EXCURSION WAGON GOES OVER DUGWAY

John Meyers and D. C. Sorensen Badly Bruised—Other Occupants but Little Hurt.

FIRE DESTROYS \$2,000 HOME

David Williams at Staterville—Henry J. Goebel Dies in Hospital—P. J. Hendershot Manager of Fair.

A sad death occurred in this city last night, when Henry J. Goebel, prominent young man of Paris, Idaho, died at the Ogden General Hospital after undergoing an operation for peritonitis. Mr. Goebel was brought to Ogden by his brother as soon as he was taken down with the affliction, but on account of the long journey from his Idaho home, the malady grew worse, and when he arrived in Ogden, his condition was critical. Drs. Rich and Rich operated on him and did all that medical skill could do for him, but he gradually grew weaker until the end came. His remains were removed to Paris this morning.

Mr. Goebel was a German by birth and was well known in Idaho. He was thirty-one years of age and leaves a wife, one child and a large circle of relatives and friends, who will mourn his sudden and untimely demise.

WAGON GOES OVER DUGWAY.

A number of the employees of John Sorensen & Sons' company had an exciting experience late Saturday afternoon when a wagon, loaded with a load of hay, was going up to the Hermitage to participate in the Scofield race. One of the horses became balky and crowded the other horse and rolled over the embankment, all falling down a distance of about fifteen feet. John Meyers and D. C. Sorensen were both badly bruised, but the other occupants escaped with only slight bruises. The wagonette was badly mangled, also the harness.

FIRE DESTROYS \$2,000 HOUSE.

A disastrous fire occurred Saturday night at Staterville, when the house of David Williams was burned to the ground, entailing a loss of about \$2,000. Mr. Layman, a neighbor, is fighting the fire, cut one of the arteries of his hand, which bled so as to render him unable to do any work. The fire started in the kitchen, and spread rapidly before enough of the neighbors who were summoned by Mrs. Williams had arrived to form a fire brigade. The house was doomed, and little could be done except to save a little furniture. The loss of the house is estimated at about \$1,500 and the furniture at about \$500.

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure.

The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

This frightened the other teams and for a minute or two all interest was on the streets. One team ran into an electric light pole, breaking a wagon tongue and doing some other damage. The wagon was overturned, and the driver, a hitching post and smashed, was buggy up considerably. Fortunately no one was hurt.

The last two nights have been quite cool and a light night breeze has blown from the north. The alfalfa seed and other crops will be damaged should further frosts follow.

S. S. UNION MEETING.

A large number of Sunday school workers attended the Stake Sunday school union yesterday. The principal subjects considered in the superintendent's department were school discipline and the best methods of securing the attention of the children, while the opening exercises, the administration of the sacrament, etc., are being conducted. The instructions given by Stake Supt. Egerton, Elder Rawlings and Taylor of the stake superintendent, and accepted by the superintendent, John Meyers, was driving home the point that the school should be run mainly by example and its influence, and against the effort to draw the children's attention to these exercises by local announcements. The lessons for the following month, as presented in the outlines were considered in the various departments.

INDUSTRIAL EDUCATION.

In line with the policy of the Church schools to give instructions, so far as possible, in industrial education, the Brigham Young university authorities are building a fine two-story brick building on the block bounded by the university block which will be used for giving practical instruction in blacksmithing. PANGUITCH.

Panguitch, Garfield Co., Aug. 18.—At 2 p. m. this afternoon our community was startled and shocked by the sudden and untimely death of one of our most respected young men. All was calm and peaceful, and the people were pursuing the even tenor of their way regardless of the fact that to the north of us a few miles, a black cloud rested, and apparently the rain was pouring in torrents. Suddenly a dark, swirling head a few clouds were shifting to the south. Presently the cloud from the north began to overshadow the town. There was a flash, and simultaneously a deafening peal of thunder. Almost the entire people was startled; no one, however, thought of any particular damage. In a few seconds children were seen running, and our meetinghouse, accompanied for home, one little girl ran up the street, and when halted and asked the cause of her fright, said, "Oh, run quick, the lightning has killed Mark J. Burgess in the meetinghouse." In possibly a minute more three men were at his side, but the grim reaper

had done its work, as there was only a spark of life left; his heart had not quit beating.

The body was sitting upright in a seat, by the second window on the north side of the building, when a small boy of D. L. Heywood's, it appears, were at the window trying to put it down, to keep out the rain, when the bolt struck the steeple, shattering it as it went down the north side, then diagonally down the roof, striking the first and second windows, and tearing wood from each. It hit the second window with the greatest force, striking Mark on the right cheek, then down the right side and through his shoe. His clothes and shoe were torn to pieces, and his pocket book.

When the man reached his side his clothes were on fire and the smell of burning flesh was most sickening. The body was not disfigured much, only colored by the heat of the fire. It is remarkable that no one else was hurt. The boy who stood by his side was stunned but little and the other children—five in all—were uninjured.

The deceased was the Sunday school choir leader, and had gone to the meetinghouse at this time to train the little folks to sing, and as it happened only a few had gathered as yet, and church services were saved from a similar fate.

The deceased was 35 years old Dec. 23 last, and unmarried. He has always lived here with his septuagenarian father, who has reared him from childhood. He was noted for his integrity, faithful to every trust and was much respected and loved by all who knew him. His taking away at this time will be a loss to our community not soon to be overcome.

About 1 1/2 inches of rain has fallen this month; nearly all of our first cutting of alfalfa has been killed. As we do not hope to have much of a second crop, because of early frost, our valley will no doubt suffer again for feed, notwithstanding the abundance of rain.

The Republican county convention is to be held Monday, the 22nd inst., to elect delegates to the state convention; also to the district judicial convention at Richfield.
