,000; Edmond Kroff, Emerson Ave., frame cottage, \$800; Blanch E. Reavis, 902 Lincoln Ave., brick cottage, \$1,000; Blanch E. Reavis, 901 Lincoln Ave., brick cottage, \$1,000; F. M. Teets, 623 Ninth East, brick and frame cottage, \$2,500; F. M.
